INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Fiber Composites, LLC 401(K) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Fiber Composites, LLC 401(K) Plan (the Plan), which comprise the Statements of Net Assets Available for Plan Benefits as of December 31, 2017 and 2016, and the related Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplementary schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplementary Schedule of Assets (Held at End of Year) as of December 31, 2017, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplementary schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplementary schedule, other than that derived from the information certified by the trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of the Plan

The following description of the Fiber Composites, LLC 401(K) Plan (the Plan) is intended to provide only general information regarding the Plan. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General
The Plan is a participant directed defined contribution plan covering all employees of Fiber Composites, LLC (the Employer), who are at least twenty-one (21) years old and have completed six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Employer is also the administrator of the Plan. As administrator, the Employer has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. Fidelity Management Trust Company (Fidelity) is the appointed trustee of the Plan, and acts at the direction of the Plan Administrator.

Contributions
Participants may elect to contribute any percentage of their eligible compensation, not to exceed annual limitations as provided by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Also, rollover contributions to the Plan are permitted, subject to the restrictions of the Plan Agreement.

The Plan has an automatic contribution provision which the Employer enrolls the participants to make tax-deferred contributions in an amount equal to 4% of their eligible compensation as the automatic deferral percentage. An eligible employee may elect not to contribute to the Plan or elect to contribute a different percentage of compensation, as described above.

The Employer contributes matching contributions equal to 25% of the first 8% of eligible compensation that a participant contributes to the Plan.

The Employer can also elect to contribute a discretionary profit-sharing contribution as determined by the Employer's executive management. Employer discretionary profit-sharing contributions are allocated to the accounts of the individuals who are participants in the Plan on the last day of the Plan's year for which such contributions are made and who meet the eligibility requirements as defined. Employer discretionary contributions are allocated based on the compensation of all eligible participating employees. No such contributions were made during 2017.

Participant Accounts
Each participant's account is credited with the participant's contribution and allocations of the Employer's contribution and Plan earnings and losses. The allocation of earnings and losses is performed based on individual participant account balances. The benefit to which a participant is entitled is the benefit that can be provided for the participant's vested account.

Vesting
Participants are immediately vested in their voluntary contributions plus the annual allocation of Plan earnings on those contributions at the time of allocation. Participants become fully vested in the Employer contributions and the annual allocation of Plan earnings on those contributions after five (5) years of service. A year of service was earned when a participant completed at least 1,000 hours of service in a Plan year. Effective January 1, 2015, vesting under the Plan is based upon elapsed time. A period of service is completed after 12 months from the date of hire and each subsequent 12 months. Participants are partially vested in the Employer contributions as follows: 25% after two years, 50% after three years, 75% after four years, and 100% after five years. Upon death, disability or attainment of normal retirement age, a participant will become fully vested in his/her account.

Participant Notes Receivable
Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Note terms range from one to five years, or up to 10 years for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits
On retirement, death, disability or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum amount equal to the value of his or her vested account. Hardship withdrawals from the Plan are permitted, subject to the limitations imposed by the Internal Revenue Code.

Forfeitures
Participants in the Plan who leave the employment of the Employer before completing applicable vesting requirements forfeit the non-vested portion of the Employer contributions to their accounts. At December 31, 2017 and 2016, forfeited non-vested accounts totaled $23,386 and $60,419, respectively. Forfeitures are used to reduce Employer contributions or to pay administrative expenses related to the Plan. Forfeitures of approximately $70,800 were used to reduce Employer contributions for the year ended December 31, 2017.

Plan Termination
The Employer expects to continue the Plan indefinitely. However, the Employer reserves the right to amend the Plan or contributions thereto, at any time and in any manner that it deems advisable, provided that no amendment shall have the effect of diverting Plan assets for purposes other than for the exclusive benefit of the Plan participants and any Plan termination would be subject to the provisions of ERISA. If the Plan is terminated, the participants would become fully vested and entitled to receive all amounts credited to their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting
The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Valuation of Investments and Income Recognition
The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant Notes Receivable
Participant notes receivable are measured at their unpaid principal balances plus any accrued but unpaid interest and are secured by the balance in the respective participant's account. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income on participant notes receivable is recorded when it is earned. A receivable is considered past due if payment has not been received within stated terms. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2017 and 2016.

Excess Contributions Refundable
Amounts refundable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants subsequent to year end.

Contributions
Participant and Employer matching contributions are recorded weekly when the Employer remits the payroll deductions for investment into the Plan. Employer discretionary profit-sharing contributions are recorded at the end of the year, if applicable.

Payment of Benefits
Benefits are recognized when paid to participants or their designated beneficiaries.

Administrative Expenses
Certain administrative expenses of the Plan are paid by the Employer, unless the Employer directs that the expenses be paid by the Plan. Expenses that are paid by the Employer are excluded from these financial statements. Participant notes receivable set-up and maintenance fees are paid directly by the participants through a reduction in their account and are included in administrative expenses. Investment management and recordkeeping fees, if applicable, are paid by the Plan through revenue sharing as a reduction of investment income (net appreciation or depreciation) from the related investment fund.

Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties
The Plan provides for various investment options with various investment objectives. Investment securities are exposed to various risks such as interest risk, market risk and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

Financial Instruments with a Concentration of Credit Risk
The Plan's investments are held by a single trustee. The Plan's exposure to credit risk is associated with the outside entity's non-performance of their fiduciary responsibilities relating to these amounts as specified in the agreements. Benefits provided by the Plan are not insured or guaranteed by the Pension Benefit Guaranty Corporation.

Subsequent Events
Management has evaluated subsequent events through July 6, 2018, which is the date these financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of fair value hierarchy and inputs to the valuation methodologies are described as follows:

> Level 1 inputs are unadjusted quoted prices in active markets for identical assets the Plan has the ability to access.
>
> Level 2 inputs are other than quoted prices in active markets that are observable either directly or indirectly for the asset. Such inputs are derived principally from or corroborated by observable market data for similar assets by correlation or other means, over substantially the full contractual term of the asset, if applicable.
>
> Level 3 inputs are unobservable and significant to the fair value measurement. Such inputs generally rely on the Plan's own assumptions about the assumptions that market participants would use in pricing the asset.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Fund: The Plan invests in the Mellon Stable Value Fund of the Bank of New York Mellon, an investment vehicle that invests in fully benefit-responsive investment contracts, government securities, pooled separate accounts and other investment companies. It is valued at the NAV of units of a collective trust. The NAV, as provided by Bank of New York Mellon, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Unit values are determined by dividing the fund's net assets at fair value by its units outstanding at the valuation dates. There are no unfunded commitments or redemption restrictions for the individual participants within the Plan, however, there is up to a 12-month redemption for this investment at the Plan level.

As of December 31, 2017 and 2016, the Plan’s investments in mutual funds are reported at level 1 within the fair value hierarchy.

	2017	2016
Mutual funds at fair value	$ 8,214,301	$ 6,185,397
Investment measured at NAV(a)	229,295	239,231
Investments at fair value	$ 8,443,596	$ 6,424,628

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value to the line items presented in the statements of net assets available for plan benefits.

4. Summary of Financial Data Certified by the Trustee

The following is a summary of financial information and data certified by the trustee, Fidelity:

Statements of Net Assets Available for Plan Benefits, except for liabilities, at December 31, 2017 and 2016;

Investment income and interest income from participant notes receivable on the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2017, and;

Investment information provided on the supplementary schedule, Schedule of Assets (Held at End of Year) at December 31, 2017.

5. Income Tax Status

The Plan is operating under a volume submitter plan document designed and sponsored by Fidelity. Fidelity has obtained an advisory letter dated March 31, 2014 stating that the form of the Plan is acceptable under Section 401 of the Internal Revenue Code (the Code). Generally, the Plan Administrator and the Plan may rely on the advisory letter received by Fidelity as to the form of the Plan qualifying under the Code. The Plan has been amended since the letter was obtained. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2017, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Differences from Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan, Form 5500, and these financial statements are a result of different classifications between line items. Total Plan assets are in agreement.

7. Related Party Transactions and Party-in-Interest Transactions

Plan investments are held and managed by Fidelity, the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. The Plan made direct payments to Fidelity for investment management services and administrative fees totaling $73,657 for the year ended December 31, 2017. Participant notes receivable also qualify as party-in-interest transactions.
