A MEASURABLE DIFFERENCE™

August 13, 2018

To the Participants and Administrative Committee
Centennial Contractors 401k Plan
Reston, Virginia

We have conducted a DOL limited-scope audit of the financial statements of Centennial Contractors 401k Plan (the "Plan") for the period ended November 1, 2017 and have issued our report thereon dated August 13, 2018. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated January 11, 2018. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Centennial Contractors 401k Plan are described in Note B to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2017. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. Due to the merger with the Bilfinger Industrial Services, Inc. Retirement Thrift Plan on November 1, 2017, all net assets available for benefit were transferred out of the Plan, and as such, we did not identify any sensitive estimates affecting the financial statements for the period ended November 1, 2017.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statement were:

The disclosure of investments and limited scope audit testing as allowed under 29 CFR 2520.103-8 within Note C.

The investment and fair value measurement disclosures contained within Notes C, D & E to the financial statements.

The disclosure of the Plan merger contained within Note J.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. No such misstatements were identified by us during the audit.

Disagreements with Management

For purposes of this letter, a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated August 13, 2018.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Administrative Committee and management of Centennial Contractors 401k Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Brown Smith Wallace, LLP

Note A - Description of Plan

The following description of the Centennial Contractors 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan was adopted on January 1, 1981 for the benefit of employees of the Plan Sponsor. Effective March 1, 2012, the Plan name was changed from Fru-Con Companies Retirement Thrift Plan to Centennial Contractors 401(k) Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is a defined contribution plan covering employees of FCC Corporation and its affiliated companies (collectively, the "Company" or "Sponsor"), except for certain employees covered under collective bargaining agreements, leased employees and nonresident aliens. Employees are eligible to participate in the Plan as well as the employer match, on the date on which they begin employment.

Effective November 1, 2017, the Plan merged with the Bilfinger Industrial Services, Inc. Retirement Thrift Plan.

Contributions

Participants contribute an amount equal to the lesser of 60% of eligible compensation, or certain limits established by Internal Revenue Code. Employees are automatically enrolled in the Plan at a 6% deferral rate 30 days after meeting eligibility requirements. All contributions are directed by the participants and allocated to the investments that the participants have selected. Investment options included various mutual funds and stable value options. During the year ended December 31, 2014, a brokerage account option was made available to the Plan's participants. Participants may also contribute qualifying distributions received from a former employers' qualified plans. During 2017 and 2016, the Sponsor provided a match on employee contributions of 50 percent of the first 6 percent of the employee's compensation.

The Plan also has an employer discretionary profit sharing provision applicable to employees who have completed at least 1,000 hours of service during the Plan year and were employed by the Plan Sponsor on the last day of the Plan year. There were no discretionary contributions during 2017 or 2016.

Note A - Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings on account balances, as defined by the Plan agreement. A participant is entitled to the amount of benefit that can be provided from the participant's vested account.

Vesting

Participants shall at all times be one hundred percent (100%) vested in their salary deferral contributions plus actual earnings thereon. The Plan provides that a participant's share of the Company's contributions becomes 33 1/3 percent vested after the participant has completed one year of service, 66 2/3 percent vested after two years of service, and 100 percent vested after three years of service. Years of service are determined based on elapsed time. Participants are fully vested at their normal retirement date, death or disability, regardless of the number of years of participation.

Forfeitures

At November 1, 2017 and December 31, 2016, the Plan had no unallocated forfeiture balances. For the period ended November 1, 2017 and the year ended December 31, 2016, employer contributions were reduced by $11,690 and $29,391, respectively, from forfeited non-vested accounts.

Participants who forfeit their account and later resume employment under the Plan before a five year consecutive break in service has occurred will have the amount of their previously forfeited employer contribution restored.

Payment of Benefits

At the end of the year in which a participant terminates his or her employment, a participant should receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, if the value is less than $5,000. If the value of the participant's vested interest is $5,000 or greater, he or she is permitted to hold it in his or her account before rolling it over into a new plan.

The Plan allows for hardship withdrawals, as defined in the Plan, which were limited to the amount of financial need. These withdrawals may not be reconstituted to the Plan and may be subject to income tax and penalties.

Note A - Description of Plan (Continued)

Notes Receivable from Participants

The Plan document includes provisions authorizing loans from the Plan to active eligible participants. Participants may borrow no less than $1,000 and no greater than the lesser of $50,000 or 50% of the participant's vested account balance. Loans are amortized over a maximum of 60 months unless used to purchase the participant's principal residence. The loans are secured by the balance in the participant's account and bore interest at the prime rate.

Administrative Expenses

The Plan Sponsor absorbs a majority of the cost of the Plan's administrative expenses.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates in Financial Statement Preparation

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value measurements.

Interest income is recorded as earned on the accrual basis. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note B - Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document. Loan balances are secured by participant accounts as such no allowance for credit losses has been recorded at November 1, 2017 and December 31, 2016, respectively.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Subsequent Events

The Plan has evaluated all subsequent events through August 13, 2018, the date the financial statements were available to be issued.

Note C - Certification of Investment Information

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the Trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of October 31, 2017 and December 31, 2016; and the related investment activity reflected in the statements of changes in net assets available for benefits for the period ended October 31, 2017 and the year ended December 31, 2016. Information as to the investments in the accounts of Fidelity Management Trust Company, investment income, and all information appearing in the accompanying statements is presented in reliance solely upon those certifications.

Note D - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note D - Fair Value Measurements (Continued)

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at November 1, 2017 and December 31, 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

Collective trust fund: Valued at NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Brokerage account option: Valued at the closing price in which the cash, common stock or mutual funds are listed.

Note D - Fair Value Measurements (Continued)

The Plan held no investments at November 1, 2017. The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016:

		Fair Value Measurements		
	Total	**Level 1**	**Level 2**	**Level 3**
Mutual funds	$27,728,231	$27,728,231	$ -	$ -
Brokerage account	729,451	729,451	-	-
Collective trust fund (a)	1,192,617	-	-	-
Total investments at fair value	$29,650,299	$28,457,682	$ -	$ -

(a) In accordance with subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of new assets available for benefits.

Note E - Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarized investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2016. There is no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investment Type	**Fair Value at December 31, 2016**	**Unfunded Commitments**	**Redemption Frequency**	**Redemption Notice Period**
Collective Trust Fund	$ 1,192,617	$ -	Daily	Daily*

*Withdrawals made on the collective trust can be initiated daily. Plan Sponsor terminations of the contract can be initiated daily. Disbursements of the funds for Plan Sponsor terminations will be provided as soon as practicable within twelve months following written notice.

Note F - Income Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of November 1, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note G - Party-in-Interest Transactions

Plan investments consist of shares of mutual funds and a collective trust managed by the trustee. Fidelity is the trustee, as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions.

Note H - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note I - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants should refer to the Plan Agreement for a description of the priorities or distribution of Plan benefits in the event of termination. Generally, any distribution would be made in proportion to the participant's interest, after deduction of allowable expenses. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

Note J - Plan Merger

Effective November 1, 2017, all assets were transferred out of the Plan's trust and the Plan merged with the Bilfinger Industrial Services, Inc. Retirement Thrift Plan. Total Plan assets transferred were $29,059,599.
