OUAC, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2017 and 2016

NOTE A - DESCRIPTION OF PLAN

The following brief description of the OUAC, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan covering all full-time employees of OUAC, Inc. (the Company) who have one year of service, which is defined as 1,000 hours and 12 months of consecutive service, and are age 21 or older. Participants are eligible to participate in the Plan the first day of each month following the date they met the criteria. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions and employer matching contributions in any of the investment options offered by the Plan.

Contributions

Participants may contribute up to 100% of their compensation, within the salary deferral limitations imposed by Section 401(k) of the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. In 2016, the Plan adopted a safe harbor provision and began matching 100% of the first 3% of compensation plus 50% of the elective deferrals between 3% and 5% of compensation. Additional amounts may be contributed at the option of the Company's Board of Directors. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of the Company's contributions, forfeitures, and Plan earnings. Allocations are based on participant earnings, compensation, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their account is based on years of continuous service, provided the deferral percentage tests are satisfied. A participant is 100% vested after six years of service.

Payment of Benefits

On termination of service, a participant may elect to receive either a lump-sum amount or annual installments over a certain period. In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed by participants incurring heavy financial need, as defined by the Plan.

Forfeited Accounts

At December 31, 2017 and 2016, there were no forfeited accounts. The accounts are used to pay administrative expenses of the Plan or to reduce employer contributions. Forfeitures in the amount of \$1,464 were used in 2017. No forfeitures were used in 2016.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies followed in the preparation of these financial statements. These policies conform to accounting principles generally accepted in the United States of America, and have been applied on a consistent basis.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting. Per FASB ASC 962, investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that effect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Valuation of Investments and Income Recognition

The Plan investments are reported at fair market value (except for fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Net appreciation or depreciation in the fair value of investments is reflected in the statements of changes in net assets available for benefits and includes realized gains and losses on investments bought and sold as well as held and distributed and the change in appreciation from one period to the next. Purchases and sales of investments are recorded on a trade date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in investment income.

Notes Receivables from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. The loans are secured by the participants' vested interest in the Plan's assets, and are generally due in installment payments of principal plus interest at an interest rate ranging from 5.25% to 6.00%. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Income Taxes

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Subsequent Events

The Plan Administrator has evaluated all activity of the Plan through July 16, 2018, the date the financial statements were available to be issued and concluded that no subsequent events have occurred that would require recognition or disclosure in the financial statements or notes.

NOTE C - INFORMATION CERTIFIED BY CUSTODIAN

The Plan Administrator has obtained certification from Ascensus (the Custodian) that the information provided to the Plan Administrator by the Custodian is complete and accurate in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. A summary of information included in the financial statements, which has been certified, is as follows at December 31:

	2017	2016
Mutual Funds	\$ 1,674,395	\$ 1,310,258
Guaranteed Investment Contract	105,417	164,105
Notes receivable from participants	10,310	25,605
Net appreciation in fair value of investments	235,727	107,676
Interest and dividends	23,747	22,648

NOTE D - FAIR VALUE

FASB ASC 820 establishes a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described in the table below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

- *Mutual Funds*: Valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. (Level 1)

NOTE D - FAIR VALUE (CONTINUED)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	<u>2017</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual Funds	<u>\$ 1,674,395</u>	<u>\$ 1,674,395</u>	<u>\$ -</u>	<u>\$ -</u>
	<u>2016</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Mutual Funds	<u>\$ 1,310,258</u>	<u>1,310,258</u>	<u>\$ -</u>	<u>\$ -</u>

NOTE E - GUARANTEED INVESTMENT CONTRACT

The Plan invests in a guaranteed investment contract (GIC), MetLife Stable Fund (the Contract), with the Metropolitan Life Insurance Company (MetLife). The Contract is considered a separate account GIC in which MetLife purchases investments in MetLife separate accounts using funds from Plan contributions. MetLife is contractually obligated to repay the principal and a guaranteed minimum interest rate, never to fall below 0%. The interest rate credited to participant accounts is reset on a quarterly basis and is reflective of the market performance of underlying separate accounts, anticipated withdrawals by all participating plans, contract charges and trustee's fees.

As described in Note B, because the fixed income investments are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the GIC. Contract value, as reported to the Plan by the Custodian, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Based on information received from Ascensus Trust Company for the Fixed Account investment, the contract value approximates fair value for year ended December 31, 2017.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The GIC does not permit the Custodian to terminate the agreement prior to the scheduled maturity date.

NOTE F - TRANSACTIONS WITH PARTIES-IN-INTEREST

Ascensus is the Custodian as agent for Ascensus Trust Company and investment advisor as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. During 2017 and 2016, the Plan paid administrative fees of \$13,052 and \$11,758, respectively, to Ascensus.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
