PendaForm Company Employees' 401(k) Plan

Notes to Financial Statements

Note 1: Description of Plan

The following description of the PendaForm Company Employees' 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Penda Corporation (the "Employer") who are at least 18 years of age and have completed three months of service. Prior to July 1, 2017, the required age to contribute to the Plan was 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan Merger

Effective January 1, 2018, the PendaForm Company Employees' 401(k) Plan was terminated and investments and notes receivable were merged into the Trienda Holdings, L.L.C. 401(k) Plan.

Change In Trustee

Effective July 1, 2017, the Plan changed trustees from Fidelity Management Trust Company to Minnesota Life Insurance Company.

Contributions

Each year, participants may contribute up to 100% of pretax and after tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Employer may make discretionary matching contributions. In 2017, the Employer matched participant contributions at 50% of contributions of up to 4% of eligible earnings.

Additional profit sharing contributions may be made at the discretion of the Employer's board of directors. In order to be eligible for the profit sharing contribution, a participant must be employed as of the last day of the Plan year and perform 1,000 hours of service during the year. No profit sharing contributions were made for the year ended December 31, 2017.

Contributions are subject to certain IRS limitations.

PendaForm Company Employees' 401(k) Plan

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, discretionary Employer matching contributions, and allocations of (a) the Employer's profit sharing contribution (if any) and (b) plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary reduction contributions, rollover contributions, discretionary Employer matching contributions, and profit sharing contributions, plus actual earnings thereon.

The Plan was merged with the Durakon Industries, Inc. Employees' Retirement & Savings Plan (Durakon Plan) and the Fabri-Form Company 401(k) Plan and Trust (Fabri-Form Plan) in August 2010 and February 2014, respectively. Participants who were participants in the Durakon Plan and the Fabri-Form Plan are immediately vested in their salary reduction contributions, rollover, and discretionary Employer matching and profit-sharing contributions, plus actual earnings thereon, for all amounts contributed since August 1, 2010 and February 1, 2014, the date of the Plan's merger with the Durakon Plan and the Fabri-Form Plan, respectively. For all amounts contributed prior to those dates, participants are immediately vested in their salary reduction and rollover contributions, and vest in their Employer matching and profit-sharing contributions, and earnings thereon, as follows:

Years of Service	Vesting % Durakon	Vesting % Fabri-Form
Less than 1 year	0 %	0 %
1 year	20 %	0 %
2 years	40 %	20 %
3 years	60 %	40 %
4 years	80 %	60 %
5 or more years/5 years	100 %	80 %
6 or more years		100 %

Participants are considered to have completed one year of service for purpose of vesting upon the completion of 1,000 hours of service at any time during 12 consecutive months.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by the highest outstanding loan balance during the prior 12 month period. All loans must be adequately collateralized and bear interest at rates ranging from 4.25% to 6%, commensurate with local prevailing rates as determined by the plan administrator. Loans must be repaid within five years, unless the loan is used to purchase a principal residence. Principal and interest are paid ratably through payroll deductions.

PendaForm Company Employees' 401(k) Plan

Notes to Financial Statements

Note 1: Description of Plan (Continued)

Payment of Benefits

On termination of service, distributions shall be made in lump-sum or installment payments as soon as administratively possible. Any distribution greater than \$1,000 that is made to a participant without consent who is under age 65, maybe rolled over into an Individual Retirement plan as designated by the plan administrator. In addition, hardship distributions out of the participant's voluntary contributions account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 1/2.

Forfeitures

At December 31, 2017 and 2016, forfeited nonvested accounts totaled \$13,033 and \$2,649, respectively. Forfeitures, and any earnings thereon, are used to reduce administrative expenses or Employer contributions. During the year ended December 31, 2017, no forfeitures were utilized to reduce Employer contributions.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates in Preparation of Financial Statements

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2: Summary of Significant Accounting Policies (Continued)

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the plan document.

Excess Contributions Payable

At December 31, 2017, amounts payable to participants totaling \$15,944 for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2017 excess contributions to the applicable participants prior to March 15, 2018. At December 31, 2016, amounts payable to participants totaled \$17,750 for contributions in excess of amounts allowed by the IRS. The Plan distributed the 2016 excess contributions to the applicable participants prior to March 15, 2017.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to benefit payments and to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are allocated proportionately to plan participants based on their respective account balances and are included in net investment income.

Subsequent Events

The Plan has evaluated subsequent events through July 27, 2018, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value. There has been a change in the methodologies used as of 2016, due to Accounting Standards Update (ASU) 2015-10, *Technical Corrections and Improvements*, which amends the definition of *readily determinable fair value*. The definition now includes a reference to equity securities in structures that are similar to mutual funds, where the fair value per share (unit) is determined and published on a regular basis for current transactions. As a result, plan management has determined the amended definition applies to the Plan's common collective trust funds which use Level 2 inputs. These investments were previously measured at net asset value as a practical expedient and the presentation of these investments as of December 31, 2016, was removed from the hierarchy levels in the table presented below in accordance with ASU 2015-07, *Fair Value Measurement*.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Mutual funds held in pooled separate accounts: Fair value of mutual funds held in pooled separate accounts is based on quoted net asset values of underlying investments held by the pooled separate accounts adjusted by an asset charge. The underlying mutual funds held in the pooled separate accounts are open-ended mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Common collective trust funds: Investments in common collective trust funds are valued using a readily determinable fair value based on the fair value of the underlying securities in which the account is invested. The readily determinable fair value is used if the fair value per share is determined and published and is the basis for current transactions. There are currently no redemption restrictions of unfunded commitments on these investments.

Note 3: Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2017 and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds held in pooled separate accounts	\$ -	\$ 22,851,300	\$ -	\$ 22,851,300
Common collective trust funds	-	487,040	-	487,040
Investments, at fair value	\$ -	\$ 23,338,340	\$ -	\$ 23,338,340

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 20,582,679	\$ -	\$ -	\$ 20,582,679
Common collective trust funds	-	1,183,142	-	1,183,142
Investments, at fair value	\$ 20,582,679	\$ 1,183,142	\$ -	\$ 21,765,821

Note 4: Information Prepared and Certified by Trustees

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements, including investments held at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2017, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company and Minnesota Life Insurance Company, the Trustees of the Plan.

Note 5: Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments are managed by Fidelity Management Trust Company and Minnesota Life Insurance Company, the Trustees, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred and paid by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing rather than a direct payment. The plan made direct payments to the Trustees of \$4,281, which was not covered by revenue sharing. Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 6: Tax Status

The Employer adopted a nonstandard prototype document with an IRS notification letter which states the prototype plan document is in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, to Form 5500:
