NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the Arnet Pharmaceutical Corp. 401(k) (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and eligibility

The Plan was established on January 1, 2016 as a non-standardized defined contribution plan covering all employees of Arnet Pharmaceutical Corp. (the Employer) who have completed three months of eligible service and attained age twenty-one years as defined in the Plan adoption agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants in the Plan may voluntarily contribute up to 90% of their pre-tax annual compensation, as defined by the Plan, within the limits prescribed by the Internal Revenue Service (IRS). Participants may also roll over amounts representing distributions from other qualified defined-benefit or contribution plans. For the years ended December 31, 2017 and 2016, individual participants' contributions were limited to $18,000. Participants who are age 50 and older may also contribute an additional $6,000 on an annual basis.

For the years ended December 31, 2017 and 2016, the Employer contribution was 25% of individual participants' contributions up to a maximum of 4% of the participant's salary for the year. The Employer may also make non-elective contributions. Non-elective Employer contributions, if any, are recorded in the year for which the contributions apply.

Participant accounts

Each participant account is credited with the participant's contribution and allocation of: (a) the employers' matching contribution and discretionary non-elective contribution (if any) and (b) Plan earnings or losses. Allocations are based on participant earnings, account balances, or duration of services, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All participant contributions are participant-directed and may be invested in one fund or allocated among different funds. Participants may change the allocation of contributions among funds pursuant to Plan provisions.

Allocation and vesting of benefits

Participants are immediately vested in their voluntary contributions plus actual earnings or losses thereon. Vesting in the Employers' matching contributions and non-elective contributions (if any), plus any earnings or losses thereon, is based upon the number of years of continuous service. Participants who become eligible and are enrolled in the Plan will receive vesting credit for years of service based only on the elapsed time method as defined by the Plan. A participant is 100% vested in the Employer's contribution portion of their account after three years of credited service.

Forfeitures

Forfeitures are used to reduce the Employer's elective contributions and/or used to pay Plan administration expenses. Forfeitures are allocated to participants' accounts in the same manner as the Employer's matching contributions. Forfeited non-vested accounts totaled $133 and $nil as of December 31, 2017 and 2016, respectively.

Note 1 – Description of Plan, Continued

Payment of benefits

On termination of service due to death, disability, or retirement, or qualifying under certain "hardship" rules, as prescribed by the IRS, a participant may receive distributions from the Plan equal to the value of the participant's vested interest in his or her account. Distributions may be in the form of a lump-sum payment or a rollover into another qualified plan. Additionally, participants reaching the age of 59½ years of age may receive in-service distributions from the Plan.

Participant notes receivable

Plan participants may borrow from their account a minimum of $500 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years unless the loan is used to acquire the principal residence of the participant. The notes are secured by the balance in a participant's account and bear interest at rates ranging from 5.50% to 6.75%. Participant loan repayments are deducted from the participant's pay and remitted to the Plan Trustee.

Participant notes receivable are secured by the balance of the participant's account.

Plan administration

The Plan is administered by the Employer pursuant to the terms and conditions of the Plan. The Plan's assets are maintained by Reliance Trust Company, the Plan Trustee.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and the Plan Trustee.

In accordance with the policy of stating investments at fair value, net appreciation or depreciation for the year is reflected in the statements of changes in net assets available for plan benefits as well as, the Plan's gains and losses on investments bought, sold and held during the year.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis.

Participant notes receivable

Participant notes receivable are valued at their unpaid principal balance plus accrued interest which approximates fair value. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Note 2 – Summary of Significant Accounting Policies, Continued

Management estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and changes in net assets and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and such differences could be material.

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to interest rate, market and credit risks. Due to the risks associated with investment securities, including the uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in such risks in the near-term would materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statements of changes in net assets available for plan benefits.

Concentration of credit risk

The Plan Trustee maintains the Plan's investments with high credit-quality institutions and attempts to limit the credit exposure of any particular investment.

Payment of benefits

The Plan records benefit payments when paid.

Note 3 – Investment Information Prepared and Certified by the Plan Trustee

The following investment information was obtained from data prepared and certified to as complete and accurate by the Plan Trustee as of December 31, 2017 and 2016:

Investments, at fair value:	2017	2016
Mutual funds	$ 376,081	$ 160,867
Common collective trusts	4,117	1,394
Total investments, at fair value	$ 380,198	$ 162,261

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and participant notes receivable as shown on the statements of net assets available for plan benefits as of December 31, 2017 and 2016;
- Net investment activity and interest income on participant notes receivable as shown in the statements of changes in net assets available for plan benefits for the years ended December 31, 2017 and 2016; and

Note 3 – Investment Information Prepared and Certified by the Plan Trustee, Continued

- Investment information included in the notes and supplemental schedule of assets (held at end of year) as of December 31, 2017 and 2016.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Mutual funds are published at their daily net asset value (NAV) and transact at that price. Mutual funds are deemed to be actively traded and are therefore considered Level 1 investments within the fair value hierarchy.

Common collective trusts (CCT) are measured at the NAV of units of the collective trust. NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it were determined to be probable that the trust would sell its underlying investments for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily at NAV. The CCTs are measured at NAV and have not been classified in the fair value hierarchy in accordance with FASB ASC 820-10.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis consist of the following types of instruments as of December 31:

	Fair Value Measurements as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds and total in the fair value hierarchy	$ 376,081	$ -	$ -	$ 376,081
Investments measured at net asset value *	-	-	-	4,117
Investments at fair value	$ 376,081	$ -	$ -	$ 380,198

	Fair Value Measurements as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds and total in the fair value hierarchy	$ 160,867	$ -	$ -	$ 160,867
Investments measured at net asset value *	-	-	-	1,394
Investments at fair value	$ 160,867	$ -	$ -	$ 162,261

Note 4 – Fair Value Measurements, Continued

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to present the reconciliation of the fair value hierarchy to line items presented on the statements of net assets available for plan benefits.

Note 5 – Fair Value of Investments in Entities that use NAV Practical Expedient

The following table summarizes the common collective trust investment measured at fair value based on NAV per share as of December 31:

Investment	2017	2016	Unfunded commitments	Redemption frequency	Redemption notice period
Invesco Stable Asset Fund	$ 177	$ 41	n/a	Daily	12 months
State St. Intl. Index Sec Lend Series Fund Class VIII	244	56	n/a	Daily	12 months
State St. Russ SC Idx Sec Lend Series Fund Class VIII	1,506	489	n/a	Daily	12 months
State St. S&P 500 Idx Sec Lend Series Fund Class IX	2,190	808	n/a	Daily	12 months
	$ 4,117	$ 1,394			

The Common Collective Trusts (CCTs) are composed primarily of fully benefit-responsive investment contracts and report their NAV at both fair value and contract value. These CCTs are presented at fair value in the accompanying financial statements.

Note 6 – Refunds Payable for Excess Participant Contributions

During 2017, the Plan received contributions from participants in excess of Plan and IRS limitations. Such amounts were refunded to participants subsequent to year end.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8 – Tax Status

As described in the Plan Administration Manual, the Company adopted word-for-word an approved prototype plan document beginning January 1, 2016. The IRS has already reviewed and issued a favorable opinion letter for the prototype document, and it is the IRS position that the employer may rely on this opinion letter, making a determination letter unnecessary.

Note 9 – Party-In-Interest Transactions

Parties-in-interest are defined under the DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Therefore, transactions in these investments qualify as party-in-interest.

Note 10 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for plan benefits as shown on Form 5500 at December 31, 2017 with the amount shown in the financial statements:

Net assets available for plan benefits – Form 5500	$ 388,511
Reconciling items:	
Refunds payable for excess contributions	(12,078)
Employer and participant and contributions receivable	7,564
Net assets available for plan benefits – financial statements	$ 383,997

Note 11 – Subsequent Events

The Plan evaluated events occurring subsequent to December 31, 2017 through August 1, 2018, the date the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the notes thereto.
