1. Description of Plan

The following brief description of the Rochester Midland Corporation 401(k) Salary Deferral and Deferred Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on October 1, 1985 and is a salary reduction plan pursuant to Section 401(k) of the Internal Revenue Code. The Plan covers substantially all employees of Rochester Midland Corporation ("RMC") who meet certain age requirements. The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participation in 401(k) benefits

Prior to April 1, 2017, employees who completed six months of service and reached age 18 were entitled to participate in the Plan. Effective April 1, 2017, employees who complete one hour of service and reached age 18 are eligible to participate in the Plan. Further information concerning the Plan agreement and benefit provisions is contained in the Rochester Midland Corporation Payroll Investment Plan 401(k) Agreement. Copies of this agreement are available from the Rochester Midland Corporation 401(k) Salary Deferral and Deferred Profit Sharing Plan Advisory Committee (the "Advisory Committee"). In the absence of an election made by a participant, within a specific period of time as established by the Plan administrator, a participant shall be deemed to have elected a pre-tax contribution of 2.0% of his or her compensation.

In March, 2017 RMC purchased WellBeing Hygiene, Inc. Per the terms of the agreement, the Plan was amended to grant eligibility and vesting credit under the Plan to former employees of WellBeing Hygiene, Inc. with such service credits based on the employees' service with WellBeing Hygiene, Inc. prior to March 1, 2017.

The Plan provides for a discretionary employer matching contribution. The matching contribution is at the sole discretion of the Board of Directors of RMC. Matching contributions amounted to $94,368 and $92,938 for the years ended December 31, 2017 and 2016, respectively.

1. **Description of Plan** (Continued)

Participation in deferred profit sharing benefits

Prior to April 1, 2017, employees who had completed at least one thousand hours of service in any plan year would be eligible to receive a profit sharing contribution. Initial eligibility of an employee would commence on January 1 of the plan year in which they were employed prior to July 1 of the plan year and completed one thousands hours of service. The Plan was amended on April 1, 2017. Employees are now immediately eligible to receive the profit sharing contribution. Further information concerning the Plan agreement and the vesting and benefit provisions is contained in the Rochester Midland Corporation Deferred Profit Sharing Trust Agreement. Copies of this agreement are available from the Advisory Committee.

In May, 2012 RMC purchased the Water Technologies division of Ashland Corporation ("Ashland"). Per the terms of the agreement, the plan was amended to grant eligibility and vesting credit under the Plan to former employees of Ashland with such service credits based on the employees' service with Ashland prior to May 12, 2012.

As a result of the acquisition, the Plan was also amended in May, 2012 to change the Plan's profit sharing contribution allocation formula to a rate group classifications approach which allows RMC to make certain contributions to the Plan based on commitments made in the acquisition documents. The contribution amount for each rate group is based on the difference between the former Ashland employees' last pension contribution while employed at Ashland and the profit sharing contribution, if any, made by RMC to the Plan for a given year. If the profit sharing contribution from RMC is less than a rate group's last pension contribution at Ashland, RMC is required to contribute the difference. If the profit sharing contribution from RMC is greater than a rate group's last pension contribution at Ashland, no additional contribution is required on behalf of the rate group by RMC.

Administration

The Advisory Committee is responsible for the general administration of the Plan and implementation of the Plan provisions.

Participant accounts

Each participant shall have an account which will be credited with employer contributions, participant's contributions and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances.

1. **Description of Plan** (Continued)

Participant loans

Participants may borrow from their fund accounts a minimum of $500 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates determined by the Plan administrator. At any time, no more than one loan may be outstanding from the Plan to the participant. Participant loans outstanding at December 31, 2017 bear interest rates of 4.25% to 5.25%.

Vesting

Participant salary deferral fund balances are fully vested at all times. Deferred profit sharing and matching contributions from RMC are vested as follows:

20% after 2nd year of participation
40% after 3rd year of participation
60% after 4th year of participation
80% after 5th year of participation
100% after 6th year of participation

As previously noted, employees hired in relation to several acquisitions retained vesting credit for prior service with their former employers.

Funding policy

Each eligible participant may contribute any percentage up to 50% of their compensation for the pay period as elected in the salary deferral agreement. Participants' accounts are credited for their contributions upon disbursement of payroll. Discretionary employer matching contributions are provided for in the Plan. In addition, participants may transfer funds from other qualified plans with the consent of the Plan administrators.

Included in rollover contributions are $120,261 and $130,444 of transferred funds from the Rochester Midland Corporation Employee Stock Ownership Plan (the "ESOP") for the years ended December 31, 2017 and 2016, respectively. These rollovers represent the diversification of funds as permitted by the ESOP.

1. Description of the Plan (Continued)

Funding policy (Continued)

RMC shall provide annual discretionary profit sharing contributions to the Plan, if any, as specified by the Board of Directors of the Company for each participant eligible to share in the allocation for a plan year. The Plan is funded on a current basis. There were no discretionary profit sharing contributions made to the Plan for the years ended December 31, 2017 and 2016.

As noted above, RMC shall provide annual profit sharing contributions to former Ashland employees using a rate group classifications approach. Profit sharing contributions using this approach for the years ended December 31, 2017 and 2016 amounted to $41,787 and $68,609, respectively.

Payment of benefits

Upon retirement, death, or disability, the entire account balance, if less than $5,000 will be distributed in the form of a lump-sum payment. If the account balance is greater than $5,000, the participant may choose a lump-sum distribution or equal installments over various periods based on life expectancy. In addition, lump-sum distributions may be made with participant consent, under the following conditions: separation from service and upon the hardship of a participant as provided for in the Plan and in government regulations.

Forfeitures

Forfeitures arising under the Plan are used first to offset administrative costs and second to offset the employer match. Any remaining forfeitures are available to be allocated to participant accounts. Forfeitures activity during 2017 and 2016 consisted of the following:

	2017	2016
Forfeitures available for use, beginning of year	$ 2,713	$ 8,457
Forfeitures generated	4,890	4,180
Forfeitures used to reduce administrative expenses	-	(12,000)
Earnings on forfeitures	3,174	2,076
Forfeitures available for use, end of year	$ 10,777	$ 2,713

1. **Description of the Plan** (Continued)

Expense account

Under the terms of the Plan, a portion of a participant's balance is contributed quarterly into an expense account to pay for administrative expenses. Expense account activity during 2017 and 2016 consisted of the following:

	2017	2016
Expense account balance, beginning of the year	$ 19,554	$ 8,779
Contributions	37,969	40,506
Payments of expenses	(25,000)	(29,867)
Earnings on expense account	314	136
Expense account balance, end of year	$ 32,837	$ 19,554

Expenses of the Plan

Plan administrative expenses are paid by the Plan and the application of Plan forfeitures, as well as the Plan sponsor. Investment fees or charges are deducted from the related investments when incurred. Administrative expenses consisted of the following:

	2017	2016
Total administrative expenses	$ 39,075	$ 43,342
Less: Expenses paid by RMC	(12,500)	-
Total plan administrative expenses	$ 26,575	$ 43,342

2. **Summary of Significant Accounting Policies**

The following are the significant accounting policies followed by the Plan:

New accounting pronouncements

In May, 2015 the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement* (Topic 820), which provides new methods for employee benefit plan reporting and disclosures. The guidance is effective for annual periods beginning after December 15, 2016 with early application permitted. Effective January 1, 2017, the Plan has implemented this accounting pronouncement with retrospective application (see **Investments**).

2. Summary of Significant Accounting Policies (Continued)

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") in all material respects and present the net assets available for Plan benefits and changes in those net assets.

Notes receivable from participants

Loans to participants are reported at their unpaid principle balances plus any accrued but unpaid interest.

Revenue recognition

Purchases and sales of securities are recorded on the trade date basis. Interest and dividends are recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Fair value measurements

FASB Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

2. Summary of Significant Accounting Policies (Continued)

Fair value measurements (Continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Cash equivalents: Includes money market accounts, certificates of deposit and all highly liquid debt instruments with an original maturity date of three months or less.

Mutual funds: Values are determined based on quoted market prices in active markets.

Common collective trust: Reported at contact value of the underlying investment contracts, which approximates fair value (including guaranteed investment contracts issued by insurance companies and other financial institutions, separate account contracts and synthetic wrap contracts).

2. Summary of Significant Accounting Policies (Continued)

Fair value measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Income taxes

The Plan evaluates income tax positions for uncertainty to determine any tax positions that may not be fully sustained upon examination by taxing authorities, despite the belief that the underlying tax positions are fully supportable. Tax positions are reviewed on an ongoing basis and are analyzed in light of changing facts and circumstances, including progress of tax audits, developments in case law, and closing of statute of limitations. The Plan administrator has determined that the Plan has no uncertain tax positions. The Plan is no longer subject to examinations by the applicable taxing jurisdictions for periods prior to December 31, 2014.

Plan management's review of subsequent events

The Plan administrator evaluated events occurring between the end of the most recent Plan year and July 31, 2018, the date the financial statements were available to be issued.

3. Financial Information Certified by the Trustee

As of and for the years ended December 31, 2017 and 2016, the Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Bank of America, N.A., the trustee of the Plan, has certified the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for plan benefits, the schedule of assets held for investment purposes and the related investment activity reflected in the statements of changes in net assets available for plan benefits.

4. Investments

Effective January 1, 2017 the Plan adopted FASB ASU 2015-07 and has accordingly removed investments for which fair value is measured using the net asset value per share practical expedient from the fair value hierarchy for all periods presented.

The fair value of investments determined to be level 1 assets as of December 31, 2017 and 2016 consisted of:

	2017	2016
Cash equivalents	$ 576,519	$ 351,005
Mutual funds	$20,800,719	$18,775,056

The value of other investments not included in the fair value hierarchy as of December 31, 2017 and 2016 consisted of:

	2017	2016
Common collective trust	$ 2,778,203	$ 1,936,029

5. Related Party Transaction

The Plan invests in shares of mutual funds managed by affiliates of the trustee, Bank of America, N.A., which acts as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Administrative fees paid to Bank of America, N.A. amounted to $1,575 and $1,475 for the years ended December 31, 2017 and 2016, respectively.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Tax Status

The Plan has received a favorable determination letter from the Internal Revenue Service which states that the Plan is qualified under applicable provisions of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan is qualified and is tax-exempt as of the financial statement date.

ROCHESTER MIDLAND CORPORATION
401(k) SALARY DEFERRAL AND
DEFERRED PROFIT SHARING PLAN

Notes to Financial Statements
December 31, 2017 and 2016

1. Description of Plan

The following brief description of the Rochester Midland Corporation 401(k) Salary Deferral and Deferred Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on October 1, 1985 and is a salary reduction plan pursuant to Section 401(k) of the Internal Revenue Code. The Plan covers substantially all employees of Rochester Midland Corporation ("RMC") who meet certain age requirements. The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participation in 401(k) benefits

Prior to April 1, 2017, employees who completed six months of service and reached age 18 were entitled to participate in the Plan. Effective April 1, 2017, employees who complete one hour of service and reached age 18 are eligible to participate in the Plan. Further information concerning the Plan agreement and benefit provisions is contained in the Rochester Midland Corporation Payroll Investment Plan 401(k) Agreement. Copies of this agreement are available from the Rochester Midland Corporation 401(k) Salary Deferral and Deferred Profit Sharing Plan Advisory Committee (the "Advisory Committee"). In the absence of an election made by a participant, within a specific period of time as established by the Plan administrator, a participant shall be deemed to have elected a pre-tax contribution of 2.0% of his or her compensation.

In March, 2017 RMC purchased WellBeing Hygiene, Inc. Per the terms of the agreement, the Plan was amended to grant eligibility and vesting credit under the Plan to former employees of WellBeing Hygiene, Inc. with such service credits based on the employees' service with WellBeing Hygiene, Inc. prior to March 1, 2017.

The Plan provides for a discretionary employer matching contribution. The matching contribution is at the sole discretion of the Board of Directors of RMC. Matching contributions amounted to $94,368 and $92,938 for the years ended December 31, 2017 and 2016, respectively.

1. **Description of Plan** (Continued)

Participation in deferred profit sharing benefits

Prior to April 1, 2017, employees who had completed at least one thousand hours of service in any plan year would be eligible to receive a profit sharing contribution. Initial eligibility of an employee would commence on January 1 of the plan year in which they were employed prior to July 1 of the plan year and completed one thousands hours of service. The Plan was amended on April 1, 2017. Employees are now immediately eligible to receive the profit sharing contribution. Further information concerning the Plan agreement and the vesting and benefit provisions is contained in the Rochester Midland Corporation Deferred Profit Sharing Trust Agreement. Copies of this agreement are available from the Advisory Committee.

In May, 2012 RMC purchased the Water Technologies division of Ashland Corporation ("Ashland"). Per the terms of the agreement, the plan was amended to grant eligibility and vesting credit under the Plan to former employees of Ashland with such service credits based on the employees' service with Ashland prior to May 12, 2012.

As a result of the acquisition, the Plan was also amended in May, 2012 to change the Plan's profit sharing contribution allocation formula to a rate group classifications approach which allows RMC to make certain contributions to the Plan based on commitments made in the acquisition documents. The contribution amount for each rate group is based on the difference between the former Ashland employees' last pension contribution while employed at Ashland and the profit sharing contribution, if any, made by RMC to the Plan for a given year. If the profit sharing contribution from RMC is less than a rate group's last pension contribution at Ashland, RMC is required to contribute the difference. If the profit sharing contribution from RMC is greater than a rate group's last pension contribution at Ashland, no additional contribution is required on behalf of the rate group by RMC.

Administration

The Advisory Committee is responsible for the general administration of the Plan and implementation of the Plan provisions.

Participant accounts

Each participant shall have an account which will be credited with employer contributions, participant's contributions and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances.

1. **Description of Plan** (Continued)

Participant loans

Participants may borrow from their fund accounts a minimum of $500 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates determined by the Plan administrator. At any time, no more than one loan may be outstanding from the Plan to the participant. Participant loans outstanding at December 31, 2017 bear interest rates of 4.25% to 5.25%.

Vesting

Participant salary deferral fund balances are fully vested at all times. Deferred profit sharing and matching contributions from RMC are vested as follows:

20% after 2nd year of participation
40% after 3rd year of participation
60% after 4th year of participation
80% after 5th year of participation
100% after 6th year of participation

As previously noted, employees hired in relation to several acquisitions retained vesting credit for prior service with their former employers.

Funding policy

Each eligible participant may contribute any percentage up to 50% of their compensation for the pay period as elected in the salary deferral agreement. Participants' accounts are credited for their contributions upon disbursement of payroll. Discretionary employer matching contributions are provided for in the Plan. In addition, participants may transfer funds from other qualified plans with the consent of the Plan administrators.

Included in rollover contributions are $120,261 and $130,444 of transferred funds from the Rochester Midland Corporation Employee Stock Ownership Plan (the "ESOP") for the years ended December 31, 2017 and 2016, respectively. These rollovers represent the diversification of funds as permitted by the ESOP.

1. Description of the Plan (Continued)

Funding policy (Continued)

RMC shall provide annual discretionary profit sharing contributions to the Plan, if any, as specified by the Board of Directors of the Company for each participant eligible to share in the allocation for a plan year. The Plan is funded on a current basis. There were no discretionary profit sharing contributions made to the Plan for the years ended December 31, 2017 and 2016.

As noted above, RMC shall provide annual profit sharing contributions to former Ashland employees using a rate group classifications approach. Profit sharing contributions using this approach for the years ended December 31, 2017 and 2016 amounted to $41,787 and $68,609, respectively.

Payment of benefits

Upon retirement, death, or disability, the entire account balance, if less than $5,000 will be distributed in the form of a lump-sum payment. If the account balance is greater than $5,000, the participant may choose a lump-sum distribution or equal installments over various periods based on life expectancy. In addition, lump-sum distributions may be made with participant consent, under the following conditions: separation from service and upon the hardship of a participant as provided for in the Plan and in government regulations.

Forfeitures

Forfeitures arising under the Plan are used first to offset administrative costs and second to offset the employer match. Any remaining forfeitures are available to be allocated to participant accounts. Forfeitures activity during 2017 and 2016 consisted of the following:

	2017	2016
Forfeitures available for use, beginning of year	$ 2,713	$ 8,457

Expenses of the Plan

Plan administrative expenses are paid by the Plan and the application of Plan forfeitures, as well as the Plan sponsor. Investment fees or charges are deducted from the related investments when incurred. Administrative expenses consisted of the following:

	2017	2016
Total administrative expenses	$ 39,075	$ 43,342
Less: Expenses paid by RMC	(12,500)	-
Total plan administrative expenses	$ 26,575	$ 43,342

2. **Summary of Significant Accounting Policies**

The following are the significant accounting policies followed by the Plan:

New accounting pronouncements

In May, 2015 the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement* (Topic 820), which provides new methods for employee benefit plan reporting and disclosures. The guidance is effective for annual periods beginning after December 15, 2016 with early application permitted. Effective January 1, 2017, the Plan has implemented this accounting pronouncement with retrospective application (see **Investments**).

2. Summary of Significant Accounting Policies (Continued)

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") in all material respects and present the net assets available for Plan benefits and changes in those net assets.

Notes receivable from participants

Loans to participants are reported at their unpaid principle balances plus any accrued but unpaid interest.

Revenue recognition

Purchases and sales of securities are recorded on the trade date basis. Interest and dividends are recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Fair value measurements

FASB Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

2. Summary of Significant Accounting Policies (Continued)

Fair value measurements (Continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Cash equivalents: Includes money market accounts, certificates of deposit and all highly liquid debt instruments with an original maturity date of three months or less.

Mutual funds: Values are determined based on quoted market prices in active markets.

Common collective trust: Reported at contact value of the underlying investment contracts, which approximates fair value (including guaranteed investment contracts issued by insurance companies and other financial institutions, separate account contracts and synthetic wrap contracts).

2. Summary of Significant Accounting Policies (Continued)

Fair value measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Income taxes

The Plan evaluates income tax positions for uncertainty to determine any tax positions that may not be fully sustained upon examination by taxing authorities, despite the belief that the underlying tax positions are fully supportable. Tax positions are reviewed on an ongoing basis and are analyzed in light of changing facts and circumstances, including progress of tax audits, developments in case law, and closing of statute of limitations. The Plan administrator has determined that the Plan has no uncertain tax positions. The Plan is no longer subject to examinations by the applicable taxing jurisdictions for periods prior to December 31, 2014.

Plan management's review of subsequent events

The Plan administrator evaluated events occurring between the end of the most recent Plan year and July 31, 2018, the date the financial statements were available to be issued.

3. Financial Information Certified by the Trustee

As of and for the years ended December 31, 2017 and 2016, the Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Bank of America, N.A., the trustee of the Plan, has certified the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for plan benefits, the schedule of assets held for investment purposes and the related investment activity reflected in the statements of changes in net assets available for plan benefits.

4. Investments

Effective January 1, 2017 the Plan adopted FASB ASU 2015-07 and has accordingly removed investments for which fair value is measured using the net asset value per share practical expedient from the fair value hierarchy for all periods presented.

The fair value of investments determined to be level 1 assets as of December 31, 2017 and 2016 consisted of:

	2017	2016
Cash equivalents	$ 576,519	$ 351,005
Mutual funds	$20,800,719	$18,775,056

The value of other investments not included in the fair value hierarchy as of December 31, 2017 and 2016 consisted of:

	2017	2016
Common collective trust	$ 2,778,203	$ 1,936,029

5. Related Party Transaction

The Plan invests in shares of mutual funds managed by affiliates of the trustee, Bank of America, N.A., which acts as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Administrative fees paid to Bank of America, N.A. amounted to $1,575 and $1,475 for the years ended December 31, 2017 and 2016, respectively.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Tax Status

The Plan has received a favorable determination letter from the Internal Revenue Service which states that the Plan is qualified under applicable provisions of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan is qualified and is tax-exempt as of the financial statement date.
