Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Grosvenor Capital Management, L.P. 401(k) Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Fidelity Management Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2017, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Note 1. Plan Description

The following description of Grosvenor Capital Management, L.P. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document and the Summary Plan Description for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established by Grosvenor Capital Management, L.P. (the Partnership and Plan Sponsor) covering all employees who have completed one month of service and are age 18 or older. The assets of the Plan are managed by Fidelity Management Trust Company (the Trustee) and administered by Fidelity Workplace Services LLC (the Recordkeeper), an affiliate of the Trustee, under the terms of an agreement between the Partnership and the Trustee. Fidelity Management Trust Company, as the trustee for the Plan, holds the Plan's investment assets and is responsible for the investment of the plan assets. The Operations Committee is responsible for the oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute up to 75 percent of pre-tax or post tax (Roth) annual compensation up to the maximum deferral limit, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various registered investment companies as investment options for participants. Participants have the ability to change their investment options on a daily basis. The account value is updated each business day to reflect any contributions, exchanges between investment options, investment earnings or losses for each investment option and withdrawals. The Partnership's matching contribution is equal to 25 percent of participant contributions, excluding rollover and catch-up contributions, beginning after six months of service. The Partnership may also make a discretionary profit sharing contribution; however, the Partnership has not elected to do so as of December 31, 2017. Contributions are subject to certain limitations.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, as of the first of the month following meeting eligibility requirements, with a rate set at 3 percent of eligible pre-tax annual compensation and invested in the age-appropriate target-date fund. Employees may cancel their participation in the Plan at any time.

Participant accounts: Each participant's account is credited with that participant's contributions and allocations of a) the Partnership's matching contribution, b) the Partnership's discretionary profit sharing contribution, if any, c) plan earnings, and d) charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Partnership's contribution portion of their accounts is based on years of continuous service. Effective February 1, 2012, a participant vests equally each year so that he/she is 100 percent vested after two years of credited service. Participants terminated prior to February 1, 2012, were subject to a three year graded vesting schedule. A participant also becomes fully vested upon death, if currently employed by the Plan Sponsor, retirement, or disability.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of 50 percent of the participant's vested account balance, or $50,000, minus the highest outstanding loan balance in the prior 12 months. The loans are secured by the balance in the participant's account and bear interest at rates that range from 3.25 percent to 8.25 percent as of December 31, 2017, which are commensurate with local prevailing rates at the time of the loan origination as determined by the Plan Administrator. The loan repayment period is set at a maximum of five years except in the case of a loan for the purpose of acquiring a principal residence, in which case the loan repayment period is set at a maximum of ten years. Participants may only have up to two loans outstanding at any time. Upon termination of employment with the Partnership, the loan is due immediately or will be treated as a cash distribution as of the last business day of the calendar quarter following the calendar quarter in which a loan is initially considered past due. Principal and interest is paid ratably through semi-monthly payroll deductions.

Contribution receivable from the Partnership: For the year ended December 31, 2016, the Plan's entry date provisions were not satisfied with respect to two participants who were not permitted to enter the Plan on a timely basis. The Partnership corrected this error in a manner consistent with the IRS compliance relief program. Related missed contributions and earnings that are receivable from the Partnership were recorded on the accrual basis. The Partnership paid out this receivable to the two partipants in 2017.

Payments of benefits: Upon death, termination of service, disability, retirement or due to other reasons, as defined in the Plan, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his/her account, or annual installments over a period of not more than the assumed life expectancy. A participant who is not a 5 percent or greater owner of the Partnership is required to receive a minimum distribution from the Plan no later than April 1st of the calendar year following the calendar year in which the participant attains 70 ½ or terminates employment, whichever is later. A 5 percent or greater owner of the Partnership is required to receive a minimum distribution no later than April 1st of the calendar year following the calendar year in which the participant attains age 70 ½ even if the participant has not retired.

In-service hardship withdrawals of participant and Partnership contributions are allowed with certain restrictions.

Forfeited accounts: At December 31, 2017 and 2016, forfeited non-vested accounts totaled $5,687 and $13,033, respectively. These accounts can first be used to reduce future plan expenses incurred by the Plan. Any remaining forfeiture balances may then be used to reduce Partnership contributions. For the year ended December 31, 2017, Partnership contributions were reduced by $35,110 from forfeited nonvested accounts..

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements are prepared on the accrual basis of accounting.

Accounting policies: The financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP). A description of the accounting policies of particular significance follows.

Use of estimates: The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly

transaction between market participants at the measurement date. The Plan's Operations Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and the Trustee of the Plan. See Note 4 for a detailed discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent loans are treated as distributions based upon the terms of the plan document.

Payment of benefits: Benefits are recorded when paid.

Operating expenses: The Plan pays certain administrative expenses as provided in the plan document. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through August 9, 2018, the date the financial statements were available to be issued.

Note 3. Information Certified by the Plan's Trustee

The following is a summary of the Plan's asset and income information as of December 31, 2017 and 2016, and for the year ended December 31, 2017, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Fidelity Management Trust Company, the Trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-5 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedule related to the following assets:

	December 31, 2017	December 31, 2016
Investments, at fair value:		
Shares of money market funds	$ 1,626,251	$ 2,238,970
Shares of registered investment companies	64,719,850	49,064,696
	$ 66,346,101	$ 51,303,666
Notes receivable from participants	$ 619,533	$ 442,789

Fidelity Management Trust Company also certified to the completeness and accuracy of $8,837,488 of net appreciation in fair value of investments, $1,795,845 of dividends and interest related to the aforementioned investments, and $14,887 of interest related to the notes receivable from participants for the year ended December 31, 2017.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest

priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Financial Accounting Standards Board guidance are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to their fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Shares of registered investment companies and money market funds: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2017 and 2016:

	December 31,	
	2017	2016
	(Level 1)	(Level 1)
Investments, at fair value:		
Shares of money market funds	$ 1,626,251	$ 2,238,970
Shares of registered investment companies	64,719,850	49,064,696
	$ 66,346,101	$ 51,303,666

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. During the year ended December 31, 2017, there were no transfers in or out of Levels 1, 2, or 3.

Note 5. Related-Party and Party-in-Interest Transactions

Certain Plan investments are shares of registered investment companies managed by an affiliate of Fidelity Management Trust Company. Fidelity Management Trust Company is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan made a direct payment to the Recordkeeper of $38,493. The Partnership pays directly any other fees related to the Plan's operations.

Some of the Partnership employees provide certain accounting and administrative services to the Plan for which no fees are charged.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Partnership has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants would become fully vested in their Partnership contributions.

Note 7. Tax Status

The Plan adopted a volume submitter defined contribution plan sponsored by Fidelity Management Trust Company. The volume submitter plan has received an opinion letter dated March 31, 2014 from the IRS as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before 2014.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
