1. Description of the Plan:

The following description of Critical Flow Solutions, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for more complete information regarding the terms of the Plan.

General: The Plan was a defined contribution plan covering all eligible employees of Critical Flow Solutions, LLC and subsidiaries (the "Plan Sponsor"). The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator was responsible for oversight of the Plan. The Plan Administrator determined the appropriateness of the Plan's investment offerings and monitored investment performance.

Plan Merger: During October 2016, the Plan Sponsor was acquired by CIRCOR International, Inc. On April 1, 2018, the Plan Sponsor approved the merger of the Critical Flow Solutions, LLC 401(k) Plan with the CIRCOR International, Inc. 401(k) Savings Plan and the transfer of all assets to the CIRCOR International, Inc. 401(k) Savings Plan effective April 1, 2018. Concurrently with the transfer of assets, the Critical Flow Solutions, LLC 401(k) Plan was terminated.

Eligibility: All employees of the Plan Sponsor, except for union employees, leased employees and nonresident aliens, became eligible for participation in the Plan on the date of hire and upon attaining age 18. Eligible employees enrolled in the Plan are referred to as "Participants" in the Plan.

Contributions: The Plan provided for Participant pre-tax contributions. Participants could contribute up to 90% of their pre-tax compensation, as defined by the Plan, subject to the Internal Revenue Code (IRC) limitations. Rollover contributions from other qualified plans were allowed, with the approval of the Plan Administrator. The Plan included a qualified Roth contribution program, whereby Participants could irrevocably elect to treat all or a portion of compensation that would otherwise be eligible to defer as pre-tax contributions as designated Roth contributions as defined in Section 402A(c)(1) of the IRC. The Plan had an automatic enrollment feature, whereby active Participants who did not revoke their elective contributions contributed a minimum of 3% of eligible compensation. Participants directed the investment of their contributions into various investment options offered by the Plan.

The Plan provided that Participants who were projected to be age 50 or older by the end of the calendar year and who were making deferral contributions to the Plan could also make a catch-up contribution subject to IRC limitations.

The Plan Sponsor matched 50% of Participant contributions up to 8% of their eligible compensation, up to a maximum of $6,000 per year. During the period from January 1, 2018 through April 1, 2018, non-discretionary matching contributions were made to the Plan in the amount of $139,624.

Participant Accounts: Each Participant's account was credited with the Participant's contributions and allocations of (a) the Plan Sponsor's contributions, (b) Plan earnings or losses, and (c) charged with an allocation of administrative expenses, if any. Allocations were based on Participant earnings or account balances, as defined. The benefit to which a Participant was entitled is the benefit that can be provided from the Participant's vested account.

Vesting: Participants were immediately vested 100% in their contributions plus actual earnings thereon. Participants were 100% vested in the Plan Sponsor contributions and the actual earnings thereon after completion of three years of credited service. Participant vesting in the Plan based upon years of service was as follows:

Years of Service from Date of Hire	Vested Percentage of Matching Contributions
1	0%
2	0%
3	100%

Participants were 100% vested upon the occurrence of permanent disability, as defined.

Notes Receivable from Participants: Participants could borrow from their Plan accounts in amounts attributable to the Participant's vested balance, for a maximum term of five years. If the loan is for the purchase of a principal residence, the term of the loan may be extended. A Participant could borrow the lesser of 50% of his or her eligible balance up to $50,000. The minimum loan amount is $1,000 and only one loan could be outstanding at any time. The loan balance was secured by the Participant's account and bore interest at rates which were commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest was paid ratably through payroll deductions.

1. Description of the Plan (Continued):

Effective September 15, 2017, Participants could not apply for another loan until 30 days following the date the existing loan is paid in full.

Benefits and Withdrawals: The vested benefits were paid to the Participants or their beneficiaries upon the Participants' retirement, death, disability or termination of employment with the Plan Sponsor. In the event of the above, the Participants or their beneficiaries would receive a lump sum distribution if the account has a value of less than or equal to $1,000. Participants whose account balances exceed $1,000 could elect to receive a lump sum distribution or could leave their vested balance in the Plan.

Participants could also withdraw their vested account balance upon attaining age 59 ½.

Forfeited Accounts: Forfeited amounts related to Plan Sponsor's contributions are used to reduce future Plan Sponsor contributions and to pay Plan expenses. Forfeited amounts not used to reduce future Plan Sponsor contributions and Plan expenses are reallocated to Participant accounts as additional Plan Sponsor contributions. During the period from January 1, 2018 through April 1, 2018, the Plan Sponsor did not use forfeitures to reduce its discretionary matching contributions or pay Plan expenses. As of April 1, 2018 and December 31, 2017, the Plan had forfeitures available to offset future Plan Sponsor's contributions and Plan expenses in the amounts of $10,703 and $8,256, respectively.

2. Significant Accounting Policies:

Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Notes Receivable from Participants: Notes receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of April 1, 2018 and December 31, 2017. If a Participant ceases to make loan repayments and the Plan Administrator deems the Participant loan to be in default, the note receivable balance is reduced and a benefit payment is recorded.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from Participants are charged directly to the Participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation in fair value of investments.

Use of Estimates: The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events: The Plan Administrator has evaluated subsequent events through July 25, 2018, the date the financial statements were available to be issued.

3. Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used for the periods ended April 1, 2018 and December 31, 2017.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund: Valued at the net asset value (NAV) of units of the stable value fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the stable value fund, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Fair Value Measurements (Continued):

The following table sets forth, by level within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2017:

	Assets at Fair Value as of December 31, 2017			
	Total	Level 1	Level 2	Level 3
Investments:				
Mutual Funds	$ 5,935,160	$ 5,935,160	$ -	$ -
Total Assets in the Fair Value Hierarchy	5,935,160	5,935,160	-	-
Investments Measured at Net Asset Value	526,555			
Investments at Fair Value	$ 6,461,715			

The following table summarizes investments measured at fair value based on NAV used as a practical expedient as of December 31, 2017, respectively:

Financial Asset	Fair Value as of December 31, 2017	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Stable Value Funds	$ 526,555	None	Daily	12 Months

4. Party-in-Interest Transactions:

Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of investments, as they are paid through revenue sharing, rather than direct payment, in the accompanying statement of changes in net assets available for plan benefits for the period from January 1, 2018 through April 1, 2018. During the period from January 1, 2018 through April 1, 2018, the Plan made a direct payment to the third-party administrator, Fidelity Investments Institutional, in the amount of $2,785 which was not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

5. Tax Status:

The Plan has adopted the volume submitter profit sharing plan of Fidelity Management & Research Co. The volume submitter profit sharing plan sponsor received a favorable opinion letter dated March 31, 2014 in which the Internal Revenue Service stated that the form of the volume submitter profit sharing plan was in compliance with the applicable requirements of the IRC. The volume submitter profit sharing plan has been amended since receiving the opinion letter; however, the Plan Administrator believes that the Plan and the related trust are currently being operated in compliance with the applicable provisions of the IRC, and that the related trust is therefore tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and to recognize a tax liability (or asset) if the Plan Sponsor has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator believes it has no uncertain tax positions as of April 1, 2018 and December 31, 2017 and for the period from January 1, 2018 through April 1, 2018.

6. Risks and Uncertainties:

The Participants invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect Participants' account balances and the amounts reported in the accompanying statements of net assets available for plan benefits.

7. Information Certified by the Trustee:

The Plan Administrator has elected the method of compliance, commonly referred to as the limited-scope audit exemption, permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, no auditing procedures with respect to the information certified by Fidelity Management Trust Company, trustee of the Plan, were performed by the independent auditors except for comparing the information to the financial statements and supplemental schedule. The trustee has certified as to the completeness and accuracy of the investments and notes receivable from participants held by the Plan as of April 1, 2018 and December 31, 2017, the investment income, the interest income on notes receivable from Participants and the investment-related transactions of the Plan for the period from January 1, 2018 through April 1, 2018.

8. Reconciliation of Financial Statements to Form 5500:

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500 as of December 31, 2017:

The following is a reconciliation of the net increase in net assets available for plan benefits per the financial statements to Form 5500 for the period from January 1, 2018 through April 1, 2018:
