Independent Auditors' Report

The Plan Administrator
Boomerang Rubber, Inc.
401(k) Retirement Savings Plan
Mentor, Ohio

We have audited the accompanying financial statements of the Boomerang Rubber, Inc. 401(k) Retirement Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2017 and 2016, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2017 and the supplemental schedule of reportable transactions for the year then ended are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following is a summary of certain provisions of the Boomerang Rubber, Inc. 401(k) Retirement Savings Plan (the "Plan"). Participants should refer to the Plan document for more complete information.

General – The Plan is a defined contribution plan that covers substantially all employees of Boomerang Rubber, Inc. (the "Company") who have attained age 19 and three months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions – Participants may elect to make contributions up to 50% of their eligible compensation on a pre-tax basis, subject to certain limitations of the Internal Revenue Code ("IRC"). The Plan also provides for the investment of qualified rollover contributions and catch-up contributions for participants age 50 or over. The Company may make discretionary matching contributions to the Plan. For the year ended December 31, 2017, the Company matched 100% of a participant's contribution, up to 5% of eligible compensation, subject to certain limitations of the IRC.

Participant Accounts – A separate account is maintained for each participant. Each participant's account is credited with (a) participants' contributions, an allocation of (b) the Company's contributions and (c) Plan earnings and forfeitures, and is charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

All of the Plan's investments are nonparticipant-directed. Consequently, all balances in the statements of net assets available for benefits as of December 31, 2017 and 2016 and all activity in the statements of changes in net assets available for benefits for the years ended December 31, 2017 and 2016 were attributable to nonparticipant-directed investments.

Vesting – Participants are at all times vested in their elective contributions and earnings thereon. Participants become fully vested in the Company's contributions based on a graduated vesting scale whereby a participant becomes 20% vested after one year of service and continues vesting at a rate of 20% for each additional year of service until the participant becomes fully vested after five years of service.

Participant Loans – Loans to participants are not permitted under the Plan.

Payment of Benefits – Upon termination of service due to death, disability, or a retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum. The Plan also provides for the immediate payout of a participant's separate account upon retirement, death, or other termination if the balance of the account does not exceed \$1,000.

Forfeitures – At December 31, 2017 and 2016, forfeited nonvested accounts totaled \$14,112 and \$3,182, respectively. In 2017 and 2016, \$9,257 and \$30,426, respectively, of forfeitures was used to offset Company matching contributions.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right, by action of the Board of Directors, to terminate the Plan at any time subject to the provisions of ERISA. In the event of termination of the Plan, all participants shall be fully vested and shall receive a full distribution of the balances in their respective accounts.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. The Plan's investments are valued at the end of each calendar quarter and at other dates as may be determined by the Company's Board of Directors.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties – The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Benefit Payments – Benefit payments are recorded when paid.

Administrative Fees – All administrative fees are paid by the Company or the Plan at the option of the Company.

Subsequent Events – The Company has evaluated subsequent events through July 26, 2018, which is the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

- Level 1 – Quoted market prices in active markets for identical assets and liabilities
- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3 – Unobservable inputs in which little or no market data exists

BOOMERANG RUBBER, INC.
401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 3. Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets of the Plan measured at fair value:

- Mutual funds and money market funds: Valued at the quoted net asset value of shares held by the Plan at year end, and are classified as Level 1.
- Common stocks and other asset: Valued at the closing price reported in the active market in which the individual securities are traded, and are classified as Level 1.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used from 2016 to 2017. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

Assets at Fair Value as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Common stocks	\$368,094			\$368,094
Money market funds	60,456			60,456
Mutual funds	215,909			215,909
Other asset (REIT)	4,277			4,277
Total	<u>\$648,736</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$648,736</u>
Assets at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Common stocks	\$281,398			\$281,398
Money market funds	25,348			25,348
Mutual funds	205,359			205,359
Total	<u>\$512,105</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$512,105</u>

Note 4. Party-in-Interest Transactions

Certain Plan investments are units of funds managed by Charles Schwab ("Schwab"). Schwab is the Plan Custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Johnson Trust Company is Trustee as defined by the Plan. Included in administrative expenses is \$1,611 and \$1,474 in Trustee fees for the years ended December 31, 2017 and 2016, respectively. Certain Plan investments are in shares of Auto Data Processing ("ADP"). ADP is the Company's payroll provider and, therefore, qualifies as a party-in-interest.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 5. Income Tax Status

The prototype document on which the Plan is based obtained a determination letter on March 31, 2014, in which the IRS stated that the prototype, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since adopting the prototype. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements.
