INDEPENDENT AUDITOR'S REPORT

To the Trustee, Participants and Administrator of the
E.T. Horn Company Employee Stock Ownership Plan:

Report on the Financial Statements

We have audited the accompanying financial statements of the E.T. Horn Company Employee Stock Ownership Plan (the Plan), which comprise the statements of net assets available for benefits as of October 31, 2017 and 2016, the related statement of changes in net assets available for benefits for the year ended October 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of October 31, 2017 and 2016, and the changes in net assets available for benefits for the year ended October 31, 2017, in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter – Subsequent Event

As discussed in note 11 to the financial statements, on April 16, 2018, ET Horn Company (the Plan Sponsor) was acquired by an unrelated company and the Plan is in the process of being terminated. Our opinion is not modified with respect to this matter.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, line 4i - Schedule of Assets (Held At End of Year) as of October 31, 2017, is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Contributions

The Company may make discretionary contributions as determined each year by resolution of the Company's Board of Directors. In order to be eligible for the Company contributions, a participant must be employed by the Company on the last day of the plan year and must have completed at least 1,000 hours of service during the plan year. For the year ended October 31, 2017, the Company made discretionary contributions to the Plan equal to 10% of the participant's gross eligible compensation, as defined. Employee contributions to the Plan are not permitted.

Participant Accounts

Each participant's account is credited with allocations of the Company's contributions, investment earnings, and charged with an allocation of administrative expenses. The Company's contributions are allocated to eligible participants based on the percentage that their eligible compensation bears to total eligible compensation. The net change in the value of Company stock, as determined by an independent appraiser, is allocated based on the number of shares held by the participants at year-end multiplied by the change in the per share value. Other investment earnings, net of expenses, are allocated at the end of each plan year based on each eligible participant's other investment account values. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

The Plan does not allow for participant loans.

OCTOBER 31, 2017 AND 2016

1. DESCRIPTION OF PLAN - (Continued)

Payment of Benefits

Distribution of Plan benefits due to termination for retirement, disability, death, or other reasons will be made in a lump sum, annual installments, or in shares of Company common stock (see Put Option below) in an amount equal to the value of the participant's vested interest in his or her account. Participants may also elect to rollover their account to another eligible retirement plan as defined by the plan agreement. If the value of a participant's vested account does not exceed \$5,000, the amount may be distributed as soon as administratively feasible after the participant's severance from employment without the participant's consent. All vested account balances exceeding \$1,000, but not exceeding \$5,000, may be rolled into an Individual Retirement Account unless the participant elects to have the distribution paid directly to an eligible retirement plan or consents to receive the distribution directly. All vested account balances not exceeding \$1,000 that are not directed by a participant to be transferred to another tax deferred account may be distributed in a lump-sum payment. A participant may elect to receive up to 30% of his or her vested account balance after the participant attains age 65 regardless of whether the participant has terminated employment. Such distribution shall be made in a single lump sum payment and commence as soon as administratively feasible after the participant attains age 65 and elects to receive a distribution. For participant's that have terminated employment prior to November 1, 2016, the distribution of the participants entire vested account balance shall commence as soon as administratively feasible after the end of the plan year in which the participant terminated employment. A participant that terminates employment on or after November 1, 2016 with a vested account balance of \$25,000 or less will be paid in the year following the year in which the participant's termination of employment occurs. A participant that terminates employment on or after November 1, 2016 with a vested account balance that exceeds \$25,000 will be paid in the second year following the year in which the participant's termination of employment occurs. A participant that terminates employment on or after November 1, 2016 with a vested account balance of \$400,000 or less will be paid in a single sum payment. A participant that terminates employment on or after November 1, 2016 with a vested account balance that exceeds \$400,000 will be paid in five annual installments with a minimum annual installment of \$400,000. As of October 31, 2017, 24 participants who terminated employment have a total of 181,775 shares valued at \$5,224,213 in their account balances.

Participants who have terminated employment and have received a distribution may repay the full amount of the distribution before incurring five consecutive one year breaks in services and reinstate their account balance, as permitted by the Plan document. One participant who took a distribution during 2017 and was subsequently rehired, repaid the distributed amount subsequent to year end for which \$383,140 is reflected as a receivable on the accompanying statement of net assets available for benefits as of October 31, 2017.

1. DESCRIPTION OF PLAN - (Continued)

Diversification

Diversification will be offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account.

Diversification is offered to each eligible participant over a six year period. In each of the first five years, a participant may diversify up to 25% of his or her Company Stock ESOP account balance, less any amounts previously diversified. In the sixth year, the percentage changes to 50%. Participants eligible for diversification may elect to direct the Plan to diversify a portion of their account during a 90 day election period which begins on the date the valuation is provided to participants for the plan year to which the election applies. Participants who elect to diversify may elect to receive a cash distribution or to rollover the amount to one or more of at least three diversified investment options, which may be made available in another qualified plan maintained by the Company. As of October 31, 2017, no shares of Company common stock were eligible for diversification.

Put Option

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option (the liquidity put). The liquidity put is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The Plan may also honor the put, although it is not required to do so. The put price is the fair market value of the stock as determined as of the most recent valuation date, as defined.

The purpose of the liquidity put is to ensure that the participant has the ability to ultimately obtain cash after receiving a distribution of stock. If the put option is not exercised within 60 days, it temporarily lapses; put options may then be exercised during the first 60 days of the following plan year (beginning no earlier than 6 months from the first date of the original put option period). Payments under the put whether in a single sum or in substantially equal annual payments shall begin no later than 30 days after the exercise of the put option.

Right of First Refusal

An agreement between the Company, the Plan, and all participants who receive a distribution of employer stock, has placed restrictions on the transfer or sale of employer stock. Shares cannot be sold or transferred without first offering them to the Company at a per-share price no greater than that tendered by a prospective third party purchaser or the last ESOP valuation. If the Company does not exercise its right to purchase the shares, then the shares must be offered to the Plan. The Company has fourteen days to exercise this right of first refusal.

1. DESCRIPTION OF PLAN - (Continued)

Forfeitures

The unvested portion of a terminated participant's account will be forfeited and be used first to pay Plan expenses, if the Administrative Committee elects, and then may be used to reduce the Company's discretionary contributions or be allocated to participants. During the year ended October 31, 2017, forfeitures of \$52,297 were allocated to participants. As of October 31, 2017 and 2016, the amount of available forfeitures totaled \$0 and \$33,634, respectively.

Vesting

Vesting in the Company's contributions and earnings thereon is based on years of service according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Voting Rights

Participants may direct the voting of shares of the Company stock allocated to their accounts on any matter on which shareholders are allowed to vote. Such matters are limited to the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all assets of a trade or business, or other similar transactions. If a participant fails to provide instructions, the trustee will vote shares for which the participant has the right to direct voting in the manner directed by the Plan Committee.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

E.T. HORN COMPANY EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO THE FINANCIAL STATEMENTS

OCTOBER 31, 2017 AND 2016

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates. Significant estimates include the valuation of Company stock.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Plan Fees and Administrative Expenses

Plan fees and administrative expenses are generally paid by the Plan, unless paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

Subsequent Events

The Company has evaluated subsequent events through the date of the independent auditor's report, which is the date the accompanying financial statements were available to be issued (see Note 11).

E.T. HORN COMPANY EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO THE FINANCIAL STATEMENTS

OCTOBER 31, 2017 AND 2016

3. PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Certain Plan investments are managed by Burnham Gibson Financial Group and Stratos Wealth Partners. The Plan paid \$25,151 in advisory fees to the plan brokers during the year ended October 31, 2017. The Plan paid \$6,890 in insurance premiums on a life insurance policy for a key employee for which the Plan is the beneficiary. The Company paid certain administrative expenses of the Plan, including recordkeeping and audit fees. The Plan invests in Company common stock. These transactions qualify as party in interest transactions for which a statutory exemption exists.

4. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board (FASB) provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under this framework are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTES TO THE FINANCIAL STATEMENTS

OCTOBER 31, 2017 AND 2016

4. FAIR VALUE MEASUREMENTS - (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2017 and 2016.

Company stock: This investment is valued at fair value based upon an independent appraisal. This appraisal used a weighted combination of the market approach and the income approach for the valuation which is consistent with the prior year. The appraiser took into account historical and projected cash flow and market comparables. Plan management has concluded that a market participant would also recognize a discount for lack of control and marketability. This investment is not traded in an active market and inputs are not observable to the public. Therefore, this investment is classified within level 3 of the valuation hierarchy.

Registered investment companies: These investments are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

Interest-bearing cash: Interest-bearing cash consists of money market investments and cash balances held at financial institutions. The carrying value is believed to be representative of its fair value based on its short term nature and are classified within level 1 of the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In regards to the classifications of investments, there were no reclassifications in or out of levels 1, 2 or 3 during the year ended October 31, 2017.

The following table presents a summary of changes in the fair value of the Plan's level 3 asset for the year ended October 31, 2017:

5. PLAN TERMINATION

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. If the Plan is terminated, all participants will become 100% vested in their accounts. Upon termination of the Plan, and after payment of all expenses of the Trust, the Administrative Committee shall direct the payment of benefits in accordance with Plan provisions. Subsequent to year end the Company made the decision to terminate the Plan (see Note 11).

NOTES TO THE FINANCIAL STATEMENTS

OCTOBER 31, 2017 AND 2016

6. TAX STATUS

The Company received a favorable opinion letter from the Internal Revenue Service (IRS), on November 9, 2017, which stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of October 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities and Company stock. These investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in the values of these investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. INVESTMENT IN COMMON STOCK

The following table summarizes the investment in Company common stock at October 31, 2017 and 2016:

NOTES TO THE FINANCIAL STATEMENTS

9. ADMINISTRATION OF PLAN ASSETS

The Plan's assets, which include the Company's stock, are held in a trust administered by the trustee of the Plan. The Company's contributions are held and managed by the trustee. Certain administrative functions are performed by trustee or employees of the Company. No such trustee or employee receives compensation from the Plan or charges administrative expenses to the Plan.

10. CONCENTRATION OF INVESTMENTS

At October 31, 2017 and 2016, the Company stock valued at \$46,072,465 and \$37,743,161, respectively, represented 93% and 94%, respectively of the Plan's total investments.

11. SUBSEQUENT EVENTS

Effective June 11, 2018, the Company was acquired by an unrelated company through a stock purchase agreement. The acquiring company purchased all of the Company's issued and outstanding shares of common stock. The Plan Committee is currently in the process of terminating the ESOP. The termination will restrict any new employees from entering the Plan, no further Company contributions will be made to the Plan, and it will also result in all participant account balances becoming fully vested. All plan benefits will be distributed entirely in cash in accordance with the termination provisions of the Plan.
