As of October 31, 2017 and 2016, and for the Year Ended October 31, 2017

1. Description of Plan

The following description of the MJB Wood Group, Inc. 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering all eligible employees of MJB Wood Group, Inc. (the "Company," "Employer," or "Plan Sponsor") and MJB Supply, LLC. The Plan was originally established on November 1, 1998 and is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code ("IRC"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Company's management delegates to the trustee the functions, authority, and responsibility of "Plan Administrator" of the Plan, as such term is used in the IRC, ERISA, and plan documents. The trustee determines the appropriateness of the Plan's investment offerings and monitor investment performance.

The Plan's investments are participant directed. There are several investment options to which participants may allocate their contribution dollars (both employee and employer portions). Investment options have varying degrees of risk and rates of return.

Eligibility
All non-union full-time employees who have completed three consecutive calendar months of employment and have attained the age of 21 are eligible to participate in the Plan. Employees who have satisfied the eligibility requirements may begin participating on the entry date following the date they satisfy the Plan's eligibility requirements. Entry dates are November 1, February 1, May 1, and August 1 of each year.

Contributions
Each year, participants may contribute up to 60% of pretax annual compensation, as defined by the Plan, subject to Internal Revenue Service ("IRS") limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into the various investment options offered by the Plan.

At the discretion of the Board of Directors, the Company may elect to contribute a discretionary matching contribution based on participant's elected salary deferrals. To be eligible to receive the matching contribution a participant must be employed on the last day of the plan year and have completed 1,000 hours of service during the plan year. During 2017, the Company authorized matching contributions of $179,227. These contributions were remitted to the Plan after year-end and are included in employer contributions receivable on the statement of net assets available for benefits. In addition, the Company may also make additional discretionary contributions in a manner designated by the trustee. No such contributions were made in 2017.

1. Description of Plan (continued)

Participant Accounts
Each participant's account is credited with the participant's contributions and Company's contributions. Plan earnings are allocated based on participant account balances. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participant accounts are valued daily to reflect income earned.

Vesting
Participants are always fully vested in their rollover contributions, deferral contributions, and any earnings thereon. Participants vest in Company contributions according to the table below.

Years of Service	Vested Percentage
Less than 1 year	0%
1 years	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Forfeitures
During the year ended October 31, 2017, participants forfeited $35,868 in prior employer contributions. At October 31, 2017 and 2016, forfeited nonvested accounts totaled $17,934 and $4,079, respectively. Forfeitures may be used to pay the Plan's administrative expenses and to reduce employer contributions. In 2017, forfeited nonvested accounts of $22,447 were used to reduce Plan operating expenses.

Notes Receivable from Participants
Participants may borrow the lesser of $50,000 or 50% of their vested account balance; the minimum loan amount is $1,000. The maximum repayment period is five years, unless the loan is used to buy a principal residence. Participants may have no more than one loan outstanding at one time. Loans are collateralized by the participant's vested account balance and bear interest at a fixed rate determined at the time of the loan, which is calculated at the prime interest rate plus 1% on the date of the loan.

Payment of Benefits
Upon termination of service due to death, disability, retirement or termination, a participant may elect to receive a full or partial distribution of their account balance not to exceed the value of the participant's vested interest in his or her account. A participant may withdraw part of the vested interest in his or her account upon attainment of age 59 1/2 and in the event of an immediate and heavy financial hardship, subject to Plan provisions.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments in mutual funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the custodian and trustee. Refer to Note 4 for discussion of fair value measurement.

The Plan's investment in the Guaranteed Interest Account, which is an investment option available to plan participants under the Plan's group annuity contract, is considered to be fully benefit responsive investment and is measured at contract value, which is the relevant measurement for this type of investment.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investment bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants represent loans and are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recognized on the accrual basis. No allowance for credit losses has been recorded as of October 31, 2017 and 2016. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits
Benefit payments to participants are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in appreciation of fair value of investments.

2. Summary of Significant Accounting Policies (continued)

Excess Contributions Payable
Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions on the statement of net assets available for benefits. The Plan distributed the 2017 excess contributions to the applicable participants prior to March 15, 2018.

Subsequent Events
Subsequent events have been evaluated through the date of the report of independent auditors, which is the date these financial statements were available to be issued. Except for the matter noted in Note 11, there were no material subsequent events that required recognition or additional disclosures in these financial statements.

3. Information Certified by the Trustee and Custodian (unaudited)

The Company has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, the following information included in the accompanying financial statements and supplemental schedules has been certified by the trustee and custodian, as being complete and accurate.

As of October 31,	**2017**	2016
Mutual funds, at fair value	**$ 8,006,314**	$ 7,149,270
Guaranteed interest account, at contract value	**1,846,944**	1,486,561
Total investments	**$ 9,853,258**	$ 8,635,831
Notes receivable from participants	**$ 172,879**	$ 162,211

For the year ended October 31,	**2017**
Net appreciation in fair value of investments	**$ 1,051,387**
Interest and dividend income	**270,073**
Other income	**446**
Interest income on notes receivable from participants	**6,704**

As permitted under such election, the Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements and supplemental schedules.

4. Fair Value Measurements

The fair value hierarchy prioritizes the inputs used to measure fair value, giving the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

4. Fair Value Measurements (continued)

The three levels of the fair value hierarchy are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2017 and 2016.

Mutual funds: Quoted market prices are used to value investments in mutual funds, which are publicly traded funds of registered investment companies.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of October 31, 2017:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 8,006,314	$ -	$ -	$ 8,006,314
Total investments, at fair value	$ 8,006,314	$ -	$ -	$ 8,006,314

4. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of October 31, 2016:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,149,270	$ -	$ -	$ 7,149,270
Total investments, at fair value	$ 7,149,270	$ -	$ -	$ 7,149,270

5. Guaranteed Interest Account with Massachusetts Mutual Life Insurance Company

The Plan offers an investment in an unallocated annuity contract with the Plan's custodian. The custodian maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged with participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by the custodian. Contract value is equal to contributions received plus interest credited, less payments, withdrawals or transfers. The interest rate credited on the unallocated annuity contract varies based on a formula determined by the Plan custodian, but will not be less than a guaranteed floor interest rate determined annually. Participants may ordinarily direct the withdrawals or transfer of all or a portion of their investment at contract value. The contract has certain restrictions that impact the ability to collect the full contract value, for example, (a) the Plan or Plan trust fails to maintain its exempt status under 401(a) of the IRC, (b) there is a termination or partial termination of the Plan, or (c) a provision of the contract is breaced. Plan management believes that the occurrence of events that would cause the plan to transact at less than contract value is not probable. The custodian may not terminate the contract at any amount less than contract value.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The accompanying statements of net assets available for benefits and changes in net assets available for benefits are prepared on a contract value basis.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts, and the net Plan assets would be distributed to the participants based on each participant's account balance.

7. Tax Status

The Plan uses a volume submitter plan document sponsored by America's 401(k). America's 401(k) received an opinion letter from the IRS dated March 31, 2014, which states that the volume submitter plan document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income tax has been included in the Plan's financial statements.

7. Tax Status (continued)

Accounting principles generally accepted in the United States of America require Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by IRS. The Plan is subject to routine audits taken by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2014.

8. Related-Party and Party in Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary to the Plan or party rendering services to the Plan, the employer and certain others. As such, transactions conducted with the Company, State Street Bank and Trust Company and Massachusetts Mutual Life Insurance Company qualify as party-in-interest transactions.

9. Risks and Uncertainties

The Plan offers a number of investment options to participants that are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for plan benefits at October 31, 2017 and 2016 per the financial statements to the Form 5500:

As of October 31,	**2017**	2016
Net assets available for benefits per the financial statements	**$ 10,192,268**	$ 8,954,392
Add: excess contributions payable	**13,096**	-
Net assets available for benefits per the Form 5500	**$ 10,205,364**	$ 8,954,392

The following is a reconciliation of the net increase for the year ended October 31, 2017 per the financial statements to the Form 5500:

For the year ended October 31,	**2017**
Net increase per the financial statements	**$ 1,237,876**
Add: current year excess contributions payable	**13,096**
Net increase per the Form 5500	**$ 1,250,972**

11. Subsequent Event

On April 30, 2018, 68% of the Plan Sponsor was acquired by AC Summit LLC. The Plan Sponsor is still evaluating the effect this acquisition will have on the Plan.
