The plan administrator has obtained certifications from the trustees (custodians) as of and for the years ended December 31, 2017 and 2016, that the information provided to the plan administrator by the trustees (custodians) is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedule

The supplemental schedule of assets (held at end of year) as of or for the year ended December 31, 2017, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees (custodians), have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

CAM, LLC 401(k) Plan
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2017

Note 1: Description of the Plan

The following description of the CAM, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was originally effective on June 1, 1991 and was amended and restated effective May 1, 2015 covering all eligible employees of CAM, LLC (the Company) and its subsidiaries, 3-V Fasteners Co., Inc., QRP, Inc., AeroFit, LLC, Bristol Industries and Voss Industries, Inc. All Company employees are eligible to participate in the Plan if they meet the requirements of being at least 18 years of age and have been credited with 30 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of annual compensation or the federal maximum, whichever is less, as defined by the Plan. Participants may make pre-tax deferral and Roth 401(k) contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans. The Company may elect to make a discretionary matching contribution. The Company may also elect to make a discretionary non-matching contribution. For the year ended December 31, 2017, the Company made \$909,141 of discretionary matching contributions. The Company did not make any discretionary non-matching contributions for the year ended December 31, 2017.

Participant Accounts

Each participant's account is credited/debited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings/losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

For the year ended December 31, 2017, participants are immediately vested in their contributions plus actual earnings thereon. Participants vest in the Company's discretionary contributions plus actual earnings thereon based on years of continuous service. After the first year of service, a participant begins vesting 25%, after year two a participant is 50% vested and after three years of credited service a participant is fully vested in the employer contributions. Certain Plan participants became 100% vested in all Company discretionary contributions as a result of being transferred in from a previous plan.

Note 1: Description of the Plan, Continued

Investment Options

The Plan provides participants with several investment options. Plan participants may direct the change of their investment options. These investment options consist of various mutual funds, a pooled separate account and the Prudential Guaranteed Income Fund.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum equal to \$1,000 and a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The transactions are treated as a transfer to (from) the investment fund from (to) the participant notes receivable. Notes receivable from participants terms range from one to five years or more for the purchase of a primary residence. The notes receivable are secured by the balance in the participant's account and bear an interest rate of prime plus one. All notes receivable stated interest rates range from 3.25% to 5.25% and may vary based on prevailing rates at the time the note receivable is made. Principal and interest is paid ratably through payroll deductions. Only one note receivable may be outstanding at any time.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive or rollover into a qualified plan the value of the vested interest in his or her account as a lump-sum distribution, net of tax withholdings, if applicable. The Plan allows for in-service withdrawals by participants who have attained the normal retirement age of 59 ½. A participant may also receive hardship withdrawals, subject to certain limitations, as defined in the Plan document.

Forfeited Accounts

Forfeitures are made available to pay administrative expenses and reduce employer contributions under the Plan. During the year ended December 31, 2017, \$10,265 of forfeitures were applied and used to reduce employer contributions or to pay Plan expenses.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Note 2: Summary of Significant Accounting Policies

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Mutual funds are valued at quoted market prices. The pooled separate account is valued based on the net asset value (NAV).

The Plan has a group annuity contract with an insurance company. This contract is with Prudential Retirement Insurance and Annuity Company and is a fully benefit-responsive contract and has no stated maturity date. A fully benefit-responsive contract provides a stated return on principal invested over a specified period and permits withdrawals at contract value for benefit payments, loans, or transfers. Contract value represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Contract value is the relevant form of measurement for the portion of investments that are considered fully benefit-responsive, as it represents the amount that participants would receive if they were to initiate a permitted transaction under the terms of the Plan. As such, the fully benefit-responsive group annuity contract is included in the financial statements at contract value, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant notes receivable are reclassified as distributions based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Certain administrative expenses are paid for by the Plan. All other expenses of maintaining the Plan are paid directly by the Company.

Financial Statement Presentation

Certain amounts in the 2016 financial statements have been reclassified to conform to the 2017 presentation.

Note 3: Investments Certified by the Trustees (Custodians)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Prudential Bank & Trust (Prudential Bank) and Prudential Retirement Insurance and Annuity Company (Prudential Insurance), the trustees (custodians), have certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and the fully benefit-responsive investment contract as shown on the statements of net assets available for benefits as of December 31, 2017 and 2016.
- Notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2017 and 2016.
- Net appreciation in fair value of investments, interest income on notes receivable from participants, interest income and dividend income for the year ended December 31, 2017, as included on the statement of changes in net assets available for benefits.
- The schedule of assets (held at end of year) as of December 31, 2017, as shown on Schedule H, Line 4i.

At the request of the plan administrator, the Plan's independent certified public accountants did not perform procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule. All other information has been audited in accordance with auditing standards generally accepted in the United States of America.

Note 4: Fair Value Measurement

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). There are three levels of the fair value hierarchy under FASB ASC 820. Level 1 inputs are quoted market prices in active markets for identical investments that the Plan has the ability to access at the measurement date. Level 2 inputs are inputs other than quoted market prices included within Level 1 that are observable for the Plan's investments, either directly or indirectly. Level 3 inputs are unobservable inputs for the Plan's investments.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Registered investment companies - These investments are valued at quoted market prices in an exchange and active market, which represents the fair value of the shares held by the Plan at year-end and the Plan has concluded that these investments should be classified as Level 1.

Pooled separate account - This investment is valued at NAV of units held by the Plan at year-end. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The pooled separate account is invested in common stocks that are traded in active markets. The investment objectives and underlying investments of the separate account vary with some holding diversified portfolios of domestic stocks. There were no unfunded commitments and the investment can be redeemed on a daily basis.

Group annuity contract - This investment is a fully benefit responsive investment contract. The contract consists of the Prudential Retirement Insurance and Annuity Company Guaranteed Income Fund which is a group annuity contract supported by the multi-million dollar general account of Prudential Bank & Trust, which invests in underlying bonds, mortgages and private placements. There is no stated minimum or maximum interest rate for these investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan has concluded that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

CAM, LLC 401(k) Plan
NOTES TO THE FINANCIAL STATEMENTS, Continued
December 31, 2017

Note 4: Fair Value Measurement, Continued

The Plan held a pooled separate account, which is measured at net asset value, in the amount of \$4,079,634 as of December 31, 2017.

There were no assets measured at fair value on a non-recurring basis at December 31, 2017 and 2016. There were no transfers from one fair value level to another for the years ended December 31, 2017 and 2016.

A summary of Plan investments measured at fair value is as follows:

	Fair Value	Fair Value Measurement Using: Quoted Market Price (Level 1)
<u>December 31, 2017:</u>		
Registered Investment Companies	\$ 27,989,228	\$ 27,989,228
Total assets at fair value	<u>\$ 27,989,228</u>	<u>\$ 27,989,228</u>
<u>December 31, 2016:</u>		
Registered Investment Companies	\$ 27,372,429	\$ 27,372,429
Total assets at fair value	<u>\$ 27,372,429</u>	<u>\$ 27,372,429</u>

Note 5: Group Annuity Contract Investments

Prudential Guaranteed Income Fund - At December 31, 2017 and 2016, the Plan has a fully-benefit responsive investment contract with Prudential Bank & Trust with a contract value of \$5,075,105 and \$4,234,067, respectively. Pursuant to this contract, Prudential Bank & Trust maintains a Guaranteed Income Fund (GIF) as an investment option for the Plan. Funds in the GIF represent investments in the general assets of Prudential Bank & Trust which consist predominately of fixed income investments (bonds, mortgages, private placements) and are high quality. Payment of principal and interest is guaranteed by Prudential Bank & Trust, subject to market value adjustment if the contract is terminated by the Plan. The GIF is credited with contributions and interest earnings and is charged for participant withdrawals and administrative expenses. The interest crediting rate for the GIF is set by Prudential Bank & Trust based on historical contributions and withdrawals and current market conditions. The GIF investment portfolio turnover, and estimated contributions and withdrawals for the upcoming quarter. Crediting interest rates are generally reset monthly with the reset based on formulas which may use market value, book value, duration and yield.

CAM, LLC 401(k) Plan
NOTES TO THE FINANCIAL STATEMENTS, Continued
December 31, 2017

Note 5: Group Annuity Contract Investments, Continued

The group annuity contract above does not specify any events which would limit the ability of the Plan to transact at contract value with the issuer or any events which would allow the issuer to terminate the contract and settle for an amount different from contract value. The group annuity contract provides payment options for surrendering the contract; however, the Company does not intend to surrender the group annuity contract.

Note 6: Parties-in-interest Transactions

During 2017, certain Plan investments were managed by Prudential Bank and Prudential Insurance, the trustees (custodians), as defined by the Plan and are parties-in-interest. The Plan incurred certain administrative fees of \$136,376 for the year ended December 31, 2017. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Company pays any other fees related to the Plan operations.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8: Tax Status

The Plan has adopted a Prudential Prototype Non-Standardized Profit Sharing Plan With CODA that the Internal Revenue Service (IRS) approved by a determination letter dated April 29, 2014. The Plan has been amended since receiving the last determination letter; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and believes there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

CAM, LLC 401(k) Plan
NOTES TO THE FINANCIAL STATEMENTS, Continued
December 31, 2017

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10: Subsequent Events

Subsequent events have been evaluated through July 31, 2018, the date the Plan financial statements were available to be issued.

Note 1: Description of the Plan, Continued

Investment Options

The Plan provides participants with several investment options. Plan participants may direct the change of their investment options. These investment options consist of various mutual funds, a pooled separate account and the Prudential Guaranteed Income Fund.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum equal to \$1,000 and a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The transactions are treated as a transfer to (from) the investment fund from (to) the participant notes receivable. Notes receivable from participants terms range from one to five years or more for the purchase of a primary residence. The notes receivable are secured by the balance in the participant's account and bear an interest rate of prime plus one. All notes receivable stated interest rates range from 3.25% to 5.25% and may vary based on prevailing rates at the time the note receivable is made. Principal and interest is paid ratably through payroll deductions. Only one note receivable may be outstanding at any time.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive or rollover into a qualified plan the value of the vested interest in his or her account as a lump-sum distribution, net of tax withholdings, if applicable. The Plan allows for in-service withdrawals by participants who have attained the normal retirement age of 59 ½. A participant may also receive hardship withdrawals, subject to certain limitations, as defined in the Plan document.

Forfeited Accounts

Forfeitures are made available to pay administrative expenses and reduce employer contributions under the Plan. During the year ended December 31, 2017, \$10,265 of forfeitures were applied and used to reduce employer contributions or to pay Plan expenses.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Note 2: Summary of Significant Accounting Policies

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Mutual funds are valued at quoted market prices. The pooled separate account is valued based on the net asset value (NAV).

The Plan has a group annuity contract with an insurance company. This contract is with Prudential Retirement Insurance and Annuity Company and is a fully benefit-responsive contract and has no stated maturity date. A fully benefit-responsive contract provides a stated return on principal invested over a specified period and permits withdrawals at contract value for benefit payments, loans, or transfers. Contract value represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Contract value is the relevant form of measurement for the portion of investments that are considered fully benefit-responsive, as it represents the amount that participants would receive if they were to initiate a permitted transaction under the terms of the Plan. As such, the fully benefit-responsive group annuity contract is included in the financial statements at contract value, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant notes receivable are reclassified as distributions based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Financial Statement Presentation

Certain amounts in the 2016 financial statements have been reclassified to conform to the 2017 presentation.

Note 3: Investments Certified by the Trustees (Custodians)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Prudential Bank & Trust (Prudential Bank) and Prudential Retirement Insurance and Annuity Company (Prudential Insurance), the trustees (custodians), have certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and the fully benefit-responsive investment contract as shown on the statements of net assets available for benefits as of December 31, 2017 and 2016.
- Notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2017 and 2016.
- Net appreciation in fair value of investments, interest income on notes receivable from participants, interest income and dividend income for the year ended December 31, 2017, as included on the statement of changes in net assets available for benefits.
- The schedule of assets (held at end of year) as of December 31, 2017, as shown on Schedule H, Line 4i.

At the request of the plan administrator, the Plan's independent certified public accountants did not perform procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule. All other information has been audited in accordance with auditing standards generally accepted in the United States of America.

Note 4: Fair Value Measurement

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). There are three levels of the fair value hierarchy under FASB ASC 820. Level 1 inputs are quoted market prices in active markets for identical investments that the Plan has the ability to access at the measurement date. Level 2 inputs are inputs other than quoted market prices included within Level 1 that are observable for the Plan's investments, either directly or indirectly. Level 3 inputs are unobservable inputs for the Plan's investments.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Registered investment companies - These investments are valued at quoted market prices in an exchange and active market, which represents the fair value of the shares held by the Plan at year-end and the Plan has concluded that these investments should be classified as Level 1.

Pooled separate account - This investment is valued at NAV of units held by the Plan at year-end. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The pooled separate account is invested in common stocks that are traded in active markets. The investment objectives and underlying investments of the separate account vary with some holding diversified portfolios of domestic stocks. There were no unfunded commitments and the investment can be redeemed on a daily basis.

Group annuity contract - This investment is a fully benefit responsive investment contract. The contract consists of the Prudential Retirement Insurance and Annuity Company Guaranteed Income Fund which is a group annuity contract supported by the multi-million dollar general account of Prudential Bank & Trust, which invests in underlying bonds, mortgages and private placements. There is no stated minimum or maximum interest rate for these investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan has concluded that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

CAM, LLC 401(k) Plan
NOTES TO THE FINANCIAL STATEMENTS, Continued

Note 4: Fair Value Measurement, Continued

The Plan held a pooled separate account, which is measured at net asset value, in the amount of \$4,079,634 as of December 31, 2017.

There were no assets measured at fair value on a non-recurring basis at December 31, 2017 and 2016. There were no transfers from one fair value level to another for the years ended December 31, 2017 and 2016.

A summary of Plan investments measured at fair value is as follows:

	Fair Value	Fair Value Measurement Using: Quoted Market Price (Level 1)
<u>December 31, 2017:</u>		
Registered Investment Companies	\$ 27,989,228	\$ 27,989,228
Total assets at fair value	<u>\$ 27,989,228</u>	<u>\$ 27,989,228</u>
<u>December 31, 2016:</u>		
Registered Investment Companies	\$ 27,372,429	\$ 27,372,429
Total assets at fair value	<u>\$ 27,372,429</u>	<u>\$ 27,372,429</u>

Note 5: Group Annuity Contract Investments

Prudential Guaranteed Income Fund - At December 31, 2017 and 2016, the Plan has a fully-benefit responsive investment contract with Prudential Bank & Trust with a contract value of \$5,075,105 and \$4,234,067, respectively. Pursuant to this contract, Prudential Bank & Trust maintains a Guaranteed Income Fund (GIF) as an investment option for the Plan. Funds in the GIF represent investments in the general assets of Prudential Bank & Trust which consist predominately of fixed income investments (bonds, mortgages, private placements) and are high quality. Payment of principal and interest is guaranteed by Prudential Bank & Trust, subject to market value adjustment if the contract is terminated by the Plan. The GIF is credited with contributions and interest earnings and is charged for participant withdrawals and administrative expenses. The interest crediting rate for the GIF is set by Prudential Bank & Trust based on historical contributions and withdrawals and current market conditions. The GIF investment portfolio turnover, and estimated contributions and withdrawals for the upcoming quarter. Crediting interest rates are generally reset monthly with the reset based on formulas which may use market value, book value, duration and yield.

Note 5: Group Annuity Contract Investments, Continued

The group annuity contract above does not specify any events which would limit the ability of the Plan to transact at contract value with the issuer or any events which would allow the issuer to terminate the contract and settle for an amount different from contract value. The group annuity contract provides payment options for surrendering the contract; however, the Company does not intend to surrender the group annuity contract.

Note 6: Parties-in-interest Transactions

During 2017, certain Plan investments were managed by Prudential Bank and Prudential Insurance, the trustees (custodians), as defined by the Plan and are parties-in-interest. The Plan incurred certain administrative fees of \$136,376 for the year ended December 31, 2017. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Company pays any other fees related to the Plan operations.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8: Tax Status

The Plan has adopted a Prudential Prototype Non-Standardized Profit Sharing Plan With CODA that the Internal Revenue Service (IRS) approved by a determination letter dated April 29, 2014. The Plan has been amended since receiving the last determination letter; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and believes there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10: Subsequent Events

Subsequent events have been evaluated through July 31, 2018, the date the Plan financial statements were available to be issued.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Registered investment companies - These investments are valued at quoted market prices in an exchange and active market, which represents the fair value of the shares held by the Plan at year-end and the Plan has concluded that these investments should be classified as Level 1.

Pooled separate account - This investment is valued at NAV of units held by the Plan at year-end. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The pooled separate account is invested in common stocks that are traded in active markets. The investment objectives and underlying investments of the separate account vary with some holding diversified portfolios of domestic stocks. There were no unfunded commitments and the investment can be redeemed on a daily basis.

Group annuity contract - This investment is a fully benefit responsive investment contract. The contract consists of the Prudential Retirement Insurance and Annuity Company Guaranteed Income Fund which is a group annuity contract supported by the multi-million dollar general account of Prudential Bank & Trust, which invests in underlying bonds, mortgages and private placements. There is no stated minimum or maximum interest rate for these investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan has concluded that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

A summary of Plan investments measured at fair value is as follows:

Note 5: Group Annuity Contract Investments

Prudential Guaranteed Income Fund - At December 31, 2017 and 2016, the Plan has a fully-benefit responsive investment contract with Prudential Bank & Trust with a contract value of \$5,075,105 and \$4,234,067, respectively. Pursuant to this contract, Prudential Bank & Trust maintains a Guaranteed Income Fund (GIF) as an investment option for the Plan. Funds in the GIF represent investments in the general assets of Prudential Bank & Trust which consist predominately of fixed income investments (bonds, mortgages, private placements) and are high quality. Payment of principal and interest is guaranteed by Prudential Bank & Trust, subject to market value adjustment if the contract is terminated by the Plan. The GIF is credited with contributions and interest earnings and is charged for participant withdrawals and administrative expenses. The interest crediting rate for the GIF is set by Prudential Bank & Trust based on historical contributions and withdrawals and current market conditions. The GIF investment portfolio turnover, and estimated contributions and withdrawals for the upcoming quarter. Crediting interest rates are generally reset monthly with the reset based on formulas which may use market value, book value, duration and yield.

Note 5: Group Annuity Contract Investments, Continued

The group annuity contract above does not specify any events which would limit the ability of the Plan to transact at contract value with the issuer or any events which would allow the issuer to terminate the contract and settle for an amount different from contract value. The group annuity contract provides payment options for surrendering the contract; however, the Company does not intend to surrender the group annuity contract.

Note 6: Parties-in-interest Transactions

During 2017, certain Plan investments were managed by Prudential Bank and Prudential Insurance, the trustees (custodians), as defined by the Plan and are parties-in-interest. The Plan incurred certain administrative fees of \$136,376 for the year ended December 31, 2017. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Company pays any other fees related to the Plan operations.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8: Tax Status

The Plan has adopted a Prudential Prototype Non-Standardized Profit Sharing Plan With CODA that the Internal Revenue Service (IRS) approved by a determination letter dated April 29, 2014. The Plan has been amended since receiving the last determination letter; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and believes there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10: Subsequent Events

Subsequent events have been evaluated through July 31, 2018, the date the Plan financial statements were available to be issued.
