Hanes Supply Co., Inc.
401(k) Plan
Notes to Financial Statements

1. Description of the Plan

The following description of the Hanes Supply Co., Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan sponsored by Hanes Supply Co., Inc. (the "Plan Sponsor"). The Plan, established on January 1, 1986, was amended and restated effective January 1, 2015 and covers substantially all employees, except those employees covered by a collective bargaining agreement which includes retirement benefits. Employees must be at least 21 years of age and achieve 90 days of employment in order to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("the Code").

Contributions – Participants may elect to contribute between 1% and 100% of their annual compensation, not to exceed the amount imposed by the Code. Participants age 50 or older may make catch-up contributions subject to the amount imposed by law. The Plan Sponsor may make discretionary matching contributions to the Plan. The Plan Sponsor may also make discretionary profit sharing contributions to the Plan for those participants that have achieved at least one year of employment. No discretionary matching or profit sharing contributions were made during the years ended December 31, 2017 and 2016. Rollover contributions totaled $19,279 and $0 years ended December 31, 2017 and 2016, respectively.

Participant Accounts – Individual accounts are maintained for each Plan participant. Participant accounts are increased by participant contributions, employer contributions, and the participant's share of Plan earnings. Participant accounts are decreased by benefits paid to participants and the participant's share of Plan losses and administrative expenses. The allocation of earnings, losses and expenses to participant accounts is based upon the value of an individual account in relation to the total assets of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their salary deferral, rollover contributions, and actual earnings thereon. Participants are vested in the Plan Sponsor contribution accounts, as dictated by their initial date of active participation. Participants vest in Plan Sponsor matching contributions and profit sharing contributions starting at the end of two years of service at the rate of 20% each year and, therefore, become fully vested after six years of continuous service.

1. Description of the Plan (continued)

Payment of Benefits and Withdrawals – Upon termination of service due to retirement, death, disability, or as required by law, a participant may elect to receive a lump-sum distribution equal to the value of their vested benefit balance. The Plan permits in-service distributions for participants older than age 59½ and for financial hardships, as defined in the Plan agreement.

Forfeitures – The non-vested account balances of participants who have ceased employment with the Plan Sponsor are forfeited upon the distribution of vested balances or upon the occurrence of five consecutive one-year breaks in service. Forfeitures may be used by the Plan for payments of Plan expenses or to reduce discretionary employer matching contributions and discretionary profit sharing contributions. Forfeitures totaled $2,725 and $20,593 during the years ended December 31, 2017 and 2016, respectively.

Notes Receivable from Participants – In accordance with Plan provisions, participants are permitted to borrow a minimum of $1,000 up to a maximum amount equal to the lesser of the participant's non-forfeiture account balance, or $50,000, reduced by the highest outstanding balance during the prior 12-month period. The notes are secured by a percentage of the borrowing participant's vested account balance. All such notes bear interest at a rate determined by the Plan Administrator. Repayment terms may not exceed five years, with the exception of a note used to purchase a primary residence, in which case repayment terms may be extended by the Plan Administrator. Notes receivable from participants are valued at the unpaid principal balance plus any unpaid accrued interest. Principal and interest is paid ratably through each payroll deduction. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Income Taxes – The Plan Sponsor obtained a letter dated March 31, 2014, in which the Internal Revenue Service stated that the prototype plan is qualified under Section 401(a) of the Code. The Plan was amended subsequent to the IRS determination letter. However, the Plan Administrator believes that the Plan is operating in compliance with the requirements of the Code. Therefore, the Plan is qualified and the related trust is tax exempt. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan, and recognize a tax liability or asset if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management is not aware of any uncertain tax positions that would cause the Plan to lose its tax status or to otherwise be subject to other taxes or penalties.

2. Summary of Significant Accounting Policies

Plan Termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, no further contributions will be made to the Plan and all amounts credited to participant accounts will be fully vested.

Basis of Accounting – The accompanying financial statements are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at the published net asset value of shares on public exchanges at year end. There are no reserves against investment values for credit risk.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date.

The Plan utilizes the following fair value hierarchy for measuring fair value that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three levels, with Level 1 as the highest priority and Level 3, the lowest priority. The three levels of the fair value hierarchy are as follows:

- **Level 1** – Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that are accessible at the measurement date. All assets held by the Plan utilize Level 1 inputs as their primary measure of fair value as of December 31, 2017 and 2016.
- **Level 2** – Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in markets that are not active. This level also includes inputs other than quoted prices that are observable, either directly or indirectly, for substantially the full term through corroboration with observable, independent market data. This includes investments valued at quoted prices adjusted for legal or contractual restrictions specific to the security. There are no assets held by the Plan that utilized Level 2 inputs as its primary measure of fair value as of December 31, 2017 and 2016.

2. Summary of Significant Accounting Policies (continued)

- **Level 3** – Pricing inputs are unobservable for the asset or liability. That is, inputs that reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability. There are no assets held by the Plan that utilized Level 3 inputs as its primary measure of fair value as of December 31, 2017 and 2016.

Administrative Expenses – Certain accounting and administrative expenses of the Plan were paid by the Plan Sponsor. Expenses relating to certain investment activity were paid by participants from their respective individual accounts.

Benefit Payments – Benefits are recorded when paid.

Risks and Uncertainties – Investments are exposed to various risks, such as interest rate and market risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amount reported in the accompanying financial statements.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results could differ from those estimates.

Subsequent Events – The Plan Administrator has evaluated subsequent events, for recognition or disclosure, through August 2, 2018, the date the accompanying financial statements were available to be issued.

3. Information Certified by the Custodian (Unaudited)/Fair Value Measurements

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mid Atlantic Trust Company (the "Custodian") has certified that the following data included in the accompanying financial statements and related supplementary information is complete and accurate as of and for the years ended December 31, 2017 and 2016:

3. Information Certified by the Custodian (Unaudited)/Fair Value Measurements (continued)

	2017	2016
Investments, at fair value (Level 1)	$ 9,001,116	$ 7,546,614
Investments measured at net asset value	2,698,635	2,616,591
Total investments at fair value	$ 11,699,751	$ 10,163,205
Investment income		
Interest and dividends	$ 322,256	$ 242,912
Net appreciation(depreciation) in fair value	$ 957,305	$ 532,881

Investments, at fair value (Level 1) – Mutual funds, self-directed stocks and money market funds are valued based at the daily closing price as reported by the fund. Those funds are deemed to be actively traded. These funds are required to publish their daily net asset value and to transact at that price.

Investments measured at net asset value – The Reliance Trust Stable Value Fund Class D is a stable value, collective investment fund issued by MetLife Insurance Company. Participants may deposit and withdraw on a daily basis at contract value. The net asset value as calculated by MetLife is used as a practical expedient to estimate fair value.

Hanes Supply Co., Inc.
401(k) Plan
Notes to Financial Statements

1. Description of the Plan

The following description of the Hanes Supply Co., Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan sponsored by Hanes Supply Co., Inc. (the "Plan Sponsor"). The Plan, established on January 1, 1986, was amended and restated effective January 1, 2015 and covers substantially all employees, except those employees covered by a collective bargaining agreement which includes retirement benefits. Employees must be at least 21 years of age and achieve 90 days of employment in order to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("the Code").

Contributions – Participants may elect to contribute between 1% and 100% of their annual compensation, not to exceed the amount imposed by the Code. Participants age 50 or older may make catch-up contributions subject to the amount imposed by law. The Plan Sponsor may make discretionary matching contributions to the Plan. The Plan Sponsor may also make discretionary profit sharing contributions to the Plan for those participants that have achieved at least one year of employment. No discretionary matching or profit sharing contributions were made during the years ended December 31, 2017 and 2016. Rollover contributions totaled $19,279 and $0 years ended December 31, 2017 and 2016, respectively.

Participant Accounts – Individual accounts are maintained for each Plan participant. Participant accounts are increased by participant contributions, employer contributions, and the participant's share of Plan earnings. Participant accounts are decreased by benefits paid to participants and the participant's share of Plan losses and administrative expenses. The allocation of earnings, losses and expenses to participant accounts is based upon the value of an individual account in relation to the total assets of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their salary deferral, rollover contributions, and actual earnings thereon. Participants are vested in the Plan Sponsor contribution accounts, as dictated by their initial date of active participation. Participants vest in Plan Sponsor matching contributions and profit sharing contributions starting at the end of two years of service at the rate of 20% each year and, therefore, become fully vested after six years of continuous service.

1. Description of the Plan (continued)

Payment of Benefits and Withdrawals – Upon termination of service due to retirement, death, disability, or as required by law, a participant may elect to receive a lump-sum distribution equal to the value of their vested benefit balance. The Plan permits in-service distributions for participants older than age 59½ and for financial hardships, as defined in the Plan agreement.

Forfeitures – The non-vested account balances of participants who have ceased employment with the Plan Sponsor are forfeited upon the distribution of vested balances or upon the occurrence of five consecutive one-year breaks in service. Forfeitures may be used by the Plan for payments of Plan expenses or to reduce discretionary employer matching contributions and discretionary profit sharing contributions. Forfeitures totaled $2,725 and $20,593 during the years ended December 31, 2017 and 2016, respectively.

Notes Receivable from Participants – In accordance with Plan provisions, participants are permitted to borrow a minimum of $1,000 up to a maximum amount equal to the lesser of the participant's non-forfeiture account balance, or $50,000, reduced by the highest outstanding balance during the prior 12-month period. The notes are secured by a percentage of the borrowing participant's vested account balance. All such notes bear interest at a rate determined by the Plan Administrator. Repayment terms may not exceed five years, with the exception of a note used to purchase a primary residence, in which case repayment terms may be extended by the Plan Administrator. Notes receivable from participants are valued at the unpaid principal balance plus any unpaid accrued interest. Principal and interest is paid ratably through each payroll deduction. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Income Taxes – The Plan Sponsor obtained a letter dated March 31, 2014, in which the Internal Revenue Service stated that the prototype plan is qualified under Section 401(a) of the Code. The Plan was amended subsequent to the IRS determination letter. However, the Plan Administrator believes that the Plan is operating in compliance with the requirements of the Code. Therefore, the Plan is qualified and the related trust is tax exempt. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan, and recognize a tax liability or asset if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management is not aware of any uncertain tax positions that would cause the Plan to lose its tax status or to otherwise be subject to other taxes or penalties.

2. Summary of Significant Accounting Policies

Plan Termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, no further contributions will be made to the Plan and all amounts credited to participant accounts will be fully vested.

Basis of Accounting – The accompanying financial statements are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at the published net asset value of shares on public exchanges at year end. There are no reserves against investment values for credit risk.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date.

The Plan utilizes the following fair value hierarchy for measuring fair value that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three levels, with Level 1 as the highest priority and Level 3, the lowest priority. The three levels of the fair value hierarchy are as follows:

- **Level 1** – Unadjusted quoted prices in active markets for identical, unrestricted assets or liabilities that are accessible at the measurement date. All assets held by the Plan utilize Level 1 inputs as their primary measure of fair value as of December 31, 2017 and 2016.
- **Level 2** – Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in markets that are not active. This level also includes inputs other than quoted prices that are observable, either directly or indirectly, for substantially the full term through corroboration with observable, independent market data. This includes investments valued at quoted prices adjusted for legal or contractual restrictions specific to the security. There are no assets held by the Plan that utilized Level 2 inputs as its primary measure of fair value as of December 31, 2017 and 2016.

2. Summary of Significant Accounting Policies (continued)

- **Level 3** – Pricing inputs are unobservable for the asset or liability. That is, inputs that reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset or liability. There are no assets held by the Plan that utilized Level 3 inputs as its primary measure of fair value as of December 31, 2017 and 2016.

Administrative Expenses – Certain accounting and administrative expenses of the Plan were paid by the Plan Sponsor. Expenses relating to certain investment activity were paid by participants from their respective individual accounts.

Benefit Payments – Benefits are recorded when paid.

Risks and Uncertainties – Investments are exposed to various risks, such as interest rate and market risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amount reported in the accompanying financial statements.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results could differ from those estimates.

Subsequent Events – The Plan Administrator has evaluated subsequent events, for recognition or disclosure, through August 2, 2018, the date the accompanying financial statements were available to be issued.

3. Information Certified by the Custodian (Unaudited)/Fair Value Measurements

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mid Atlantic Trust Company (the "Custodian") has certified that the following data included in the accompanying financial statements and related supplementary information is complete and accurate as of and for the years ended December 31, 2017 and 2016:

3. Information Certified by the Custodian (Unaudited)/Fair Value Measurements (continued)

	2017	2016
Investments, at fair value (Level 1)	$ 9,001,116	$ 7,546,614
Investments measured at net asset value	2,698,635	2,616,591
Total investments at fair value	$ 11,699,751	$ 10,163,205
Investment income		
Interest and dividends	$ 322,256	$ 242,912
Net appreciation(depreciation) in fair value	$ 957,305	$ 532,881

Investments, at fair value (Level 1) – Mutual funds, self-directed stocks and money market funds are valued based at the daily closing price as reported by the fund. Those funds are deemed to be actively traded. These funds are required to publish their daily net asset value and to transact at that price.

Investments measured at net asset value – The Reliance Trust Stable Value Fund Class D is a stable value, collective investment fund issued by MetLife Insurance Company. Participants may deposit and withdraw on a daily basis at contract value. The net asset value as calculated by MetLife is used as a practical expedient to estimate fair value.

Indirect Compensation

Mutual Fund Revenue

If a participant invests in one or more mutual funds, the following information applies to those investments. TD Ameritrade receives fees for marketing and distribution, recordkeeping, subaccounting, sub-transfer agency, and/or shareholder servicing services with respect to mutual funds in which the plan invests. These fees may be paid by the fund, by the fund's distributor, transfer agent, administrator, or investment advisor (Fund Affiliate), by a third-party fund service provider, or by a combination of them, pursuant to TD Ameritrade, Inc.'s and/or TD Ameritrade Clearing, Inc.'s agreement with the particular fund, Fund Affiliate, and/or by a by a third-party fund service provider.

The amount of these fees may vary among mutual fund groups, and some mutual funds and Fund Affiliates do not make some or any of these payments available. The maximum amount of marketing and distribution fees that maybe paid to TD Ameritrade depends on the class of shares held by the plan but will not exceed the annual rate of 1.00% of the value of the plan's shares. Typically, shares held by a plan are subject to distribution and/or shareholder servicing fees that will not exceed the annual rate of 0.25% to 0.40%. Fees paid to TD Ameritrade for TD Ameritrade, Inc. and TD Ameritrade Clearing, Inc.'s subaccounting, sub-transfer agency, or similar recordkeeping services may be based on the number of plan accounts (and range from $3.00 to $19.00 per account) or on the assets in the plan accounts (and range from an annual rate of 0.10% to 0.45%), depending on the agreement with the particular fund or Fund Affiliate. Funds may also be subject to a monthly minimum service fee payable to TD Ameritrade, Inc. of $300.

To the extent that fees for marketing and distribution, recordkeeping, subaccounting, sub-transfer agency, and/or shareholder servicing services are paid out of fund assets, they are included in the fund's annual expense ratio and are indirectly borne by the fund's shareholders. For more information regarding such payments made by a particular mutual fund or its Fund Affiliate and details on the particular services to which the payments relate, please go to the fund's website and review its prospectus and statement of additional information or request a copy of these documents from the fund.

In addition to fees paid from fund assets, TD Ameritrade may receive fees for these services from Fund Affiliates and/or third-party fund service providers. These fees may be paid out of the resources of the Fund Affiliate. This compensation may be at different annual rates up to a generally maximum annual rate of 0.15% on plan assets invested in the fund.

Fees paid by a mutual fund, Fund Affiliate, and/or third-party fund service provider are paid through TD Ameritrade Clearing, Inc., who collects these fees on behalf of TD Ameritrade, Inc.

These mutual funds are shown in the table below:

Payment for Order-Flow. TD Ameritrade receives payments for directing equities and options order flow to market centers. This payment is used to offset costs of doing business and ultimately helps to reduce the overall cost to our clients. TD Ameritrade receives an average of $0.00009 per share for equities, and an average of $.47 per option contract (each prior to offset from charges paid for removal of market liquidity). Bank Deposit Compensation. Under its agreement with TD Bank and TD Bank USA, TD Ameritrade, Inc. and TD Ameritrade Clearing receives from TD Bank USA a fee for services in connection with the IDA and Savings described above under "Indirect Compensation - Bank Deposit Compensation".

Sweep Vehicle Fees. If a plan participant invests in a fund within TD Asset Management USA Funds, Inc. (TDAM), an affiliated money market fund family, or if a plan fiduciary has requested and utilizes a TDAM fund as a sweep vehicle, the following information is applicable. Pursuant to certain agreements by and among TDAM, its distributor, SEI Investments Distribution Co., TD Ameritrade Clearing and TD Ameritrade, Inc., fee payments of up to an aggregate of approximately 80 bps are paid by TDAM or its distributor to TD Ameritrade, Inc. and TD Ameritrade Clearing for sweep, subdistribution, shareholder services, subtransfer agency, recordkeeping, and administrative services. TDAM is managed by TDAM USA, Inc., an affiliate of TD Ameritrade, Inc. and TD Ameritrade Clearing. The amount paid to TD Ameritrade, Inc. and TD Ameritrade Clearing includes 12b-1 fees, absent the voluntary waivers of such fees that may be in place, and is calculated on net assets of TDAM distributed through TD Ameritrade, Inc. and TD Ameritrade Clearing TD Ameritrade, Inc. receives and retains the shareholder servicing fees. TD Ameritrade Clearing receives and retains the subtransfer agency fees. TD Ameritrade Clearing receives the 12b-1 fees, to the extent they have not been waived as noted above, and remits them to TD Ameritrade, Inc.

Proceeds of Corrective Transactions. TD Ameritrade receives investment instructions from participants or fiduciaries, such as an investment advisor, of the plan. Although rare, occasional errors in the instructions themselves or the processing of instructions may occur. The causes of such errors may include, but are not necessarily limited to, entry of an erroneous trade ("buy" vs. "sell," or vice versa), dollar amount, or number of shares, incorrect identification of the security, duplication of orders (i.e., instruction entered more than once), or untimely transmittal of instructions. For example, in the case of a sell order that is corrected to a price lower than the original intended transaction, or a purchase order corrected at a higher price, the corrective transaction may result in a loss. If, on the other hand, the sell order is corrected to a price higher than the original intended transaction, or the purchase order corrected at a lower price, the corrective transaction may result in a gain.

When an error is discovered, action is taken to correct the transaction in a manner intended to avoid or minimize harm or disruption to the plan. This generally includes processing corrective transactions through a "trade error account" maintained by TD Ameritrade, apart from the plan's account, for TD Ameritrade individually (in-house account) or on behalf of an investment advisor. In addition, when requested by a plan representative, TD Ameritrade may communicate with the broker-dealer and attempt to cancel a trade through similar corrective transactions.

If TD Ameritrade is at fault for the error and the corrective transaction involves a loss, TD Ameritrade reimburses the plan to the extent necessary to process the transaction based on the price that would have been realized by the plan had the transaction been processed as instructed. If the corrective transaction results in a gain, the amount of the gain may be retained in the TD Ameritrade trade correction account to be applied to future losses resulting from TD Ameritrade errors. Consistent with positions expressed by the U.S. Department of Labor, any such gains may be treated as indirect compensation to TD Ameritrade for brokerage and related services. The amount of any such compensation attributable to the plan cannot be predicted in advance, but generally is not expected to be material over time. Additional information about TD Ameritrade's error correction practices is available on request.
