### 1. Plan Description

The following description of the Community Rehab Associates Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more comprehensive description of the Plan's provisions.

a) *General* – The Plan is a 401(k) defined contribution plan covering all full-time employees of Community Rehab Associates, Inc. (the "Company") who have completed one year of service and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The effective date of the Plan is September 1, 2007. The Plan was restated on April 1, 2016.

b) *Eligibility* – The Plan substantially covers all employees of the Company who have completed one year of service with 1,000 hours of service and are age eighteen or older. Once an eligible employee has satisfied the eligibility requirements the employee will become a participant in the Plan on the first day of the month next following the date eligibility requirements are satisfied.

c) *Employee Contributions* – Each year participants may contribute up to 100% of annual compensation, as defined by the Plan, subject to certain limitation under the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the calendar year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit plans or defined contribution plans. The Plan does not include an automatic deferral feature.

d) *Employer Contributions* – For the year ended December 31, 2017 and 2016, the Company made a matching contribution of up to 1% based upon the first 4% of compensation that each participant contributed to the Plan. The matching contributions are discretionary and determined per payroll.

e) *Investment Options* - Participants direct the investment of their contributions and the Company's contribution into various investment options offered by the Plan. Participants may change their investment options at any time via the telephone or internet. Participants who do not select specific investments are invested in accordance with the default investment alternatives established under the Plan.

f) *Participants Accounts* – Each participant's account is credited with the *participant's* contributions and allocation of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Administrative expenses maybe charged based on account balances or charged equally to each participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

g) *Vesting* – Participants are vested immediately in their contributions plus actual earnings thereon. Participants are also immediately vested in the Company's matching contribution.

h) *Payment of Benefits* – In the case of retirement, death, disability or termination of employment, participants may elect to receive the vested *accumulated* value of their account in a lump sum distribution or installment payment sufficient to satisfy required minimum distributions (RMD).

## 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan to make estimates and assumptions that affect the reported amounts of net assets and changes therein. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative costs of the Plan are paid directly by the Company.

## 3. Subsequent Events

The Plan has evaluated events and transactions occurring subsequent to December 31, 2017 through July 23, 2018, which is the date the financial statements were available to be issued. Effective January 1, 2018 the Plan's eligibility was amended to three months of service with no minimum hours required. The age requirement and entry date were not modified.

## 4. Information Prepared and Certified by the Custodian

The following information included in the accompanying financial statements and supplemental material was obtained from data that has been prepared and certified to as complete and accurate by the custodian, Great West Life and Annuity Insurance Company.

| *December 31,* | ***2017*** |
|---|---|
| Investments, at fair value: | |
| Variable annuity funds | **$ 811,792** |
| Guaranteed investment contract | **66,997** |

|---|---|
| Investment income: | |
| Net appreciation in fair value of investments | **$ 84,820** |
| Interest and dividends | **817** |

## 5. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Following is a description of the valuation methodologies used for assets measured at fair value.

Variable Annuity Funds – Valued at the net asset value (NAV) of the underlying mutual fund, adjusted for an expense factor per the annuity contract.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value.

| | ***Investment Assets at Fair Value As of December 31, 2017*** | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Variable Annuity Funds | – | $811,792 | – | $811,792 |
| Total investments at fair value | – | $811,792 | – | $811,792 |

| | *As of December 31, 2016* | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Variable Annuity Funds | – | $390,223 | – | $390,223 |
| Total investments at fair value | – | $390,223 | – | $390,223 |

## 6. Investment Contract with Insurance Company

The Plan holds a benefit-responsive investment contact (GIC) with Great-West Life & Annuity Insurance Company (Great West). The contract underlying this investment option is considered to be fully-benefit responsive. Because the contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the GIC. For the years ended December 31, 2017 and 2016, contract value was equal to fair value.

Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan.

The investment contract (Great West Key Guaranteed Portfolio Fund) is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly.

The average yield earned by the plan for the benefit responsive fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The average yield for 2017 and 2016 was 1.10% and 1.16%, respectively.

## 7. Risks and Uncertainties

The Plan utilizes various investment instruments, which are exposed to various risks, such as interest rates, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

## 8. Related Party Transactions

Great-West Life & Annuity Company (Great West) is the current recordkeeper and custodian of the Plan and qualifies as a party-in-interest. No fees were paid directly by the plan for recordkeeping services. Great West also maintains the Key Guaranteed Portfolio Fund, an investment contact written by Great West and an investment of the Plan and the Plan's variable annuity funds.

### 9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

### 10. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008 that the Prototype Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

### 11. Reconciliation to Form 5500
