INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Robert Madden Industries, Ltd. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Robert Madden Industries, Ltd. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note H, which was certified by Wells Fargo Bank Texas, NA, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2017 and 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) and schedule of assets (acquired and disposed of within year) as of or for the year ended December 31, 2017, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion Paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A – DESCRIPTION OF PLAN

The following description of the Robert Madden Industries, Ltd. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – Robert Madden Industries, Ltd. 401(k) Plan is a contributory, defined contribution pension plan covering substantially all employees of Robert Madden Industries, Ltd. (the "Sponsor"). The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

In addition to the Sponsor acting as the Plan's Administrator, Wells Fargo Bank Texas, NA is the Plan's trustee (the "Trustee"). The Trustee is a directed trustee and has no discretionary authority to invest Plan assets, but is the owner of the Plan assets and holds the Plan assets in the trust for the exclusive benefit of participants and beneficiaries. The Trustee operates omnibus accounts that pool assets from the Plan and other unrelated plans and invest in mutual funds (hereinafter referred to as the "underlying mutual funds").

Parties in Interest – A Party-in-interest is:

- A fiduciary or employee of the Plan
- Any person who provides services to the Plan
- The Sponsor or an employee association whose members are covered by the Plan
- A person who owns 50 percent or more of the Sponsor or such employee association or
- Relatives of any persons just listed

Eligibility - Sponsor employees are eligible to participate in the Plan when they reach age 21 and complete six months of service. Plan entry dates are January 1, April 1, July 1 and October 1.

Contributions – Participants may elect to contribute up to $18,000 (with an additional $6,000 allowed for participants age 50 or over at year end) of their compensation for the Plan year, defined as January 1 to December 31 by the Plan, through pre-Federal income tax wage or salary deferrals (hereinafter referred to as "salary deferrals"). These contributions are subject to Internal Revenue Code limitations. Participants can change their salary deferral elections at any time through internet access or with written notice to the Sponsor. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans ("rollovers").

The Plan provides for Robert Madden Industries, Ltd. to make matching, profit-sharing and qualified non-elective contributions ("QNEC") based on compensation earned while the participant was eligible to participate in the Plan. The Sponsor has adopted a safe harbor provision for the Plan in which each year the Sponsor will match 100% of each participant's deferral contributions to the plan in an amount not exceeding 4% of the participant's compensation. In addition, the Sponsor has discretion to match additional participant contributions. In 2017 the Sponsor matched participant contributions of up to 4% of qualified participant compensation. Profit-sharing contributions are to be allocated to all participants who were employed on the last day of the Plan year or must have completed at least 501 hours of service during the plan year if the participant terminated their employment during the plan year. QNEC contributions may be made to help pass various non-discrimination tests under the 401(k) portion of the Plan. No profit sharing or QNEC contributions were made in 2017.

Participant Accounts – Each participant's account is credited with their salary deferral (participant's contribution), allocations of (a) the Sponsor's contribution (matching and/or profit sharing) and, (b) Plan earnings. Participant accounts are charged with distributions, distribution fees, administrative fees and forfeitures. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts – If a participant terminates, any nonvested amounts in their account will be forfeited. Forfeitures of matching contributions are used to reduce future matching contributions and forfeitures of profit sharing contributions are reallocated as an additional profit sharing contribution.

Vesting – Participants salary deferrals, sponsor safe harbor contributions, QNEC's, and investment earnings thereon are fully vested at all times. Participants automatically vest 100% in their account balances upon retirement at age 65, total and permanent disability or death. Vesting in matching and profit sharing contributions is determined under the following vesting schedule:

Vesting Schedule

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Investment Options - Plan investment options are comprised of the underlying mutual funds available through Trustee omnibus accounts and approved by the Sponsor. Participants direct investment of their account assets in reference to the underlying mutual funds.

Participant Loans – The Plan provides for loans to eligible borrowers, as defined. Participants may borrow up to 50% of their vested account balance from their fund accounts with a minimum of $1,000 up to a maximum of $50,000 (only one loan may be outstanding at any time for each eligible borrower). Loans are evidenced by promissory notes held by the Trustee, secured by the balance in the participant's account and bear interest at a reasonable rate determined by the Sponsor. Principal and interest are paid ratably through level payroll deductions. All loans must be repaid within five years; except that the term may be higher if used for a primary residence and prepayments are required immediately upon termination or distribution and are otherwise allowed at any time.

Payment of Benefits – Upon termination of service whether due to death, disability, retirement or other reasons, a participant with a vested account balance of $5,000 or less will receive a lump-sum amount. For participants with more than $5,000 in vested benefits the participant (or beneficiary) can choose between a lump-sum distribution or periodic single-sum distributions of a portion of the participant's account (subject to IRC required minimum distributions at age 70 1/2). In-service distributions of salary deferrals, Sponsor contributions and investment earnings are available to satisfy specified immediate and heavy financial needs (referred to as "hardship withdrawals").

Termination – Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants immediately become 100% vested in their accounts.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America, including specialized industry practices as specified in the American Institute of Certified Public Accountant's Audit and Accounting Guide titled *Employee Benefit Plans* ("GAAP").

Estimates

The preparation of financial statements in conformity with U. S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. If available, quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Participant loans are carried at net realizable value, which approximates fair value.

Investment Income

Net appreciation (depreciation) in the fair value of investments includes unrealized appreciation or depreciation of investments held at year end. Interest, dividends, and mutual fund distributions of capital gains are recognized when received.

Distributions

Benefit distributions are recognized when paid to participants or their beneficiaries. Participants or their beneficiaries are charged distribution fees. Distributions are reduced by the amount of the distribution fees.

Administrative Costs

Administrative costs of the Plan are prorated to each participant based on their respective account balances. The Sponsor provides certain administrative services, office space and fixtures and equipment at no cost to the Plan.

Prohibited Transactions

Under ERISA, a Plan fiduciary is prohibited from causing the Plan to engage in the following transactions with a party-in-interest, with certain conditional exemptions provided by ERISA:

- A sale, exchange or lease of property;
- A loan or other extension of credit
- The furnishing of goods, services or facilities;
- A transfer of plan assets to a party-in-interest for the use or benefit of a party-in-interest; or
- An acquisition of employer securities or real property

A fiduciary is also generally prohibited from using the Plan's assets for his or her own interest or account, acting in any Plan transactions on behalf of a party whose interests are adverse to those of the Plan or its participants and receiving consideration for his or her own account from a party dealing with the Plan in connection with a transaction involving the Plan's assets.

NOTE C – INVESTMENTS

All of the Plan's investments are participant directed within each individual participant's account. Plan investments were certified as complete and accurate by the Trustee as of December 31, 2017 and 2016. The following presents investments at December 31, 2017 and 2016:

Total	$ 15,762,467.61	$ 13,898,989.34

During 2017 and 2016, the Plan's investments held at year end appreciated in value by $1,446,001.46 and $625,584.78, respectively, as follows:

	2017	2016
Mutual funds	$ 1,046,553.61	$ 288,038.65
Collective trust	399,447.85	337,546.13
Total	$ 1,446,001.46	$ 625,584.78

At December 31, 2017 there were sixty-nine terminated members of the Plan whose accounts totaled $217,446.81.

NOTE D – TAX STATUS

The Plan is based on a prototype standardized profit sharing plan from Wells Fargo Bank Texas, NA that received a favorable determination letter from the IRS dated August 30, 2001. In that letter, the IRS indicates that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended since receiving that letter and has not received an updated determination, the Sponsor believes that the Plan is designed, and is currently being operated, in compliance with applicable requirements of the IRC and, therefore believe that the Plan is qualified, and the related trust is tax-exempt.

U. S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress. As of December 31, 2017, the Plan's tax years for 2014, 2015, and 2016 are subject to examination by the tax authorities.

NOTE E – FAIR VALUE HIERARCHY TABLE

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. The fair value of Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset either directly or indirectly through corroboration with observable market data.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds are valued at the net asset value (NAV) of the shares held by the Plan at year end.

The collective trusts are valued at the NAV of shares held by the Plan at year-end. The NAV is based on the fair values of the underlying investments held by the fund. Participant transactions (issuance and redemptions) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

There were no significant transfers between level 1 and level 2 investments during the year ended December 31, 2017.

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Total	$ 9,225,294.67	$ 4,673,694.67	$ -	$ 13,898,989.34

NOTE F – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Sponsor is not aware of any prohibited transactions during 2017. Certain Plan investments are shares of mutual funds managed by Wells Fargo. Wells Fargo is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA. Some of the fees paid by the Plan for the investment management services may be netted against net appreciation in fair value of investments.

NOTE G – RISKS & UNCERTAINTIES

The Trustee is chartered as a Federal Savings Bank and is regulated by the Office of Thrift Supervision; however, the Trust is not insured by the FDIC and is not a deposit or other obligation of the Trustee and is not guaranteed by the Trustee, therefore, the Plan's trust is subject to investment risks which include possible loss of principal. Plan assets are primarily invested in Trustee omnibus accounts and the Trustee is the registered owner of the underlying mutual funds; there is no provision for credit risks associated with the Trustee in these financial statements.

Plan assets flow through Trustee omnibus accounts to registered investment companies (i.e., the underlying mutual funds) as directed by participants. The underlying mutual funds invest in stocks, bonds, fixed income securities, other mutual funds and other investment securities. Such investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term could materially affect participants' account balances and the amounts reported in these financial statements.

The Trustee charges fees for trust and administrative services provided to the Plan. The Sponsor is not aware of any fees or other amounts paid to or received by the Trustee that should be refunded to the Plan.

NOTE H – INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Sponsor elected to report as permitted by 23 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following information included in the accompanying financial statements and supplemental schedules is complete and accurate.

	2017	2016
Investments, at fair value:		
Mutual funds	$ 11,170,612.92	$ 9,225,294.67
Common/collective trust	4,591,854.69	4,673,694.67
Total	$ 15,762,467.61	$ 13,898,989.34
Investment income		
Interest, dividends and capital gains	$ 822,561.96	$ 346,013.97
Net appreciation (depreciation) in fair value	$ 1,446,001.46	$ 625,584.78

The Plan's independent auditors did not perform audit procedures with respect to the certified investment information except to compare the certified information to these financial statements and supplemental schedules.

NOTE I – RECONCILIATION TO FORM 5500

The Form 5500 is a joint-agency form, developed by the IRS, the U.S. Department of Labor and the Pension Benefit Guaranty Corporation, which may be used to satisfy the annual reporting requirements of the IRC and Titles I and IV of ERISA. The Plan is required to file a Form 5500 annually and enclose audited financial statements. These financial statements are prepared on the accrual basis of accounting in accordance with GAAP. Schedule H in the Plan's Form 5500 is prepared on the cash basis of accounting, which is acceptable under the IRC. The primary differences between these bases of accounting and reporting for the Plan are due to timing differences in the recognition of Plan activities.

Reconciliation of "Net Assets Available for Benefits" per these financial statements and "Net Assets" per the Plan's Form 5500 as of December 31, 2017 and 2016 follows:

	2017	2016
Net assets available for benefits per the financial statements	$ 16,189,276.12	$ 14,266,503.24
Less: Receivable - employer	(426,808.51)	(367,513.95)
Receivable - employees	-	-
Net assets available for benefits per Schedule H to the Form 5500	$ 15,762,467.61	$ 13,898,989.29

A reconciliation of the "Increase in Net Assets Available for Benefits" per the financial statements and "Net Income" per the Plan's Form 5500 for 2017 and 2016 follows:

	2017	2016
Increase in net assets available for benefits per the financial statements	$ 1,922,772.88	$ 980,394.73
Less: Receivable - employer reconciling amount	(59,294.56)	(28,000.55)
Net income per Schedule H to the Form 5500	$ 1,863,478.32	$ 952,394.18

NOTE J – FINANCIAL INSTRUMENTS

The Plan's financial instruments are investments that are in each individual participant's self directed account. The investments consist of mutual funds. The Plan participants have investment alternatives within an array of company sizes and industries. Each individual participant is exposed to various risks based upon their selection of investment alternatives.

NOTE K – CONCENTRATIONS OF CREDIT RISK

The Plan's receivables are all from the employer and sponsor of the Plan. These receivables are not collateralized.

NOTE L – RECLASSIFICATIONS

Certain reclassifications may have been made to 2016 amounts to conform to the 2017 financial statement presentation.

NOTE M – NEW ACCOUNTING PRONOUNCEMENTS

In May 2015, the FASB issued Accounting Standards Update 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent) (ASU 2015-07).* This update removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. It also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. This update is effective for fiscal years beginning after December 15, 2016.

The Plan currently has no investments in which the net asset value per share practical expedient is applied.

In July 2015, the FASB issued Accounting Standards Update 2015-12, *Plan Accounting: Defined Benefit Pension Plans (topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) (ASU 2015-12).* This ASU is in three parts: Part I: Fully Benefit-Responsive Investment Contracts which requires that full-responsive investment contracts are measured, presents, and disclosed only at contract value. Part II: Plan investment Disclosures which eliminates the requirement to disclose 1) individual investments that represent 5% or more of net assets available for benefits and 2) the net appreciation or depreciation for investments by general type. The net appreciation or depreciation in investments for the period still will be required to be presented in the aggregate, but will no longer be required to be disaggregated and disclosed by general type. Part III: Measurement Date Practical Expedient provides a practical expedient to permit plans to measure investments and investment related accounts as of a month-end that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. This update is effective for fiscal years beginning after December 15, 2015.

NOTE N – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through August 8, 2018, which is the date the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Robert Madden Industries, Ltd. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Robert Madden Industries, Ltd. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note H, which was certified by Wells Fargo Bank Texas, NA, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2017 and 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) and schedule of assets (acquired and disposed of within year) as of or for the year ended December 31, 2017, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion Paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A – DESCRIPTION OF PLAN

The following description of the Robert Madden Industries, Ltd. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – Robert Madden Industries, Ltd. 401(k) Plan is a contributory, defined contribution pension plan covering substantially all employees of Robert Madden Industries, Ltd. (the "Sponsor"). The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

In addition to the Sponsor acting as the Plan's Administrator, Wells Fargo Bank Texas, NA is the Plan's trustee (the "Trustee"). The Trustee is a directed trustee and has no discretionary authority to invest Plan assets, but is the owner of the Plan assets and holds the Plan assets in the trust for the exclusive benefit of participants and beneficiaries. The Trustee operates omnibus accounts that pool assets from the Plan and other unrelated plans and invest in mutual funds (hereinafter referred to as the "underlying mutual funds").

Parties in Interest – A Party-in-interest is:

- A fiduciary or employee of the Plan
- Any person who provides services to the Plan
- The Sponsor or an employee association whose members are covered by the Plan
- A person who owns 50 percent or more of the Sponsor or such employee association or
- Relatives of any persons just listed

Eligibility - Sponsor employees are eligible to participate in the Plan when they reach age 21 and complete six months of service. Plan entry dates are January 1, April 1, July 1 and October 1.

Contributions – Participants may elect to contribute up to $18,000 (with an additional $6,000 allowed for participants age 50 or over at year end) of their compensation for the Plan year, defined as January 1 to December 31 by the Plan, through pre-Federal income tax wage or salary deferrals (hereinafter referred to as "salary deferrals"). These contributions are subject to Internal Revenue Code limitations. Participants can change their salary deferral elections at any time through internet access or with written notice to the Sponsor. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans ("rollovers").

The Plan provides for Robert Madden Industries, Ltd. to make matching, profit-sharing and qualified non-elective contributions ("QNEC") based on compensation earned while the participant was eligible to participate in the Plan. The Sponsor has adopted a safe harbor provision for the Plan in which each year the Sponsor will match 100% of each participant's deferral contributions to the plan in an amount not exceeding 4% of the participant's compensation. In addition, the Sponsor has discretion to match additional participant contributions. In 2017 the Sponsor matched participant contributions of up to 4% of qualified participant compensation. Profit-sharing contributions are to be allocated to all participants who were employed on the last day of the Plan year or must have completed at least 501 hours of service during the plan year if the participant terminated their employment during the plan year. QNEC contributions may be made to help pass various non-discrimination tests under the 401(k) portion of the Plan. No profit sharing or QNEC contributions were made in 2017.

Participant Accounts – Each participant's account is credited with their salary deferral (participant's contribution), allocations of (a) the Sponsor's contribution (matching and/or profit sharing) and, (b) Plan earnings. Participant accounts are charged with distributions, distribution fees, administrative fees and forfeitures. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts – If a participant terminates, any nonvested amounts in their account will be forfeited. Forfeitures of matching contributions are used to reduce future matching contributions and forfeitures of profit sharing contributions are reallocated as an additional profit sharing contribution.

Vesting – Participants salary deferrals, sponsor safe harbor contributions, QNEC's, and investment earnings thereon are fully vested at all times. Participants automatically vest 100% in their account balances upon retirement at age 65, total and permanent disability or death. Vesting in matching and profit sharing contributions is determined under the following vesting schedule:

Vesting Schedule

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Investment Options - Plan investment options are comprised of the underlying mutual funds available through Trustee omnibus accounts and approved by the Sponsor. Participants direct investment of their account assets in reference to the underlying mutual funds.

Participant Loans – The Plan provides for loans to eligible borrowers, as defined. Participants may borrow up to 50% of their vested account balance from their fund accounts with a minimum of $1,000 up to a maximum of $50,000 (only one loan may be outstanding at any time for each eligible borrower). Loans are evidenced by promissory notes held by the Trustee, secured by the balance in the participant's account and bear interest at a reasonable rate determined by the Sponsor. Principal and interest are paid ratably through level payroll deductions. All loans must be repaid within five years; except that the term may be higher if used for a primary residence and prepayments are required immediately upon termination or distribution and are otherwise allowed at any time.

Payment of Benefits – Upon termination of service whether due to death, disability, retirement or other reasons, a participant with a vested account balance of $5,000 or less will receive a lump-sum amount. For participants with more than $5,000 in vested benefits the participant (or beneficiary) can choose between a lump-sum distribution or periodic single-sum distributions of a portion of the participant's account (subject to IRC required minimum distributions at age 70 1/2). In-service distributions of salary deferrals, Sponsor contributions and investment earnings are available to satisfy specified immediate and heavy financial needs (referred to as "hardship withdrawals").

Termination – Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants immediately become 100% vested in their accounts.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America, including specialized industry practices as specified in the American Institute of Certified Public Accountant's Audit and Accounting Guide titled *Employee Benefit Plans* ("GAAP").

Estimates

The preparation of financial statements in conformity with U. S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. If available, quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Participant loans are carried at net realizable value, which approximates fair value.

Investment Income

Net appreciation (depreciation) in the fair value of investments includes unrealized appreciation or depreciation of investments held at year end. Interest, dividends, and mutual fund distributions of capital gains are recognized when received.

Distributions

Benefit distributions are recognized when paid to participants or their beneficiaries. Participants or their beneficiaries are charged distribution fees. Distributions are reduced by the amount of the distribution fees.

Administrative Costs

Administrative costs of the Plan are prorated to each participant based on their respective account balances. The Sponsor provides certain administrative services, office space and fixtures and equipment at no cost to the Plan.

Prohibited Transactions

Under ERISA, a Plan fiduciary is prohibited from causing the Plan to engage in the following transactions with a party-in-interest, with certain conditional exemptions provided by ERISA:

- A sale, exchange or lease of property;
- A loan or other extension of credit
- The furnishing of goods, services or facilities;
- A transfer of plan assets to a party-in-interest for the use or benefit of a party-in-interest; or
- An acquisition of employer securities or real property

A fiduciary is also generally prohibited from using the Plan's assets for his or her own interest or account, acting in any Plan transactions on behalf of a party whose interests are adverse to those of the Plan or its participants and receiving consideration for his or her own account from a party dealing with the Plan in connection with a transaction involving the Plan's assets.

NOTE C – INVESTMENTS

All of the Plan's investments are participant directed within each individual participant's account. Plan investments were certified as complete and accurate by the Trustee as of December 31, 2017 and 2016. The following presents investments at December 31, 2017 and 2016:

Total	$ 15,762,467.61	$ 13,898,989.34

During 2017 and 2016, the Plan's investments held at year end appreciated in value by $1,446,001.46 and $625,584.78, respectively, as follows:

	2017	2016
Mutual funds	$ 1,046,553.61	$ 288,038.65
Collective trust	399,447.85	337,546.13
Total	$ 1,446,001.46	$ 625,584.78

At December 31, 2017 there were sixty-nine terminated members of the Plan whose accounts totaled $217,446.81.

NOTE D – TAX STATUS

The Plan is based on a prototype standardized profit sharing plan from Wells Fargo Bank Texas, NA that received a favorable determination letter from the IRS dated August 30, 2001. In that letter, the IRS indicates that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended since receiving that letter and has not received an updated determination, the Sponsor believes that the Plan is designed, and is currently being operated, in compliance with applicable requirements of the IRC and, therefore believe that the Plan is qualified, and the related trust is tax-exempt.

U. S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress. As of December 31, 2017, the Plan's tax years for 2014, 2015, and 2016 are subject to examination by the tax authorities.

NOTE E – FAIR VALUE HIERARCHY TABLE

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. The fair value of Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset either directly or indirectly through corroboration with observable market data.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds are valued at the net asset value (NAV) of the shares held by the Plan at year end.

The collective trusts are valued at the NAV of shares held by the Plan at year-end. The NAV is based on the fair values of the underlying investments held by the fund. Participant transactions (issuance and redemptions) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

There were no significant transfers between level 1 and level 2 investments during the year ended December 31, 2017.

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

	Fair Value at Reporting Date Using

Total	$ 9,225,294.67	$ 4,673,694.67	$ -	$ 13,898,989.34

NOTE F – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Sponsor is not aware of any prohibited transactions during 2017. Certain Plan investments are shares of mutual funds managed by Wells Fargo. Wells Fargo is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA. Some of the fees paid by the Plan for the investment management services may be netted against net appreciation in fair value of investments.

NOTE G – RISKS & UNCERTAINTIES

The Trustee is chartered as a Federal Savings Bank and is regulated by the Office of Thrift Supervision; however, the Trust is not insured by the FDIC and is not a deposit or other obligation of the Trustee and is not guaranteed by the Trustee, therefore, the Plan's trust is subject to investment risks which include possible loss of principal. Plan assets are primarily invested in Trustee omnibus accounts and the Trustee is the registered owner of the underlying mutual funds; there is no provision for credit risks associated with the Trustee in these financial statements.

Plan assets flow through Trustee omnibus accounts to registered investment companies (i.e., the underlying mutual funds) as directed by participants. The underlying mutual funds invest in stocks, bonds, fixed income securities, other mutual funds and other investment securities. Such investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term could materially affect participants' account balances and the amounts reported in these financial statements.

The Trustee charges fees for trust and administrative services provided to the Plan. The Sponsor is not aware of any fees or other amounts paid to or received by the Trustee that should be refunded to the Plan.

NOTE H – INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Sponsor elected to report as permitted by 23 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following information included in the accompanying financial statements and supplemental schedules is complete and accurate.

	2017	2016
Investments, at fair value:		
Mutual funds	$ 11,170,612.92	$ 9,225,294.67
Common/collective trust	4,591,854.69	4,673,694.67
Total	$ 15,762,467.61	$ 13,898,989.34
Investment income		
Interest, dividends and capital gains	$ 822,561.96	$ 346,013.97
Net appreciation (depreciation) in fair value	$ 1,446,001.46	$ 625,584.78

The Plan's independent auditors did not perform audit procedures with respect to the certified investment information except to compare the certified information to these financial statements and supplemental schedules.

NOTE I – RECONCILIATION TO FORM 5500

The Form 5500 is a joint-agency form, developed by the IRS, the U.S. Department of Labor and the Pension Benefit Guaranty Corporation, which may be used to satisfy the annual reporting requirements of the IRC and Titles I and IV of ERISA. The Plan is required to file a Form 5500 annually and enclose audited financial statements. These financial statements are prepared on the accrual basis of accounting in accordance with GAAP. Schedule H in the Plan's Form 5500 is prepared on the cash basis of accounting, which is acceptable under the IRC. The primary differences between these bases of accounting and reporting for the Plan are due to timing differences in the recognition of Plan activities.

Reconciliation of "Net Assets Available for Benefits" per these financial statements and "Net Assets" per the Plan's Form 5500 as of December 31, 2017 and 2016 follows:

	2017	2016
Net assets available for benefits per the financial statements	$ 16,189,276.12	$ 14,266,503.24
Less: Receivable - employer	(426,808.51)	(367,513.95)
Receivable - employees	-	-
Net assets available for benefits per Schedule H to the Form 5500	$ 15,762,467.61	$ 13,898,989.29

A reconciliation of the "Increase in Net Assets Available for Benefits" per the financial statements and "Net Income" per the Plan's Form 5500 for 2017 and 2016 follows:

	2017	2016
Increase in net assets available for benefits per the financial statements	$ 1,922,772.88	$ 980,394.73
Less: Receivable - employer reconciling amount	(59,294.56)	(28,000.55)
Net income per Schedule H to the Form 5500	$ 1,863,478.32	$ 952,394.18

NOTE J – FINANCIAL INSTRUMENTS

The Plan's financial instruments are investments that are in each individual participant's self directed account. The investments consist of mutual funds. The Plan participants have investment alternatives within an array of company sizes and industries. Each individual participant is exposed to various risks based upon their selection of investment alternatives.

NOTE K – CONCENTRATIONS OF CREDIT RISK

The Plan's receivables are all from the employer and sponsor of the Plan. These receivables are not collateralized.

NOTE L – RECLASSIFICATIONS

Certain reclassifications may have been made to 2016 amounts to conform to the 2017 financial statement presentation.

NOTE M – NEW ACCOUNTING PRONOUNCEMENTS

In May 2015, the FASB issued Accounting Standards Update 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent) (ASU 2015-07).* This update removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. It also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. This update is effective for fiscal years beginning after December 15, 2016.

The Plan currently has no investments in which the net asset value per share practical expedient is applied.

In July 2015, the FASB issued Accounting Standards Update 2015-12, *Plan Accounting: Defined Benefit Pension Plans (topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) (ASU 2015-12).* This ASU is in three parts: Part I: Fully Benefit-Responsive Investment Contracts which requires that full-responsive investment contracts are measured, presents, and disclosed only at contract value. Part II: Plan investment Disclosures which eliminates the requirement to disclose 1) individual investments that represent 5% or more of net assets available for benefits and 2) the net appreciation or depreciation for investments by general type. The net appreciation or depreciation in investments for the period still will be required to be presented in the aggregate, but will no longer be required to be disaggregated and disclosed by general type. Part III: Measurement Date Practical Expedient provides a practical expedient to permit plans to measure investments and investment related accounts as of a month-end that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. This update is effective for fiscal years beginning after December 15, 2015.

NOTE N – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through August 8, 2018, which is the date the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Robert Madden Industries, Ltd. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Robert Madden Industries, Ltd. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note H, which was certified by Wells Fargo Bank Texas, NA, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2017 and 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) and schedule of assets (acquired and disposed of within year) as of or for the year ended December 31, 2017, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion Paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A – DESCRIPTION OF PLAN

The following description of the Robert Madden Industries, Ltd. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – Robert Madden Industries, Ltd. 401(k) Plan is a contributory, defined contribution pension plan covering substantially all employees of Robert Madden Industries, Ltd. (the "Sponsor"). The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

In addition to the Sponsor acting as the Plan's Administrator, Wells Fargo Bank Texas, NA is the Plan's trustee (the "Trustee"). The Trustee is a directed trustee and has no discretionary authority to invest Plan assets, but is the owner of the Plan assets and holds the Plan assets in the trust for the exclusive benefit of participants and beneficiaries. The Trustee operates omnibus accounts that pool assets from the Plan and other unrelated plans and invest in mutual funds (hereinafter referred to as the "underlying mutual funds").

Parties in Interest – A Party-in-interest is:

- A fiduciary or employee of the Plan
- Any person who provides services to the Plan
- The Sponsor or an employee association whose members are covered by the Plan
- A person who owns 50 percent or more of the Sponsor or such employee association or
- Relatives of any persons just listed

Eligibility - Sponsor employees are eligible to participate in the Plan when they reach age 21 and complete six months of service. Plan entry dates are January 1, April 1, July 1 and October 1.

Contributions – Participants may elect to contribute up to $18,000 (with an additional $6,000 allowed for participants age 50 or over at year end) of their compensation for the Plan year, defined as January 1 to December 31 by the Plan, through pre-Federal income tax wage or salary deferrals (hereinafter referred to as "salary deferrals"). These contributions are subject to Internal Revenue Code limitations. Participants can change their salary deferral elections at any time through internet access or with written notice to the Sponsor. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans ("rollovers").

The Plan provides for Robert Madden Industries, Ltd. to make matching, profit-sharing and qualified non-elective contributions ("QNEC") based on compensation earned while the participant was eligible to participate in the Plan. The Sponsor has adopted a safe harbor provision for the Plan in which each year the Sponsor will match 100% of each participant's deferral contributions to the plan in an amount not exceeding 4% of the participant's compensation. In addition, the Sponsor has discretion to match additional participant contributions. In 2017 the Sponsor matched participant contributions of up to 4% of qualified participant compensation. Profit-sharing contributions are to be allocated to all participants who were employed on the last day of the Plan year or must have completed at least 501 hours of service during the plan year if the participant terminated their employment during the plan year. QNEC contributions may be made to help pass various non-discrimination tests under the 401(k) portion of the Plan. No profit sharing or QNEC contributions were made in 2017.

Participant Accounts – Each participant's account is credited with their salary deferral (participant's contribution), allocations of (a) the Sponsor's contribution (matching and/or profit sharing) and, (b) Plan earnings. Participant accounts are charged with distributions, distribution fees, administrative fees and forfeitures. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts – If a participant terminates, any nonvested amounts in their account will be forfeited. Forfeitures of matching contributions are used to reduce future matching contributions and forfeitures of profit sharing contributions are reallocated as an additional profit sharing contribution.

Vesting – Participants salary deferrals, sponsor safe harbor contributions, QNEC's, and investment earnings thereon are fully vested at all times. Participants automatically vest 100% in their account balances upon retirement at age 65, total and permanent disability or death. Vesting in matching and profit sharing contributions is determined under the following vesting schedule:

Vesting Schedule

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Investment Options - Plan investment options are comprised of the underlying mutual funds available through Trustee omnibus accounts and approved by the Sponsor. Participants direct investment of their account assets in reference to the underlying mutual funds.

Participant Loans – The Plan provides for loans to eligible borrowers, as defined. Participants may borrow up to 50% of their vested account balance from their fund accounts with a minimum of $1,000 up to a maximum of $50,000 (only one loan may be outstanding at any time for each eligible borrower). Loans are evidenced by promissory notes held by the Trustee, secured by the balance in the participant's account and bear interest at a reasonable rate determined by the Sponsor. Principal and interest are paid ratably through level payroll deductions. All loans must be repaid within five years; except that the term may be higher if used for a primary residence and prepayments are required immediately upon termination or distribution and are otherwise allowed at any time.

Payment of Benefits – Upon termination of service whether due to death, disability, retirement or other reasons, a participant with a vested account balance of $5,000 or less will receive a lump-sum amount. For participants with more than $5,000 in vested benefits the participant (or beneficiary) can choose between a lump-sum distribution or periodic single-sum distributions of a portion of the participant's account (subject to IRC required minimum distributions at age 70 1/2). In-service distributions of salary deferrals, Sponsor contributions and investment earnings are available to satisfy specified immediate and heavy financial needs (referred to as "hardship withdrawals").

Termination – Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants immediately become 100% vested in their accounts.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America, including specialized industry practices as specified in the American Institute of Certified Public Accountant's Audit and Accounting Guide titled *Employee Benefit Plans* ("GAAP").

Estimates

The preparation of financial statements in conformity with U. S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. If available, quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Participant loans are carried at net realizable value, which approximates fair value.

Investment Income

Net appreciation (depreciation) in the fair value of investments includes unrealized appreciation or depreciation of investments held at year end. Interest, dividends, and mutual fund distributions of capital gains are recognized when received.

Distributions

Benefit distributions are recognized when paid to participants or their beneficiaries. Participants or their beneficiaries are charged distribution fees. Distributions are reduced by the amount of the distribution fees.

Administrative Costs

Administrative costs of the Plan are prorated to each participant based on their respective account balances. The Sponsor provides certain administrative services, office space and fixtures and equipment at no cost to the Plan.

Prohibited Transactions

Under ERISA, a Plan fiduciary is prohibited from causing the Plan to engage in the following transactions with a party-in-interest, with certain conditional exemptions provided by ERISA:

- A sale, exchange or lease of property;
- A loan or other extension of credit
- The furnishing of goods, services or facilities;
- A transfer of plan assets to a party-in-interest for the use or benefit of a party-in-interest; or
- An acquisition of employer securities or real property

A fiduciary is also generally prohibited from using the Plan's assets for his or her own interest or account, acting in any Plan transactions on behalf of a party whose interests are adverse to those of the Plan or its participants and receiving consideration for his or her own account from a party dealing with the Plan in connection with a transaction involving the Plan's assets.

NOTE C – INVESTMENTS

All of the Plan's investments are participant directed within each individual participant's account. Plan investments were certified as complete and accurate by the Trustee as of December 31, 2017 and 2016. The following presents investments at December 31, 2017 and 2016:

Total	$ 15,762,467.61	$ 13,898,989.34

During 2017 and 2016, the Plan's investments held at year end appreciated in value by $1,446,001.46 and $625,584.78, respectively, as follows:

	2017	2016
Mutual funds	$ 1,046,553.61	$ 288,038.65
Collective trust	399,447.85	337,546.13
Total	$ 1,446,001.46	$ 625,584.78

At December 31, 2017 there were sixty-nine terminated members of the Plan whose accounts totaled $217,446.81.

NOTE D – TAX STATUS

The Plan is based on a prototype standardized profit sharing plan from Wells Fargo Bank Texas, NA that received a favorable determination letter from the IRS dated August 30, 2001. In that letter, the IRS indicates that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended since receiving that letter and has not received an updated determination, the Sponsor believes that the Plan is designed, and is currently being operated, in compliance with applicable requirements of the IRC and, therefore believe that the Plan is qualified, and the related trust is tax-exempt.

U. S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress. As of December 31, 2017, the Plan's tax years for 2014, 2015, and 2016 are subject to examination by the tax authorities.

NOTE E – FAIR VALUE HIERARCHY TABLE

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. The fair value of Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset either directly or indirectly through corroboration with observable market data.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds are valued at the net asset value (NAV) of the shares held by the Plan at year end.

The collective trusts are valued at the NAV of shares held by the Plan at year-end. The NAV is based on the fair values of the underlying investments held by the fund. Participant transactions (issuance and redemptions) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

There were no significant transfers between level 1 and level 2 investments during the year ended December 31, 2017.

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

	Fair Value at Reporting Date Using

Total	$ 9,225,294.67	$ 4,673,694.67	$ -	$ 13,898,989.34

NOTE F – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Sponsor is not aware of any prohibited transactions during 2017. Certain Plan investments are shares of mutual funds managed by Wells Fargo. Wells Fargo is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA. Some of the fees paid by the Plan for the investment management services may be netted against net appreciation in fair value of investments.

NOTE G – RISKS & UNCERTAINTIES

The Trustee is chartered as a Federal Savings Bank and is regulated by the Office of Thrift Supervision; however, the Trust is not insured by the FDIC and is not a deposit or other obligation of the Trustee and is not guaranteed by the Trustee, therefore, the Plan's trust is subject to investment risks which include possible loss of principal. Plan assets are primarily invested in Trustee omnibus accounts and the Trustee is the registered owner of the underlying mutual funds; there is no provision for credit risks associated with the Trustee in these financial statements.

Plan assets flow through Trustee omnibus accounts to registered investment companies (i.e., the underlying mutual funds) as directed by participants. The underlying mutual funds invest in stocks, bonds, fixed income securities, other mutual funds and other investment securities. Such investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term could materially affect participants' account balances and the amounts reported in these financial statements.

The Trustee charges fees for trust and administrative services provided to the Plan. The Sponsor is not aware of any fees or other amounts paid to or received by the Trustee that should be refunded to the Plan.

NOTE H – INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Sponsor elected to report as permitted by 23 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following information included in the accompanying financial statements and supplemental schedules is complete and accurate.

	2017	2016
Investments, at fair value:		
Mutual funds	$ 11,170,612.92	$ 9,225,294.67
Common/collective trust	4,591,854.69	4,673,694.67
Total	$ 15,762,467.61	$ 13,898,989.34
Investment income		
Interest, dividends and capital gains	$ 822,561.96	$ 346,013.97
Net appreciation (depreciation) in fair value	$ 1,446,001.46	$ 625,584.78

The Plan's independent auditors did not perform audit procedures with respect to the certified investment information except to compare the certified information to these financial statements and supplemental schedules.

NOTE I – RECONCILIATION TO FORM 5500

The Form 5500 is a joint-agency form, developed by the IRS, the U.S. Department of Labor and the Pension Benefit Guaranty Corporation, which may be used to satisfy the annual reporting requirements of the IRC and Titles I and IV of ERISA. The Plan is required to file a Form 5500 annually and enclose audited financial statements. These financial statements are prepared on the accrual basis of accounting in accordance with GAAP. Schedule H in the Plan's Form 5500 is prepared on the cash basis of accounting, which is acceptable under the IRC. The primary differences between these bases of accounting and reporting for the Plan are due to timing differences in the recognition of Plan activities.

Reconciliation of "Net Assets Available for Benefits" per these financial statements and "Net Assets" per the Plan's Form 5500 as of December 31, 2017 and 2016 follows:

	2017	2016
Net assets available for benefits per the financial statements	$ 16,189,276.12	$ 14,266,503.24
Less: Receivable - employer	(426,808.51)	(367,513.95)
Receivable - employees	-	-
Net assets available for benefits per Schedule H to the Form 5500	$ 15,762,467.61	$ 13,898,989.29

A reconciliation of the "Increase in Net Assets Available for Benefits" per the financial statements and "Net Income" per the Plan's Form 5500 for 2017 and 2016 follows:

	2017	2016
Increase in net assets available for benefits per the financial statements	$ 1,922,772.88	$ 980,394.73
Less: Receivable - employer reconciling amount	(59,294.56)	(28,000.55)
Net income per Schedule H to the Form 5500	$ 1,863,478.32	$ 952,394.18

NOTE J – FINANCIAL INSTRUMENTS

The Plan's financial instruments are investments that are in each individual participant's self directed account. The investments consist of mutual funds. The Plan participants have investment alternatives within an array of company sizes and industries. Each individual participant is exposed to various risks based upon their selection of investment alternatives.

NOTE K – CONCENTRATIONS OF CREDIT RISK

The Plan's receivables are all from the employer and sponsor of the Plan. These receivables are not collateralized.

NOTE L – RECLASSIFICATIONS

Certain reclassifications may have been made to 2016 amounts to conform to the 2017 financial statement presentation.

NOTE M – NEW ACCOUNTING PRONOUNCEMENTS

In May 2015, the FASB issued Accounting Standards Update 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent) (ASU 2015-07).* This update removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. It also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. This update is effective for fiscal years beginning after December 15, 2016.

The Plan currently has no investments in which the net asset value per share practical expedient is applied.

In July 2015, the FASB issued Accounting Standards Update 2015-12, *Plan Accounting: Defined Benefit Pension Plans (topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) (ASU 2015-12).* This ASU is in three parts: Part I: Fully Benefit-Responsive Investment Contracts which requires that full-responsive investment contracts are measured, presents, and disclosed only at contract value. Part II: Plan investment Disclosures which eliminates the requirement to disclose 1) individual investments that represent 5% or more of net assets available for benefits and 2) the net appreciation or depreciation for investments by general type. The net appreciation or depreciation in investments for the period still will be required to be presented in the aggregate, but will no longer be required to be disaggregated and disclosed by general type. Part III: Measurement Date Practical Expedient provides a practical expedient to permit plans to measure investments and investment related accounts as of a month-end that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. This update is effective for fiscal years beginning after December 15, 2015.

NOTE N – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through August 8, 2018, which is the date the financial statements were available to be issued.
