NOTE 1 - DESCRIPTION OF PLAN

The following description of the Jump Operations, LLC Employee 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established by Jump Operations, LLC (Jump) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Jump is the administrator of the Plan. All employees of Jump, Neutrona Networks International, LLC and TowerPros LLC (collectively, the Company) who are age 20 or older, excluding temporary employees and interns, are eligible to participate.

Vanguard Fiduciary Trust Company is the trustee of the Plan's assets, which are held in various mutual funds and a stable value collective trust fund.

Contributions: Each year, participants may contribute the maximum allowable by law of pretax annual compensation, as defined in the 401(k) Plan Provisions. The Plan allows for Traditional and Roth 401(k) contributions along with after-tax voluntary contributions subject to the Internal Revenue Service (IRS) established limitations. The Plan also allows participants who have attained age 50 to make catch-up contributions in accordance with Code Section 414(v). Participants may also contribute amounts representing rollover distributions from other qualified plans. The Company may make a discretionary matching contribution equal to a uniform percentage of salary deferrals. During 2017, a matching contribution was made equal to 50% of employee contributions (excluding catch-up and after-tax contributions) with a maximum of nine thousand dollars for participants employed by Jump Operations, LLC and TowerPros, LLC. For participants employed by Neutrona Networks International, LLC, the Company made a matching contribution of 50% of up to 6% of the participant's compensation. The Company may also make non-elective contributions at the option of the Company's Board of Directors. No additional discretionary non-elective contributions were made for the year ended December 31, 2017. Plan participants direct the investment of their contributions and the employer matching contributions and non-elective contributions, if any, into the various investment options offered by the Plan.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions and (b) Plan earnings and is charged with his or her withdrawals and an allocation of (a) plan losses and (b) administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants: Participants who have met the Plan's eligibility requirements may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, reduced by the excess, if any, of the highest outstanding loan balance of loans during the one-year period ending on the day before the date of the new loan over their current outstanding balance of loans as of the date of the new loan or 50% of their vested interest in the Plan. The loans are secured by the balance in the participant's account and bear interest at a fixed rate which is commensurate with local prevailing rates as determined periodically by the Plan administrator. Generally loan terms range from one to five years. However, if the loan is for the purchase of a principal residence, the Plan Administrator may permit a repayment term that exceeds five years. Principal and interest are paid through payroll deductions.

Vesting: Participants are immediately vested in their contributions and rollovers plus actual earnings thereon. Vesting in the remainder of their accounts, plus earnings thereon, is based on years of continuous service at the rate of 20% per year, with participants becoming 100% vested after five years of service. A participant is entitled to 100% of his or her account balance upon retirement, death, or disability.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Forfeitures: Forfeitures of Company contributions are used to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan. During 2017, forfeitures of $228,000 were used to reduce employer contributions. As of December 31, 2017 and 2016, forfeited account balances totaled $32,436 and $108,692, respectively.

Administrative and Investment Management Expenses: Loan origination and annual administrative fees associated with notes receivable from participants and the Plan's record keeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Fees associated with the Plan's use of an investment advisory firm are also reflected in the financial statements as administrative expenses to the Plan. Vanguard investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan. All other expenses of the Plan are paid by the Company.

Payment of Benefits: Distributions are payable upon retirement, death, disability, attainment of age 59 1/2 or termination of employment, as defined in the Plan agreement. The Plan provides for normal retirement at age 65 and early retirement on or after attaining age 55. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment or installments. Participants who terminate service with a vested balance of less than or equal to $5,000 will have their benefits paid as a lump-sum distribution.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when they are incurred. Based on the terms of the Plan document, delinquent participant loans are recorded as distributions when a distributable event occurs.

Payment of Benefits: Benefits are recorded when paid.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest earned on notes receivable from participants, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Vanguard Fiduciary Trust Company. This information has not been audited by independent accountants.

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan:

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Collective Trust Fund: The fair values of participation units held in the collective trust fund are based on the net asset values per unit as reported by the fund manager. The collective trust provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

Investments measured at fair value on a recurring basis are summarized below.

*Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 5 - TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2014 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

(Continued)

NOTE 6 - RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and earnings thereon.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. Fees paid to Vanguard Fiduciary Trust Company, its affiliates and other service providers qualify as party-in-interest transactions. Certain plan investments are invested in mutual funds issued by The Vanguard Group, an affiliate of the trustee. As Vanguard Fiduciary Trust Company is a service provider of the Plan, these investments qualify as party-in-interest investments. Notes receivable from participants also qualify as party-in-interest transactions.

NOTE 8 -SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through August 9, 2018, which is the date the financial statements were available to be issued.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Jump Operations, LLC Employee 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established by Jump Operations, LLC (Jump) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Jump is the administrator of the Plan. All employees of Jump, Neutrona Networks International, LLC and TowerPros LLC (collectively, the Company) who are age 20 or older, excluding temporary employees and interns, are eligible to participate.

Vanguard Fiduciary Trust Company is the trustee of the Plan's assets, which are held in various mutual funds and a stable value collective trust fund.

Contributions: Each year, participants may contribute the maximum allowable by law of pretax annual compensation, as defined in the 401(k) Plan Provisions. The Plan allows for Traditional and Roth 401(k) contributions along with after-tax voluntary contributions subject to the Internal Revenue Service (IRS) established limitations. The Plan also allows participants who have attained age 50 to make catch-up contributions in accordance with Code Section 414(v). Participants may also contribute amounts representing rollover distributions from other qualified plans. The Company may make a discretionary matching contribution equal to a uniform percentage of salary deferrals. During 2017, a matching contribution was made equal to 50% of employee contributions (excluding catch-up and after-tax contributions) with a maximum of nine thousand dollars for participants employed by Jump Operations, LLC and TowerPros, LLC. For participants employed by Neutrona Networks International, LLC, the Company made a matching contribution of 50% of up to 6% of the participant's compensation. The Company may also make non-elective contributions at the option of the Company's Board of Directors. No additional discretionary non-elective contributions were made for the year ended December 31, 2017. Plan participants direct the investment of their contributions and the employer matching contributions and non-elective contributions, if any, into the various investment options offered by the Plan.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions and (b) Plan earnings and is charged with his or her withdrawals and an allocation of (a) plan losses and (b) administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants: Participants who have met the Plan's eligibility requirements may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, reduced by the excess, if any, of the highest outstanding loan balance of loans during the one-year period ending on the day before the date of the new loan over their current outstanding balance of loans as of the date of the new loan or 50% of their vested interest in the Plan. The loans are secured by the balance in the participant's account and bear interest at a fixed rate which is commensurate with local prevailing rates as determined periodically by the Plan administrator. Generally loan terms range from one to five years. However, if the loan is for the purchase of a principal residence, the Plan Administrator may permit a repayment term that exceeds five years. Principal and interest are paid through payroll deductions.

Vesting: Participants are immediately vested in their contributions and rollovers plus actual earnings thereon. Vesting in the remainder of their accounts, plus earnings thereon, is based on years of continuous service at the rate of 20% per year, with participants becoming 100% vested after five years of service. A participant is entitled to 100% of his or her account balance upon retirement, death, or disability.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Forfeitures: Forfeitures of Company contributions are used to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan. During 2017, forfeitures of $228,000 were used to reduce employer contributions. As of December 31, 2017 and 2016, forfeited account balances totaled $32,436 and $108,692, respectively.

Administrative and Investment Management Expenses: Loan origination and annual administrative fees associated with notes receivable from participants and the Plan's record keeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Fees associated with the Plan's use of an investment advisory firm are also reflected in the financial statements as administrative expenses to the Plan. Vanguard investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan. All other expenses of the Plan are paid by the Company.

Payment of Benefits: Distributions are payable upon retirement, death, disability, attainment of age 59 1/2 or termination of employment, as defined in the Plan agreement. The Plan provides for normal retirement at age 65 and early retirement on or after attaining age 55. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment or installments. Participants who terminate service with a vested balance of less than or equal to $5,000 will have their benefits paid as a lump-sum distribution.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when they are incurred. Based on the terms of the Plan document, delinquent participant loans are recorded as distributions when a distributable event occurs.

Payment of Benefits: Benefits are recorded when paid.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. This information has not been audited by independent accountants.

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

NOTE 5 - TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2014 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

NOTE 6 - RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and earnings thereon.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. Fees paid to Vanguard Fiduciary Trust Company, its affiliates and other service providers qualify as party-in-interest transactions. Certain plan investments are invested in mutual funds issued by The Vanguard Group, an affiliate of the trustee. As Vanguard Fiduciary Trust Company is a service provider of the Plan, these investments qualify as party-in-interest investments. Notes receivable from participants also qualify as party-in-interest transactions.

NOTE 8 -SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through August 9, 2018, which is the date the financial statements were available to be issued.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Jump Operations, LLC Employee 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established by Jump Operations, LLC (Jump) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Jump is the administrator of the Plan. All employees of Jump, Neutrona Networks International, LLC and TowerPros LLC (collectively, the Company) who are age 20 or older, excluding temporary employees and interns, are eligible to participate.

Vanguard Fiduciary Trust Company is the trustee of the Plan's assets, which are held in various mutual funds and a stable value collective trust fund.

Contributions: Each year, participants may contribute the maximum allowable by law of pretax annual compensation, as defined in the 401(k) Plan Provisions. The Plan allows for Traditional and Roth 401(k) contributions along with after-tax voluntary contributions subject to the Internal Revenue Service (IRS) established limitations. The Plan also allows participants who have attained age 50 to make catch-up contributions in accordance with Code Section 414(v). Participants may also contribute amounts representing rollover distributions from other qualified plans. The Company may make a discretionary matching contribution equal to a uniform percentage of salary deferrals. During 2017, a matching contribution was made equal to 50% of employee contributions (excluding catch-up and after-tax contributions) with a maximum of nine thousand dollars for participants employed by Jump Operations, LLC and TowerPros, LLC. For participants employed by Neutrona Networks International, LLC, the Company made a matching contribution of 50% of up to 6% of the participant's compensation. The Company may also make non-elective contributions at the option of the Company's Board of Directors. No additional discretionary non-elective contributions were made for the year ended December 31, 2017. Plan participants direct the investment of their contributions and the employer matching contributions and non-elective contributions, if any, into the various investment options offered by the Plan.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions and (b) Plan earnings and is charged with his or her withdrawals and an allocation of (a) plan losses and (b) administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants: Participants who have met the Plan's eligibility requirements may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, reduced by the excess, if any, of the highest outstanding loan balance of loans during the one-year period ending on the day before the date of the new loan over their current outstanding balance of loans as of the date of the new loan or 50% of their vested interest in the Plan. The loans are secured by the balance in the participant's account and bear interest at a fixed rate which is commensurate with local prevailing rates as determined periodically by the Plan administrator. Generally loan terms range from one to five years. However, if the loan is for the purchase of a principal residence, the Plan Administrator may permit a repayment term that exceeds five years. Principal and interest are paid through payroll deductions.

Vesting: Participants are immediately vested in their contributions and rollovers plus actual earnings thereon. Vesting in the remainder of their accounts, plus earnings thereon, is based on years of continuous service at the rate of 20% per year, with participants becoming 100% vested after five years of service. A participant is entitled to 100% of his or her account balance upon retirement, death, or disability.

(Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Forfeitures: Forfeitures of Company contributions are used to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan. During 2017, forfeitures of $228,000 were used to reduce employer contributions. As of December 31, 2017 and 2016, forfeited account balances totaled $32,436 and $108,692, respectively.

Administrative and Investment Management Expenses: Loan origination and annual administrative fees associated with notes receivable from participants and the Plan's record keeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Fees associated with the Plan's use of an investment advisory firm are also reflected in the financial statements as administrative expenses to the Plan. Vanguard investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan. All other expenses of the Plan are paid by the Company.

Payment of Benefits: Distributions are payable upon retirement, death, disability, attainment of age 59 1/2 or termination of employment, as defined in the Plan agreement. The Plan provides for normal retirement at age 65 and early retirement on or after attaining age 55. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment or installments. Participants who terminate service with a vested balance of less than or equal to $5,000 will have their benefits paid as a lump-sum distribution.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when they are incurred. Based on the terms of the Plan document, delinquent participant loans are recorded as distributions when a distributable event occurs.

Payment of Benefits: Benefits are recorded when paid.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest earned on notes receivable from participants, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Vanguard Fiduciary Trust Company. This information has not been audited by independent accountants.

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan:

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Collective Trust Fund: The fair values of participation units held in the collective trust fund are based on the net asset values per unit as reported by the fund manager. The collective trust provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Investments measured at fair value on a recurring basis are summarized below.

*Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 5 - TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2014 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

NOTE 6 - RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and earnings thereon.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. Fees paid to Vanguard Fiduciary Trust Company, its affiliates and other service providers qualify as party-in-interest transactions. Certain plan investments are invested in mutual funds issued by The Vanguard Group, an affiliate of the trustee. As Vanguard Fiduciary Trust Company is a service provider of the Plan, these investments qualify as party-in-interest investments. Notes receivable from participants also qualify as party-in-interest transactions.

NOTE 8 -SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through August 9, 2018, which is the date the financial statements were available to be issued.
