NOTES TO FINANCIAL STATEMENTS

EAST FAIRFIELD COAL COMPANY RETIREMENT SAVINGS PLAN AND TRUST

December 31, 2017 and 2016

NOTE A - DESCRIPTION OF PLAN

The following description of East Fairfield Coal Company Retirement Savings Plan and Trust provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined-contribution plan covering all full-time employees of The East Fairfield Coal Co., Commercial Minerals, Inc. and Sterling Mining Corporation, who are 18 years of age or older, have completed 1,000 hours and have completed one year of service for eligibility purposes. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company adopted safe harbor provisions for 2017 and 2016.

Contributions - Under the Plan's provisions, each participant may contribute an amount equal to a dollar amount or percentage of pretax annual compensation not to exceed 100% of compensation, and up to 10% of after-tax annual compensation, as defined in the Plan. Participants may also roll over amounts representing distributions from other qualified defined-benefit or contribution plans. The Company makes a matching contribution to the Plan, which equals 300% of the first 3% of the participant's compensation contributed as pretax contributions. Upon enrollment in the Plan, a participant may direct employee contributions and company-matching contributions to any of the available investment options. Participants may change their investment options at their discretion. All of the balances of the Plan represent participant-directed investments.

Company contributions paid during the years ended December 31, 2017 and 2016, consist of safe harbor matching contributions of \$562,922 and \$627,332, respectively.

Participant accounts - Allocations of terminated participants' nonvested accounts and Plan earnings are based on each participant's earnings or account balances, as defined. In addition to the above-mentioned allocations, under the Plan's provisions, each participant's account is credited with the participant's contribution and the appropriate matching contribution, as defined. The benefit to which a participant is entitled is the benefit which can be provided from the participant's vested account.

Vesting - Vesting in participants' accounts relating to the Company discretionary contribution is based on years of continuous service. A participant is 100% vested in the Company contribution after four years of credited service. Participants are immediately vested in their deferrals and contributions rolled over from other qualified defined-benefit or contribution plans, the Company safe harbor contribution, plus actual earnings thereon.

NOTES TO FINANCIAL STATEMENTS

EAST FAIRFIELD COAL COMPANY RETIREMENT SAVINGS PLAN AND TRUST

December 31, 2017 and 2016

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Notes receivable from participants - Participants may borrow from their nonprofit-sharing fund accounts up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are collateralized by the balance in the participant's account and bear interest at a market rate of interest. The participant has the option to repay principal and interest ratably through payroll deductions, based on payroll frequency, or quarterly payments. Notes receivable from participants are measured at their unpaid principal balance plus accrued, but unpaid, interest. Delinquent participant loans are reclassified as distributions based upon the terms set forth in the Plan document.

Payment of benefits - On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or periodic installments.

For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Other in-service withdrawals are permitted only related to a participant's rollover and after-tax account balance.

Forfeited accounts - At December 31, 2017 and 2016, forfeited accounts totaled \$6 and \$3,908, respectively. Forfeitures are used to reduce employer contributions, to offset plan administration expenses, or are allocated to participants in the ratio in which compensation of each participant for the plan year bears to the total compensation for the plan year of all participants otherwise entitled to share in employer contributions. Forfeitures used for the years ended December 31, 2017 and 2016 totaled \$4,126 and \$9,500, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting - The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates and subsequent events - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. In preparing the financial statements, including estimates and disclosures, Plan management has considered the effects of subsequent events through July 11, 2018—the date the financial statements were available to be issued.

Investment valuation - The Plan's investments are stated at fair value as of December 31, 2017 and 2016. Shares of mutual funds and units of common/collective trusts are valued at the net asset value of the shares and units held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

NOTE C - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

- Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority.
- Level 2 inputs consist of significant observable inputs other than quoted prices for identical assets.
- Level 3 inputs consist of significant unobservable inputs that are not corroborated by market data and have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or 3 inputs were used or available to the Plan.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year end.

At December 31, 2017 and 2016, the Plan held shares of Federated Capital Preservation Fund (ISP), a common/collective trust, with the fair value of the shares of \$4,025,655 and \$5,246,322, respectively. There were no unfunded commitments, and the redemption of the shares was not restricted, nor was there a notice period required for redemption of the shares.

NOTE E - ADMINISTRATION OF PLAN ASSETS, EXPENSES AND RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Company provides to the Plan certain accounting and administrative services for which no fees are charged. Other administrative expenses are paid directly by The East Fairfield Coal Co. Distribution and loan fees are paid by the respective participants. Investment-related expenses are included in net appreciation of fair value of investments.

Certain Plan investments are managed by Bank of America, N.A., the trustee and record keeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions. Through an arrangement with the trustee, the Plan received revenue-sharing funds of \$18,750 and \$25,000 for the years ended December 31, 2017 and 2016, respectively, which may be used to offset Plan expenses or allocated to participant accounts. For the years ended December 31, 2017 and 2016, fees paid from these funds totaled \$0 and \$4,005, respectively, and amounts allocated to participant accounts totaled \$33,844 and \$0, respectively.

NOTE F - TAX STATUS

The Plan has not applied for a determination letter; however, the prototype Plan document has received an acceptable opinion by letter dated March 31, 2014, from the Internal Revenue Service. The Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2017 and 2016, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.
