NOTE 1 – PLAN DESCRIPTION

The following description of the Trendsetter Engineering, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Trendsetter Engineering, Inc. (the "Company" or "Employer") is the Plan Sponsor. A related employer who also participates in the Plan includes Trendsetter Vulcan Offshore, Inc. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution 401(k) plan that provides retirement savings benefits to eligible employees of the Company through pre-tax contributions by employees and contributions by the Company. The Plan, which commenced effective January 1, 2010 and was amended and restated effective October 7, 2016, is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC").

Plan Custodian and Trustee – Fidelity Management Trust Company ("Fidelity" or the "Trustee" or "Custodian") is the Custodian maintaining custody of all investments held by the Plan, maintaining the Plan's participant account balances, and providing record-keeping services to the Plan. Among other duties, the Custodian receives contributions, holds and invests the fund assets in accordance with the directions of participants, and makes distributions as directed by the Plan Administrator. Fidelity also serves as the Plan's Trustee.

Eligibility and Plan Entrance Date – Employees who have three months of service, are age 21 or older, and are not a leased employee, a nonresident alien, an intern or a student co-op, or covered by a collective bargaining agreement are permitted to participate in the Plan. Eligible employees are permitted to enter the Plan on the first day of each month after which the employee has satisfied the eligibility requirements.

Contributions – Participants may elect to contribute, on a before-tax or Roth basis, up to 90% of eligible compensation as defined by the Plan and subject to IRC limits which was $18,000 for 2017). Participants who have attained 50 years of age before the end of the Plan year are eligible to make catch-up contributions of up to $6,000 for 2017.

Prior to October 6, 2016 the Company made Safe Harbor matching contributions to all eligible participants in an amount equal to 100% of the first 3% of participant's eligible compensation and 50% of the next 2% of participant's eligible compensation, contributed to the Plan as employee contributions. Effective October 7, 2016, the Company amended the plan to eliminate Safe Harbor matching contributions. On January 27, 2017, the Company made a Safe Harbor match true-up contribution in the amount of $21,731.

Rollovers – Rollovers represent funds transferred to the Plan from other qualified defined contribution plans.

Participants' Accounts – Each participant's account is credited with the participant's contributions and the Company's matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Participants direct the investment of their contributions, as well as the Company's contributions, into various investment options offered by the Plan. The Plan currently offers various mutual funds, money market funds, and a self-directed brokerage account as investment options for participants.

The self-directed account allows participants to invest in additional mutual funds, common stocks, and a money market fund, subject to certain minimum balance requirements and other restrictions, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – PLAN DESCRIPTION – continued

Vesting – Participants are immediately vested in their contributions and Safe Harbor matching contributions plus actual earnings thereon.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined monthly, is set at 1% above the Prime rate, as defined. The loans are repaid ratably through at least quarterly payroll deductions over a period of five years or less for a general loan, and up to ten years from the date of the loan used for the purchase of a primary residence. Participants may have two loans outstanding at any given time.

Payment of Benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Distributions to a terminated employee with a vested account balance equal to or less than $5,000 are made as a lump sum distribution as soon as administratively possible following the participant's termination of employment. The participant may elect whether to receive the distribution directly or to rollover the distribution into another retirement plan. If the vested account balance is less than or equal to $1,000, the Plan permits involuntary lump sum cash distributions. A participant may withdraw all or a portion of their vested account balance in the event of a financial hardship, as defined by the Plan. Additionally, in-service withdrawals are permitted upon attainment of age 59 ½.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting in conformity with the accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan Agreement.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2017 excess contributions to the applicable participants prior to March 15, 2018.

Payments of Benefits – Benefit payments to participants are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Administrative Expenses – The Company may pay, at its discretion, all reasonable costs, charges, and expenses incurred in the administration of the Plan. Additionally, the Company provides various other operational and administrative services to the Plan for which the costs are incurred directly by the Company. These expenses are not included in the Plan's financial statements. Any administrative expenses not paid by the Company are paid directly by the Plan and the participants. Certain expenses specifically incurred by, or attributable to, a participant will be paid from that participant's account.

Plan expenses could include, but are not limited to, costs to process Plan distributions. Investment related expenses are included in net appreciation of fair value of investments.

Recent Accounting Pronouncements – Recent accounting pronouncements issued by the Financial Accounting Standards Board ("FASB") or other authoritative standards groups with future effective dates are either not applicable or are not expected to be significant to the Plan's financial statements.

Subsequent Events – The Plan evaluated all events and transactions that occurred through July 24, 2018, the date these financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.
- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3** – Inputs that are unobservable inputs for the assets or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

- *Mutual Funds* – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Money Market Fund* – Valued at cost, which approximates fair value.
- *Self-Directed Brokerage Accounts* – Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices. Common stocks are valued at the closing price reported on the active market on which the individual securities are traded.

NOTE 3 – FAIR VALUE MEASUREMENTS – continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,763,380	$ -	$ -	$ 9,763,380
Money market fund	442,677	-	-	442,677
Self-directed brokerage accounts	204,969	-	-	204,969
Total	$ 10,411,026	$ -	$ -	$ 10,411,026

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,810,735	$ -	$ -	$ 7,810,735
Money market fund	401,199	-	-	401,199
Self-directed brokerage accounts	183,195	-	-	183,195
Total	$ 8,395,129	$ -	$ -	$ 8,395,129

NOTE 4 – RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by the Trustee, therefore these transactions qualify as party-in-interest transactions as defined by ERISA. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. There have been no known prohibited transactions with parties-in-interest. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to service providers.

The Plan has notes receivable from participants as of December 31, 2017 and 2016. As a result, these receivables and all transactions relating to these receivables qualify as party-in-interest transactions. These transactions are exempt from being prohibited transactions by ERISA.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 6 – TAX STATUS

The Plan adopted a volume submitter prototype plan (the "Prototype Plan") sponsored by Fidelity Management and Research Company. The IRS has determined and informed the prototype sponsor by letter dated March 31, 2014 that the Prototype Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

NOTE 6 – TAX STATUS – continued

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2014.

NOTE 7 – INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate.

December 31,	2017	2016
Investments, at fair value	$ 10,411,026	$ 8,395,129
Notes receivable from participants	241,524	203,733

Net appreciation in fair value of investments	$ 1,230,821
Interest income	2,688
Dividends	215,348

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2017 and 2016 to Form 5500:

NOTE 1 – PLAN DESCRIPTION

The following description of the Trendsetter Engineering, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Trendsetter Engineering, Inc. (the "Company" or "Employer") is the Plan Sponsor. A related employer who also participates in the Plan includes Trendsetter Vulcan Offshore, Inc. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution 401(k) plan that provides retirement savings benefits to eligible employees of the Company through pre-tax contributions by employees and contributions by the Company. The Plan, which commenced effective January 1, 2010 and was amended and restated effective October 7, 2016, is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC").

Plan Custodian and Trustee – Fidelity Management Trust Company ("Fidelity" or the "Trustee" or "Custodian") is the Custodian maintaining custody of all investments held by the Plan, maintaining the Plan's participant account balances, and providing record-keeping services to the Plan. Among other duties, the Custodian receives contributions, holds and invests the fund assets in accordance with the directions of participants, and makes distributions as directed by the Plan Administrator. Fidelity also serves as the Plan's Trustee.

Eligibility and Plan Entrance Date – Employees who have three months of service, are age 21 or older, and are not a leased employee, a nonresident alien, an intern or a student co-op, or covered by a collective bargaining agreement are permitted to participate in the Plan. Eligible employees are permitted to enter the Plan on the first day of each month after which the employee has satisfied the eligibility requirements.

Contributions – Participants may elect to contribute, on a before-tax or Roth basis, up to 90% of eligible compensation as defined by the Plan and subject to IRC limits which was $18,000 for 2017). Participants who have attained 50 years of age before the end of the Plan year are eligible to make catch-up contributions of up to $6,000 for 2017.

Prior to October 6, 2016 the Company made Safe Harbor matching contributions to all eligible participants in an amount equal to 100% of the first 3% of participant's eligible compensation and 50% of the next 2% of participant's eligible compensation, contributed to the Plan as employee contributions. Effective October 7, 2016, the Company amended the plan to eliminate Safe Harbor matching contributions. On January 27, 2017, the Company made a Safe Harbor match true-up contribution in the amount of $21,731.

Rollovers – Rollovers represent funds transferred to the Plan from other qualified defined contribution plans.

Participants' Accounts – Each participant's account is credited with the participant's contributions and the Company's matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Participants direct the investment of their contributions, as well as the Company's contributions, into various investment options offered by the Plan. The Plan currently offers various mutual funds, money market funds, and a self-directed brokerage account as investment options for participants.

The self-directed account allows participants to invest in additional mutual funds, common stocks, and a money market fund, subject to certain minimum balance requirements and other restrictions, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – PLAN DESCRIPTION – continued

Vesting – Participants are immediately vested in their contributions and Safe Harbor matching contributions plus actual earnings thereon.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined monthly, is set at 1% above the Prime rate, as defined. The loans are repaid ratably through at least quarterly payroll deductions over a period of five years or less for a general loan, and up to ten years from the date of the loan used for the purchase of a primary residence. Participants may have two loans outstanding at any given time.

Payment of Benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Distributions to a terminated employee with a vested account balance equal to or less than $5,000 are made as a lump sum distribution as soon as administratively possible following the participant's termination of employment. The participant may elect whether to receive the distribution directly or to rollover the distribution into another retirement plan. If the vested account balance is less than or equal to $1,000, the Plan permits involuntary lump sum cash distributions. A participant may withdraw all or a portion of their vested account balance in the event of a financial hardship, as defined by the Plan. Additionally, in-service withdrawals are permitted upon attainment of age 59 ½.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting in conformity with the accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan Agreement.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2017 excess contributions to the applicable participants prior to March 15, 2018.

Payments of Benefits – Benefit payments to participants are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Administrative Expenses – The Company may pay, at its discretion, all reasonable costs, charges, and expenses incurred in the administration of the Plan. Additionally, the Company provides various other operational and administrative services to the Plan for which the costs are incurred directly by the Company. These expenses are not included in the Plan's financial statements. Any administrative expenses not paid by the Company are paid directly by the Plan and the participants. Certain expenses specifically incurred by, or attributable to, a participant will be paid from that participant's account.

Plan expenses could include, but are not limited to, costs to process Plan distributions. Investment related expenses are included in net appreciation of fair value of investments.

Recent Accounting Pronouncements – Recent accounting pronouncements issued by the Financial Accounting Standards Board ("FASB") or other authoritative standards groups with future effective dates are either not applicable or are not expected to be significant to the Plan's financial statements.

Subsequent Events – The Plan evaluated all events and transactions that occurred through July 24, 2018, the date these financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.
- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3** – Inputs that are unobservable inputs for the assets or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

- *Mutual Funds* – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Money Market Fund* – Valued at cost, which approximates fair value.
- *Self-Directed Brokerage Accounts* – Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices. Common stocks are valued at the closing price reported on the active market on which the individual securities are traded.

NOTE 3 – FAIR VALUE MEASUREMENTS – continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,763,380	$ -	$ -	$ 9,763,380
Money market fund	442,677	-	-	442,677
Self-directed brokerage accounts	204,969	-	-	204,969
Total	$ 10,411,026	$ -	$ -	$ 10,411,026

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,810,735	$ -	$ -	$ 7,810,735
Money market fund	401,199	-	-	401,199
Self-directed brokerage accounts	183,195	-	-	183,195
Total	$ 8,395,129	$ -	$ -	$ 8,395,129

NOTE 4 – RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by the Trustee, therefore these transactions qualify as party-in-interest transactions as defined by ERISA. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. There have been no known prohibited transactions with parties-in-interest. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to service providers.

The Plan has notes receivable from participants as of December 31, 2017 and 2016. As a result, these receivables and all transactions relating to these receivables qualify as party-in-interest transactions. These transactions are exempt from being prohibited transactions by ERISA.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 6 – TAX STATUS

The Plan adopted a volume submitter prototype plan (the "Prototype Plan") sponsored by Fidelity Management and Research Company. The IRS has determined and informed the prototype sponsor by letter dated March 31, 2014 that the Prototype Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

NOTE 6 – TAX STATUS – continued

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2014.

NOTE 7 – INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate.

December 31,	2017	2016

Net appreciation in fair value of investments	$ 1,230,821
Interest income	2,688
Dividends	215,348

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2017 and 2016 to Form 5500:
