NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the Hickory Foods, Inc. ("Company") 401(k) Plan & Trust ("Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all active employees of the Company who have six months of service and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Participants may elect to make salary deferral contributions to the Plan in an amount up to 100% of their salary with a total amount not to exceed $18,000 in the years ended December 31, 2017 and 2016. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers pooled separate accounts and a guaranteed investment contract as investment options for participants. Each year, the Company contributes an elective contribution as defined in the Plan document. For 2017 and 2016, the Company matched 100% of the participant's elective deferral up to $1,560.

Investments Available Under the Group Annuity Contract:

Pooled separate accounts - pooled funds created by an insurance company under a group annuity contract which are segregated from the general funds maintained by the insurance company. Separate accounts invest in a variety of securities and funds and investors own "units" that represent fractional ownership of the account. The unit value is affected by the fees of the investment products as well as the performance of its underlying investments.

Guaranteed investment contract - contract issued by an insurance company that guarantees the owner principal repayment and a fixed or floating interest rate for a predetermined period of time.

Participants Accounts:

Each participant's account is credited with the participant's contribution and Company's elective contribution and allocations of Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service as follows:

Years of Service	Non-forfeitable Percentage
1 year or less	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Note 1. (Continued)

Payment of Benefits:

On termination of service, a participant (or beneficiary) may elect to receive a lump-sum amount equal to the value of the participant's account, or periodic payments over a period not to exceed the life expectancy of the participant or his beneficiary. In-service distribution, as provided by the Plan, may be made after the participant has reached the age of 59.5 years, amounts to be distributed have been allocated to the participants account for at least 2 years, and is 100% vested in all of their accounts. The Plan limits the number of in-service distributions to be taken during the year to 1.

Forfeitures:

Forfeitures of non-vested company contributions may be used by the Plan as payment of Plan expenses. Any remaining forfeitures will be added to any employer discretionary matching contributions. At December 31, 2017 and 2016, respectively, forfeited non-vested amounts totaled $33,244 and $21,860. The Employer's contributions were reduced by $9,801 and $0 for December 31, 2017 and 2016.

Notes Receivable from Participants:

Participants may borrow from their account a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested interest in the Plan, whichever is less. The loans are secured by the balance in the participant's account and bear reasonable interest rates. The interest rate is set at inception based on the prime lending rate of a commercial U.S. bank available within a reasonable geographic vicinity plus 2%. The rate of interest on the loan will be fixed and will not change for the duration of the loan repayment period. The terms for repayment may not be greater than five years.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting:

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition:

The Plan's investments are reported at fair value (except for fully benefit responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company.

Note 2. (Continued)

The Plan's variable annuity investment options are registered variable annuity funds issued by Great West & Annuity Insurance Company. The variable annuity funds are subaccounts of FutureFunds Series Account II of Great West, a pooled separate account established by Great West & Annuity Insurance Company. The NAV of the variable annuity funds is a daily-calculated unit value based on the underlying investments of the pooled separate account. See Note 3 for discussion of fair value measurements.

Notes Receivable From Participants:

Notes receivable from participants are measured at their unpaid principal balance plus and accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Payment of Benefits:

Benefits are recorded when paid.

Operating Expenses:

All expenses of maintaining the Plan are paid by the Company.

New Accounting Pronouncements:

On January 1, 2017, the Plan adopted ASU 2015-07, *Fair Value Measurement (Topic 820) Disclosure for Investments in Certain Entities that Calculate Net Asset Value per Share (or its equivalent)*, which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share practical expedient. ASU 2015-07 also limits certain disclosures to investments for which the entity has elected to measure fair value using the practical expedient. The Plan has applied ASU 2015-07 retrospectively.

Subsequent Events:

In preparing these financial statements, the Plan has evaluated events and transactions for possible recognition or disclosure through July 25, 2018, the date the financial statements were available to be issued.

Subsequent to year end, the Plan transferred its assets from Great-West Life Insurance and Annuity Company to Merrill Lynch. ADP Retirement Services, a division of ADP, LLC, will prepare and certify the data used to prepare the financial statements and supplemental schedules going forward.

Note 3. Fair Value Measurements

The Plan applies generally accepted accounting principles for fair value measurements of financial assets and liabilities. These accounting principles define fair value and establish a hierarchy that prioritizes fair value measurements based on the types of inputs used for the various valuation techniques. The three levels of inputs used to measure fair value are as follows:

Note 3. (Continued)

• Level 1 - Values measured using quoted prices in active markets for identical investments.

• Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

• Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2017 and 2016.

Pooled separate accounts: Valued, as a practical expedient, at the net asset value of units held by the Plan at year end. The net asset value of these accounts is based on the market value of the underlying investments. The net asset value is not a publically-quoted price in an active market.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Fair Value Measurement on a Recurring Basis as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Assets:				
Investments:				
Investments measured at net asset value*				3,770,125
Total	0	0	0	3,770,125

	Fair Value Measurement on a Recurring Basis as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Assets:				
Investments:				
Investments measured at net asset value*				3,181,683
Total	0	0	0	3,181,683

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

Note 4. Fair Value of Investments in Entities that Use NAV Practical Expedient

Investments	Fair Value as of December 31, 2017	2016	Redemption frequency (if currently available)	Redemption notice period
Great West Pooled Separate Accounts*	3,770,125	3,181,683	Daily	N/A

* The Plan invests in variable annuity funds, held in a pooled separate account. The use of net asset value as fair value is deemed appropriate, as the variable annuity funds do not have a finite life, unfunded commitments or significant restrictions on redemptions.

Note 5. Investments

During 2017 and 2016, the Plan's investments, including gains and losses on investments bought and sold, as well as held during the year, appreciated in value by $558,422 and $265,495, respectively.

Note 6. Investment Contract With Insurance Company

The Plan has a benefit-responsive investment contract with Great-West Life and Annuity Insurance Company (Great-West). Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2017 and 2016 was $431,185 and $337,693, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, and does not have a minimum limit. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Great-West. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

Note 6. (Continued)

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 7. Related Party Transactions

Certain Plan investments are shares of funds managed by Great-West Life & Annuity Insurance Company (Great-West). For the years ended December 31, 2017 and 2016, Great-West was the custodian as defined by the Plan and, therefore, the transactions qualified as party-in-interest transactions. Fees paid by the Plan for the investment management services provided by Great-West amounted to $14,051 and $6,146 for the years ended December 31, 2017 and 2016, respectively.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 9. Tax Status

The Internal Revenue Service has determined and informed the Plan by a letter dated January 11, 2002, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 10. Information Prepared and Certified by Custodian
