1. Description of Plan

The following description of Culinaire International, Inc. 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

In preparation of these financial statements and related footnotes, management has considered events through July 20, 2018, the date these financial statements were available to be issued.

General - The Plan is a defined contribution profit sharing plan adopted as of January 1, 2009, by Culinaire International, Inc. (the "Company"). All employees of the Company who have three months of service are eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), and is defined by Section 401(k) of the Internal Revenue Code.

Plan Year - The plan year begins January 1 and ends December 31.

Each year, participants may contribute up to 90 percent of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company can contribute, at the discretion of the board of directors, discretionary contributions and matching contributions which equal 20 percent of each participant's first five percent of compensation contributed as elective deferrals. Contributions are recorded as they become receivable. Contributions are subject to certain limitations as defined in the Plan and required by ERISA.

Participant Accounts - Each participant's account is credited with (1) the participant's contribution, (2) participant's rollover amount from another qualified plan, and (3) allocation of (a) the Company's contribution, and (b) Plan earnings, and charged with an allocation of administration expenses. Allocations are based on participant contributions, participant earnings, or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Administrative Fees - The Company absorbs certain administrative fees of the Plan.

Payment of Benefits - Distributions to a participant or to the beneficiaries of the participant are made in a lump sum upon retirement, death, disability, or other termination of employment. Distributions equal the value of the participant's vested balance in his or her account. Benefits are recorded when paid.

Investment Options - Upon enrollment in the Plan, a participant may direct contributions into several investment options.

Loans to Participants - Participant loans are measured at their unpaid principal balance and interest income is recognized when paid. Delinquent loans are treated as distributions based on the terms of the Plan document..

1. Description of the Plan (continued)

Vesting - Participants are fully vested at all times in their elective deferral account and rollover account plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of service. The vesting schedule is as follows:

Year of Service	Vested Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures - Forfeitures are created when participants terminate employment before oming entitled to their full benefits under the Plan. The forfeited amounts may be used to reduce future Company contributions. The forfeiture balances as of December 31, 2017 and 2016 were $23,481 and $17,113, respectively. During the year ended December 31, 2017, the Company used the 2016 forfeiture balance to reduce Company contributions.

2. Summary of the Accounting Policies

Basis of Presentation - The financial statements of the Plan are prepared under the accrual basis of accounting. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded on the date paid to the Plan's investment account.

Investment Valuation - The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statement and the reported amount of revenues and expenses for the year then ended. Actual results could differ from those estimates.

3. Fair Value Measurements

Generally accepted accounting principles establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or Level 3 inputs were available to the Plan.

Level 1 Fair Value Measurements - The fair value of mutual funds, $7,845,604 and $6,366,229 at December 31, 2017 and 2016, respectively, is based on quoted net asset values of the shares held by the Plan at year-end. All of the Plan's investments at fair value are measured using Level 1 inputs.

4. Information Prepared and Certified by Plan Custodians

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by the custodian:

	2017	2016
Investments, at fair value	$7,845,604	$ 6,366,229
Guaranteed accounts, at contract value	12,676	13,293
Participant loans receivable	48,213	-
Investment income	1,096,502	**

** The 2016 investment income and interest is not included in the accompanying financial statements.

5. Investment Contract with Insurance Company

The Plan is invested in a fully benefit-responsive guaranteed investment contract. The contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average crediting interest rates for December 31, 2017 and 2016 were 1.4% for both years, which are based on a formula agreed upon with the issuer. Such interest rates are reviewed periodically for resetting.

5. Investment Contract with Insurance Company (continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The guaranteed investment contract does not permit the investment company to terminate the agreement prior to the scheduled maturity date.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term that could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. Income Taxes

The prototype plan received an opinion letter in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Company has amended the Plan since the date of the opinion letter; however, the Company believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If terminated, net assets of the Plan will be distributed to participants and beneficiaries as prescribed by the terms of the Plan. Participants will become 100 percent vested in their accounts.

9. Excess Contributions

During 2017, participants made excess contributions totaling $10,553 which were repaid to the participants in 2018. Participants made excess contributions during 2016 of $24,648 which were repaid to the participants in 2017.
