National Property Management Associates, Inc.
401(k) Plan
Notes to Financial Statements

1. Description of the Plan

The following brief description of the National Property Management Associates, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a volume submitter, standardized 401(k) profit sharing plan sponsored by National Property Management Associates, Inc. (the "Plan Sponsor" or the "Employer"), and covers substantially all employees of the Plan Sponsor and affiliated companies who have completed one year of service during which they worked at least 1,000 hours and have attained the age of 21. Eligible participants are allowed to enter the Plan twice each year on January 1st or July 1st.

The Plan, established effective May 1, 2000, was restated as of January 1, 2016 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions – Participants may elect to contribute to the Plan from 1% to the limit imposed by law. Additionally, participants age 50 or older may elect to make a catch-up contribution limited to the amount imposed by law. The Plan Sponsor matches 100% of participant contributions up to the first 1% of their eligible compensation and then 25% of participant contributions greater than 1% but not exceeding 4% of their eligible compensation.

Forfeitures – Forfeitures resulting from non-vested Employer contributions previously made by the Plan Sponsor may be used to offset future Employer contributions or reduce administrative expenses. During the years ended December 31, 2017 and 2016, there were $6,047 and $1,437, respectively, in forfeitures used to fund expenses and offset Employer contributions.

Participant Accounts – Individual accounts are participant directed and maintained for each Plan participant. Participant accounts are increased by participant contributions, Plan Sponsor contributions, and the participant's share of Plan earnings. Participant accounts are decreased by participant distributions, the participant's share of Plan losses and certain administrative expenses. The allocation of earnings and losses to participant accounts is based upon the value of an individual account in relation to the total assets of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants become vested in Employer contributions and actual earnings thereon based on years of service. Participants vest in all Employer contributions at the rate of 25% each year, beginning after the first year of employment, and, accordingly, become fully vested after four years of service. A year of vesting service is defined as a year in which a participant has worked at least 1,000 hours.

1. Description of the Plan (continued)

Payment of Benefits and Withdrawals – Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum distribution equal to the value of his or her vested account or may elect to receive the distributions through installment payments over various lengths of time. The Plan permits in-service distributions for participants age 59½ and older and financial hardships, as defined in the Plan documents.

Income Taxes – The Plan Sponsor obtained a letter dated March 31, 2014 in which the Internal Revenue Service ("IRS") stated that the volume submitter plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code"). The Plan has been amended subsequent to the IRS determination letter. However, the Plan Administrator believes that the Plan is operating in compliance with the requirements of the Code. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

Accounting principles generally accepted in the United States of America ("GAAP") require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management is not aware of any uncertain tax positions that would cause the Plan to lose its tax status or to otherwise be subject to other taxes or penalties.

Plan Termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of partial or complete Plan termination, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Benefit Payments – Benefits are recorded when paid.

Valuation of Investments – As of December 31, 2017 and 2016, the Plan's investments in both the pooled separate accounts and the guaranteed investment contract were stated at fair value, as determined by Principal Life Insurance Company ("Principal").

2. Summary of Significant Accounting Policies (continued)

The Plan presents in the accompanying statements of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of investments which includes both realized gains and losses and unrealized appreciation (depreciation) in the fair value of investments. Realized gains and losses on disposition of investments are based upon actual costs and selling prices.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Plan Expenses – Administrative expenses are shared by the Plan and the Plan Sponsor. Expenses relating to investment activity are paid for by the Plan.

Party-in-Interest Transactions – All of the Plan's investments are managed by Principal. Principal is the asset custodian as defined by the Plan (the "Custodian"). Accordingly, transactions involving these investments qualify as party-in-interest transactions.

Risks and Uncertainties – Investments are exposed to various risks, such as interest rate and market risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amount reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Use of Estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results could differ from those estimates.

Subsequent Events – Management of the Plan has evaluated the effects of all subsequent events, for recognition or disclosure, through August 2, 2018, the date the financial statements were available to be issued.

3. Information Certified by the Asset Custodian (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplementary information is complete and accurate.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and December 31, 2016:

	2017	2016
Measured at Level 3 - Guaranteed Investment Contract	$ 182,183	$ 200,829
Total at fair value hierarchy	182,183	200,829
Measured at Net Asset Value (NAV)		
Pooled separate accounts	2,469,796	1,929,811
Total investments at fair value	$ 2,651,979	$ 2,130,640

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2017 and 2016:

	Guaranteed Investment Contract	
	2017	2016
Beginning balance	$ 200,829	201,802
Contributions	7,279	7,906
Cash Retirements	(22,703)	0
Transfers	0	(6,430)
Sales	(1,502)	(3,109)
Earnings	(466)	1,171
Administrative expenses	(1,254)	(511)
Net change	(18,646)	(973)
Balance, December 31, 2017	$ 182,183	200,829

3. Information Certified by the Asset Custodian (Unaudited) (Continued)

The Guaranteed Investment Contract is a non-fully benefit responsive contract that is valued by the Custodian at estimated fair value, which represents the amount that participants could receive upon withdrawal prior to maturity.

Pooled Separate Accounts are valued by the Custodian as market value of the underlying investments. The accounts are not publicly quoted on an active market. As allowed by accounting standards, the fair value at NAV can serve as a practical expedient in estimating fair value if certain conditions are met. The accounts can be redeemed at NAV, as determined by the Custodian, as of the measurement date.

The Custodian also certified interest and dividends earned totaling $1,853 and $1,661, as well as net appreciation of $358,078 and $92,783 in the fair value of investments for the years ended December 31, 2017 and 2016, respectively.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- **Level 1** – Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that are accessible at the measurement date. There were no assets of the Plan that utilized Level 1 inputs as its primary basis for calculating fair value as of December 31, 2017 or 2016.
- **Level 2** – Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in markets that are not active. This level also includes inputs other than quoted prices that are observable, either directly or indirectly, for substantially the full term through corroboration with observable, independent market data. This includes investments valued at quoted prices adjusted for legal or contractual restrictions specific to the security. There were no assets of the Plan that utilized Level 2 inputs as its primary basis for calculating fair value as of December 31, 2017 or 2016.
- **Level 3** – Pricing inputs are unobservable for the asset or liability. That is, inputs that reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability. Investments utilizing Level 3 inputs as its primary measure of fair value include Guaranteed Investment Contracts totaling $182,183 and $200,829 at December 31, 2017 and 2016, respectively.

4. Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.
