### Note A – Description of Plan

The following description of the EPCF 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### General

The Plan is a defined contribution safe harbor plan that was established effective March 1, 1998 and restated February 1, 2014. Employees of Emergency Physicians of Central Florida, LLP (the "Company" or the "Employer") are eligible to participate after completing 3 consecutive months of service and attaining age 21. Employees become participants on the earliest quarterly-annual date coincident with or immediately following their meeting the above described eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

#### Administration of the Plan

The accounting records are maintained by the Company. The Plan's assets were held and managed by Great-West Trust Company, LLC (the "Trustee"), as of and for the years ended December 31, 2017 and 2016. Contributions are held by the Trustee, who invests cash received, interest and dividend income, as directed by the participant, and makes distributions to participants.

#### Contributions

Participants may contribute up to 75% of pretax annual compensation, as defined in the Plan, subject to Internal Revenue Code ("IRC") limitations. The maximum employee deferral for December 31, 2017 and 2016 was $18,000. A participant who has attained the age of 50 may also make catch up contributions, subject to IRS limitations of $6,000 for December 31, 2017 and 2016. Participants direct the investment of their contributions and Employer contributions into various investment options offered by the Plan.

The Plan has automatic enrollment for all eligible employees. If the employee does not make an affirmative election, to select a deferral percentage or opt out of the Plan entirely, the Plan will automatically contribute 10% for the employee from their pay.

The Company makes safe harbor non-elective contributions of 3% of the participant's eligible compensation for the Plan year. The Company also makes discretionary profit sharing contributions to the Plan during the year. Employees may receive profit sharing contributions if the eligibility requirements for participation in the Plan have been met.

#### Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's profit sharing or non-elective safe harbor contribution and performance sharing amounts, if applicable. Each participant's account shall be allocated earnings, gains, expenses, and losses with respect to the investments of the participant's account. Allocations of Plan earnings or losses are based on each participant's investment fund balance in proportion to the total investment fund balance.

#### Vesting

Participants are vested immediately in their contributions plus actual earnings or losses thereon. Participants are also immediately vested in Employer profit sharing and non-elective safe harbor contributions.

### Note A – Description of Plan (continued)

#### Investment Options

Under the Plan, Participants may currently direct investments to any of 24 investment options. Participants may change their investment elections daily through a telephone access system or online system.

#### Participant Loans

Participant loans are not available under the Plan.

#### Distribution of Benefits

On termination of service due to death or retirement, a participant may elect to receive either a lump-sum amount or installments equal to the value of the participant's vested interest in his or her account, as defined in the Plan agreement. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants will be eligible for unlimited in-service distributions when they reach retirement age.

#### Forfeitures/ Asset Holding Account

As all participants are 100% vested in all contributions, the forfeitures and asset holding account represents credit adjustments on fund earnings in Plan investments. At December 31, 2017 and 2016, forfeited non-vested accounts and the asset holding account totaled approximately $44,000 and $20,000, respectively. These accounts will be used to pay Plan expenses and future Employer discretionary non-elective or matching contributions with any remaining amount. For the year ended December 31, 2017, the Employer used approximately $25,000 to reduce Plan expenses and Employer contributions.

#### Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, each participant's account will become fully vested and nonforfeitable. All appropriate accounting provisions of the Plan will continue to apply until the accounts of all participants have been distributed.

### Note B – Summary of Significant Accounting Policies

#### Basis of Presentation

The accompanying financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

#### Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and the changes in net assets available for benefits and disclosure of contingent assets and liabilities during the reporting period. Actual results could differ from these estimates.

## Note B – Summary of Significant Accounting Policies (Continued)

### Valuation of Investments

The Plan's investments are stated at fair value. The Plan's investments in mutual funds and separately managed accounts ("SMA") investment funds are stated at fair value, which is based on quoted market prices at year-end as reported by the Trustee. Separately managed accounts consists of common stocks, money market funds, and exchange traded funds. The Plan's interest in the common/collective trusts are valued based on information reported by the investment advisor using the audited financial statements of the collective trust at year-end.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

### Payment of Benefits

Benefits are recorded when paid.

### Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

### Fair Value Measurements

The FASB has established a framework for measuring fair value in ASC 820, *Fair Value Measurements*. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

| | |
|---|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include:<br>Quoted prices for similar assets or liabilities in active markets;<br>Quoted prices for identical or similar assets or liabilities in inactive markets;<br>Inputs other than quoted prices that are observable for the asset or liability;<br>Inputs that are derived principally from or corroborated by observable market data by correlation or other means.<br><br>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

## Note B – Summary of Significant Accounting Policies (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

*Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Common/collective trusts*: Valued at NAV provided by the custodian. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the trust, minus its liabilities, divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different that the reported NAV. There were no unfunded commitments to purchase investments at December 31, 2017 and 2016. Participant-directed redemptions have no restrictions and are recorded at the end of every business day.

*Money market funds*: Valued at amortized cost, which approximates fair value. The amortized cost of an instrument is determined by valuing it at its original cost and thereafter amortizing any discount or premium from its face value at a constant rate until maturity.

*Exchange traded funds*: Valued at the closing price reported on the active market on which the individual securities are traded.

*Common stocks, corporate bonds and U.S. government securities*: Valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

## Note B – Summary of Significant Accounting Policies (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

| | Fair Value Measurements at Reporting Date Using: | | |
|---|---|---|---|
| | Assets Measured at Fair Value at 12/31/2017 | Quoted Prices in Active Markets (Level 1) | Significant Other Observable Inputs (Level 2) |

## Note C – Certified Investments

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the auditors not to perform any auditing procedures with respect to the information certified by the Trustee, except for comparing such information to the related information included in the financial statements and supplemental schedule. The Plan Administrator has obtained a certification from Great-West Trust Company, LLC, the Trustee of the Plan, for the years ended December 31, 2017 and 2016, and the information provided to the Plan Administrator is complete and accurate. For all certified assets such information includes all investments, investment income and the information in the supplemental schedule of assets (held at end of year).

## Note D – Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated March 31, 2014, stating that the Plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. Subsequent to the issuance of the determination letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax-exempt.

The Plan Administrator evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the accompanying financial statements. The Plan is no longer subject to examination by taxing authorities for years prior to 2015.

## Note E – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## Note F – Party-In-Interest Transactions

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Certain plan investments are mutual funds and common collective trusts managed by the Trustee. Transactions related to these investments qualify as party-in-interest transactions. Fees paid to the Trustee by the Plan for investment services amounted to approximately $54,000 during the year ended December 31, 2017.

## Note H – Subsequent Events

In June 2018, the Plan was amended and restated. The first of the amendments changed the Nonelective Contribution Allocation from being pro rata to each participant in a separate classification, effective January 1, 2018. The second changed the eligibility requirement from 90 days to immediate, effective June 1, 2018.

Subsequent events have been evaluated through July 11, 2018, which is the date the financial statements were available to be issued.
