1. Description of Plan

The following description of the NSG Technology, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was adopted by NSG Technology, Inc. (the "Company" or "Plan Sponsor") on January 1, 2003, and was most recently amended and restated, effective January 1, 2015. The Plan is defined as a contribution retirement plan arrangement described in the Internal Revenue Code ("IRC") Section 401(a). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the IRC.

Plan Administration

The Company is the administrator of the Plan. As administrator, the Company has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. Reliance Trust Company ("Reliance") is the appointed trustee of the Plan. The trustee of the Plan acts at the direction of the Plan's administrator.

Eligibility

All non-excluded employees, as defined by the Plan document, are eligible to participate in the Plan after three months of service (minimum 1,000 hours), provided that they are at least age 21.

Contributions

Employees may begin deferring a portion of their eligible compensation into the Plan on a before-tax and after tax basis (Roth) pursuant to Code Section 401(k) up to the limits imposed by Section 402(g) of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct their investments into various investment options offered by the Plan. The Company matches 100% of the participant deferral contributions up to a maximum of 4% of the employee's eligible compensation. For the year ended December 31, 2017, matching contributions were approximately $709,000. Elective profit sharing contributions may also be made at the discretion of the Company. The Company did not make or approve any elective profit sharing contributions for the year ended December 31, 2017.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, Plan earnings or losses, and rollovers from other qualified plans. Plan earnings or losses are allocated based upon each participant's account balance.

Certain fees are charged to the fund investments and are offset against Plan investment income and loss as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

1. Description of Plan, continued

Vesting

Participant contributions, employer matching contributions, employer profit sharing contributions (if any), and rollovers, as well as all earnings on these contributions, are fully vested when made or earned.

Forfeitures

Forfeitures that occur during a Plan year will be used to reduce plan administration fees or to reduce future employer contributions. As of December 31, 2017 and 2016, forfeitures amounted to approximately $2,600. No amounts were used during the year ended December 31, 2017.

Participant Notes Receivable

Participants are allowed three loans at any time and may borrow from their fund accounts a minimum of $1,000 up to 50% of the value of their account balance, or $50,000, whichever is less. Notes receivable terms range from one to five years, except for notes receivable used to purchase a primary residence, which have a maximum term of thirty years. The notes receivable are secured by no more than 50% of the balance in the participant's account and bear interest at a rate computed using the prime rate (as specified in commensurate with local prevailing rates as published in the Wall Street Journal) plus 1% at the time of loan origination. The interest rate on participant notes receivable as of December 31, 2017 was 4.25% to 5.25%. Principal and interest are paid in equal installments through semi-monthly payroll deductions.

Payment of Benefits

When participants leave the employer, upon retirement or for any other reason, those participants (or their beneficiaries) may receive the value of their salary deferrals, vested employer contributions, rollovers, and the net earnings thereon in a single lump-sum payment. In-service or hardship withdrawals are also permitted as outlined in the Plan document.

In order to receive distributions, participants (or their beneficiaries) are required to file the appropriate forms with the Plan administrator. Account values will be determined as of the day the distribution is made.

The Plan allows for automatic lump sum distributions of participant vested account balances that do not exceed $1,000. In the event of a mandatory distribution greater than $1,000, but less than $5,000, for which the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the Plan administrator will pay the distribution in a direct rollover to an individual retirement account designated by the Plan administrator.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions in percentage increments into a series of mutual and money market funds offered by the Plan. Participants may change their investment options at any time.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2017 and 2016, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefit payments are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments. The Company paid the majority of all necessary and proper expenses incurred in the administration of the Plan. Such expenses were primarily comprised of legal fees and expenses related to the maintenance of the Plan's records.

3. Information Prepared and Certified by the Trustee (Unaudited)

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Reliance as of December 31, 2017 and 2016, and for the year ended December 31, 2017:

	2017	2016
Investments:		
Mutual funds	$ 23,318,917	$ 17,813,527
Money market fund	4,354,213	4,547,959
	$ 27,673,130	$ 22,361,486
Participant notes receivable	$ 250,231	$ 219,635
Net appreciation in fair value of mutual funds	$ 2,724,874	
Interest and dividends	$ 918,901	
Other income	$ 29,079	
Interest on participant notes receivable	$ 9,946	

4. Fair Value Measurements

Accounting Standards for fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

4. Fair Value Measurements, continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 23,318,917	$ -	$ -	$ 23,318,917
Money market fund	4,354,213	-	-	4,354,213
	$ 27,673,130	$ -	$ -	$ 27,673,130

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 17,813,527	$ -	$ -	$ 17,813,527
Money market fund	4,547,959	-	-	4,547,959
	$ 22,361,486	$ -	$ -	$ 22,361,486

The Plan's valuation methodology used to measure the fair values of mutual and money market funds was derived from quoted market prices, as all of these instruments have active markets.

5. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments in mutual funds and money market fund are managed by Reliance. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment.

6. Tax Status

The Plan Sponsor adopted a prototype plan document. The prototype plan document obtained its latest opinion letter on July 16, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving its opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account balance, and will be entitled to take entire balance from the Plan following termination.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks will occur in the near term that could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

9. Subsequent Events

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through August 10, 2018, the date which these financial statements were available to be issued. Management concluded that no material subsequent events have occurred since December 31, 2017 that require recognition or disclosure in such financial statements.
