Independent Auditor's Report

To the Trustees of
Electric Supply 401(k) Retirement Savings Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Electric Supply 401(k) Retirement Savings Plan (Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the plan year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company and John Hancock Trust Company, LLC, the custodians of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that Reliance Trust Company executed investment transactions from January 1, 2017 through November 14, 2017 and that John Hancock Trust Company, LLC executed investment transactions from November 15, 2017 through December 31, 2017. The plan administrator has obtained certifications from the custodians as of December 31, 2017 and 2016 and for the year ended December 31, 2017, that the information provided to the plan administrator by the custodians are complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2017, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America, and in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

(1) Description of Plan

The following description of the Electric Supply 401(k) Retirement Savings Plan (Plan) provides only general information. Participants should refer to the Adoption Agreement and Plan documents for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan that covers eligible employees of Electric Supply of Tampa, Inc. (Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). To be eligible to participate in the Plan, an employee must have attained the age of 21 and have completed at least six months of service.

The Plan was adopted November 1, 1986 and entirely amended and restated June 1, 2003. The Plan has adopted certain provisions of the Economic Growth and Tax Relief Act of 2001 (EGTRRA).

Up until the Plan changed custodians effective November 14, 2017 the Company operated under a Plan document under Massachusetts Mutual Life Insurance Company (Mass Mutual). The Plan adopted a new Plan document under John Hancock Trust Company, LLC, the successor custodian. There were no changes between these Plan Documents except that loans no longer require spousal consent under Plan document under John Hancock Trust Company, LLC.

(b) Administration

The Company is the Plan's sponsor and administrator. As the plan administrator, the Company controls and manages the operation and administration of the Plan, except with respect to investments, which are managed by the designated custodians, Reliance Trust Company (RTC) and John Hancock Trust Company, LLC (John Hancock), and recordkeeping, which is performed by Mass Mutual and John Hancock Retirement Plan Services. RTC served as custodian and Mass Mutual served as recordkeeper through November 14, 2017 and John Hancock served as custodian and recordkeeper from November 15, 2017 through December 31, 2017. Under the terms of the Plan, designated officers of the Company act as trustees.

(c) Contributions

The Plan allows for participants to contribute from 1% to 30% of pretax annual compensation, as defined in the Plan, subject to annual limitations as defined by the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified plans. Annual elective deferrals were limited to $18,000 during 2017 with catch-up contributions limited to $6,000.

(1) Description of Plan - Continued

(c) Contributions - Continued

The plan document allows participants of the Plan to be automatically enrolled, once meeting eligibility requirements, at a deferral percentage of 3% of eligible compensation.

The Company may make matching contributions equal to a discretionary percentage of the participant's elective deferrals. In addition, the Company may make a discretionary profit sharing contribution, which is allocated to each participant based on a formula explained in the Adoption Agreement. A participant shall share in the allocations of the matching contributions whether or not the participant is actively employed at the end of the Plan year and regardless of hours of service. In order to share in the allocations of the discretionary profit sharing contributions, a participant must have completed a year of service or 1,000 hours and be actively employed at the end of the Plan year. Participants, who are not actively employed at the end of the Plan year due to death, total and permanent disability or early/normal retirement, will be eligible to share in the allocation of the discretionary profit sharing contribution, regardless of service and employment status. No discretionary matching or profit sharing contributions were made for the year ended December 31, 2017.

(d) Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan investment income. Plan earnings are credited to participants' accounts at the rate attributable to participants' specific account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(e) Vesting

Participants are immediately vested in their contributions plus actual investment income thereon. Vesting in the Company's matching and discretionary profit sharing contribution portion of their accounts plus actual investment income thereon is based on years of continuous service. Participants become 100% vested in Company matching contributions after six years of credited service and discretionary profit sharing contributions after seven years of credited service.

(f) Investment Options

The Plan permits participants to direct the investment of their elective deferrals and Company contributions into various investments offered by the Plan.

(1) Description of Plan - Continued

(g) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $750 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at 3.25% - 5.25%, which is commensurate with the prime rate at the date of loan origination. Loan terms are required to range from 1-5 years unless the loan is for the purchase of a primary residence. Principal and interest is paid ratably through bi-weekly payroll deductions.

(h) Payment of Benefits

The Plan provides for the payment of benefits upon retirement, total and permanent disability, termination of employment and financial hardship by way of a lump-sum distribution, substantially equal installments, or an annuity equal to the value of the participant's vested interest in his or her account. Benefits are recorded when paid.

(i) Forfeitures

Any nonvested amounts remaining after the distribution of a terminated participant's vested account balance are forfeited. Forfeitures are applied to future employer contributions or administrative expenses. Forfeitures in the amount of $205 was available at December 31, 2017 to offset future employer matching contributions or administrative expenses. There were no forfeitures available at December 31, 2016. No balances were used to offset administrative expenses during the year ended December 31, 2017.

(j) Hardship Distribution

The Plan allows participants to withdraw a portion of their elective deferral account, rollover contributions, and the vested portion of the Company's contribution account in the event of immediate and heavy financial need. Any hardship withdrawal is limited to the amount needed to meet the financial need and must qualify with respect to Plan provisions. A participant who receives a hardship withdrawal is suspended from making any elective deferrals for six months after receiving the hardship withdrawal.

(2) Summary of Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

(b) New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* (ASU 2015-07). The ASU removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value per share as a practical expedient provided by FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures* (ASC 820). Disclosures about investments in certain entities that calculate net asset value per share are limited under this ASU to investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. The guidance requires retrospective application and is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. The Plan adopted ASU 2015-07 during 2017. The retrospective approach requires that an investment for which fair value is measured using NAV practical expedient be removed from the fair value hierarchy in all periods presented in the Plan's financial statements. Other than the change in presentation of the relevant fair value disclosure, the adoption of this guidance did not have an impact on the Plan's financial statements and notes thereto.

(c) Notes Receivable from Participants

Loans to participants are reported at their unpaid principle balances plus any accrued but unpaid interest.

(d) Investment Valuation and Income Recognition

Investments in registered investment companies are stated at fair value based on quoted market prices.

The Invesco Stable Value Trust (Trust) is a common/collective trust fund. The Trust invests principally in bank, insurance company and other financial institution investment contracts (GICs) which are intended to maintain a constant net asset value. The Trust also invests in synthetic guaranteed investment contracts as well as traditional guaranteed investment contracts. The Trust is valued by Invesco Trust Company based on the unit value of the funds. Unit values are determined by dividing the fund's net assets, which represents the fair value of the underlying investments, by its units outstanding at the valuation dates. This common/collective trust has underlying investments in investment contracts which are valued at estimated fair value of the underlying investments and then adjusted to contract value.

(2) Summary of Accounting Policies - Continued

(d) Investment Valuation and Income Recognition - Continued

The John Hancock Stable Value Fund is a collective trust fund. The Trust invests principally in group annuity contracts which are intended to maintain a constant net asset value. The Trust is valued by John Hancock based on the unit value of the funds. Unit values are determined by dividing the fund's net assets, which represents the fair value of the underlying investments, by its units outstanding at the valuation dates.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date.

The net appreciation in fair value of investments includes both realized gains and losses on investments sold during the year and unrealized gains and losses on investments held at the end of the year.

(e) Use of Estimates

Management of the Plan has made a number of estimates and assumptions relating to the reporting of assets and liabilities and the disclosure of contingent assets and liabilities and additions to and deductions from net assets to prepare these financial statements in conformity with accounting principles generally accepted in the United States of America. Actual results could differ from those estimates.

(f) Unit Values

Individual participant accounts for the common and collective trusts are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds, but do have an interest therein represented by units valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

(g) Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits.

(h) Administrative Expenses

Significant administrative costs related to the Plan are incurred by the Company and are not reflected in the operations of the Plan.

(3) Custodians Certification of Plan Investments (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, RTC and John Hancock, the Plan's investment custodians, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Total investments at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits;
- Total investment income and related investment activity as shown in the statement of changes in net assets available for benefits;
- The schedule of assets (held at end of year) as shown in the supplemental schedule.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in these financial statements and supplemental schedule.

(4) Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2017 and 2016 to Form 5500:

	2017	2016
Net assets available for benefits for financial reporting purposes	$ 10,046,277	8,867,762
Excess participant contributions payable	-	13,056
Net assets available for benefits for Form 5500 purposes	$ 10,046,277	8,880,818

The following is a reconciliation of net increase in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2017:

Net increase for financial reporting purposes	$ 1,178,515
Excess participant contributions payable at December 31, 2016	(13,056)
Net increase for Form 5500 purposes	$ 1,165,459

(5) Tax Status

The Plan has adopted a prototype plan under RTC and subsequently John Hancock. Under RTC, the prototype plan obtained its latest opinion letter on March 31, 2008, for the Plan period January 1, 2016 through November 14, 2017 in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The prototype plan has been amended since receiving the opinion letter. However, the plan administrator and the Plan's tax counsel believe that the prototype plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Under John Hancock the prototype plan obtained its latest opinion letter on May 18, 2015, for the Plan period November 14, 2017 through December 31, 2017 in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to discontinue the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(7) Fair Value Measurements

ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

a) Quoted prices for similar assets or liabilities in active markets;

b) Quoted prices for identical or similar assets or liabilities in inactive markets;

c) Inputs other than quoted prices that are observable for the asset or liability;

d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques used need to maximize use of observable inputs and minimize use of unobservable inputs.

Following is a description of valuation methodologies used for assets measured at fair value:

Registered Investment Companies: valued at net asset value based on quoted market prices of shares held by the Plan at year end.

*Common and Collective Trust Funds: v*alued at the unit value as determined by the collective trust as of the valuation date.

(7) Fair Value Measurements - Continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2017 and 2016:

		Fair Value Measurements at Reporting Date Using		
Description	**Assets Measured at Fair Value at December 31, 2017**	**Quoted Prices in Active Markets (Level 1)**	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**
Registered investment companies	$ 8,634,018	8,634,018	-	-
Investments measured at NAV	1,222,236 *(a)*			
Total assets at fair value	$ 9,856,254			

		Fair Value Measurements at Reporting Date Using		
Description	**Assets Measured at Fair Value at December 31, 2016**	**Quoted Prices in Active Markets (Level 1)**	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**
Registered investment companies	$ 7,016,568	7,016,568	-	-
Investments measured at NAV	1,715,089 *(a)*			
Total assets at fair value	$ 8,731,657			

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(8) Subsequent Events

In accordance with Accounting Standards Codification 855, *Subsequent Events*, plan management has evaluated events occurring through July 30, 2018, the date financial statements were available to be issued, to determine if these events were significant to the financial statements.

Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator ("you") in completing the Form 5500 Schedule C[1] by identifying different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2017 - 12/31/2017 and indirect compensation is presented on a calendar year basis ending 12/31/2017.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

*****

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan's service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

Total Direct Compensation Paid **$0.00**

The total amount identified above reflects all fees deducted from plan assets at the plan administrator's direction for the plan year. Service providers which have received portions of these direct fees are listed below, along with the amount of fees they received. Please note that if there is a discrepancy between the total direct fees reported above and the sum of the direct fees reported below, you should contact your other service providers or your plan records to identify the recipient(s) of the fees and any other information relevant to your Schedule C filing.

Recipient: MassMutual Retirement Services, LLC EIN: 26-1589907

Service Codes: 15, 37, 38, 49, 59, 60, 62, 63, 64, 65, 72, 99, 50 (if direct compensation amount reflected below)

Direct Compensation **$0.00**

The total amount identified above reflects fees deducted from plan assets at the plan administrator's direction for the 2017 plan year for the above named recipient. Please review other service providers, below, to determine whether direct fees were also paid to them. Also, please review your records to determine whether other service providers may have received any compensation not reported below (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, or a plan auditor).

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to MassMutual Retirement Services, LLC ("MMRS") are the net result of aggregating direct compensation after the effects of adjustments processed in 2017, some of which may have pertained to prior years.

Indirect Compensation

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. MassMutual's Code of Conduct generally restricts MassMutual employees from giving to or receiving gifts from customers and/or business partners having a value of over $100, in any individual situation, without prior approval. However, it is possible that one or more of your service providers for the calendar year, including MassMutual, engaged in transactions generating nonmonetary compensation. Information concerning reportable transactions undertaken between or among non-MassMutual parties may not be available to MassMutual.

Please consult with your legal or tax advisors if you have any questions.

The list includes any investment option held by the plan on at least one month end during the 2017 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each fund, multiply the rate of fees received from each fund by your plan's year-end balance (or if the fund was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the fund at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.
