Note 1 - Plan Description

The following description of Ozinga Bros., Inc. Employees' Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with a 401(k) feature available to nonunion employees of Ozinga Bros., Inc. (the "Company") and certain subsidiaries and affiliates (California Leash Company, LLC; Middle River Marine, LLC; Northern Materials, Inc.; and Ozinga Materials, Inc.) who are not covered by collective bargaining agreements and who are age 18 or older. There is no service requirement to participate in the Plan. Participants who have attained age 21 are eligible to receive allocations of discretionary matching or profit-sharing contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by an administrative committee (the "Committee") that serves at the discretion of the Company's board of directors. The Committee is responsible for all matters, including, but not limited to, determining eligibility, rights to benefits, interpreting plan documents, directing the Plan's trustee, and maintaining participant accounts.

During 2017, the Plan was amended to allow for bonuses to be included as eligible compensation against which deferrals can be made. Participants can enter into a special salary reduction agreement up to 100 percent of the bonus amount, subject to normal contribution limitations. If no special salary reduction agreement is executed, the same deferral percentage used for regular contributions will be applied to the bonus amounts. Also during 2017, the Plan was amended to automatically enroll employees when they become eligible to participate in the Plan unless they affirmatively elect otherwise. The initial automatic deferral percentage is 3 percent of eligible compensation, and increases by 1 percent annually, up to a maximum of 10 percent, as long as the participant is still in automatic enrollment status.

Contributions

The Plan provides for employee salary contributions up to a maximum of 90 percent of the annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. The Plan also allows participants to contribute their compensation on an after-tax basis. Participants who have attained age 50 may make catch-up contributions in addition to their regular deferral contributions. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Company may make an annual discretionary matching contribution, as approved by the Company's board of directors. Participants who are age 21 or older who have completed one year of service with 1,000 hours will be eligible to receive an allocation of the Company's discretionary matching contribution. There were no discretionary matching contributions made by the Company during 2017 or 2016.

The Company may also make an annual discretionary nonelective profit-sharing contribution to the Plan, as approved by the Company's board of directors. Participants who are age 21 and older who have completed one year of service with 1,000 hours will be eligible to receive an allocation of the Company's discretionary profit-sharing contribution. The Company made discretionary profit-sharing contributions of approximately $4,495,000 and $3,772,000 for the years ended December 31, 2017 and 2016, respectively. Profit-sharing contributions are allocated based on a percentage of the participant's compensation in relation to total compensation of all participants receiving a discretionary profit-sharing contribution.

Participants may direct their contributions among one or more funds. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the plan provisions.

Note 1 - Plan Description (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's discretionary matching contribution, and allocations of the Company's discretionary profit-sharing contribution and plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of (a) $50,000 reduced by the highest outstanding loan balance in the participant's account during the prior 12-month period or (b) 50 percent of their vested account balance. The notes receivable are secured by the balance in the participants' accounts and bear interest at market rates. Principal and interest are paid ratably through monthly payroll deductions over a term not exceeding five years, or a reasonable period of time not to exceed 10 years determined at the time of the loan if used for the purchase of a principal residence.

Benefit Payments

Upon termination of service due to death, disability, retirement, or termination of employment, a participant or his or her beneficiary may elect to receive either a lump-sum distribution or various installment options.

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan document.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts occurs ratably over six years and is based on years of continuous service. Participants are fully vested after the earlier of six years of service or early retirement age, as defined.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used first to pay administrative expenses of the Plan. Any remaining amounts will be used to reduce future company contributions. At December 31, 2017 and 2016, forfeited account balances totaled approximately $156,000 and $93,000, respectively. During 2017 and 2016, forfeitures were used to reduce contributions in the amount of approximately $55,000 and $0, respectively.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Fidelity Management Trust Company or its affiliates. Fidelity Management Trust Company is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, participants become 100 percent vested in the company contribution portion of their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2017 or 2016. If participant notes receivable are deemed to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' account and are included in administrative expenses. Investment related expenses are included in net appreciation (deprecation) of fair value of investments.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including July 25, 2018, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Fidelity Management Trust Company (the "Trustee") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Trustee.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2017 and 2016.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following valuation methodologies have been used to value the Plan's investments:

Mutual Funds

Mutual funds are valued at quoted prices reported in active markets.

Money Market Fund

The money market fund is valued at quoted prices reported in active markets.

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2017			
	Investments (at Fair Value)	Level 1	Level 2	Level 3
Mutual funds	$ 68,239,106	$ 68,239,106	$ -	$ -
Money market fund	870,760	870,760	-	-
Total	$ 69,109,866	$ 69,109,866	$ -	$ -

Note 4 - Fair Value Measurements (Continued)

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2016			
	Investments (at Fair Value)	Level 1	Level 2	Level 3
Mutual funds	$ 54,819,666	$ 54,819,666	$ -	$ -
Money market fund	730,345	730,345	-	-
Total	$ 55,550,011	$ 55,550,011	$ -	$ -

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer.

Note 5 - Tax Status

The Plan, as adopted, is a volume submitter plan, which does not require an application for a determination letter from the Internal Revenue Service (IRS). The volume submitter plan has received a favorable notification letter from the IRS dated March 31, 2014 stating that the volume submitter plan document, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since the date of the letter, the plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.
