NOTE A - DESCRIPTION OF THE PLAN

The following description of the National Construction Rentals, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

Effective July 1, 1992, National Construction Rentals, Inc. (the "Employer") adopted the National Construction Rentals, Inc. 401(k) Profit Sharing Plan. The Plan is a defined contribution plan which was established for the benefit of substantially all employees of the Employer and meets all requirements under Section 401 of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Employer is the plan sponsor and plan administrator. The general duties of the administrator are to administer the Plan in accordance with the Plan rules and ensure compliance of the Plan with ERISA.

2. Eligibility

Employees are immediately eligible to participate in the Plan on their date of hire. To receive discretionary employer non-elective contributions participants must be employed on the last day of the plan year and must have worked at least 1,000 hours. Employees covered by collective bargaining agreements, leased employees and non-resident aliens are not eligible to participate in the Plan.

3. Contributions

Participants may elect to contribute, on a tax-deferred or after-tax basis, up to 100% of their compensation up to the maximum deferral limit per Section 402(g)(1) of the IRC of $18,000 for the year ended December 31, 2017. Additional "catch-up" contributions can be made beginning in the plan year in which a participant will be at least age 50 by the end of the plan year. The maximum "catch-up" contribution is $6,000 in 2017. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

In addition, the Employer may elect to make discretionary matching contributions to the Plan equal to a percentage of the eligible contributions made by the participant, as determined by the Employer. For the year ended December 31, 2017, the Employer made a discretionary matching contribution equal to 100% of a participant's deferral up to a maximum of $1,000. The Employer may also make discretionary non-elective contributions to participants employed at the end of the Plan year and who incurred at least 1,000 hours of service in the Plan year. There were no discretionary non-elective contributions made to the Plan for the year ended December 31, 2017.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

4. Investment Options

Upon enrollment in the Plan, a participant may direct employee and Employer contributions, as desired, in any of a variety of investment options held by Wells Fargo Bank, N.A., the trustee of the Plan, as elected by the Employer. Participants may change their investment options daily.

5. Participant Accounts

Each participant's account is credited with employee contributions, rollovers, Employer discretionary matching contributions, and allocations of discretionary non-elective contributions and plan earnings. Allocations for non-elective contributions are based on the same ratio each participant's compensation bears to the compensation for all participants. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

6. Vesting

Participants are fully vested in their employee contributions, rollovers and actual earnings thereon. A participant becomes vested in the Employer's contributions in accordance with the following schedule:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

7. Benefit Payments

When a participant attains normal retirement age, incurs total disability or dies while working for the Employer, the participant (or beneficiary in the case of death) is entitled to receive a lump sum amount equal to 100% of the participant's account balance. When a participant terminates service due to reasons other than retirement, disability, or death, the participant is entitled to their vested account balance. In-service and hardship distributions are permitted if certain criteria are met. In addition, participants subject to required minimum distributions (RMD) may receive regular installments equal to or exceeding the annual RMD amount.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

8. Notes Receivable from Participants

Participants may borrow against their vested account balance a minimum of $1,000 up to the lesser of 50% of their vested account balance or $50,000, reduced by the highest outstanding loan balance during the preceding 12 months. The interest rate charged will equal the prime lending rate at Wells Fargo. Loans must be repaid within 5 years, or 15 years if used for the purchase of a principal residence. A participant may only have one loan outstanding at a time.

9. Forfeitures

Forfeitures of terminated participants' non-vested amounts may be used to pay plan expenses or may be used to offset future employer contributions. There were no unallocated forfeitures as of December 31, 2017 and 2016.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

2. Payment of Benefits

Benefits are recorded when paid.

3. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

4. Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers and trustees. See Note D for further discussion of fair value measurements.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

4. Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/ depreciation includes gains and losses on investments bought and sold as well as held during the year.

5. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

6. Administrative Expenses

Administrative expenses incurred by the trustee in performance of its duties are paid from the assets of the Plan. Substantially all other out-of-pocket administrative expenses of the Plan are paid by the plan sponsor. Expenses paid by the plan sponsor are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

7. Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding adjustment to benefit payments (see Note I). The Plan distributed the 2017 excess contributions to the applicable participants in March of 2018.

8. Subsequent Events

Plan management has evaluated subsequent events through July 30, 2018, the date the financial statements were available to be issued.

NOTE C - INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Wells Fargo, the trustee, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule:

- Investments and notes receivable from participants reflected in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2017 and 2016
- Net investment income and interest income on notes receivable from participants reflected in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017
- Investments reflected on the Schedule of Assets (Held at End of Year)

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the quoted net asset value (NAV) of shares held by the Plan at year end.

Collective trust funds: Valued at the NAV of units of a collective trust fund. The NAV, as provided by the trustee of the funds, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Stable value collective trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts and is valued at the net asset value of units of a bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

Assets at Fair Value as of December 31, 2017

	Level 1	*Level 2*	*Level 3*	*Total*
Assets in the fair value hierarchy:				
Mutual funds	$ 8,315,201	$ -	$ -	$ 8,315,201
Investments measured at net asset value [(a)]				3,363,602
Investments at fair value				$ 11,678,803

Assets at Fair Value as of December 31, 2016

	Level 1	*Level 2*	*Level 3*	*Total*
Assets in the fair value hierarchy:				
Mutual funds	$ 6,766,201	$ -	$ -	$ 6,766,201
Investments measured at net asset value [(a)]				2,631,905
Investments at fair value				$ 9,398,106

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017 and 2016, respectively. There are no participant redemption restrictions for these investments; the redemption period is applicable only to the Plan.

December 31, 2017	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Collective trust funds	$ 2,223,311	N/A	Daily	None
Stable value collective trust fund	$ 1,140,291	None	Daily	12 months

December 31, 2016	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Collective trust funds	$ 1,644,023	N/A	Daily	None
Stable value collective trust fund	$ 987,882	None	Daily	12 months

NOTE E - TERMINATION OF THE PLAN

Although it has not expressed any intent to do so, the Employer reserves the right to terminate the Plan at any time, subject to the provisions of ERISA. Upon termination, all interests of participants become fully vested, and the assets are distributed among the participants of the Plan in accordance with the provisions of the Plan.

NOTE F - TAX STATUS

The Employer adopted a volume submitter profit sharing plan ("volume submitter plan"), which received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, which stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC; and therefore, the Plan administrator believes the Plan is qualified and the related trust is tax-exempt as of the financial statement date. Administration errors, if any, which are insignificant or operational in nature, are handled by the plan administrator in accordance with applicable IRS correction policies.

NOTE F - TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2014.

NOTE G - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

All investments are held by Wells Fargo, the trustee and recordkeeper for the Plan. Therefore, these transactions qualify as party-in-interest transactions for which a statutory exemption exists. Notes receivable from participants of the Plan and the related interest income are also considered party-in-interest transactions.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
