GROUP PENSION PLAN FOR EMPLOYEES OF OHIO PACKING COMPANY
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - PLAN DESCRIPTION

The Group Pension Plan for Employees of Ohio Packing Company (Plan) is a defined benefit pension plan which was created for the purpose of providing retirement, death and disability benefits to employees of Ohio Packing Company. The Internal Revenue Service has approved the Plan as a qualified pension plan. As such, the Plan's earnings are exempt from Federal income tax and benefits are not taxable to the participants until received. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and amendments thereto.

The plan sponsor, Ohio Packing Company, ceased operation in April, 2014. The Plan continues to operate and be funded to cover obligations of the Plan.

Eligibility

All employees of the plan sponsor who have attained age 21 and completed one year of service are eligible to participate in the Plan.

Benefits

Participants with a vested interest are entitled to annual pension benefits beginning at normal retirement age (65) equal to 1.15% of their monthly average compensation multiplied by years of service (up to maximum of 20 years) plus .65% of the average monthly compensation in excess of \$2,125 (based upon social security tables) multiplied by the total years of service (up to maximum of 35 years). The Plan permits early reduced retirement benefits beginning at age 55 if the participant completed at least 10 years of service.

Effective August 31, 2006, all future benefit accruals were frozen.

Death and Disability Benefits

If a participant dies prior to the retirement date, a death benefit equal to the present value of the employee's accumulated pension benefit is paid to the participant's beneficiary. Disability benefits are also available to disabled participants prior to normal retirement age.

Vesting

Participants become vested in the Plan under a normal vesting schedule as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
0-4	0%
5	100%

Contributions

Contributions in amounts determined by the Plan's actuary to adequately fund current operations and past service liabilities. See Note 7 for additional details.

NOTE 2 - ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

GROUP PENSION PLAN FOR EMPLOYEES OF OHIO PACKING COMPANY
NOTES TO FINANCIAL STATEMENTS

NOTE 2 - ACCOUNTING POLICIES (Continued)

Valuation of Investments

Investments are stated at aggregate current fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Receivables

Contributions for a year are determined by the plan actuary. Contributions are recorded in the period they pertain to as determined by the Plan actuary. Contributions required for a given year, but not yet funded as allowed by law, are recorded as receivables. Historically, all contributions declared and required have been remitted in a timely fashion in accordance with rules and regulations prescribed by the DOL and IRS. Accordingly, no provision for bad debts is maintained or recorded.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits (see Note 5) are those estimated future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to services rendered by the employees as of the valuation date. Accumulated plan benefits consist of benefits expected to be paid to retired or terminated employees or their beneficiaries. Benefits for retired or terminated employees or their beneficiaries are based on employees' years of service. The accumulated plan benefits include benefits payable under all circumstances – retirement, death, disability, and termination of employment.

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Benefits and Administrative expenses

Benefit payments to participants are recorded upon distribution. Reasonable expenses incident to the operation of the Plan, including PBGC insurance premiums, are paid out of the Plan and recorded as incurred. A portion of the administrative expenses are paid by the Plan Sponsor.

NOTE 3 - INVESTMENTS

The accompanying financial statements contain information that was provided by the Plan's trustee and custodian; Huntington National Bank with respect to cash equivalents and investment income. The Plan administrator has obtained certification that the information is complete and accurate.

GROUP PENSION PLAN FOR EMPLOYEES OF OHIO PACKING COMPANY
NOTES TO FINANCIAL STATEMENTS

NOTE 3 - INVESTMENTS (Continued)

The Plan's investments are held in a bank-administered trust fund. During the 2014 plan year all investments were sold with the proceeds invested in cash equivalent funds, which continue to be held by the trustee. Accordingly, the plan no longer holds invested assets.

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurements authoritative literature established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access. This includes common stock, most corporate bonds, US government securities and certain trust assets.

Level 2 – Inputs to the valuations methodology include quoted market prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from a corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. This includes certain assets held in collective trusts, certain corporate bonds.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement. This includes certain assets held in collective trust and other assets not traded at quoted prices.

GROUP PENSION PLAN FOR EMPLOYEES OF OHIO PACKING COMPANY
NOTES TO FINANCIAL STATEMENTS

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. The methodologies used for 2015 were first adopted January 1, 2008, for valuation and disclosure purposes.

Common stock – Valued at quoted market prices at plan year-end.

Corporate & government bonds – Valued at quoted market prices at plan year-end.

Registered Investment Companies (Mutual funds) – Valued at the net asset value (NAV) of shares held by the plan at year-end.

Common/collective trust funds – Valued based on interest (units) owned of the trust and the related underlying assets within the trust as increased or decreased by activity within the trust. Value determined by administrators of the trust based on assets held and estimated prices obtainable in available open market.

As indicated in Note 3, all investments were sold and the proceeds invested in a short term cash equivalent. Accordingly, the Plan had no investments as of December 31, 2015 and 2014.

NOTE 5 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments that are attributed under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries.

The actuarial present value of accumulated plan benefits is determined by the Plan's actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts of interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation as of January 1, 2014, were as follows:

- | | |
|--|-------------------------------------|
| 1. <u>Employees Excluded from Cost</u> | Those not eligible to participate. |
| 2. <u>Interest Rates</u> | 6.15 % |
| 3. <u>Benefit Election</u> | Lump Sum Payouts @ 100% probability |

The Employer has the right to terminate the Plan by providing notice to the trustees or plan administrator. If such termination were to occur, the assets of the Plan are required to be allocated to participants based on rules and regulations prescribed by ERISA. See Note 9 for additional information.

As discussed in Note 1, the plan sponsor ceased operations in April, 2014. No determination has been made with respect to the ongoing operations of the Plan.

NOTE 7 - INVESTMENT AND FUNDING POLICY

The Plan's investment policy is to maintain sufficient liquidity to assure the timely payment of benefits and the selection of investments which in the long run, will produce a rate of return no less than the rate of return assumed by the actuary in making his determination of funding requirements.

The Plan's funding policy is to fund meet the minimum funding requirement as determined by the Plan's actuary. During 2015 and 2014, the required minimum contributions were \$578,086 and \$77,812 respectively.

NOTE 8 - INCOME TAX STATUS

The trust established under the Plan is qualified pursuant to the Internal Revenue Code, and accordingly is exempt from income taxes. The Plan obtained a favorable tax determination letter from the Internal Revenue Service dated September 22, 1995. The Plan has been amended since receiving the determination letter. And the Plan's administrator and the Plan's trustees believe the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan does not believe there are currently any tax positions which have a reasonable possibility of change from taxing authorities. The Internal Revenue Service is currently the only major authority with jurisdiction over the tax filings of the Bureau. The years subject to examination by the Internal Revenue Service are 2014, 2013 and 2012.

NOTE 9 - BENEFITS INSURANCE COVERAGE

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. For Plan terminations that ceiling is \$5,011 per month in 2015 and \$4,943 per month in 2014. That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

NOTE 10 - RECLASSIFICATIONS

Certain accounts in the prior-year financial statements have been reclassified for comparative purposes to conform to the presentation of the current-year financial statements. There was no effect on net assets available for benefits.

NOTE 11 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The audited financial statements are in agreement with the form 5500.
