Note 1 - Description of Plan

The following description of Win-Holt Equipment Corporation 401(k) Employee Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which was established on February 1, 1983, and restated on October 8, 2015, is a defined contribution plan under Internal Revenue Code Section 401(k), covering all eligible officers and employees of Win-Holt Equipment Corp. (the “Sponsor”) who have three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

The Plan Retirement Plan Committee is responsible for oversight of the Plan and also determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Directors of the Sponsor. The trustee of the Plan is Fidelity Management Trust Company (the “Trustee”), which is also the recordkeeper of the Plan.

Contributions

Each year, participants may contribute up to 90% of eligible annual compensation, as defined in the Plan, provided that such contributions do not exceed the limitations under the Internal Revenue Code (the “Code”) for 2017 of $18,000, plus a maximum of $6,000 in catch-up contributions for participants who have attained age 50 before the end of the Plan year. Contributions may be made as a pre-tax deferral or after-tax (Roth) deferral. Highly compensated employees are subject to additional limits set forth in the Code. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Each year, the Sponsor may make a discretionary matching 401(m) contribution. The matching contribution is invested as directed by the participant. In 2017, the Sponsor made a matching contribution of 50% of the first 6% of the 401(k) salary deferral amounts the participants had contributed, which amounted to $111,235.

Qualified Non-Elective Contributions ("QNEC") may be made at the discretion of the Sponsor on behalf of eligible non-highly compensated participants. These contributions are invested as directed by the participant. There were no QNEC contributions made in 2017.

Note 1 - Description of Plan (cont'd.)

Participant Accounts

Each participant's account is credited with the participant's contribution and Sponsor matching contributions, as well as allocations of the Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions plus actual earnings thereon. Participants shall have a vested percentage in their employer contribution accounts according to a graded vesting schedule based on years of service as follows:

Years of Service	Vesting Percentage
Less than 1	0%
At least 1 but less than 2	20%
At least 2 but less than 3	40%
At least 3 but less than 4	60%
At least 4 but less than 5	80%
5 or more years	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of one half of their vested account balance or $50,000, reduced by the excess, if any, of the highest outstanding balance of the Plan loans during the one-year period ending on the day before the loan is made over the outstanding balance of Plan loans on the date the loan is made. The loans are secured by the balance in the participant's account and bear interest at the prime rate at the date of the loan plus 1%. Principal and interest is paid ratably through monthly payroll deductions over a period not to exceed five years, unless the funds are used to acquire a principal residence, in which case the maximum repayment period is ten years.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Participants are entitled to receive a distribution of their rollover accounts at any time. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Note 1 - Description of Plan (cont'd.)

Forfeitures

When certain terminations of participants in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents forfeiture. However, if the participant is re-employed and fulfills certain requirements, as defined in the Plan, the participant's account will be reinstated. At December 31, 2017 and 2016, forfeited nonvested accounts totaled $3,233 and $1,536, respectively. These accounts may be used first to pay Plan expenses, and then to reduce future employer contributions. In 2017, the Sponsor's contributions were reduced by $9,804 from forfeited nonvested accounts.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisers. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance of credit losses has been recorded as of December 31, 2017 and 2016. Delinquent notes receivable from participants are reclassified as distributions once the participant is no longer employed by the Sponsor. Interest rates on loans outstanding at December 31, 2017 range from 4.25% to 5.25%.

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2017 excess contributions to the applicable participants prior to March 15, 2018.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation of fair value of investments. Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan.

Note 3 - Information Prepared and Certified By Trustee

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by Fidelity Management Trust Company, as trustee of the Plan, at December 31, 2017 and 2016 and for the year ended December 31, 2017. This information has not been audited by the independent auditors.

	2017	2016
Investments:		
Mutual funds	$ 4,215,908	$ 4,139,583
Stable value collective trust fund	443,120	418,831
Total Investments	$ 4,659,028	$ 4,558,414
Notes receivable from participants	$ 99,174	$ 125,235
Investment income:		
Net appreciation in fair value of investments	$ 513,932	
Interest and dividend income	228,307	
	$ 742,239	
Interest income on notes receivable from participants	$ 4,743	

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund: Valued at the NAV of units of the bank collective trust and composed primarily of fully benefit-responsive investment contracts. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Note 4 - Fair Value Measurements (cont'd.)

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2017 and 2016. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. For the years ended December 31, 2017 and 2016, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

	Assets at Fair Value at December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,215,908	$ -	$ -	$ 4,215,908
Stable value collective trust fund (a)				443,120
Total Investments at Fair Value				$ 4,659,028

	Assets at Fair Value at December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,139,583	$ -	$ -	$ 4,139,583
Stable value collective trust fund (a)				418,831
Total Investments at Fair Value				$ 4,558,414

(a) In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at NAV per share have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017 and 2016. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Note 4 - Fair Value Measurements (cont'd.)

	As of December 31, 2017			
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable value collective trust fund:				
Federated Capital Preservation Fund ISP	$ 443,120	n/a	Daily	12 months

	As of December 31, 2016			
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable value collective trust fund:				
Federated Capital Preservation Fund ISP	$ 418,831	n/a	Daily	12 months

Note 5 - Related Party Transactions and Party-In-Interest Transactions

The Trustee of the Plan is Fidelity Management Trust Company. Therefore, fees paid to this entity qualify as party-in-interest transactions, and amounted to $43,071 for the year ended December 31, 2017.

Certain Plan investments are shares of mutual funds managed by Fidelity Investments Institutional Operations Company, Inc., which is an affiliate of Fidelity Management Trust Company, the Trustee of the Plan. Therefore, the transactions related to these investments quality as party-in-interest transactions. Fees paid by the Plan for investment management services are included in the net change in the fair value of investments.

Notes receivable from participants also qualify as party-in-interest transactions.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 - Tax Status

The Plan has adopted the Fidelity volume submitter profit sharing plan. Accordingly, the Plan is permitted to rely on Fidelity's opinion letters. The Internal Revenue Service has determined and informed Fidelity by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Code. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code, and therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that at December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset, or require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Delinquent Participant Contributions

During the year ended December 31, 2017, the Sponsor did not submit employee contributions and loan repayments of $43,611 in a timely manner. This requires the Sponsor to file notice with the Internal Revenue Service and the Department of Labor which will result in the payment of an excise tax by the Sponsor. These delinquent contributions were corrected by the Sponsor on June 29, 2018. Prior to December 31, 2017, the Sponsor had accumulated untimely deposits of $44,038. These untimely deposits stemming from prior years have been corrected as of December 31, 2017.

Note 10 - Subsequent Events

Note 1 - Description of Plan

The following description of Win-Holt Equipment Corporation 401(k) Employee Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which was established on February 1, 1983, and restated on October 8, 2015, is a defined contribution plan under Internal Revenue Code Section 401(k), covering all eligible officers and employees of Win-Holt Equipment Corp. (the “Sponsor”) who have three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

The Plan Retirement Plan Committee is responsible for oversight of the Plan and also determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Directors of the Sponsor. The trustee of the Plan is Fidelity Management Trust Company (the “Trustee”), which is also the recordkeeper of the Plan.

Contributions

Each year, participants may contribute up to 90% of eligible annual compensation, as defined in the Plan, provided that such contributions do not exceed the limitations under the Internal Revenue Code (the “Code”) for 2017 of $18,000, plus a maximum of $6,000 in catch-up contributions for participants who have attained age 50 before the end of the Plan year. Contributions may be made as a pre-tax deferral or after-tax (Roth) deferral. Highly compensated employees are subject to additional limits set forth in the Code. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Each year, the Sponsor may make a discretionary matching 401(m) contribution. The matching contribution is invested as directed by the participant. In 2017, the Sponsor made a matching contribution of 50% of the first 6% of the 401(k) salary deferral amounts the participants had contributed, which amounted to $111,235.

Qualified Non-Elective Contributions ("QNEC") may be made at the discretion of the Sponsor on behalf of eligible non-highly compensated participants. These contributions are invested as directed by the participant. There were no QNEC contributions made in 2017.

Note 1 - Description of Plan (cont'd.)

Participant Accounts

Each participant's account is credited with the participant's contribution and Sponsor matching contributions, as well as allocations of the Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions plus actual earnings thereon. Participants shall have a vested percentage in their employer contribution accounts according to a graded vesting schedule based on years of service as follows:

Years of Service	Vesting Percentage
Less than 1	0%
At least 1 but less than 2	20%
At least 2 but less than 3	40%
At least 3 but less than 4	60%
At least 4 but less than 5	80%
5 or more years	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of one half of their vested account balance or $50,000, reduced by the excess, if any, of the highest outstanding balance of the Plan loans during the one-year period ending on the day before the loan is made over the outstanding balance of Plan loans on the date the loan is made. The loans are secured by the balance in the participant's account and bear interest at the prime rate at the date of the loan plus 1%. Principal and interest is paid ratably through monthly payroll deductions over a period not to exceed five years, unless the funds are used to acquire a principal residence, in which case the maximum repayment period is ten years.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Participants are entitled to receive a distribution of their rollover accounts at any time. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Note 1 - Description of Plan (cont'd.)

Forfeitures

When certain terminations of participants in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents forfeiture. However, if the participant is re-employed and fulfills certain requirements, as defined in the Plan, the participant's account will be reinstated. At December 31, 2017 and 2016, forfeited nonvested accounts totaled $3,233 and $1,536, respectively. These accounts may be used first to pay Plan expenses, and then to reduce future employer contributions. In 2017, the Sponsor's contributions were reduced by $9,804 from forfeited nonvested accounts.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisers. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance of credit losses has been recorded as of December 31, 2017 and 2016. Delinquent notes receivable from participants are reclassified as distributions once the participant is no longer employed by the Sponsor. Interest rates on loans outstanding at December 31, 2017 range from 4.25% to 5.25%.

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2017 excess contributions to the applicable participants prior to March 15, 2018.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation of fair value of investments. Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan.

Note 3 - Information Prepared and Certified By Trustee

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by Fidelity Management Trust Company, as trustee of the Plan, at December 31, 2017 and 2016 and for the year ended December 31, 2017. This information has not been audited by the independent auditors.

	2017	2016
Investments:		
Mutual funds	$ 4,215,908	$ 4,139,583
Stable value collective trust fund	443,120	418,831
Total Investments	$ 4,659,028	$ 4,558,414
Notes receivable from participants	$ 99,174	$ 125,235
Investment income:		
Net appreciation in fair value of investments	$ 513,932	
Interest and dividend income	228,307	
	$ 742,239	
Interest income on notes receivable from participants	$ 4,743	

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund: Valued at the NAV of units of the bank collective trust and composed primarily of fully benefit-responsive investment contracts. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Note 4 - Fair Value Measurements (cont'd.)

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2017 and 2016. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. For the years ended December 31, 2017 and 2016, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

	Assets at Fair Value at December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,215,908	$ -	$ -	$ 4,215,908
Stable value collective trust fund (a)				443,120
Total Investments at Fair Value				$ 4,659,028

	Assets at Fair Value at December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,139,583	$ -	$ -	$ 4,139,583
Stable value collective trust fund (a)				418,831
Total Investments at Fair Value				$ 4,558,414

(a) In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at NAV per share have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017 and 2016. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Note 4 - Fair Value Measurements (cont'd.)

	As of December 31, 2017			
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable value collective trust fund:				
Federated Capital Preservation Fund ISP	$ 443,120	n/a	Daily	12 months

	As of December 31, 2016			
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable value collective trust fund:				
Federated Capital Preservation Fund ISP	$ 418,831	n/a	Daily	12 months

Note 5 - Related Party Transactions and Party-In-Interest Transactions

The Trustee of the Plan is Fidelity Management Trust Company. Therefore, fees paid to this entity qualify as party-in-interest transactions, and amounted to $43,071 for the year ended December 31, 2017.

Certain Plan investments are shares of mutual funds managed by Fidelity Investments Institutional Operations Company, Inc., which is an affiliate of Fidelity Management Trust Company, the Trustee of the Plan. Therefore, the transactions related to these investments quality as party-in-interest transactions. Fees paid by the Plan for investment management services are included in the net change in the fair value of investments.

Notes receivable from participants also qualify as party-in-interest transactions.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 - Tax Status

The Plan has adopted the Fidelity volume submitter profit sharing plan. Accordingly, the Plan is permitted to rely on Fidelity's opinion letters. The Internal Revenue Service has determined and informed Fidelity by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Code. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code, and therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that at December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset, or require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Delinquent Participant Contributions

During the year ended December 31, 2017, the Sponsor did not submit employee contributions and loan repayments of $43,611 in a timely manner. This requires the Sponsor to file notice with the Internal Revenue Service and the Department of Labor which will result in the payment of an excise tax by the Sponsor. These delinquent contributions were corrected by the Sponsor on June 29, 2018. Prior to December 31, 2017, the Sponsor had accumulated untimely deposits of $44,038. These untimely deposits stemming from prior years have been corrected as of December 31, 2017.

Note 10 - Subsequent Events

The Plan administrator has evaluated all events or transactions that occurred after December 31, 2017 through July 20, 2018, the date that these financial statements were available to be issued. During this period, there were no material subsequent events requiring disclosure, except for those noted in Note 9.
