INDEPENDENT AUDITORS' REPORT

Plan Trustees
Glenn Thurman, Inc. 401(k) Profit Sharing Plan
Balch Springs, Texas

We were engaged to audit the accompanying financial statements of Glenn Thurman, Inc. 401(k) Profit Sharing Plan (the Plan), which are comprised of the statements of net assets available for benefits as of December 31, 2015, and 2014, the statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Great-West Life and Annuity Insurance Company and Great-West Trust Company, LLC, collectively the asset custodian (custodian) of the Plan, except for comparing such information with the related information included in the financial statements and the supplemental schedule referred to in Other Matter. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2015, and 2014, and for the year ended December 31, 2015, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 2 to the financial statements, the Plan adopted new accounting pronouncements related to the Plan's investment disclosures. Prior year disclosures have been revised to reflect the retrospective application of adopting these accounting pronouncements.

Other Matter

The supplemental schedule of assets (held at end of year) (supplemental schedule) as of December 31, 2015, is required by ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of Plan

The following description of the Glenn Thurman, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan's prototype plan document and related adoption agreement for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Glenn Thurman, Inc. and its wholly owned subsidiaries, Thurman Transportation, Inc., and GTI Energy Services, LLC (collectively, the Company or Employer). The Plan is designed to comply with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), and the Internal Revenue Code (IRC). The Plan was adopted to enable eligible employees to defer their compensation and share in Employer contributions in order to save and invest those funds for retirement. Great-West Life and Annuity Insurance Company and Great-West Trust Company, LLC, (collectively the Custodian) are responsible for asset custody, executing investment transactions and are responsible for record keeping. RetirementPlans.com, formerly known as Pension Analysis Bureau, Inc., is the Plan's third party administrator (TPA) responsible for preparing the form 5500 and performing certain administrative transactions between the Plan and Custodian. During November 2014, the Plan was amended to become a Safe Harbor plan. The change became effective January 1, 2015.

Eligibility

Effective January 1, 2015, an amendment was enacted to remove the age requirement in determining eligibility for participation in the Plan. All employees of the Company who have completed one year of service, with more than 1,000 hours during a twelve month period, are eligible to participate in the Plan upon the last day of the twelve month period.

Employer contributions

Effective January 1, 2015, the Plan was amended whereas the Company elected to match one hundred percent (100%) of employee contributions, limited to three percent (3%) of compensation, and an additional fifty percent (50%) of employee contributions, limited to two percent (2%) of compensation, to the Plan as a safe-harbor matching contribution. In addition, the Company may, at the discretion of the Company's board of director's, make discretionary non-elective contributions. The Company made no discretionary contributions for the year ended December 31, 2015.

Employee contributions

Participants may contribute up to 100% of their annual compensation as defined in the Plan, but are limited to the maximum dollar amount allowable under the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to IRC limits. Participants may also contribute rollover amounts representing distributions from other qualified defined benefit or defined contribution plans.

Note 1 - Description of Plan - (Continued)

Participant accounts

Each participant's account is credited with the participant's contributions, any employer contributions, and an allocation of investment interest and dividends, if any. Investment gains or losses applied to a participant's account are based on the units held by the participant in the applicable fund(s) or another method as prescribed by the plan document. Participants may direct their account balances into any of the investment options offered by the Plan.

Vesting

Effective January 1, 2015, participants are immediately vested in their contributions, the Company's safe-harbor matching contributions, any non-elective contributions, and any income thereon. Vesting in Company contributions made prior to January 1, 2015, and any earnings or losses thereon, is based on years of continuous service as follows:

Years of Service	Vested Percentage
1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Payment of benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Upon death, disability, or retirement, a distribution from the Plan will be made in one lump-sum payment equal to the value of the participant's vested account.

Administrative expenses

Administrative expenses cover the routine expenses for services of lawyers, accountants, third party administrators, and other advisors. The Plan requires that certain expenses related to the Plan be paid directly by the Employer, but permits certain expenses incurred to administer the Plan to be paid from Plan assets.

Certain Plan investments are shares of pooled separate accounts and a guaranteed interest account managed by affiliates of the Custodian for which certain fees paid to the Custodian for investment management services are incorporated into the expense ratios of the Plan's individual funds and paid directly from fund earnings, thus impacting Plan earnings.

Note 1 - Description of Plan - (Continued)

Forfeitures

Forfeitures of terminated participants' non vested account balances may be used to reduce administrative expenses and to reduce Employer contributions. Forfeited accounts available for the Employer to reduce future administrative expenses and matching contributions totaled $3 and $699 at December 31, 2015, and 2014, respectively. Approximately $5,194 in forfeitures were applied to reduce matching contributions during the year ended December 31, 2015.

Participant loans receivable

Loans may be made to participants at their request subject to certain statutory and Plan limitations on principal and repayment provisions. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. No more than two loans may be outstanding at any one time, with the second loan available only for the purchase of a principal residence. Loan terms may range from 1-5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear an interest rate of 5.25% as of December 31, 2015, and December 31, 2014, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Participant loans are recorded at their unpaid principal balance plus any unpaid accrued interest.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) and present the net assets available for benefits and changes in those assets.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Accordingly, actual results could differ from those estimates. See discussion below of significant estimates used to measure fair value of investments.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances.

Note 2 - Summary of Significant Accounting Policies - (Continued)

Investments valuation and income recognition

Participants direct the investment of their contributions into a variety of investment options offered by the Plan, including several pooled separate accounts and a fixed account. The Plan's investments are stated at estimated fair value as determined by the Custodian (see Note 3). Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Payment of benefits

Benefits paid to participants are recorded as a reduction of net assets available for benefits when paid.

Recently Issued Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Disclosure for Investments in Certain Entities That Calculate Net Assets Value per Share (or Its Equivalent)* ("ASU 2015-07"). The standard eliminates the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. In addition, the update limits disclosures to investments for which the entity elected to measure the fair value using the practical expedient rather than all eligible investments. The standard is effective for interim and annual periods beginning after December 15, 2015. Management elected to early adopt the provisions of this new standard effective as of the beginning of 2015 and the adoption did not have a material impact on the Plan's financial statements. Certain prior year amounts have been reclassified to conform to current year presentation.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): I. Fully Benefit-Responsible Investment Contracts, II. Plan Investment Disclosures, III. Measurement Date Practical Expedient* ("ASU 2015-12"). Part I of ASU 2015-12 requires entities to measure, present, and disclose fully benefit-responsive investment contracts only at contract value. Part II eliminates certain disclosure requirements, including disclosures of individual investments comprising 5 percent or more of net assets available for benefits and the disaggregation of net appreciation or depreciation of investments by type. Part III provides a practical expedient for the measurement date for employee benefit plans for which the fiscal period does not coincide with a month-end. All parts of ASU 2015-12 are effective for fiscal years beginning after December 15, 2015, with earlier adoption permitted, and retrospective application is required. Management elected to early adopt the provisions of this new standard effective as of the beginning of 2015 and the adoption did not have a material impact on the Plan's financial statements. Certain prior year amounts have been reclassified to conform to current year presentation.

Note 3 - Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. US GAAP also establishes a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Three levels of inputs may be used to measure fair value:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

An asset or liability's classification within the fair value hierarchy is based on the lowest level of significant input to its valuation.

Fair value estimates are made at a specific point in time and the methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair value. Although the plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

Plan investments held in pooled separate accounts (PSAs) are stated at net asset value (as a practical expedient) which is calculated by the Custodian, based on quoted market prices of the PSAs' underlying investments, less any fees charged by the Custodian.

The guaranteed interest account is valued, as reported by the issuer, based on the fair value of the underlying investments plus contributions and interest credits, less any fees paid by the fund for its expenses, and are classified within level 3 of the valuation hierarchy (Note 4).

Note 3 - Fair Value Measurements - (Continued)

The following table presents the Plan's fair value hierarchy by asset class for those assets measured at fair value as of December 31, 2015 and 2014:

Note 3 - Fair Value Measurements - (Continued)

Pooled Separate Accounts –The goal of the PSAs is to provide a high level of performance through competitive investment strategies and experienced portfolio management teams as follows:

Asset Allocation Funds - The investment objective aims to balance risk and reward by apportioning a portfolio's assets according to an individual's goals, risk tolerance and investing horizon.

Bond Funds - The objective is to invest primarily in bonds and other debt securities by allocating assets among developed and high-quality emerging markets, incorporating inflation-linked bonds and emerging market currencies to proactively protect against the threat of rising interest rates.

Global and International Funds - The investment objective of the international stock options is to provide long-term growth of capital by investing in value oriented companies in developed markets located outside of the United States.

Large-Cap Funds - The investment objective of the large capitalization options is to provide long-term growth of capital primarily using domestic large capitalization securities with a value oriented style of management.

Small and Mid-Cap Funds - The investment objective of the small capitalization options is to provide long-term growth of capital primarily using domestic small-cap securities with a value oriented style of management. The investment objective of mid-capitalization options are to provide long-term growth of capital by primarily investing 80% of its net assets in securities of mid-capitalization companies, companies similar to those in major midcap value indexes, emphasizing the securities' value, business health, and business momentum.

Guaranteed Interest (Fixed) Account – The investment seeks to achieve investment income consistent with the preservation of principal, primarily through investments in federal and other government bonds, corporate bonds and commercial mortgages. These assets are commingled with the general assets of the Custodian.

Note 4 - Contracts with Insurance Company

Accounting Standards define the circumstances in which an investment contract, or similar instrument, is considered fully benefit-responsive, and requires such contracts to be reported at fair value on the statements of net assets available for benefits with a corresponding adjustment to reflect net assets and investments at contract value.

The Plan has a Group Annuity Contract (the contract) with the Custodian under which the Custodian maintains certain participant directed contributions in a guaranteed interest account (GIA) which is commingled with the general assets of the Custodian. The GIA can be terminated by the Custodian if the total fair value of the investments or the annual contribution amounts falls below minimum levels as stated in the contract. The GIA can also be terminated by either the Company or Custodian for additional reasons as defined in the contract. Certain events, such as the premature termination of the GIA by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with the Custodian.

Note 4 - Contracts with Insurance Company - (Continued)

The plan administrator believes the occurrence of such events (which would also limit the Plan's ability to transact at contract value with Plan participants) is not probable.

The average yield for the GIA for the year ended December 31, 2015, was 1.20%. The crediting interest rate for the contract for both years ended December 31, 2015 and 2014 was 1.20% and 1.25%, respectively. The crediting interest rate ranges from 1.0% to 3.0% and is determined and reset by the Custodian every six months, but may not be less than 1.00%.

Note 5 - Information Prepared and Certified by Custodian (Unaudited)

The Plan administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of ERISA. Accordingly, as permitted under such an election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following investment information, and related activity, certified by the Custodian as accurate and complete, except for comparing such information to corresponding information included in the Plan's financial statements and supplemental schedule. The Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of December 31:

	2015	2014
Investments, at fair value:		
Cash, interest bearing	$ 3	$ 699
Pooled separate accounts, at fair value	2,340,669	2,382,727
Guaranteed interest account, at estimated fair value	886,882	536,387
Participant loans receivable	86,948	134,823
Total	$ **3,314,502**	$ **3,054,636**

	2015
Investment income:	
Interest and dividends	$ 8,558
Interest on participant loans receivable	5,736
Net depreciation in fair value of investments	(44,113)
	$ **(29,819)**

Note 6 - Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would have various options for the disposition of their 100% vested accounts as defined in the plan document.

Note 7 - Income Tax Status

Effective January 1, 2009, the Plan adopted the prototype plan document sponsored by the TPA. The TPA received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008, which states that the prototype plan document satisfies the applicable provisions of the IRC. The Plan has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8 - Parties-in-Interest

Parties-in-interest are defined by ERISA as any fiduciary of the Plan, any party rendering services to the Plan, the Employer, and certain others. As such, transactions conducted by the Custodian and its affiliates and the Company, on behalf of the Plan, qualify as party-in-interest transactions. The Plan's sponsor pays certain expenses on behalf of the Plan. The Plan Sponsor incurred $3,068 in expenses related to services rendered by the TPA.

The Custodian retains as compensation, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions.

Note 9 - Subsequent Events

The Plan Administrator has evaluated subsequent events through October 3, 2016, the date the financial statements were available to be issued.
