INDEPENDENT AUDITOR'S REPORT

To The Coca-Cola Company Benefits Committee and Plan Participants of Western Container Corporation Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Western Container Corporation Retirement Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of October 2, 2017 and December 31, 2016 and the related statement of changes in net assets available for benefits for the period from January 1, 2017 to October 2, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Western Container Corporation Retirement Savings Plan as of October 2, 2017 and December 31, 2016, and the changes in net assets available for benefits for the period from January 1, 2017 to October 2, 2017 in accordance with accounting principles generally accepted in the United States of America.

Note 1 – Description of Plan

The following description of the Western Container Corporation Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan was originally adopted effective November 1, 1981 and was amended and restated as of January 1, 2015. The Plan is a defined contribution plan covering eligible employees of the Western Container Corporation Company (the "Company"). Eligible employees may begin participating in the Plan after completing 60 days of service with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Administration

Through October 2, 2017, the Plan was administered by The Coca-Cola Company Benefits Committee (the "Committee") which, as Plan Administrator, had substantial control of and discretion over the administration of the Plan. Through October 2, 2017, Transamerica Retirement Solutions provided recordkeeping services, and Mercer Trust Company (the "Trustee") provided trust services for the Plan.

The Plan was amended, effective October 2, 2017, to change the Plan Administrator from The Coca-Cola Company Benefits Committee to the Western Container Corporation Benefits Committee.

Merger of Plan into the Coca-Cola Bottling Association's 401(k) Plan

Effective October 2, 2017, The Coca-Cola Company ("TCCC") no longer held a controlling interest in the Western Container Corporation ("WCC"), and accordingly, WCC employees were no longer eligible to participate in the TCCC plans. Therefore, the Western Container Corporation Benefits Committee merged the Western Container Corporation's Retirement Savings Plan into the Coca-Cola Bottlers' Association 401(k) Plan as of October 2, 2017. The Coca-Cola Bottlers' Association 401(k) Plan is not administered or sponsored by The Coca-Cola Company.

As a result of the merger, the Plan's net assets available for benefits decreased $44.7 million, which included $43.0 million of investments and $1.7 million of participant loans.

Eligibility

Employees who have completed 60 days of service, as defined by the Plan, are eligible to participate and are admitted to the Plan the beginning of the month following the date of eligibility.

Note 1 – Description of Plan (Continued)

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation as defined in the Plan, subject to certain maximum limitations imposed by the Internal Revenue Code (IRC) ($18,000 for 2017). Participants who have attained age 50 by the end of the Plan year are eligible to make catch-up contributions, subject to the maximum limit imposed by the IRC ($6,000 for 2017). Rollover contributions are allowed if they meet certain requirements. Participants direct the investment of their contributions into various investment options offered by the Plan.

Each year, the Company matches 100% of participant contributions up to 6% of the participant's compensation. Participants are automatically enrolled in an elective deferral contribution of 6% of compensation, unless the participant affirmatively elects a different percentage or elects not to make an elective deferral contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions and any Company matching contribution, as well as allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

The Plan provides that contributions shall be invested in any one or more of the available investment accounts. Participants may change their investment options any time throughout the year via internet or direct phone access via the recordkeeping system. Effective April 1, 2015 through October 2, 2017, the Plan participated in the investment options in The Coca-Cola Company Master Trust for 401(k) Plans (the Master Trust).

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service as follows:

Credited Vesting Service	Vested Percentage
Less than 1 year	0%
1 year	30%
2 or more years	100%

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive benefits as either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or by various types of installment plans set forth in the Plan document. For termination of services due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Note 1 – Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to 50% of their vested account balance, excluding The Coca-Cola Company stock, not to exceed $50,000. Participants may have no more than one loan outstanding and no more than one loan approved in any 12-month period. Loan terms range from 1-5 years or up to an extended period that shall be consistent with commercial home loan practices for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Valuation of Investments

The Plan's investments are stated at fair value in accordance with Accounting Standards Codification Topic 820 "Fair Value Measurements and Disclosures" ("ASC 820"). See Note 3 for fair value measurements.

Purchases and sales of securities are recorded on the trade date. Interest income is recorded as earned and dividend income is recorded as of the ex-dividend date.

Notes Receivable from Participants

Participant loans, which are classified as receivables, are stated at the unpaid principal balance plus any accrued but unpaid interest.

Benefits Paid

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from the financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Note 2 – Summary of Significant Accounting Policies (Continued)

Recent Accounting Pronouncements

In February 2017, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2017-06, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): Employee Benefit Plan Master Trust Reporting.* The new guidance provides for presentation within the plan's financial statements of its interest in a master trust as a single line item; disclosure of the master trust's investments by general type as well as by the dollar amount of the plan's interest in each type; and disclosure of the master trust's other assets and liabilities and the balances related to the plan. The standard is effective for fiscal years beginning after December 15, 2018. Early adoption is permitted. The Plan's management elected to early adopt ASU 2017-06. The adoption did not have a material impact on the financial statements.

Note 3 – The Coca-Cola Company Master Trust for 401(k) Plans

Until October 2, 2017, The Plan participated in The Coca-Cola Company Master Trust for 401(k) Plans (the "Master Trust") with similar retirement plans sponsored by the Company and certain other subsidiaries of the Company, whereby investments are held collectively for all plans by the Trustee. Each participating plan's investment in the Master Trust is equal to the sum of its participant account balances in relation to total Master Trust investments. The Plan's investments include retirement target date funds, equity and fixed income index funds, actively managed equity and fixed income funds, synthetic guaranteed investment contracts, and common stock of The Coca-Cola Company. The investment structures include mutual funds, collective trust funds, Master Trust investment funds, and direct ownership of common stock of The Coca-Cola Company

The Plan's interest in the net assets of the Master Trust was approximately 0.9% at December 31, 2016. This was determined by comparing the Plan's investment in the Master Trust to total net assets in the Master Trust. The Plan had no interest in the net assets of the Master Trust at October 2, 2017.

There were no net assets for the Plan as of October 2, 2017. The following table summarizes net assets for the Plan and the Master Trust as of December 31, 2016 (in thousands):

	2016 Plan's Portion of Master Trust Assets	2016 Master Trust
Collective trust funds	$ 28,044	$ 2,026,349

Master Trust net assets	$ 39,655	$ 4,388,734

Note 3 – The Coca-Cola Company Master Trust for 401(k) Plans (Continued)

Fair Value Measurements

ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820 also established a fair value hierarchy that prioritizes the inputs used to measure fair value. This hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of inputs used to measure fair value are as follows:

- Level 1 — Quoted prices in active markets for identical assets or liabilities.
- Level 2 — Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3 — Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The Plan's valuation methods used to measure fair value of its investments may produce fair values that may not be indicative of a future sale, or reflective of future fair values. The use of different methods to determine the fair value of investments could result in different estimates of fair value at the reporting date.

The Plan held no Master Trust assets at October 2, 2017.

Note 3 – The Coca-Cola Company Master Trust for 401(k) Plans (Continued)

The Master Trust assets, measured at fair value on a recurring basis (at least annually) as of December 31, 2016, were as follows (in thousands):

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Investments Using NAV Practical Expedient	Total
Common stock [A]	$ 1,221,648	$ —	$ 1,221,648
Registered investment companies [B]	137,894	—	137,894
Collective trust funds [C]	—	2,026,349	2,026,349
Master Trust investment funds [D]	—	635,228	635,228
	$ 1,359,542	$ 2,661,577	$ 4,021,119

(A) Investments in common stock are in shares of The Coca-Cola Company and are valued using the quoted market price multiplied by the number of shares owned as of the measurement date.

(B) Investments in registered investment companies are valued at the publicly quoted net asset value ("NAV") of each fund. The total value is calculated by multiplying the NAV per share by the number of shares held as of the measurement date.

(C) The underlying investments held in the collective trust funds are equity or debt securities held to replicate the performance of a specific equity or bond market index. The collective trust funds are valued at the NAV per share as determined by the manager of the funds multiplied by the number of shares held as of the measurement date. These funds have no redemption restrictions.

(D) The Master Trust investment funds include the US Large Cap Active Equity Fund, US Small-Mid Cap Active Equity Fund, and the US Core-Plus Active Fixed Income Fund. The total value is calculated by multiplying the NAV per share by the number of shares held as of the measurement date. The underlying investments include common stock, preferred stock, mutual funds, collective trust funds and a short-term investment account. These funds have no redemption restrictions.

During 2016, there were no Level 2 or 3 investments.

Note 4 - Transactions with Parties-in-Interest

The Plan does not consider Company contributions as party-in-interest transactions. Fees paid during the period for investment management, auditing and other professional services rendered by parties-in-interest were based on customary and reasonable rates for such services. Certain investments managed by The Transamerica Retirement Solutions, the Trustee as defined by the Plan, qualify as party-in-interest transactions.

The Plan held no assets as of October 2, 2017. As of December 31, 2016, the Plan held 47,580 shares of common stock of The Coca-Cola Company with a fair value of approximately $1,973,000. During the period from January 1, 2017 to October 2, 2017, the Plan had the following transactions relating to common stock of The Coca-Cola Company (in thousands):

	Shares	Fair Value
Purchases	4	$ 160
Sales	52	$ 2,333
Dividends received	N/A	$ 34

Note 5 – Risks and Uncertainties

The Master Trust may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 6 – Income Tax Status

The Plan obtained its latest determination letter on December 21, 2015 in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The letter expires on January 31, 2020. The Plan administrator had indicated that it would take the necessary steps, if any, to bring the Plan's operations into compliance with the code and maintain the tax qualified status of the Plan. Plan management and the Plan's tax counsel believe that the Plan was designed and operated in compliance with the applicable requirements of the IRC through October 2, 2017. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP require Plan management to evaluate uncertain tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that as of October 2, 2017 the Plan had taken no uncertain tax positions that require recognition of a liability (or asset) in the financial statements. The Plan Administrator believes the Plan is no longer subject to income tax examinations for the years before 2014.

Note 7 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 as of October 2, 2017 and December 31, 2016 (in thousands):

	2017	2016
