Notes to Financial Statements

December 31, 2017 and 2016 (in Liquidation)

Note 1: Description of the Plan

The following description of Blackstone Healthcare 401(K) Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions, which is available from the plan administrator.

General

The Plan is a defined contribution plan sponsored by S&B Healthcare, LLC (Company) for the benefit of its employees who have at least one year of service and are age 21 or older, excluding employees covered by any collective bargaining agreement. Related employers who also participate in the Plan include Blackstone Healthcare, Inc. and Blackstone Group, LLC. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). State Street Bank & Trust Company served as the Plan's trustee through June 30, 2016. Effective July 1, 2016, the Plan's trustee changed to Reliance Trust Company. ADP, LLC is the plan record keeper.

Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. However, no such action may deprive any beneficiary under the Plan of any vested right. The Board of Managers of the Company adopted a resolution to legally terminate the Plan effective November 1, 2015, in anticipation of the Company and the participating employers being sold to an unaffiliated company. Effective November 1, 2015, participants became 100% vested in all of their employer nonelective contributions. In addition, the Board of Managers of the Company resolved that all plan operational errors shall be corrected through the IRS Employee Plans Compliance Resolution Program prior to any distributions resulting from termination of the Plan. Voluntary corrective contributions were calculated and contributed during 2016. The assets of the Plan will be used to settle the obligations directly with the participants according to legal requirements and full liquidation of the Plan is expected to occur during 2018. The Plan has not filed an application with the Internal Revenue Service (IRS) for approval to terminate the Plan.

Contributions

Until October 31, 2015, the Plan permitted eligible employees through a salary deferral election to have the Company make annual contributions of up to 86% of eligible compensation or the maximum allowed by the Internal Revenue Code. Employee rollovers from other qualified retirement plans and Roth contributions were also permitted. Participants who have attained age 50 before the end of the plan year were eligible to make catch-up contributions. The Company made matching contributions equal to 100% of employees' salary deferral amounts on the first 4% of employees' compensation. The Company could make a discretionary nonelective contribution as determined by the Company's Board of Directors. There were no discretionary nonelective contributions made for the years ended December 31, 2017 and 2016. Contributions are subject to certain limitations.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and employer matching contributions plus earnings thereon. Effective August 1, 2015, the plan document was amended to allow 100% immediate vesting in the Company's nonelective contribution.

Notes Receivable from Participants

The plan document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant. Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence which may not exceed 30 years) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on the prime rate as published in the *Wall Street Journal* on the 14th of each month plus 2%.

Payment of Benefits

Participants or their beneficiaries are entitled to receive 100% of their contributions and related earnings and vested company contributions and related earnings, upon normal retirement, termination, death or disability. The Plan allows for withdrawals related to financial hardship based upon criteria determined by the Plan.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the liquidation basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end. The Plan's interest in the collective trusts is valued based on information reported by the investment advisor using the audited financial statements of the collective trusts at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Note 3: Certification of Plan Trustees

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank & Trust Company and Reliance Trust Company, the trustees of the Plan, have certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate to the best of their knowledge:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2017 and 2016.
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2017 and 2016.
- Investment information included in the accompanying schedule of assets (held at year end) as of December 31, 2017.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

Certain plan investments are common collective trusts managed by State Street Global Advisors, which is the custodian to the Plan.

The Plan paid \$10,703 and \$4,125 of record keeping fees to ADP, LLC during 2017 and 2016, respectively.

Certain legal and accounting fees and certain other administrative expenses relating to the maintenance of employee eligibility records are paid by the plan sponsor.

Note 5: Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2017 and 2016:

2017				
Fair Value Measurements Using				
Fair Value	Level 1	Level 2	Level 3	
Mutual funds	\$ 7,603	\$ 7,603	\$ -	\$ -
Common collective trusts	8,017	-	8,017	-
	<u>\$ 15,620</u>	<u>\$ 7,603</u>	<u>\$ 8,017</u>	<u>\$ -</u>

Blackstone Healthcare 401(K) Plan

Notes to Financial Statements

December 31, 2017 and 2016 (in Liquidation)

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2017. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include mutual funds. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics. Such securities are classified in Level 2 of the valuation hierarchy. Level 2 securities include common collective trusts valued based on information reported by the investment advisor using the audited financial statements of the collective trust at year end. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

Note 6: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7: Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype 401(k) profit-sharing plan and trust sponsored by ADP, LLC. This prototype plan document has been filed with the appropriate agency and has obtained an opinion letter from the Internal Revenue Service. The Plan has not obtained a determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that Plan was qualified and the related trust was tax exempt as of the financial statement date.

Note 8: Subsequent Events

Subsequent events have been evaluated through July 18, 2018, which is the date the financial statements were available to be issued.
