CONSOLIDATED PRECISION PRODUCTS CORPORATION RETIREMENT AND SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 1 – DESCRIPTION OF THE PLAN

The following brief description of the Consolidated Precision Products Corporation Retirement and Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan, amended and restated effective July 1, 2016, is a 401(k) savings plan covering substantially all nonunion employees of Consolidated Foundries, Inc. (“CFI”), Cast Parts, Inc. (“CPI”), PACFoundries, Inc. (“PAC”), PAC-Rancho, Inc. (“PAC-Rancho”), Hitchcock Industries, Inc. (“Hitchcock”), Magparts, Inc. (“Magparts”), Wollaston Alloys, Inc. (“Wollaston”), CPP-Cleveland (“Cleveland”), CPP-Syracuse, Inc. (“Syracuse”) and CPP-Steel Treaters, Inc. (“CPP Steel”) (collectively, the “Company”). Effective January 1, 2012, the Plan also covers Wollaston employees who are members of Local 9431. Employees are eligible to enter the Plan on the first of the month following employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Prudential Bank & Trust, F.S.B. and Prudential Retirement Insurance & Annuity Company, an affiliate of Prudential Bank & Trust, F.S.B. (collectively “Prudential”) is the trustee of the Plan.

Employee Contributions

Each year, participants may contribute up to 100% of their annual compensation up to the statutory limits determined annually by the Internal Revenue Code (IRC). Effective July 1, 2017 the contribution limit was reduced to 75% of their annual compensation. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans. Beginning on July 1, 2017 participants will be automatically enrolled in the Plan with a deferral rate of 3% of their annual compensation and have the option to make after-tax Roth contributions to the Plan.

Employer Contributions

CFI, CPI, PAC, PAC-Rancho, Hitchcock, Cleveland, Syracuse, CPP Steel and Magparts may make discretionary matching contributions up to a maximum of 6% of eligible participant compensation individually, as they adopted the Plan separately under a control group arrangement. In the current year, all of the above-named employers elected to make a discretionary employer matching contribution equal to 30% of each 1% of participants’ contributions to the Plan, up to a maximum of 6%. The discretionary match is allocated each pay period to eligible participants who have completed at least one hour of service during the Plan year. These employers also have the option to make discretionary profit sharing contributions to the Plan.

Wollaston employees received matching contributions of 50% of each 1% of participants’ contributions to the Plan up to a maximum of 4%. The employees of Wollaston also received a profit sharing contribution of 2% of their compensation. Effective September 1, 2017, the Wollaston matching contribution was changed to 30% of each 1% of participants’ contributions up to a maximum of 6% and the profit sharing contribution was eliminated.

December 31, 2017 and 2016

The employer matching and profit sharing contributions, if any, are allocated each pay period to eligible employees who have completed at least one hour of service during the Plan year.

Participant Accounts

Each participant's account is credited with the participant's voluntary contributions and allocations of (1) the employer's matching contributions, (2) the employer profit sharing contributions, (3) the employer's discretionary matching, (4) Plan earnings and (5) administrative expenses. Allocations are based on participant compensation, participant-deferred percentages or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment options

Participants must direct contributions into various investment options as made available and determined by the Plan Administrator, which are more fully described in the Plan's literature. Participants may change their investment options any time throughout the year via telephone and/or Internet access to Prudential.

Vesting

Participants are immediately vested in their voluntary contributions. Vesting in the Company's matching, discretionary matching and profit sharing contributions is based on years of continuous service. A participant is 25% vested after one year of service, 50% vested after two years of service and fully vested after three years of service.

Forfeitures

The Plan provides for forfeitures of terminating participants' non-vested accounts to be used first to pay any administrative expenses and any remaining amounts may be used to offset employer contributions. For the year ended December 31, 2017, approximately \$94,000 of forfeitures were used to reduce employer contributions. At December 31, 2017 and 2016, there were approximately \$500 and \$33,500 of unallocated forfeitures, respectively.

Payment of Benefits

Upon termination of employment with the Company due to death, disability, retirement or other reasons, a participant, or their designated beneficiary, will receive a lump-sum amount equal to the value of the participant's vested interest.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. Notes bear interest at a rate based on the prime rate as of the date of the loan request. Note payments are to be made at least quarterly over a period not to exceed five years or, in the event the note is used to acquire a principal residence, the repayment period may be extended up to 30 years. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are treated as distributions based upon the terms of the Plan document.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company. The Plan's trustee agrees to make quarterly allowance payments on behalf of the Plan in an amount equal to a percentage of Plan assets and is recorded in other income on the statement of changes in net assets available for benefits. This allowance will be used to pay reasonable and incurred Plan administrative expenses.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting. Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued daily. Dividends are recorded on the ex-dividend date. In the statement of changes in net assets available for benefits, the Plan presents the net appreciation in fair value of its investments, which consists of the realized gains or losses and unrealized appreciation or depreciation on those investments.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

December 31, 2017 and 2016

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. Approximately 24% and 26% of the Plan's investments are held in the guaranteed income fund with Prudential at December 31, 2017 and 2016, respectively. As such, this is considered to be a concentration of credit risk.

Subsequent Events

The Plan has evaluated subsequent events through July 27, 2018, the date the financial statements were available to be issued.

NOTE 3 – FINANCIAL DATA CERTIFIED BY THE TRUSTEE

The following is a summary of the Plan's asset information as of December 31, 2017 and 2016, and for the year ended December 31, 2017, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by Prudential and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Prudential that information provided to the Plan Administrator by Prudential related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedules related to the following assets.

	2017	2016
Registered investment companies	\$ 52,686,936	\$ 44,291,868
Interest-bearing cash	\$ -	\$ 131
Guaranteed income fund	\$ 16,597,920	\$ 15,717,599
Notes receivable from participants	\$ 2,810,432	\$ 2,946,358

Prudential also certified to the completeness and accuracy of the following for the year ended December 31, 2017:

Net appreciation in fair value of investments	\$ 7,750,101
Interest income on notes receivable from participants	\$ 98,032
Interest and dividends	\$ 975,378

NOTE 4 – FAIR VALUE MEASUREMENTS

The Plan's investments are participant-directed accounts that are held by the Trustee.

Fair value is a market-based measurement that is determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, the Company uses a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

- Level 1 – Valuation is based upon quoted prices for identical assets or liabilities in active markets;
- Level 2 – Valuation is based upon quoted prices for similar assets or liabilities in active markets, or other inputs that are observable for the asset or liability, either directly or indirectly for substantially the full term of the financial instrument; and
- Level 3 – Valuation is based upon other unobservable inputs that are significant to the fair value measurement.

The classification of fair value measurements within the hierarchy is based upon the lowest level of input that is significant to the measurement. The valuation methodologies used for assets and liabilities measured at fair value are as follows:

Registered investment companies: Valued at the daily closing price as reported by the fund.

Interest-bearing cash: Valued at cost, which approximates fair value and is generally \$1.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value at December 31:

	2017			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 52,686,936	\$ -	\$ -	\$ 52,686,936

Total investments at fair value	<u>\$ 44,291,999</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 44,291,999</u>

NOTE 5 – TRANSACTIONS WITH PARTIES IN INTEREST

Certain Plan investments are shares of registered investment companies and a guaranteed income fund managed by an affiliate of Prudential, and therefore, these transactions qualify as party-in-interest transactions. Prudential also makes quarterly allowance payments on behalf of the Plan in an amount equal to a percentage of Plan assets. This allowance is used to pay reasonable and incurred administrative expenses. For the year ended December 31, 2017, allowance payments of \$66,502 were used to pay \$62,242 of Plan expenses, all of which were paid to the Trustee. In addition, the Plan paid the Prudential an additional \$85,387 during the year ended December 31, 2017.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain other administrative expenses for the Plan are paid directly by the Company.

NOTE 6 – TAX STATUS OF THE PLAN

Effective December 1, 2010, the Plan adopted a non-standardized form of a prototype plan sponsored by Prudential Retirement Insurance & Annuity Company. The prototype plan has received an opinion letter, dated April 29, 2014, from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since the issuance of the opinion letter; however, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain tax positions taken or expected to be taken that would require the recognition of a liability or disclosure in the financial statements.

NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 7 – GUARANTEED INCOME FUND

The Plan entered into a traditional investment contract with Prudential Retirement Insurance & Annuity Company. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if there were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of the investment contract at December 31, 2017 and 2016 was \$16,597,920 and \$15,717,599, respectively. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.5%. Such interest rates are reviewed on a semiannual basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code;
2. Premature termination of the contract;
3. Plan termination or merger;
4. Changes to the Plan's prohibition on competing investment;
5. Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures of spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines;
2. A breach of material obligation under the contract;
3. A material misrepresentation;
4. A material amendment to the agreement without the consent of the issue.

NOTE 8 – DELINQUENT CONTRIBUTIONS

During the year ended December 31, 2016, the Company failed to deposit \$6,977, of participant deferrals and loan repayments within the required time frame as prescribed by the U.S. Department of Labor (“DOL”). The DOL considers these late deposits to be prohibited non-exempt transactions. On March 28, 2017, the Company remitted the lost earnings for these deferrals and on July 17, 2017 filed IRS Form 5330 and paid the applicable excise tax from their assets.

General

The Plan, amended and restated effective July 1, 2016, is a 401(k) savings plan covering substantially all nonunion employees of Consolidated Foundries, Inc. (“CFI”), Cast Parts, Inc. (“CPI”), PACFoundries, Inc. (“PAC”), PAC-Rancho, Inc. (“PAC-Rancho”), Hitchcock Industries, Inc. (“Hitchcock”), Magparts, Inc. (“Magparts”), Wollaston Alloys, Inc. (“Wollaston”), CPP-Cleveland (“Cleveland”), CPP-Syracuse, Inc. (“Syracuse”) and CPP-Steel Treaters, Inc. (“CPP Steel”) (collectively, the “Company”). Effective January 1, 2012, the Plan also covers Wollaston employees who are members of Local 9431. Employees are eligible to enter the Plan on the first of the month following employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Prudential Bank & Trust, F.S.B. and Prudential Retirement Insurance & Annuity Company, an affiliate of Prudential Bank & Trust, F.S.B. (collectively “Prudential”) is the trustee of the Plan.

Employee Contributions

Each year, participants may contribute up to 100% of their annual compensation up to the statutory limits determined annually by the Internal Revenue Code (IRC). Effective July 1, 2017 the contribution limit was reduced to 75% of their annual compensation. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans. Beginning on July 1, 2017 participants will be automatically enrolled in the Plan with a deferral rate of 3% of their annual compensation and have the option to make after-tax Roth contributions to the Plan.

Employer Contributions

CFI, CPI, PAC, PAC-Rancho, Hitchcock, Cleveland, Syracuse, CPP Steel and Magparts may make discretionary matching contributions up to a maximum of 6% of eligible participant compensation individually, as they adopted the Plan separately under a control group arrangement. In the current year, all of the above-named employers elected to make a discretionary employer matching contribution equal to 30% of each 1% of participants’ contributions to the Plan, up to a maximum of 6%. The discretionary match is allocated each pay period to eligible participants who have completed at least one hour of service during the Plan year. These employers also have the option to make discretionary profit sharing contributions to the Plan.

Wollaston employees received matching contributions of 50% of each 1% of participants’ contributions to the Plan up to a maximum of 4%. The employees of Wollaston also received a profit sharing contribution of 2% of their compensation. Effective September 1, 2017, the Wollaston matching contribution was changed to 30% of each 1% of participants’ contributions up to a maximum of 6% and the profit sharing contribution was eliminated.

December 31, 2017 and 2016

The employer matching and profit sharing contributions, if any, are allocated each pay period to eligible employees who have completed at least one hour of service during the Plan year.

Participant Accounts

Each participant's account is credited with the participant's voluntary contributions and allocations of (1) the employer's matching contributions, (2) the employer profit sharing contributions, (3) the employer's discretionary matching, (4) Plan earnings and (5) administrative expenses. Allocations are based on participant compensation, participant-deferred percentages or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment options

Participants must direct contributions into various investment options as made available and determined by the Plan Administrator, which are more fully described in the Plan's literature. Participants may change their investment options any time throughout the year via telephone and/or Internet access to Prudential.

Vesting

Participants are immediately vested in their voluntary contributions. Vesting in the Company's matching, discretionary matching and profit sharing contributions is based on years of continuous service. A participant is 25% vested after one year of service, 50% vested after two years of service and fully vested after three years of service.

Forfeitures

The Plan provides for forfeitures of terminating participants' non-vested accounts to be used first to pay any administrative expenses and any remaining amounts may be used to offset employer contributions. For the year ended December 31, 2017, approximately \$94,000 of forfeitures were used to reduce employer contributions. At December 31, 2017 and 2016, there were approximately \$500 and \$33,500 of unallocated forfeitures, respectively.

Payment of Benefits

Upon termination of employment with the Company due to death, disability, retirement or other reasons, a participant, or their designated beneficiary, will receive a lump-sum amount equal to the value of the participant's vested interest.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. Notes bear interest at a rate based on the prime rate as of the date of the loan request. Note payments are to be made at least quarterly over a period not to exceed five years or, in the event the note is used to acquire a principal residence, the repayment period may be extended up to 30 years. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are treated as distributions based upon the terms of the Plan document.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company. The Plan's trustee agrees to make quarterly allowance payments on behalf of the Plan in an amount equal to a percentage of Plan assets and is recorded in other income on the statement of changes in net assets available for benefits. This allowance will be used to pay reasonable and incurred Plan administrative expenses.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting. Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued daily. Dividends are recorded on the ex-dividend date. In the statement of changes in net assets available for benefits, the Plan presents the net appreciation in fair value of its investments, which consists of the realized gains or losses and unrealized appreciation or depreciation on those investments.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. Approximately 24% and 26% of the Plan's investments are held in the guaranteed income fund with Prudential at December 31, 2017 and 2016, respectively. As such, this is considered to be a concentration of credit risk.

Subsequent Events

The Plan has evaluated subsequent events through July 27, 2018, the date the financial statements were available to be issued.

NOTE 3 – FINANCIAL DATA CERTIFIED BY THE TRUSTEE

The following is a summary of the Plan's asset information as of December 31, 2017 and 2016, and for the year ended December 31, 2017, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by Prudential and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Prudential that information provided to the Plan Administrator by Prudential related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedules related to the following assets.

	2017	2016
Registered investment companies	\$ 52,686,936	\$ 44,291,868
Interest-bearing cash	\$ -	\$ 131
Guaranteed income fund	\$ 16,597,920	\$ 15,717,599

Prudential also certified to the completeness and accuracy of the following for the year ended December 31, 2017:

Net appreciation in fair value of investments	\$ 7,750,101
Interest income on notes receivable from participants	\$ 98,032
Interest and dividends	\$ 975,378

NOTE 4 – FAIR VALUE MEASUREMENTS

The Plan's investments are participant-directed accounts that are held by the Trustee.

Fair value is a market-based measurement that is determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, the Company uses a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

- Level 1 – Valuation is based upon quoted prices for identical assets or liabilities in active markets;
- Level 2 – Valuation is based upon quoted prices for similar assets or liabilities in active markets, or other inputs that are observable for the asset or liability, either directly or indirectly for substantially the full term of the financial instrument; and
- Level 3 – Valuation is based upon other unobservable inputs that are significant to the fair value measurement.

The classification of fair value measurements within the hierarchy is based upon the lowest level of input that is significant to the measurement. The valuation methodologies used for assets and liabilities measured at fair value are as follows:

Registered investment companies: Valued at the daily closing price as reported by the fund.

Interest-bearing cash: Valued at cost, which approximates fair value and is generally \$1.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value at December 31:

	2017			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 52,686,936	\$ -	\$ -	\$ 52,686,936

NOTE 5 – TRANSACTIONS WITH PARTIES IN INTEREST

Certain Plan investments are shares of registered investment companies and a guaranteed income fund managed by an affiliate of Prudential, and therefore, these transactions qualify as party-in-interest transactions. Prudential also makes quarterly allowance payments on behalf of the Plan in an amount equal to a percentage of Plan assets. This allowance is used to pay reasonable and incurred administrative expenses. For the year ended December 31, 2017, allowance payments of \$66,502 were used to pay \$62,242 of Plan expenses, all of which were paid to the Trustee. In addition, the Plan paid the Prudential an additional \$85,387 during the year ended December 31, 2017.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain other administrative expenses for the Plan are paid directly by the Company.

NOTE 6 – TAX STATUS OF THE PLAN

Effective December 1, 2010, the Plan adopted a non-standardized form of a prototype plan sponsored by Prudential Retirement Insurance & Annuity Company. The prototype plan has received an opinion letter, dated April 29, 2014, from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since the issuance of the opinion letter; however, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain tax positions taken or expected to be taken that would require the recognition of a liability or disclosure in the financial statements.

NOTES TO FINANCIAL STATEMENTS

NOTE 7 – GUARANTEED INCOME FUND

The Plan entered into a traditional investment contract with Prudential Retirement Insurance & Annuity Company. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if there were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of the investment contract at December 31, 2017 and 2016 was \$16,597,920 and \$15,717,599, respectively. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.5%. Such interest rates are reviewed on a semiannual basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code;
2. Premature termination of the contract;
3. Plan termination or merger;
4. Changes to the Plan's prohibition on competing investment;
5. Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures of spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines;
2. A breach of material obligation under the contract;
3. A material misrepresentation;
4. A material amendment to the agreement without the consent of the issue.

NOTE 8 – DELINQUENT CONTRIBUTIONS

During the year ended December 31, 2016, the Company failed to deposit \$6,977, of participant deferrals and loan repayments within the required time frame as prescribed by the U.S. Department of Labor (“DOL”). The DOL considers these late deposits to be prohibited non-exempt transactions. On March 28, 2017, the Company remitted the lost earnings for these deferrals and on July 17, 2017 filed IRS Form 5330 and paid the applicable excise tax from their assets.

NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

NOTE 1 – DESCRIPTION OF THE PLAN

The following brief description of the Consolidated Precision Products Corporation Retirement and Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan, amended and restated effective July 1, 2016, is a 401(k) savings plan covering substantially all nonunion employees of Consolidated Foundries, Inc. (“CFI”), Cast Parts, Inc. (“CPI”), PACFoundries, Inc. (“PAC”), PAC-Rancho, Inc. (“PAC-Rancho”), Hitchcock Industries, Inc. (“Hitchcock”), Magparts, Inc. (“Magparts”), Wollaston Alloys, Inc. (“Wollaston”), CPP-Cleveland (“Cleveland”), CPP-Syracuse, Inc. (“Syracuse”) and CPP-Steel Treaters, Inc. (“CPP Steel”) (collectively, the “Company”). Effective January 1, 2012, the Plan also covers Wollaston employees who are members of Local 9431. Employees are eligible to enter the Plan on the first of the month following employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Prudential Bank & Trust, F.S.B. and Prudential Retirement Insurance & Annuity Company, an affiliate of Prudential Bank & Trust, F.S.B. (collectively “Prudential”) is the trustee of the Plan.

Employee Contributions

Each year, participants may contribute up to 100% of their annual compensation up to the statutory limits determined annually by the Internal Revenue Code (IRC). Effective July 1, 2017 the contribution limit was reduced to 75% of their annual compensation. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans. Beginning on July 1, 2017 participants will be automatically enrolled in the Plan with a deferral rate of 3% of their annual compensation and have the option to make after-tax Roth contributions to the Plan.

Employer Contributions

CFI, CPI, PAC, PAC-Rancho, Hitchcock, Cleveland, Syracuse, CPP Steel and Magparts may make discretionary matching contributions up to a maximum of 6% of eligible participant compensation individually, as they adopted the Plan separately under a control group arrangement. In the current year, all of the above-named employers elected to make a discretionary employer matching contribution equal to 30% of each 1% of participants’ contributions to the Plan, up to a maximum of 6%. The discretionary match is allocated each pay period to eligible participants who have completed at least one hour of service during the Plan year. These employers also have the option to make discretionary profit sharing contributions to the Plan.

Wollaston employees received matching contributions of 50% of each 1% of participants’ contributions to the Plan up to a maximum of 4%. The employees of Wollaston also received a profit sharing contribution of 2% of their compensation. Effective September 1, 2017, the Wollaston matching contribution was changed to 30% of each 1% of participants’ contributions up to a maximum of 6% and the profit sharing contribution was eliminated.

CONSOLIDATED PRECISION PRODUCTS CORPORATION RETIREMENT AND SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

The employer matching and profit sharing contributions, if any, are allocated each pay period to eligible employees who have completed at least one hour of service during the Plan year.

Participant Accounts

Each participant's account is credited with the participant's voluntary contributions and allocations of (1) the employer's matching contributions, (2) the employer profit sharing contributions, (3) the employer's discretionary matching, (4) Plan earnings and (5) administrative expenses. Allocations are based on participant compensation, participant-deferred percentages or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment options

Participants must direct contributions into various investment options as made available and determined by the Plan Administrator, which are more fully described in the Plan's literature. Participants may change their investment options any time throughout the year via telephone and/or Internet access to Prudential.

Vesting

Participants are immediately vested in their voluntary contributions. Vesting in the Company's matching, discretionary matching and profit sharing contributions is based on years of continuous service. A participant is 25% vested after one year of service, 50% vested after two years of service and fully vested after three years of service.

Forfeitures

The Plan provides for forfeitures of terminating participants' non-vested accounts to be used first to pay any administrative expenses and any remaining amounts may be used to offset employer contributions. For the year ended December 31, 2017, approximately \$94,000 of forfeitures were used to reduce employer contributions. At December 31, 2017 and 2016, there were approximately \$500 and \$33,500 of unallocated forfeitures, respectively.

Payment of Benefits

Upon termination of employment with the Company due to death, disability, retirement or other reasons, a participant, or their designated beneficiary, will receive a lump-sum amount equal to the value of the participant's vested interest.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. Notes bear interest at a rate based on the prime rate as of the date of the loan request. Note payments are to be made at least quarterly over a period not to exceed five years or, in the event the note is used to acquire a principal residence, the repayment period may be extended up to 30 years. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are treated as distributions based upon the terms of the Plan document.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company. The Plan's trustee agrees to make quarterly allowance payments on behalf of the Plan in an amount equal to a percentage of Plan assets and is recorded in other income on the statement of changes in net assets available for benefits. This allowance will be used to pay reasonable and incurred Plan administrative expenses.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting. Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued daily. Dividends are recorded on the ex-dividend date. In the statement of changes in net assets available for benefits, the Plan presents the net appreciation in fair value of its investments, which consists of the realized gains or losses and unrealized appreciation or depreciation on those investments.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. Approximately 24% and 26% of the Plan's investments are held in the guaranteed income fund with Prudential at December 31, 2017 and 2016, respectively. As such, this is considered to be a concentration of credit risk.

Subsequent Events

The Plan has evaluated subsequent events through July 27, 2018, the date the financial statements were available to be issued.

NOTE 3 – FINANCIAL DATA CERTIFIED BY THE TRUSTEE

The following is a summary of the Plan's asset information as of December 31, 2017 and 2016, and for the year ended December 31, 2017, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by Prudential and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Prudential that information provided to the Plan Administrator by Prudential related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedules related to the following assets.

Registered investment companies	\$ 52,686,936	\$ 44,291,868

NOTE 4 – FAIR VALUE MEASUREMENTS

The Plan's investments are participant-directed accounts that are held by the Trustee.

Fair value is a market-based measurement that is determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, the Company uses a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

- Level 1 – Valuation is based upon quoted prices for identical assets or liabilities in active markets;
- Level 2 – Valuation is based upon quoted prices for similar assets or liabilities in active markets, or other inputs that are observable for the asset or liability, either directly or indirectly for substantially the full term of the financial instrument; and
- Level 3 – Valuation is based upon other unobservable inputs that are significant to the fair value measurement.

The classification of fair value measurements within the hierarchy is based upon the lowest level of input that is significant to the measurement. The valuation methodologies used for assets and liabilities measured at fair value are as follows:

Registered investment companies: Valued at the daily closing price as reported by the fund.

Interest-bearing cash: Valued at cost, which approximates fair value and is generally \$1.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value at December 31:

	2017			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 52,686,936	\$ -	\$ -	\$ 52,686,936

NOTE 5 – TRANSACTIONS WITH PARTIES IN INTEREST

Certain Plan investments are shares of registered investment companies and a guaranteed income fund managed by an affiliate of Prudential, and therefore, these transactions qualify as party-in-interest transactions. Prudential also makes quarterly allowance payments on behalf of the Plan in an amount equal to a percentage of Plan assets. This allowance is used to pay reasonable and incurred administrative expenses. For the year ended December 31, 2017, allowance payments of \$66,502 were used to pay \$62,242 of Plan expenses, all of which were paid to the Trustee. In addition, the Plan paid the Prudential an additional \$85,387 during the year ended December 31, 2017.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain other administrative expenses for the Plan are paid directly by the Company.

NOTE 6 – TAX STATUS OF THE PLAN

Effective December 1, 2010, the Plan adopted a non-standardized form of a prototype plan sponsored by Prudential Retirement Insurance & Annuity Company. The prototype plan has received an opinion letter, dated April 29, 2014, from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since the issuance of the opinion letter; however, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain tax positions taken or expected to be taken that would require the recognition of a liability or disclosure in the financial statements.

NOTE 7 – GUARANTEED INCOME FUND

The Plan entered into a traditional investment contract with Prudential Retirement Insurance & Annuity Company. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if there were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of the investment contract at December 31, 2017 and 2016 was \$16,597,920 and \$15,717,599, respectively. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.5%. Such interest rates are reviewed on a semiannual basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code;
2. Premature termination of the contract;
3. Plan termination or merger;
4. Changes to the Plan's prohibition on competing investment;
5. Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures of spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines;
2. A breach of material obligation under the contract;
3. A material misrepresentation;
4. A material amendment to the agreement without the consent of the issue.

NOTE 8 – DELINQUENT CONTRIBUTIONS

During the year ended December 31, 2016, the Company failed to deposit \$6,977, of participant deferrals and loan repayments within the required time frame as prescribed by the U.S. Department of Labor (“DOL”). The DOL considers these late deposits to be prohibited non-exempt transactions. On March 28, 2017, the Company remitted the lost earnings for these deferrals and on July 17, 2017 filed IRS Form 5330 and paid the applicable excise tax from their assets.
