Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee, as of and for the year ended October 31, 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

401(k) PLAN**

**NOTES TO FINANCIAL STATEMENTS
OCTOBER 31, 2017 AND 2016**

1. DESCRIPTION OF PLAN:

The following description of The E.A. Patten Company ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to all employees of the Company. For elective salary deferrals (401(k) contributions), eligibility begins after one year of service for employees who are age eighteen or older. For Company match and profit sharing contributions, participants must have one year of service (completing 1,000 hours) and be age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 15% of annual compensation (up to the Internal Revenue Service maximum allowable amount), as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company determines each year the percentage of the employee's salary reduction it will contribute to the Plan. For 2017 the Company matched 2% of the participant contributions. Contributions are subject to certain limitations.

Participant accounts

Each participant's account is credited with the participant's contribution and Company matching contributions as well as Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participant accounts are charged a fee for withdrawals.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of service.

Investment options

Upon enrollment in the Plan, a participant may direct employee contributions in various increments in any of the investment options available with Reliance Trust.

Participants can change their investment options on a daily basis electronically.

401(k) PLAN**

**NOTES TO FINANCIAL STATEMENTS
OCTOBER 31, 2017 AND 2016**

1. DESCRIPTION OF PLAN: (CONTINUED)

Notes receivable from participants

Participants may borrow from their fund accounts with the plan administrator's approval. The loan amount is limited to 50% of the individual's vested account, but not exceeding \$50,000, or less than \$1,000. The loans are secured by the vested balance in the participant's account and bear interest at a rate of the prime rate per the Wall Street Journal. Principal and interest is paid ratably, not less frequently than quarterly, but generally through weekly payroll deductions. The Plan allows for a maximum of one loan at one time per participant.

Payment of benefits

On termination of service due to death, a participant will receive a lump-sum amount equal to the value of the participant's account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited accounts

Forfeitures of non-vested Company contributions are used to reduce future Company contributions or pay Plan expenses. During the year ended October 31, 2017, there were no forfeited participant accounts used to reduce the Company's contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Date of management's review

Subsequent events were evaluated through July 26, 2018, which is the date the financial statements were available to be issued.

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses incurred in the administration of the Plan are paid directly by the Company.

THE E.A. PATTEN COMPANY
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
OCTOBER 31, 2017 AND 2016

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

Investment valuation and income recognition

The Plan's investments are presented at fair value, based on the quoted market prices of the underlying securities within each fund at October 31, 2017 and 2016. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recognized when earned. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Earnings on investments are allocated on a pro rata basis to individual participant accounts based on the type of investment and the ratio of each participant's individual account balance to the aggregate of participant account balances. All investments are made as directed by the Plan's participants.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. The interest included in each loan payment made by a participant is recognized as interest income in the participant's individual account.

Concentration of credit risk

Financial instruments that potentially subject the Plan to concentrations of credit risk are part of the holdings in the Plan's investments. Management believes that the Custodian maintains the Plan's investments with high credit quality institutions and attempts to limit the credit exposure to any particular investment.

Fair value measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

THE E.A. PATTEN COMPANY
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
OCTOBER 31, 2017 AND 2016

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

Fair value measurements (continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3. FAIR VALUE MEASUREMENTS:

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust

Fund: Valued at the NAV of units of a common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal for the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Participant

loans: Valued at amortized cost, which approximates fair value.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

401(k) PLAN**

**NOTES TO FINANCIAL STATEMENTS
OCTOBER 31, 2017 AND 2016**

3. FAIR VALUE MEASUREMENTS: (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of October 31, 2017:

<u>Assets at Fair Value as of October 31, 2017</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of October 31, 2016:

<u>Assets at Fair Value as of October 31, 2016</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Total assets at fair value	<u>\$3,455,019</u>	<u>\$ 199,758</u>	<u>\$ -</u>	<u>\$3,654,777</u>

4. PLAN TERMINATION:

Although the Company has not expressed any intent to do so, the Company has the right, under the Plan agreement, to amend any or all provisions of the Plan, as well as discontinue contributions and terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become vested 100% in their accounts, and the net assets of the Plan must be allocated among the participants and beneficiaries of the Plan in the order provided for by ERISA.

5. TAX STATUS:

The Plan received a favorable tax determination letter from the IRS dated July 2014, which states that the Plan, as then designed, qualifies under the applicable provisions of the Internal Revenue Code and that it is therefore exempt from federal income taxes. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**THE E.A. PATTEN COMPANY
401(k) PLAN**

**NOTES TO FINANCIAL STATEMENTS
OCTOBER 31, 2017 AND 2016**

6. RISKS AND UNCERTAINTIES:

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. FIDELITY BONDING:

ERISA requires that every fiduciary must be bonded to at least 10% of the funds handled, but not less than \$1,000 or more than \$500,000. A fiduciary is any person who, (a) has discretionary authority or control over management of a plan or its assets, (b) gives investment advice for a fee or compensation or has authority or responsibility to do so, or (c) has any discretionary authority or responsibility in administering a plan. A bond from US Specialty Insurance Company meets the ERISA 10% minimum requirement.

8. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED):

Information presented in the accompanying statements and schedules as of October 31, 2017 and 2016, and for the year ended October 31, 2017 for investments, notes receivable from participants, investment income and interest income on the notes receivable from participants was derived, without audit, from information certified to be complete and accurate by Reliance Trust Company, the trustee, as permitted by the election made by the plan administrator under 29 CFR 0220.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The loan amount is limited to 50% of the individual's vested account, but not exceeding \$50,000, or less than \$1,000. The loans are secured by the vested balance in the participant's account and bear interest at a rate of the prime rate per the Wall Street Journal. Principal and interest is paid ratably, not less frequently than quarterly, but generally through weekly payroll deductions. The Plan allows for a maximum of one loan at one time per participant.

Payment of benefits

On termination of service due to death, a participant will receive a lump-sum amount equal to the value of the participant's account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited accounts

Forfeitures of non-vested Company contributions are used to reduce future Company contributions or pay Plan expenses. During the year ended October 31, 2017, there were no forfeited participant accounts used to reduce the Company's contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Date of management's review

Subsequent events were evaluated through July 26, 2018, which is the date the financial statements were available to be issued.

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses incurred in the administration of the Plan are paid directly by the Company.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

Investment valuation and income recognition

The Plan's investments are presented at fair value, based on the quoted market prices of the underlying securities within each fund at October 31, 2017 and 2016. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recognized when earned. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Earnings on investments are allocated on a pro rata basis to individual participant accounts based on the type of investment and the ratio of each participant's individual account balance to the aggregate of participant account balances. All investments are made as directed by the Plan's participants.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. The interest included in each loan payment made by a participant is recognized as interest income in the participant's individual account.

Concentration of credit risk

Financial instruments that potentially subject the Plan to concentrations of credit risk are part of the holdings in the Plan's investments. Management believes that the Custodian maintains the Plan's investments with high credit quality institutions and attempts to limit the credit exposure to any particular investment.

Fair value measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTES TO FINANCIAL STATEMENTS
OCTOBER 31, 2017 AND 2016

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

Fair value measurements (continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3. FAIR VALUE MEASUREMENTS:

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust

Fund: Valued at the NAV of units of a common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal for the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Participant

loans: Valued at amortized cost, which approximates fair value.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. FAIR VALUE MEASUREMENTS: (CONTINUED)

4. PLAN TERMINATION:

Although the Company has not expressed any intent to do so, the Company has the right, under the Plan agreement, to amend any or all provisions of the Plan, as well as discontinue contributions and terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become vested 100% in their accounts, and the net assets of the Plan must be allocated among the participants and beneficiaries of the Plan in the order provided for by ERISA.

5. TAX STATUS:

The Plan received a favorable tax determination letter from the IRS dated July 2014, which states that the Plan, as then designed, qualifies under the applicable provisions of the Internal Revenue Code and that it is therefore exempt from federal income taxes. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. RISKS AND UNCERTAINTIES:

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. FIDELITY BONDING:

ERISA requires that every fiduciary must be bonded to at least 10% of the funds handled, but not less than \$1,000 or more than \$500,000. A fiduciary is any person who, (a) has discretionary authority or control over management of a plan or its assets, (b) gives investment advice for a fee or compensation or has authority or responsibility to do so, or (c) has any discretionary authority or responsibility in administering a plan. A bond from US Specialty Insurance Company meets the ERISA 10% minimum requirement.

8. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED):

Information presented in the accompanying statements and schedules as of October 31, 2017 and 2016, and for the year ended October 31, 2017 for investments, notes receivable from participants, investment income and interest income on the notes receivable from participants was derived, without audit, from information certified to be complete and accurate by Reliance Trust Company, the trustee, as permitted by the election made by the plan administrator under 29 CFR 0220.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
