NOTES TO FINANCIAL STATEMENTS

December 31, 2017 and 2016

NOTE A - DESCRIPTION OF THE PLAN

The following description of the American Legend Services 401K Plan (the "Plan") provides only general information. The Plan was amended effective March 9, 2017 to change the Plan's name from American Legend Homes 401K Plan to American Legend Services 401K Plan. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General and Eligibility

The Plan has an inception date of October 1, 2003. The Plan is a defined contribution plan available to all eligible employees of American Legend Services, Inc. (the "Company" or "Employer"). The Plan covers all eligible employees of the Company located in the United States of America. The Plan is administered by the Chief Financial Officer of the Company ("Plan Administrator") who is responsible for, among other things, analyzing the performance of investment options under the Plan and selecting new investment options to be offered under the Plan. Fidelity Management Trust Company ("Fidelity") is the trustee of the Plan. Employees are eligible to participate in the Plan after attaining age 21 on the first day of the month after obtaining eligibility.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Participants may contribute up to 60% of pre-tax annual compensation, as defined by the Plan, subject to the Internal Revenue Code limitation of $18,000 for 2017. Participants who are projected to be age 50 or older by the end of the calendar year and who are making contributions to the Plan are eligible to make additional catch-up contributions of up to $6,000 for 2017. Participants may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may make discretionary Employer contributions on behalf of participants. In order to be eligible for Employer contributions, a participant must complete at least 1,000 of service during the Plan Year and be employed as of the last day of the Plan Year. During the year ended December 31, 2017, the Company contributed $315,755 on behalf of participants.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, Employer contributions, and an allocation of investment income, losses, and expenses. Participants may direct the investment of their account balances into the various investment funds offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and related earnings or losses thereon. Vesting in Employer contributions and related earnings and losses thereon is based on years of continuous service. Participants vest 25% each year and become 100% vested after four years of credited service. A participant becomes 100% vested upon death, disability or retirement.

NOTE A - DESCRIPTION OF THE PLAN - Continued

Notes Receivable from Participants

A participant who has an eligible (as defined) account balance of $1,000 or more may request a loan. Loan amounts are limited to 50% of the participant's vested account balance and are secured by the participant's account balance. The minimum loan amount is $1,000; the maximum loan amount is $50,000. The repayment terms of the loan may not exceed five years unless such loan is for the purchase of a participant's primary residence, in which case the repayment period may not extend beyond 10 years. All loans bear a reasonable rate of interest as determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Participant loans are classified as delinquent based on when the last payment was received. As of December 31, 2017, loans to participants bear interest at rates of 4% and mature through October 2022.

Payment of Benefits

Upon termination of service, a participant may receive a lump-sum amount equal to the vested balance of his or her account. The Plan provides for involuntary distributions for terminated employees with vested account balances of less than $1,000. Terminated participant accounts with vested balances between $1,000 and $5,000 are automatically rolled into an IRA account if the participant does not elect payment. Upon death, disability, or retirement, a participant (or his or her beneficiary) receives 100% of his or her account balance. Other withdrawals from participants' account balances are allowed under specified circumstances as defined in the Plan document.

Forfeited Accounts

Company contributions forfeited by participants are used to reduce Employer contributions. At December 31, 2017 and 2016, forfeited non-vested accounts which had not yet been used to reduce Employer contributions totaled $479 and $3,554, respectively. For the year ended December 31, 2017, forfeited non-vested accounts which had been used to reduce Employer contributions totaled $8,548.

Plan Termination

Although it does not have the intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their accounts.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Mutual funds are reported at fair value based on published market prices, which represent the quoted net asset values of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's realized gains and losses on investments bought and sold as well as unrealized gains and losses on investments held during the year.

Notes Receivable from Participants

Notes receivable from participants (loans) are carried at their unpaid principal balances plus any accrued but unpaid interest. Accrued but unpaid interest is not material to the value of the loans. In the event of default, death, disability, or termination of employment, the entire outstanding principal and accrued interest is considered due and payable and is treated as a taxable distribution from the Plan. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses have been recorded as of December 31, 2017 or 2016.

Payment of Benefits

The Plan permits in-service withdrawals, as defined in the Plan document, subject to certain restrictions. Benefits are recorded when paid.

Administrative Expenses

Certain expenses incurred to administer the Plan are paid directly by the Plan. Certain other expenses are incurred in connection with the general administration of the Plan are paid by the Employer and are not recognized by the Plan. Loan establishment, loan maintenance, and short-term trading fees are paid by the Plan and are charged to the respective participant's account. Investment related expenses are included in net appreciation in fair value of investments.

NOTE B - SUMMARY OF ACCOUNTING POLICIES - Continued

Recently Issued Accounting Standards

In May 2015, the FASB issued Accounting Standards Update ("ASU") 2015-07, Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent) ("ASU 2015-07"). ASU 2015-07 amended ASC 820, Fair Value Measurements and Disclosures, to remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV per share practical expedient. The amendment also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, and interim periods within those fiscal years, with early adoption permitted. Adoption of this standard did not have a material impact on the Plan's financials statements and related notes.

NOTE C - INFORMATION CERTIFIED BY THE TRUSTEE

The Company has elected the method of annual reporting compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, as trustee of the Plan, has certified that all of the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2017 and 2016.
- Net investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2017.
- Schedule H, Part IV, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2017.

NOTE D - FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Depending on the nature of the asset or liability, various techniques and assumptions can be used to estimate fair value. The definition of the fair value hierarchy is as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement. Inputs include the Company's own assumptions about the assumptions that market participants would use in pricing the assets or liabilities (including assumptions about risk).

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE D - FAIR VALUE MEASUREMENTS - Continued

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2017 and 2016.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables reflect the Plan's investments within the fair value hierarchy at December 31, 2017 and 2016:

2017	Level 1	Level 2	Level 3	Total
Mutual funds	$7,986,506	$ -	$ -	$7,986,506

2016	Level 1	Level 2	Level 3	Total
Mutual funds	$5,666,541	$ -	$ -	$5,666,541

NOTE E - INCOME TAX STATUS

On March 31, 2014, the Internal Revenue Service ("IRS") stated the volume submitter profit sharing plan adopted by the Plan, as then designed, qualified under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. The Plan has not received a determination letter specific to the Plan, as amended. However, the Company believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Company to evaluate tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not to be sustained upon examination by the IRS. The Company has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F - RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

The Plan's investments are managed by Fidelity Investments ("Fidelity"), an affiliate of Fidelity Management Trust Company ("FMTC"). FMTC is the trustee and Fidelity Investments Institutional Operations Company, Inc., an affiliate of FMTC, is the record keeper as defined by the Plan. Investment transactions and fees associated with transactions between the Plan and FMTC, or affiliates thereof, qualify as party-in-interest transactions. The Plan has notes receivable from participants, which qualify as parties-in-interest to the Plan and are exempt from prohibited transaction rules.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, which are exposed to various risks, such as interest rate, market volatility, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through July 31, 2018, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
