INDEPENDENT AUDITORS' REPORT

**To the Administrators / Trustees of
Multiple Employer 401(k) Plan**

We were engaged to audit the accompanying financial statements of Multiple Employer Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2016 and the related statement of changes in net assets available for benefits for the period then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Trust Company, the trustee of the plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2016 financial statements. Accordingly, we do not express an opinion on the 2016 financial statements referred to in the first paragraph.

Other Matter – Supplemental Schedules

The supplemental schedules as of December 31, 2016, as listed in the accompanying table of contents, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter—2015 Financial Statements

The financial statements of the Plan as of December 31, 2015, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Principal Trust Company, the trustee of the Plan. Their report, dated September 20, 2017, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations 2016

The form and content of the information included in the 2016 financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Multiple Employer 401(k) Plan

Notes to Financial Statements

December 31, 2016

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Multiple Employer 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – Effective October 1, 2014 the Plan changed its name from the Trive Capital 401(k) Plan to the Multiple Employer 401(k) Plan. In addition, effective January 1, 2015 the Plan is a multiple employer plan as described by code Section 413(c).

The Plan is a defined contribution plan covering all full-time employees of TCFI CP LLC dba Valence Surface Technologies (the "Employer") who have completed 90 days of eligible service. Eligible employees may join the Plan on the earliest monthly date on which they become an eligible employee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

During 2015, the following employers joined the plan: 1) Chrome Plus International 2) Pride Plating 3) Southern Towing Company 4) Amteck and 5) Precise Packaging, Inc. As a result, assets of \$16,268,409 were transferred into the Plan and are noted on the statement of change in net assets available for benefits

Contributions – The Plan allows participants to make elective deferred contributions. However, the Plan "defaults" to automatically defer contributions at preset amounts. The default deferred contribution is pre-tax and 6% of the participant's compensation. The participant may elect a different percentage or elect not to make deferred contributions. Participants may also elect to designate all or any portion of their contribution as a Roth contribution. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to certain amounts permitted by statute.

Participants direct the investment of their contributions into various investment options offered by the Plan.

The Employer may make discretionary matching contributions to the Plan, subject to limitations established by Internal Revenue Service ("IRS") Regulations. And, within those limitations, the percentage of elective deferral contributions matched, if any, is determined at the discretion of the Employer. The Employer made matching contributions of \$3,524,894 for the year ended December 31, 2016.

Participants' Accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's contribution and (b) Plan earnings. Allocations are based on participant earnings, age, and years of service or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investments are participant directed.

Vesting – Effective October 1, 2014, the Plan provided that a participant becomes immediately vested in their account balance; including contributions, matching contributions and allocated earnings thereon s for contributions made after this date. For participant account balances existing prior to October 1, 2014, participants vest in Employer contributions based on years of service and become fully vested after three years of credited service.

Notes Receivable from Participants – Participants may borrow from their accounts up to an amount equal to the lesser of 50 percent of their vested account balance or \$50,000.

See Independent Auditors' Report and the notes to financial statements

Multiple Employer 401(k) Plan

Notes to Financial Statements

December 31, 2016

Participant loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of benefits – Upon termination of service due to death, disability, retirement or other reason, a participant is entitled to receive a distribution in the amount equal to the value of the participant's vested interest in his or her account. Benefits can also be distributed in the event of a participant's immediate and heavy financial need. Such distributions, which are considered hardship withdrawals, may not exceed the amount of the participant's immediate and financial need and will cause suspension of contributions for six months.

Investment Options – Participants direct the investment of their contributions into selected investment products offered by the Plan custodian. The investment options include fixed income accounts, and various income, growth, value, blend, and international mutual fund accounts. Participants may change their investment options daily.

Forfeitures – Since all benefits are fully vested, the Plan does not experience forfeitures.

Plan Termination – Although it has not expressed any intent to do so, the Sponsor has the right, under terms of the Plan, to terminate the Plan subject to the provisions of ERISA.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements are prepared on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America ("US GAAP"). The Plan follows accounting principles set forth in FASB Accounting Standards Codification (ASC) 962, *Plan Accounting – Defined Contribution Pension Plans*.

Use of Estimates in the Preparation of Financial Statements – The preparation of financial statements in conformity with US GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – In accordance with FASB ASC 962, the Plan's investments are stated at fair value except for its investment in the Principal Fixed Income Guaranteed Option, which is valued at contract value. Recent amendments to ASC 962, adopted by the Plan in 2015, designate contract value as the only required measure for fully benefit-responsive investment contracts, and eliminate fair value measurement and certain disclosures.

Mutual funds held by the Plan are valued at fair value based on the daily closing price as reported by the funds. All of the mutual funds are open-ended and are registered with the Securities and Exchange Commission. These mutual funds are required to publish their daily net asset value ("NAV") and to transact at that price. The common/collective trusts are valued at the NAV of units held by the Plan. The NAV, as provided by the trustees, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Pooled separate accounts are reported at the value reported to the Plan by

the insurance company, which represents the fair value of the underlying investments comprising the accounts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. During the year ended December 31, 2016, the Plan's investments, including net gains and losses on investments sold during the year, increased in fair value by \$1,988,282.

Plan Administration Costs – Certain expenses of maintaining the Plan are paid by the Employer and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the NAV of the respective investment vehicle and, consequently, those expenses are not separately reflected but are a component of net appreciation (depreciation) in fair value of investments.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits – Benefits are recorded when paid.

Subsequent Events – Management has evaluated, for potential recognition or disclosure in the financial statements, subsequent events that have occurred through July 18, 2018, which is the date that the financial statements were available to be issued.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY THE PLAN TRUSTEE

The Plan Administrator has elected the method of compliance permitted by the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified as complete and accurate by the Plan's custodians. The Plan custodians have certified its statement of accounts as of and for the year ended December 31, 2016. The statement of accounts includes beginning and ending balances of investments held, notes receivable from participants, and detail of transactions during the period, including investment earnings and interest income on notes receivable from participants.

NOTE 4 - INCOME TAX STATUS

The Plan has adopted a prototype format and is relying on the prototype sponsor's IRS determination letter for qualification. In the prototype sponsor's tax determination letter dated March 11, 2009, the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress. The plan administrator believes it no longer subject to income tax examinations for years prior to 2014.

NOTE 5 – FAIR VALUE MEASUREMENTS

Fair value accounting guidance establishes a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plans have the ability to access.

Level 2 Inputs to the valuation methodology other than quoted prices included in Level 1 are observable for the asset or liability, each directly or indirectly, and include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Multiple Employer 401(k) Plan

Notes to Financial Statements

December 31, 2016

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2016 and 2015. The methods described above could produce a fair value calculation that is not indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan administrator believes these valuation methods are appropriate, the use of different methodologies or assumptions could result in different fair value measurements at the reporting date.

Below is a description of the valuation methodologies used for assets measured at fair value.

Registered investment company funds - Valued at the daily closing price as reported by the fund. Registered investment company funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment company funds held by the Plan are deemed to be actively traded.

Pooled separate accounts - Valued at fair value based on the net asset value (NAV) – which management believes is a close approximation of fair value - using the observable market prices of the underlying assets within that account less liabilities.

Common and collective trusts (CCTs) - Investments in CCTs are valued at the net asset value (NAV) of units of a bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions. The unit value of each of these funds is determined on a daily basis. Units are issued and redeemed at their unit value. Net investment income and realized and unrealized gains and losses on investments are not distributed to participants but are reflected in the unit value. Were the Plan to initiate a full redemption of a CCT, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The fair value measurements for the Plan's investments at December 31, 2016 are:

NOTE 6 – CONTRACT WITH INSURANCE COMPANY

Group Annuity Contract - The Principal Fixed Income Guaranteed Option (the “PFIGO”) is a benefit-responsive group annuity contract issued by Principal Life. Because the PFIGO is benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the PFIGO. Contract value represents contributions, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The PFIGO has a surrender charge of 5 percent that may be charged based on cumulative transfer percentages, and if the Plan provides advance notice of intent to terminate its interest in the PFIGO.

Guaranteed Interest Account - The Guaranteed Interest Account (the “Account”) is available under a group annuity contract issued by Principal Life Insurance Company. The Account provides a guarantee of principal and interest. The interest rates are guaranteed by Principal Life Insurance Company and are subject to change daily. Guarantees are supported by the general account of the Principal Life Insurance Company. Contributions and transfers to the Account earn interest based on the guaranteed interest rate in effect for the date the contribution or transfer is made to the Account. The Account is credited with earnings and charged for participant withdrawals and administrative expenses.

A surrender charge may apply to transfers or withdrawals from the Account before maturity. The reference rate used to determine if a charge applies is equal to the applicable fixed U.S. Treasury rate plus 0.50 percent. A charge applies when the reference rate is higher than the rate being credited to the un-matured funds being transferred or withdrawn.

Because these investments are fully benefit-responsive, contract value is the relevant measure. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan’s ability to receive amounts due is dependent on the issuer’s ability to meet financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments. The group annuity contract outlines certain specified events, which could limit the ability of the Plan to transact at contract value with the issuer. However, management does not consider any of potentially limiting events to be probable of occurring.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 – RELATED PARTY AND PARTY IN-INTEREST TRANSACTIONS

Certain investments of the Plan were managed by Principal Life Insurance Company and Principal Trust Company. Principal Life Insurance Company and Principal Trust Company

Multiple Employer 401(k) Plan

Notes to Financial Statements

are members of Principal Financial Group. Principal Trust Company is the trustee as defined by the Plan. As a result, these transactions qualify as exempt party-in-interest transactions under ERISA.

As previously described, participants who are active employees may borrow from their accounts. These participant loans qualify as party-in-interest transactions. These loans are recorded as notes receivable from participants in the statement of net assets available for benefits.

NOTE 9 – PROHIBITED TRANSACTIONS

The Employer failed to transmit to the Plan certain participants' contributions and loan repayments, relating to the 2014-2016 plan years, totaling \$252,929 within the period prescribed by Department of Labor regulations. Delays in remitting these amounts to the Plan were due to an administrative oversight. The Employer is in process of making the necessary corrections to ensure that participant contributions and loan repayments are remitted timely, and that such amounts together with any amounts of interest due participants are properly credited to participant accounts, and in turn that necessary Department of Labor and IRS reports are filed and appropriate regulations followed to fully resolve the handling of these payments.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
