NOTE 1: Description of the Plan

The following description of the DATAPATH, INC. (the "Company") 401(K) RETIREMENT PLAN (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all permanent, full-time employees of the company. Employees are eligible to participate upon completing 2 months of service and are age twenty-one or older. The Plan provides deferred compensation benefits and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan excludes those employees who are: (1) leased, (2) nonresident aliens, (3) covered by a collective bargaining agreement, and (4) residents of Puerto Rico. Upon meeting the eligibility requirements, employees are eligible to enter the Plan on the first day of the following month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan's custodian is Reliance Trust Company and the Plan's record keeper is Standard Insurance Company Retirement Plans Group Business Unit.

Contributions

Each year, participants may elect to defer up to 100% of their annual compensation or the amount allowed and adjusted annually by the Secretary of the Treasury, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified plans. The Company will make a matching contribution equal to 50% of the first 4% contributed.

The Company, at its' discretion, may make an additional discretionary matching contribution. There were no such contributions made for the plan years ended December 31, 2016 and 2015.

Participant Investment Account Options

Investment account options include various types of investment securities offered by the Plan. Each participant has the option of directing his or her contributions into any of these investment securities and may change their allocations daily.

Participant Accounts

Each participant's account is credited with the participant's deferral contribution and allocations of (a) the Company's contribution, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1: Description of the Plan (continued)

Vesting

Participants are immediately vested in their salary deferral contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is vested in the Company's matching contributions ratably over four years.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. Loans can be made for a period not to exceed five years unless it is for the purpose of a principal residence in which case the loan repayment period may not extend beyond ten years from the date of the loan. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loan fund. Loans from this Plan may be used to for any purpose. You may only apply for two loans each calendar year, one of which is a principal residence loan amortized for a period greater than five years. Up to 50 percent of your vested account balance may be used as collateral for any loan. The loan shall bear a reasonable rate of interest equal to a rate comparable to those currently available from commercial institutions for similar loans in the same geographic area as the Company. The interest rate shall remain fixed throughout the duration of the loan. Participants will be deemed to have defaulted on their loans if they fail to remit payments in a timely manner as required under the Loan Agreement, breach any their obligations or duties under then Loan Agreement, or terminate employment. Principal and interest is paid through payroll deductions.

Withdrawals

Hardship withdrawals may be requested for medical expenses, purchase of your principal residence, prevention of eviction from, or foreclosure on your principal residence, pay for post-secondary education, payments for burial or funeral expenses, pay expenses for the repair of damage to your principal residence, or any other immediate and heavy financial need as determined based on Internal Revenue Service regulations. Deferral contributions will be suspended for a period of six months after the receipt of the hardship withdrawal.

Starting in the calendar year in which the age of 70 ½, an election may be made to receive distributions calculated in the same manner as Minimum Required Distributions.

In-service distributions are only allowed to participants who have reached normal retirement age.

A withdrawal is available for those serving in the Military or been called to active service in the Military Reserves as listed in the Summary Plan Description.

Upon termination of service due to death, disability, or retirement, a participant is entitled to 100% of his account balance. Benefits will be paid in one lump-sum or partial amounts greater than $1,000. For termination of service due to other reasons, a participant is entitled to the value of his vested account balance.

NOTE 1: Description of the Plan (continued)

Forfeited Account

Forfeitures consist of non-vested company contributions in participants' accounts at the conclusion of their participation in the Plan. Forfeitures are held in the Plan and are used to pay administrative costs of the Plan or reduce future Company contributions. At December 31, 2016 and 2015, there were $2,289 and $2,849, respectively, in forfeited non-vested accounts.

NOTE 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Quoted market prices are used to value certain registered investment companies accounts ("mutual funds"), and other certain common/collective trust funds are valued at fair value using the NAV per share (or its equivalent) as a practical expedient.

Investments in the common/collective trust funds consists of the Standard Stable Asset fund. This fund consists of group annuity contracts which are considered to be fully benefit-responsive investment contracts. These contracts are valued at contract value which equals fair value. The terms of these contracts require all permitted participant-initiated transactions involving the investment to occur at contract value with no conditions, limits or restrictions. Permitted participant-initiated transactions are those allowed by the underlying defined contribution plan such as withdrawals for benefits, loans or transfers to other investment choices within the plan and reasonable access to their assets. The occurrence of an event that limits the ability of the investment to transact at contract value between The Standard and a participant holding the investment is not probable.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2: Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan at the Company's discretion.

Note 3: Implementation of Accounting Principles

In 2015, the Plan implemented its accounting policy on plan accounting disclosures by adopting the provisions of ASU 2015-12, Plan Accounting *(Topics 960, 962, and 965): Part II: Plan Investment Disclosures, and Part III: Measurement Date Practical Expedient.* The accounting policy provided for in ASU 2015-12 implements the Plan's disclosure requirements to eliminate and/or modify certain investment-related disclosures. The Plan adopted ASU 2015-12 for the year ended December 31, 2015.

In 2015, the Plan implemented its method of accounting for fully benefit-responsive investment contracts by adopting the provisions of Accounting Standards Update (ASU) 2015-12, Plan Accounting *(Topics 962 and 965): Part I: Fully Benefit-Responsive Investment Contracts.* The accounting provided for in ASU 2015-12 allows plans to measure, present and disclose fully benefit-responsive investment contracts at contract value. The effect of the adoption of ASU 2015-12 is to eliminate the requirement to measure fair value of fully benefit-responsive contracts and to present the reconciliation from fair value to contract value on the statement of net assets.

Note 4: Certification of Plan Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company (see Note 1 "General" for further details) has certified the following information for the years ended December 31, 2016 and 2015, included in the accompanying financial statements and supplemental schedule, is complete and accurate:

- Investments and notes receivable from participants as shown in the accompanying statements of net assets available for plan benefits as of December 31, 2016 and 2015
- Investment income and interest income from notes receivable from participants as shown in the accompanying statements of changes in net assets available for plan benefits for the years ended December 31, 2016 and 2015

Note 4: Certification of Plan Custodian (continued)

- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2016

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the accompanying financial statements and supplementary schedule.

Note 5: Disclosure About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall as of December 31, 2016:

	Assets at Fair Value as of December 31, 2016:			
	Level 1	Level 2	Level 3	Total
Mutual funds	$3,352,556	$ -0-	$ -0-	$3,352,556
	$3,352,556	$ -0-	$ -0-	3,352,556
Common/collective trust funds *				438,969
				$3,791,525

Note 5: Disclosure About Fair Value of Plan Assets (continued)

Recurring Measurements (continued)

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall as of December 31, 2015:

	Assets at Fair Value as of December 31, 2015:			
	Level 1	Level 2	Level 3	Total
Mutual funds	$2,101,389	$ -0-	$ -0-	$2,101,389
	$2,101,389	$ -0-	$ -0-	2,101,389
Common/collective trust funds *				371,286
				$2,472,675

*In accordance with Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amount presented in this table is intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for plan benefits.

The Plan's investments (including gains and losses on investments purchased and sold, as well as held during the year) appreciated (depreciated) by $240,217 and $(49,531) during the years ended December 31, 2016 and 2015, respectively.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2016 and 2015.

The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases, where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

Note 6: Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Participant loans are loans made to employees/participants of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Company provides certain administrative services at no cost to the Plan.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for plan benefits.

Note 8: Tax Status

The Plan operates under a Volume Submitter Profit Sharing Plan with CODA document sponsored by Standard Retirement Services, Inc. The document has been filed with the appropriate agency and has obtained an opinion letter dated March 31, 2014. The Plan has not obtained or requested its' own determination letter. The Plan administrator believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC and the Plan is qualified and the related trust is tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service(IRS). The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements other than those discussed in the following paragraph.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS audits for any tax periods in progress.

Note 9: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions.

Note 11: Prohibited Transactions – Late Remittances

During 2016, the Company delayed transferring $162,575 of certain participants' deferrals and loan repayments to the trust established in connection with the Plan within the time period as defined by ERISA. These transactions constituted prohibited transactions. During 2018, the Company will correct the effects of these transactions in accordance with the procedures prescribed by the IRS. The transactions are detailed on the schedule of delinquent participant contributions in the accompanying supplementary schedules.

Note 12: Subsequent Events

Management evaluated subsequent events for the Plan through July 13, 2018, the date the financial statements were available to be issued. No subsequent events were noted that would require disclosure or modification to the financial statements.
