Notes to Financial Statements
December 31, 2017

Note 1 – Description of Plan

The following description of the Sam Tell & Son, Inc. (the "Company") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of the Company and Warren Acquisition, LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Marc Tell is the Plan's Trustee.

Contributions: Participants become eligible to make pre-tax contributions, known as Elective Deferral contributions, and receive matching contributions on the date the participant attains age 21, provided they are an eligible employee on that date. Each year, participants may make pre-tax Elective Deferrals to the Plan of up to 100% of annual compensation, as defined in the Plan, subject to limitations as provided in the Internal Revenue Code (the "IRC") ($18,000 in 2017). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, subject to limitations as provided in the IRC ($6,000 in 2017). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes a matching contribution of 100% of the employee elective deferrals that are not in excess of 1.5% of the participant's compensation.

The Company may also elect to contribute a Discretionary Profit Sharing contribution to the Plan. Participants become eligible to receive Profit Sharing contributions on January 1st or July 1st after the attainment of age 21, provided they have completed one year of service and are an eligible employee on that date. Such contributions will be allocated to the Profit Sharing contribution account of each participant eligible in pro rata shares.

Participant Accounts: Each participant's account is credited with the participant's contributions, Company Matching contributions, and Company Discretionary Profit Sharing contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of expenses that are paid by the Plan. Allocations determined by the Administrative Committee are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 – Description of Plan (continued)

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching contributions and Discretionary Profit Sharing contributions, if any, is based on vesting years of service, as follows:

Years of Service	Vesting %
Less than two years	0%
Two years but less than three years	20%
Three years but less than four years	40%
Four years but less than five years	60%
Five years but less than six years	80%
Six or more years	100%

Participants become fully vested upon attainment of normal retirement age, death, or disability.

Notes Receivable From Participants: Participants may borrow from their fund accounts a minimum of $1000 up to maximum equal to the lesser of $50,000 (reduced by the highest outstanding loan balance in the prior year) or 50 percent of their vested account balance. A participant may have an unlimited number of loans outstanding at any one time. The loans are secured by the vested balance in the participant's account. The loan interest rate is set at 1.5% above the prime rate, as defined. Principal and interest is paid ratably through payroll deductions every pay period.

Payment of Benefits: On separation from service due to termination, disability, or retirement, a participant will receive a lump sum amount equal to the value of the participant's vested interest in his or her account, or the participant's vested interest in his or her account will be rolled over into an IRA or another Plan. Upon death of a participant prior to commencement, the beneficiary will receive a lump sum distribution or may elect a rollover or installments as permitted by the Plan. In-service distributions are permitted after age 59 ½ or upon financial hardship.

Note 2 – Summary of Accounting Policies

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Note 2 – Summary of Accounting Policies (continued)

Accounting Changes: In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management has adopted the provisions of this standard.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans, Defined Contribution Pension Plans and Health and Welfare Benefit Plans*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Parts I and III are not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part II is to be applied retrospectively. Management has adopted Part II of this standard.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment adviser and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 – Summary of Accounting Policies (continued)

Notes Receivable From Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits: Benefits are recorded when paid.

Administrative Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note 3 – Investments and Information Certified by the Custodian

The Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, plan management instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by John Hancock Life Insurance Company of New York ("John Hancock"), the custodian of the Plan, as complete and accurate, except for comparing such information certified by the custodian with information included in the Plan's financial statements and supplemental schedule:

Investments held and participant loans receivable certified by the custodian:

	As of December 31,	
	2017	*2016*
Investments	$ 4,410,961	$ 3,286,298
Participant loans receivable	103,461	110,591

Investment income and interest on participant loans certified by the custodian for the year ended December 31, 2017:

Net appreciation in fair value of investments	$ 523,746
Interest on participant loans	5,248

Note 3 – Investments and Information Certified by the Custodian (continued)

The following presents select investments, with approximate percentage of the Plan's net assets, as of December 31, 2017 and 2016.

	December 31,			
	2017		*2016*	
John Hancock Multimanager Balanced Lifestyle Portfolio	$ 1,999,858	44%	$ 1,625,637	48%
John Hancock Multimanager Growth Lifestyle Portfolio	457,616	10%	354,924	10%

During the year ended December 31, 2017, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $523,746.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4 - Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Pooled separate investment accounts (PSA): Valued at the net asset value ("NAV") of shares held by the Plan at year-end. The NAV of a PSA is based on the market value of its underlying investments. The PSA NAV is not a publicly quoted price in an active market.

The categorization of an investment within the fair value hierarchy is based upon the pricing transparency of the investment and does not necessarily correspond to Plan management's perceived risk of that investment.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. While Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Assets at Fair Value as of December 31, 2017			
	Level 1	*Level 2*	*Level 3*	*Total*
Total assets in the fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at net asset value				4,410,961
Investments at fair value				$ 4,410,961

	Assets at Fair Value as of December 31, 2016			
	Level 1	*Level 2*	*Level 3*	*Total*
Total assets in the fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at net asset value				3,286,298
Investments at fair value				$ 3,286,298

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2017 and 2016:

Investment	*Fair Value December 31, 2017*	*Fair Value December 31, 2016*	*Unfunded Commitments*	*Redemption Frequency (if currently eligible)*	*Redemption Notice Period*
Pooled Separate Accounts (A)					
Asset Allocation - Target Date	$ 854,503	$ 566,791	n/a	Daily	Daily
Asset Allocation - Target Risk	2,828,008	2,228,165	n/a	Daily	Daily
Guaranteed Income Feature	78,275	66,198	n/a	Daily	Daily
Aggressive Growth	156,602	74,736	n/a	Daily	Daily
Growth	461,237	271,314	n/a	Daily	Daily
Income	18,594	7,618	n/a	Daily	Daily
Conservative	13,742	71,476	n/a	Daily	Daily
Total Pooled Separate Accounts	$ 4,410,961	$ 3,286,298			

Note 4 - Fair Value Measurements (continued)

(A) The PSAs do not have a readily determinable fair value based on a publicly quoted price in an active market. The fair value of a PSA is based on the market value of its underlying investments, the fund's dividends, and the contract's separate account charges, and NAV is used as a practical expedient to estimate the fair value.

Note 5 – Related-Party Transactions and Party-In-Interest Transactions

Certain Plan investments are managed by John Hancock. Management believes that fees paid during the year for administrative, managerial, and recordkeeping services provided by John Hancock, the Plan's custodian, and Associated Pension Consultants, Inc., the Plan's recordkeeper, were based on customary and reasonable rates for such services. These transactions qualify as exempt party-in-interest transactions. Notes receivable from participants are also considered exempt party-in-interest transactions.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Note 7 – Tax Status

The Plan uses a Volume Submitter Profit Sharing Plan With CODA sponsored by CCH Incorporated, DBA ftwilliam.com, which obtained an opinion letter on March 31, 2014 in which the IRS stated that the Volume Submitter Profit Sharing Plan With CODA adopted by the Plan, as then designed, qualifies under Internal Revenue Code ("IRC") Section 401. The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 – Subsequent Events

The Plan has evaluated subsequent events through July 27, 2018, the date which the financial statements were available to be issued.
