1 - DESCRIPTION OF PLAN

GENERAL

The Capform, Inc. 401(k) Retirement Plan (the "Plan") is a defined contribution Plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established and adopted effective October 1, 2000 for the benefit of eligible employees of Capform, Inc. (the "Company"). The Plan's Custodian and Record-keeper is United of Omaha Life Insurance Company, ("Custodian" and "Record-keeper"). The following descriptions provide only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

Employees become eligible for participation after the age 21, as defined by the Plan document. Participants may enter the Plan immediately upon hire following attainment of all eligibility requirements. Subject to certain limitations on annual additions, each participant's account is credited with the participant's contributions, company contributions, and an allocation of Plan earnings and charged with administrative expenses related to loan and distribution fees if requested by participants. The allocations are based on participant account balances, as defined.

CONTRIBUTIONS

The Plan is funded through employee elective deferrals and Company contributions. Each year, participants may contribute up to 100% of pretax compensation, subject to maximum limitations imposed by the Internal Revenue Code ("IRC") ($18,000 for 2017). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,000 for 2017). Rollover contributions representing distributions from other qualified defined benefit or contribution plans are permitted.

The Plan's employer matching contributions are 15% of the first $2,400 that a participant contributes to the Plan, as defined by the Plan document.

VESTING

Participants are immediately vested in rollover contributions, employee contributions, and any earnings thereon. Vesting of employer matching contributions and earnings thereon is based on years of continuous service. Participants vest 20% per year beginning after one year of service and are 100% vested after five years, as defined by the Plan document.

FORFEITURES

Forfeitures are available to reduce future employer contributions or pay administrative expenses. At December 31, 2017 and 2016, forfeited non-vested accounts available for future use totaled, $6,889 and $8,075, respectively. Those amounts are reported as a component of net assets available for benefits.

BENEFITS PAID TO PARTICIPANTS

Upon normal retirement age, death, disability, or termination, a participant's benefits are payable in installments for accounts with balances greater than $5,000 or a lump-sum amount equal to 100% of the participant's vested account balance. Participants with vested account balances greater than $5,000 may defer their distributions to a later date. Participant account balances less than $5,000, upon termination, may be distributed in a lump sum or rolled over to an individual retirement account. Employees may also make hardship withdrawals on the balance of their account related to their elective deferral contributions.

1 - DESCRIPTION OF PLAN, CONTINUED

INVESTMENT OPTIONS

The Plan provides for participants to direct both employee and employer contributions into a variety of pooled separately accounts and a guaranteed investment contract in accordance with participant investment elections and the provisions of the Custodian agreement. Participants should refer to the Plan website for additional fund information.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their accounts, a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. A participant may only have one loan outstanding at any given time. The notes are secured by the balance in the participant's account and bear interest at a rate determined reasonable by the Plan Administrator. Any note must be repaid within five years unless for the purchase of a primary residence. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. Notes receivable from participants as of December 31, 2017 bear interest at rates of 3.25% to 4.25% and mature from February 2018 through November 2021. Notes receivable from participants as of December 31, 2016 bear interest at a rate of 3.25% to 3.50% and mature from March 2017 through November 2020.

ADMINISTRATIVE EXPENSES

Administrative expenses incurred in the establishment and administration of the Plan are charged against and paid out of the trust fund of the Plan, unless paid directly by the Company. Distribution and loan fees are charged directly to the requesting participant's account.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to participants' accounts shall become 100% vested.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the accrual method in accordance with accounting principles generally accepted in the United States ("U.S. GAAP").

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the Plan document or loan policy of the Plan. Notes receivable are valued at amortized cost which approximates fair value.

BENEFITS

Benefits are recorded when paid.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation includes the Plan's gain and losses on the investments bought and sold, as well as held during the year.

3 – FAIR VALUE MEASUREMENTS

RECENT ACCOUNTING PRONOUNCEMENTS

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-7, "Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value ("NAV") per Share (or its Equivalent)". The update removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as the practical expedient. The update also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share as the practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. ASU 2015-7 is effective for fiscal years beginning after December 15, 2015 for public entities and after December 15, 2016 for all other entities with early adoption permitted. Plan management adopted the ASU No. 2015-7 in the 2017 financial statements, noting no material impact to the plan with no financial statement impact.

3 – FAIR VALUE MEASUREMENTS, CONTINUED

INVESTMENT VALUATION AND LEVELING

FASB Accounting Standards Codification ("ASC") Topic 820 for Fair Value Measurements and Disclosures provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Investments measured and reported at fair value are classified and disclosed in one of the following categories:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan's investments in accordance with FASB ASC 820, the following value methodologies were used for each type of investments:

Pooled Separate Accounts: Plan contributions are participant-directed to specific underlying mutual funds within the pooled separate accounts. Shares of the mutual funds are held in separate divisions ("sub-accounts") of the pooled separate accounts on a unitized basis. The unit value of the pooled separate accounts is determined based on end of day net asset values of mutual funds, plus any dividends and capital gains declared, divided by the prior day net asset value to arrive at a gross investment rate for the day. The gross investment rate is reduced by a daily asset management charge to arrive at a net investment rate for the day. The net investment rate for the day is multiplied by the prior day unit value to arrive at the current day unit value. Units held by the plan in each sub-account are multiplied by the unit value to arrive at the total investment value of pooled separate accounts.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Company believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3 – FAIR VALUE MEASUREMENTS, CONTINUED

INVESTMENT VALUATION AND LEVELING, CONTINUED

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ 4,838,596	$ -	$ -	$ 4,838,596
Total assets at fair value	$ 4,838,596	$ -	$ -	$ 4,838,596

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ 3,972,296	$ -	$ -	$ 3,972,296
Total assets at fair value	$ 3,972,296	$ -	$ -	$ 3,972,296

4 - FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN (UNAUDITED)

The Company has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Company instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by United of Omaha Life Insurance Company, the Custodian and party-in-interest as defined by ERISA, as of December 31, 2017 and 2016, and for the year ended December 31, 2017, except for comparing such information certified by the Custodian to information included in the Plan's financial statements and supplemental schedule. This information consists of the following:

	2017	2016
Investments		
Pooled separate accounts, at fair value	$ 4,838,596	$ 3,972,296
Guaranteed investment contract, at contract value	582,983	528,233
Total investments	$ 5,421,579	$ 4,500,529
Notes receivable from participants	$ 232,817	$ 217,410
Interest on notes receivable from participants	$ 7,256	
Net appreciation in fair value of investments	$ 673,545	

5 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts and a guaranteed investment contract managed by United of Omaha Life Insurance Company, the Custodian as defined by the Plan. Therefore, these transactions qualify as party-in-interest.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan.

6 – GUARANTEED INVESTMENT CONTRACT WITH MUTUAL OF OMAHA

The Mutual of Omaha investment is a fully benefit-responsive guaranteed investment contract issued by the United of Omaha Life Insurance Company. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than zero. Such interest rates are continuously reviewed and reset as needed on a monthly to quarterly basis. There is a surrender charge that may be charged based on cumulative transfer percentages and advance notice of intent to terminate if a plan terminates its interest in the contract unless a 12-month irrevocable advance notice is given. Certain unobservable inputs are assessed through review of contract terms (ex: duration or payout date) while others are substantiated utilizing available market data (ex: swap curve rate).

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
- Premature termination of the contract
- Plan terminations or mergers
- Changes to the Plan's prohibition or competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor event (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers or that also limited the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contact
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer

7 – EXCESS PARTICIPANT CONTRIBUTIONS PAYABLE

The Plan failed the discrimination test of the year ended December 31, 2017. As a result, excess contributions payable amounting to $10,501 were recorded as a liability in the accompanying statement of net assets available for benefits and as a reduction to contributions in the related statement of changes in net assets available for benefits.

8- RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the investments will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9 - TAX STATUS OF THE PLAN

For the 2017 Plan year, the plan is based on a prototype Plan document developed by United of Omaha Life Insurance Company, which received a favorable opinion letter dated March 31, 2014, from the Internal Revenue Service ("IRS") stating that the prototype Plan constitutes a qualified Plan under Section 401 of the IRC. The Company believes the Plan, as adopted and amended, is operating within the guidelines of the IRC, and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examination for years prior to 2014.

10 – RECONCILIATION TO THE 2017 FORM 5500, SCHEDULE H

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

Plus: excess contributions payable	10,501
Net increase in net assets available for benefits per the Form 5500	$ 951,768

11 – SUBSEQUENT EVENTS

Effective January 1, 2018, certain components of compensation and any monthly, quarterly, or incentive bonuses, will be excluded from eligible wages. Participants may make a separate deferral election to defer part or all of annual bonuses.

In accordance with FASB ASC 855, "Subsequent Events" the Sponsor has evaluated events or transactions occurring after December 31, 2017, the Statements of Net Assets Available for Benefits date, through July 27, 2018, the date the financial statements were ready to be issued, and determined there were no additional events or transactions that would impact the financial statements for the year ended December 31, 2017.
