BALCONES RESOURCES, INC.
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017

1. DESCRIPTION OF PLAN

The following brief description of the Balcones Resources, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for complete information.

General - The Plan is a defined contribution plan covering substantially all employees of Balcones Resources, Inc. (the Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Capital Bank and Trust Company serves as the Plan's custodian and record keeper, and the Plan is administered by the Company.

Eligibility - All employees older than 21 years of age and with six months of service are eligible to participate in the Plan. Employees eligible to participate in the Plan may enroll on the first day of any plan month following meeting the eligibility criteria.

Contributions - A participant may authorize the Company to withhold from 1% to 100% of his or her eligible compensation, not to exceed the annual limit established by the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company matches 100% of participant contributions up to 3% of eligible compensation plus 50% of participant contributions between 3-5% of eligible compensation. The Company may make additional nonelective contributions.

Participants direct the investment of contributions into various investment options offered by the Plan.

Participant Accounts - Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution and (b) plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting - Participants are immediately vested in their voluntary contributions and employer matching contributions plus actual earnings thereon.

Payment of Benefits - Upon death, disability, retirement, or termination of employment, a participant may elect to receive a lump-sum cash distribution equal to the participant's vested account balance or rollover the account balance to another qualified plan. Hardship distributions are also permitted from the participant's employee deferral account.

1. DESCRIPTION OF PLAN (CONTINUED)

Forfeitures - Forfeitures of unvested participant account balances are used to reduce the Company's contributions. Forfeitures available to be used as of December 31, 2017 and 2016, were $23 and $23, respectively.

Federal Income Tax Status - The Plan was originally effective on August 1, 2000, and was amended and restated effective January 1, 2013. The Plan has received an opinion letter from the Internal Revenue Service as to the volume submitter plan and trust's qualified status. The volume submitter plan and trust opinion letter is relied upon by the Plan. The plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

Expenses - The Company pays and recognizes certain administrative and operating costs of the Plan at no obligation to the Plan.

Plan Termination - Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants will become 100% vested in their accounts and distributions will be made as soon as administratively practicable after the Plan terminates.

2. SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

Basis of Accounting - The Plan's financial statements are reported on the accrual basis of accounting.

Security Transactions - Purchases and sales are accounted for on the trade date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Accounting Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

Risks and Uncertainties - Financial instruments, which potentially subject the Plan to concentrations of credit risk, consist primarily of investment securities in which the Plan invests. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the near-term could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Valuation of Investments - Investments are reported at fair value. The Plan has adopted Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) 820-10, *Fair Value Measurements* , which establishes a framework for measuring fair value.

Fair Value Measurement - The Plan has adopted FASB ASC 820-10, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value.

Mutual funds: Valued at the net asset value (NAV) of shares held at the end of year.

Investments measured at NAV are not reported on the fair value hierarchy chart. As none of the Plan's assets are qualified to be presented in the hierarchy chart, no such chart is presented.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Subsequent Events - Management of the Plan has evaluated subsequent events for disclosure through the date of the independent auditors' report, the date the financial statements were available to be issued. See Note 5.

3. INFORMATION CERTIFIED BY CUSTODIAN - UNAUDITED

As permitted by the rules and regulations of the Department of Labor with respect to reporting and disclosure under ERISA, Capital Bank and Trust Company, the trustee of the Plan, have certified to the plan administrator that the investments and participant loans, together with all other transactions which affect plan assets, are complete and accurate.

The Plan's investments are held by the trustee. Investments are presented at fair value as determined by quoted market or contract prices as determined by the trustee. Participant loans are measured at their unpaid balances plus accrued but unpaid interest. The Plan's assets, as reported by the trustees at December 31, 2017 and 2016, are summarized as follows:

	2017	2016
Investments at fair value	$ 3,513,764	$ 2,860,388
Investment income (loss)		
Net appreciation (depreciation) in fair value of investments	$ 367,595	$ 107,937
Dividends and interest	163,020	110,040
Total investment income (loss)	$ 530,615	$ 217,977

4. PARTY-IN-INTEREST TRANSACTIONS

Certain investments are variable annuities held by the custodian. Transactions such as these qualify as party-in-interest transactions.

5. SUBSEQUENT EVENTS

On February 1, 2018, the plan was amended effective February 15, 2018, to allow for installment distributions for Election 49. This allows participants to elect "early retirement" once they reach age 55 and thereby access 401k savings at an earlier age without penalty.
