INDEPENDENT PRINTING COMPANY, INC.
401(K) SAVINGS PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS
October 26, 2017 and December 31, 2016

Note 1 - Plan description

The following description of the Independent Printing Company, Inc. 401(k) Savings Plan and Trust (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan was a contributory defined contribution plan covering substantially all employees of Independent Printing Company, Inc. (the Company) who were age 18 or older. Employees could participate in the 401(k) portion of the Plan after 1 month of service. To be eligible for Company contributions, participants needed to complete 12 months of service with one thousand or more hours in the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Contributions

Each year, participants were able to contribute up to 85% of pretax annual compensation, as defined by the Plan. Participants who attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants were also able to contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants directed the investment of their contributions into various investment options offered by the Plan. The plan included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elected not to participate in the Plan. Automatically enrolled participants had their deferral rate set at 2% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company contributed 50% of the first 2% of base compensation that a participant contributed to the Plan. During 2017, the Company contributed \$85,196. Additional profit sharing amounts were able to be contributed at the option of the Company's board of directors. During 2017, the Company did not make a discretionary contribution to the plan. Contributions were subject to certain IRS limitations.

C. Participant accounts

Each participant's account was credited with the participant's contributions and an allocation of the Company's contribution and plan earnings (losses). Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that could have been provided from the participant's vested account.

One segregated account existed as of December 31, 2016 but was rolled over into another account outside of the Plan in August 2017.

D. Vesting

Participants were immediately vested in their rollover and voluntary contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts was based on years of continuous service. A participant was 100% vested after six years of credited service.

NOTES TO FINANCIAL STATEMENTS
October 26, 2017 and December 31, 2016

Note 1 - Plan description, continued

E. Notes receivable from participants

Participants were able to borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms generally ranged from one to five years or up to fifteen years for the purchase of a primary residence. The loans were secured by the vested balance in the participant's account and bore interest at the market rate as determined at the time of the loan by the plan administrator. Principal and interest was paid ratably through payroll deductions.

F. Payment of benefits

Active participants were able to elect a lump sum in-service or hardship distribution as eligible according to the plan document. On termination of service due to death, disability or retirement, a participant was able to elect to receive a lump sum amount equal to the value of his or her account or periodic installments over the life expectancy of the participant and his or her beneficiary. However, if the value of the vested benefit was less than \$5,000, a lump-sum distribution would have been made regardless of whether or not an election was made.

G. Administration

Independent Printing Company, Inc. was the administrator of the Plan and appointed Associated Trust Company, N.A. (Associated) as trustee and custodian. The trustee was responsible for investing and safekeeping all assets of the Plan.

H. Acquisition

In January 2017, Independent Printing Company, Inc. was acquired by Ennis Inc. Effective with this transaction, overall responsibility for administration of the Plan was reassigned to the Ennis Inc. 401(k) Plan administrator in April 2017. However, the former plan administrator of the Independent Printing Company, Inc. 401(k) Savings Plan and Trust was still heavily involved with the Plan throughout the remainder of the Plan year.

Note 2 - Significant accounting policies

A. Accounting method

The Plan's financial statements are prepared on the accrual basis of accounting.

B. Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend dates. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

C. Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

D. Notes receivable from participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest was recorded on the accrual basis. Related fees were recorded as administrative expenses and were expensed when they were incurred. No allowance for credit losses has been recorded as of October 26, 2017 and December 31, 2016. If a participant ceased to make loan repayments and the Plan Administrator deemed the participant to be in default, the participant loan balance was reduced and a benefit payment was recorded.

E. Expenses

Administrative expenses were paid either by the Plan or by the Company. Expenses paid by the Company are excluded from these financial statements. Certain administrative expenses of maintaining the Plan were allocated and charged to participants based on participant account balances or participant transactions, as defined, and are included in administrative expenses. In addition, certain investment related expenses are included in net appreciation of fair value of investments.

F. Payment of benefits

Benefits were recorded when paid.

G. Subsequent events

The Company has evaluated events and transactions for potential recognition or disclosure in the financial statements through August 7, 2018, the date on which the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Note 3 - Fair value measurements, continued

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 26, 2017 and December 31, 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds: Valued at the net asset value (NAV) of units of a common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Participant-directed brokerage account: Invested in common stocks which are valued at the closing price reported on the active market on which the individual securities are traded as well as a money market fund which is valued at \$1 NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with the other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 - Fair value measurements, continued

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2016. There were no assets held or valued at October 26, 2017:

	2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 20,302,768	\$ -	\$ -	\$ 20,302,768
Participant-directed brokerage accounts	6,569	-	-	6,569

Investments measured at net asset value*				<u>814,730</u>
Total assets at fair value				<u>\$ 21,124,067</u>

* Certain investments that were measured at net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of October 26, 2017 and December 31, 2016, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

NOTES TO FINANCIAL STATEMENTS

Note 4 - Tax status

The Company adopted a prototype non-standardized 401(k) Plan with a cash or deferral arrangement which received a letter from the IRS dated May 8, 2015, stating that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Note 5 - Information certified by trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan's trustee, Associated Trust Company N.A., has certified that the following data included in the accompanying financial statements is complete and accurate:

- a. The investments and notes receivable from participants as shown in the Statements of Net Assets Available for Benefits.
- b. The investment income and interest income on notes receivable from participants as shown in the Statement of Changes in Net Assets Available for Benefits.
- c. The investments and notes receivable from participants as shown in the Schedule of Assets (Held at End of Year).

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related amounts included in the financial statements.

Note 6 - Party-in-interest transactions

Certain Plan investments are shares of common trust funds managed by Associated. Associated is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid to the trustee for investment management, trust services and other administrative services amounted to \$79,216 for the period ended October 26, 2017.

Certain employees and officers of the Plan sponsor, who are also participants in the Plan, perform administrative services to the Plan at no cost to the Plan.

Note 7 - Risks and uncertainties

The Plan invested in various investment securities. Investment securities were exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities occurred and that such changes could have materially affected participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 - Reconciliation to Form 5500

Differences between these financial statements and information combined in Schedule H, items I and II of Form 5500 were identified and are due to different classifications among various detail accounts. In total, these balances are in agreement.

Note 9 - Prohibited transactions - participant contributions

During 2016, the Company failed to timely remit to the custodian participant contributions totaling \$121 within the period prescribed by Department of Labor regulations. Delays in remitting contributions to the custodian were due to administrative errors.

Note 10 - Plan merger

On October 26, 2017, accounts in the Plan, including outstanding Plan loans, totaling \$20,079,350 were transferred to the Ennis Inc. 401(k) Plan.
