Report of Independent Auditors

Plan Administrator
WAC Lighting Co. 401(k) Profit Sharing Plan
Port Washington, New York

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of WAC Lighting Co. 401(k) Profit Sharing Plan (the "Plan") which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Principal Life Insurance Company, Principal Life Insurance Company on behalf of Principal Global Investors Trust Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the Trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustees hold the Plan's assets and execute transactions. The Plan Administrator has obtained certifications from the Trustees as of December 31, 2016 and 2015 and for the year ended December 31, 2016, that the information provided to the Plan Administrator by the Trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

1. Description of Plan

The following description of the WAC Lighting Co. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provision.

General

The Plan, as amended, was established on January 16, 1996 and is a defined contribution plan with a 401(k) feature covering all eligible employees of WAC Lighting Co. (the "Company"). Employees are eligible to participate the first day of the calendar quarter after completing six months of service. The Board of Directors of the Company control and manage the operation and administration of the Plan. Principal Life Insurance Company, Principal Life Insurance Company on behalf of Principal Global Investors Trust Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, (collectively referred to as the "Principal" or the "Trustees") are the Plan's Trustees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute to the Plan up to 100% of compensation on a pre-tax basis, subject to dollar limits established by the Internal Revenue Code ("IRC"). Such contributions are excluded from the participant's Federal taxable income until received as a withdrawal or distribution from the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Plan provides for a discretionary employer matching contribution based on a percentage of a participant's compensation. The matching contribution is made on an annual basis and totaled $234,464 for the year ended December 31, 2016. In addition, the Company may make discretionary contributions to the Plan to ensure compliance with ERISA requirements, allocable to Salary Reduction Accounts. Such safe harbor contributions are called Qualified Non-Elective Employer Contributions ("QNEC").

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (i) employer's 401(k) matching contributions and QNEC and (ii) the participant's share of earnings or losses on both company and employee contributions and administrative expenses. Each participant directs all amounts credited into their account into one or more of the investment options available under the Plan. Accordingly, as a participant-directed plan, each participant's investments determine their share of earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested 100% in their voluntary contributions, employer matching contributions and QNEC plus actual earnings thereon.

1. Description of Plan (Continued)

Investment Options

Upon enrollment in the Plan, participants may direct the Trustees to invest contributions in 1% increments in various investment options offered by the Plan. Participants may change their contribution investment options daily; transfer part or all of past investments to other funds daily; and may change their deferral percentage quarterly.

Notes Receivable from Participants

Participants may borrow from their vested fund account balance a minimum of $1,000 and up to a maximum equal to the lesser of (a) $50,000 reduced by the highest outstanding Plan loan balance during the one year period ending on the day before the loan is made or (b) one-half of the value of their vested fund account balance reduced by any outstanding loan balance. A participant may have no more than one loan outstanding at any time. If you have an existing loan you may not apply for another loan until the existing loan is paid in full. The maximum payment term allowed for any loan will be five years (unless the loan is for the purchase of a principal residence in which case the term may not exceed 30 years). The interest rate shall remain fixed throughout the duration of the loan. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 5.25% to 5.50% and mature at various dates through May 2024. Principal and interest are paid ratably through payroll deductions.

In-Service Withdrawals

The plan administrator may authorize a lump-sum distribution of up to 100% of the participant's vested interest (excluding any investment earnings) but not to exceed the amount necessary to meet the financial need created by the hardship provided the participant submits positive evidence of an immediate and heavy financial need as defined in the Plan. Participants may not make elective deferrals for six (6) months after receiving a hardship distribution. In-service distributions of the participant's vested interest are available for any reason upon attaining age 59½.

Forfeited Accounts

Any matching contributions made on excess 401(k) elective deferral contributions will be forfeited. Unvested forfeitures may be used to reduce the employer's matching contribution. During the year ended December 31, 2016, forfeitures totaling $12,585 were used to reduce such contributions.

Deemed Distributions

When a participant fails to make loan repayments under the terms of the loan agreement, the loan is considered to be in default. Deemed distributions on defaulted loans are recorded immediately upon default.

1. Description of Plan (Continued)

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to his or her account, or annual installments. Upon termination of service, and provided that the participant has a minimum of $5,000 in the Plan, the participant may elect to receive a lump-sum amount equal to the value of his/her vested account or defer distributions to normal retirement age. Those participants with less than $5,000 must receive a lump-sum distribution of their vested accounts. Participant benefits are recorded upon distribution. As of December 31, 2016 and 2015, all employees who elected to withdraw from the plan had been paid.

Expenses of the Plan

Certain administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan. Certain plan expenses are deducted from participant accounts, and the remainder of the Plan expenses are generally paid by the Employer.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the Unites States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as components of net appreciation or decline in fair market value of investments for such investments.

2. Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2016 and 2015.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Recent Accounting Pronouncements

In April 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The ASU is effective for fiscal years beginning after December 15, 2016, with earlier application permitted.

The amendments remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value ("NAV") per share practical expedient. The ASU was adopted for the December 31, 2015, plan year-end.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Contribution Pension Plans (Topic 962) I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient*. The amendments remove the requirement to:

- Report fully benefit-responsive guaranteed investment contracts at fair value;
- Disclose individual investments held which exceed 5% of net assets available for benefits;
- Disclose net appreciation in fair value of investments by type of investment held;
- Disaggregate investments reported in the fair value hierarchy table by class of investment. They may be presented by general type only;
- Disclose investment strategy for investments for which fair value is measured using the NAV practical expedient, if they are Form 5500 Direct Filing Entities;

2. Summary of Significant Accounting Policies (Continued)

Recent Accounting Pronouncements (Continued)

ASU 2015-12 was adopted for the December 31, 2015, plan year-end.

In January 2016, the FASB issued ASU 2016-01, *Financial Instruments - Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities,* which makes targeted improvements in the recognition, measurement, presentation and disclosure of financial instruments. ASU 2016-01 is effective for fiscal years beginning after December 15, 2018 with early adoption permitted for fiscal years beginning after December 15, 2017. The Plan does not expect this new guidance to have a material impact on the Plan's financial statements.

Reclassifications

Certain reclassifications have been made to the 2015 amounts to conform to the 2016 presentation.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through the date these financial statements were available to be issued, July 30, 2018.

3. Information Certified by the Trustees

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal, the Trustees of the Plan, have certified to the completeness and accuracy of:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2016 and 2015;
- Net appreciation in the fair value of the investments and dividends reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2016;
- Investments reflected on the schedule of assets (held at end of year).

4. Fair Value of Financial Instruments

The FASB authoritative guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).The three levels of the fair value hierarchy are described as follows:

4. Fair Value of Financial Instruments (Continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Pooled Separate Accounts ("PSAs"): Valued based on the underlying investments (i.e., common stock, mutual funds, short term securities). While the majority of the underlying assets values are based on quoted prices, the NAV of the pooled separate account is not publicly quoted. The NAV is reported by the fund managers as of the financial statement date based on recent transaction prices. The PSAs held by the Plan provide for daily redemptions by the Plan at reported NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date.

Common/collective trusts (excluding the Principal Stable Value Fund) ("CCTs"): Valued at the NAV of the units held by the Plan which are based on the quoted market prices of the underlying securities of the funds. The unit price is based on the value of the underlying investment assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. The CCTs provide for daily redemptions by the Plan at reported NAV, with no advance notice requirements.

4. Fair Value of Financial Instruments (Continued)

Mutual funds: Valued at quoted market prices of shares held by the Plan.

Guaranteed interest accounts: Value represents contributions allocated to the guaranteed interest accounts, plus interest at the contractually guaranteed rate, less funds used to pay Plan benefits and Principal's administrative expenses.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis:

As of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,315	$ -	$ -	$ 1,315
Guaranteed interest accounts	-	-	17,344	17,344
Total assets in the fair value hierarchy	$ 1,315	$ -	$ 17,344	18,659
Investments measured at NAV practical expedient				5,359,825
Investments at fair value				$ 5,378,484

As of December 31, 2015:

	Level 1	Level 2	Level 3	Total
Guaranteed interest accounts	$ -	$ -	$ 35,935	$ 35,935
Investments measured at NAV practical expedient				4,774,894
Investments at fair value				$ 4,810,829

4. Fair Value of Financial Instruments (Continued)

Changes in Level 3 Fair Value Measurements

The reconciliation for all assets measured at fair value on a recurring basis using significant unobservable inputs (Level 3) for the years ended December 31, 2016 and 2015, was as follows:

For the year ended December 31, 2016:

	Beginning Asset Balance as of January 1, 2016	Interest *	Purchases **	Sales**	Transfers In (Out) of Level 3	Ending Asset Balance as of December 31, 2016	Changes in Unrealized (Losses) Included in Changes in Net Assets Available for Benefits Relating to Positions Still Held
Assets							
Guaranteed interest accounts	$ 35,935	$ 44	$ 67	$ -	$ (18,702)	$ 17,344	$ -

For the year ended December 31, 2015:

Quantitative Information about Level 3 Fair Value Measurements

The following table provides quantitative information about the significant unobservable inputs used for recurring fair value measurements categorized within Level 3.

As of December 31, 2016:

	Assets measured at fair value	Valuation technique	Unobservable input description	Input/range of inputs
Assets				
Guaranteed interest accounts	$ 17,344	See note (1)	Interest rate on account	0.25%
			Applicable interest rate	0.25%
			Maturity date	12/31/2016 -12/31/2017

As of December 31, 2015:

	Assets measured at fair value	Valuation technique	Unobservable input description	Input/range of inputs
Assets				
Guaranteed interest accounts	$ 35,935	See note (1)	Interest rate on account	0.15% - 0.25%
			Applicable interest rate	0.15% - 0.25%
			Maturity date	12/31/2015 -12/31/2016

(1) If the applicable interest rate is equal to or less than the interest rate on the account, the fair market value is equal to the contract value. If the applicable interest rate is greater than the interest rate on the account, the fair market value is the contract value reduced by a percentage. This percentage is equal to the difference between the applicable interest rate and the interest rate on the account multiplied by the number of years (including fractional parts of a year) until the maturity date.

The following table sets forth additional disclosures for the fair value measurements of investments in certain entities that calculate NAV per share (or its equivalent):

As of December 31, 2016:

	Fair Value	2016 Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Investment type				
Pooled separate accounts	$ 4,196,667	$ -	Daily	Daily
Common collective trusts	1,163,158	-	Daily	Daily
	$ 5,359,825			

4. Fair Value of Financial Instruments (Continued)

As of December 31, 2015:

Common collective trusts	889,513	-	Daily	Daily
	$ 4,774,894			

5. Investment Contracts

All Plan investments are held by the Trustees. All Plan investments other than the Principal Stable Value Fund are stated at fair value. Fair value is the price that would be received to sell an asset (on exit price) in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date. The Plan's management determine the Plan's valuation policies utilizing information provided by the investment advisors, Plan trustee and custodian. See Note 4 for discussion at fair value measurements.

The Principal Stable Value Fund is a common collective trust fund with underlying investments in investment contracts that are valued at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Principal Stable Value Fund consists primarily of guaranteed investment contracts ("GICs") and synthetic GICs.

Certain events limit the ability of the Plan to transact with the issuer at contract value. These events include, but are not limited to, partial or complete legal termination of the Trust or a unit holder, tax disqualification of the Trust or unit holder, and certain Trust amendments if the issuer's consent is not obtained. As of December 31, 2016, the occurrence of an event outside the normal operation of the Trust that would cause a withdrawal from an investment contract is not considered to be probable.

In general, issuers may terminate the contract and settle at other than contract value if there is a change in the qualification status of a participant, Employer, or Plan; a breach of material obligations under the contract and misrepresentation by the contract holder; or failure of the underlying portfolio to conform to the pre-established investment guidelines.

6. Guaranteed Interest Accounts

As of December 31, 2016 and 2015, the Plan had investments of $17,344 and $35,935 in guaranteed interest accounts with Principal. Such investments are considered to be investment contracts that are non benefit responsive and are reported at fair value. The value represents contributions allocated to the guaranteed interest accounts, plus interest at the contractually guaranteed rate, less funds used to pay Plan benefits and Principal's administrative expenses. The fair value of the guaranteed interest accounts is reflected in Level 3 (see Note 4).

7. Exempt Party-in-Interest

At December 31, 2016, certain Plan investments were managed by Principal, the Trustees of the Plan and therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid by the Plan to the Trustees were $3,472 for the year ended December 31, 2016. Participant loans also qualify as party-in-interest transactions. Heffernan Retirement Services provides investment advisory services to the Plan and is also a party-in-interest to the Plan.

8. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the ERISA.

9. Tax Status

The Company adopted a non-standardized Prototype 401(k) Savings Plan which received an opinion letter from the Internal Revenue Service, dated March 31, 2014, as to the Plan's qualified status. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code, and accordingly no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL. The Plan does not believe that there are uncertain tax positions.

The Plan is subject to routine audits by taxing jurisdictions. The Plan is currently under audit by the DOL for the 2016 tax period. The Plan administrator believes it is no longer subject to tax examinations for years prior to 2013.

10. Subsequent Discovery of Facts and Restatement

In July 2018, Plan management's determined that during the plan year ended December 31, 2016, the Plan Sponsor failed to remit certain employee deferrals and loan repayments to the Plan in a timely manner according to DOL regulations in the amount of $423,298. The Employer is in the process of quantifying and reimbursing the affected participants for lost earnings due to these late contributions under the DOL's Voluntary Fiduciary Correction Program ("VFCP"). As of December 31, 2016, corrections for lost earnings and interest thereon, have not been restored to the participants' accounts.

In addition, revisions have been made to the presentation of the Plan's investments on both the statements of net assets available for benefits and the notes to the financial statements to more accurately reflect the valuation methodologies applicable to each investment class.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 at December 31,:

	2016	2015
