Note 1 - Description of the Plan and Significant Accounting Policies

The following description of FourPoint Energy LLC, 401(k) Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 2014, and most recently amended January 1, 2018. The Plan is available to all employees age 21 years or older. Employees who are under a collective bargaining agreement or are non-resident aliens are not eligible to participate in the Plan. The entry date for eligible participants is immediate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

FourPoint Energy, LLC (the "Company") administers the Plan. Ascensus Trust Company ("Ascensus") serves as trustee, manages Plan assets, and maintains the Plan's records. Ascensus offers Plan participants a variety of investment options through an interest bearing cash account, various mutual funds, and a common collective trust. Individual accounts are invested in the various investment options at the direction of the participants.

Contributions

Participants may make before-tax contributions up to 100% of their annual eligible compensation, not to exceed $18,000, as limited by the IRS, which is adjusted annually by the Secretary of the Treasury for inflation. This maximum percentage may be reduced by the Plan administrator in certain circumstances. Eligible employees who have reached age 50 during the Plan year may elect to make catch-up contributions, as limited by the IRS. The Plan also permits rollover contributions from other qualified retirement plans. Employee contributions to the Plan are made through regular payroll deductions.

Participants are eligible to defer on an after-tax basis through regular payroll deductions, a portion of eligible compensation as Roth 401(k) deductions. Provided requirements are met, withdrawals of contributions and any earnings are tax free to the participant. A participant's combined pre-tax and Roth 401(k) contributions cannot exceed the maximum annual amount allowed by law.

The Plan is operating pursuant to the Safe Harbor provisions of the Internal Revenue Code ("IRC") Section 401(k)(12). The Company's Safe Harbor matching contributions are on an annual basis and will equal 100% of elective deferrals up to 4% of annual compensation. The Company has the right to designate all or a portion of the matching Safe Harbor contributions as qualified. To the extent matching contributions are so designated, they are non-forfeitable and may not be withdrawn from the Plan prior to separation from service or attainment of age 59½. Safe Harbor contributions totaled $777,893 for the year ended December 31, 2017.

The Company has the option to contribute a discretionary profit sharing contribution in an amount to be determined by the Company. In order to be eligible for the discretionary profit sharing contribution, the employee must be employed on the last day of the Plan year and have met all other eligibility requirements as defined by the Plan document. For the the year ended December 31, 2017, the Company did not make a discretionary profit sharing contribution.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Participants' Accounts

Each participant's account is credited or debited with the participant's contributions and withdrawals, as applicable, and an allocation of the Company's contributions, Plan earnings or losses, forfeitures, and Plan expenses. Allocations are based upon Plan earnings or losses and account balances, as defined by the Plan. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting

Participants are 100% vested in their voluntary contributions and employer Safe Harbor matching contributions, plus actual earnings or losses thereon.

Any employer profit sharing contributions (including forfeitures) and the earnings or losses thereon not fully vested when contributed will vest as follows:

Years of Service	Vested Interest
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

A participant's account becomes 100% vested upon death, attaining normal retirement age (the age of 65 or, if later, the fifth anniversary date of the first day of the Plan year during which the participant entered the Plan) while an employee, retirement due to disability, or termination of the Plan.

Participant Loans

Participants may borrow from their accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. Participants may have a maximum of one loan outstanding at any given time. The loans are secured by the balances in the participants' accounts and bear interest at rates that range from 5.75% to 6.25%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator at loan origination, and mature at various dates through August 2047. Loans have a maximum term of five years, unless such loan is for the purchase of the participant's primary residence, in which case the repayment period may not exceed thirty years from the date of the loan origination. Principal and interest are paid ratably through payroll deductions. Participant loans are recorded in the financial statements at amortized cost (which represents unpaid principal plus accrued interest). Upon termination of a participant from employment, the participant's loan shall continue to be payable in accordance with the provisions of the participant's loan or be due in full. No loans were deemed to be a distribution in the current year.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Payment of Benefits

Upon death, disability, retirement, or termination of service, a participant or his or her beneficiary may receive, at his or her election, within a reasonable period of time, a lump sum or partial payments in the amount equal to the participant's vested account balance. Benefits are recorded when paid.

The Plan allows in-service distributions and partial distributions to participants age 59½ or older who have not terminated employment with the Plan sponsor. The Plan also provides for hardship withdrawals for defined hardship events. Participants who are granted a hardship withdrawal are not allowed to make contributions for the six months following such withdrawal. The Plan allows in-plan Roth conversions. Furthermore, the Plan allows for terminated participant vested account balances of $1,000 or less to be automatically distributed. The IRS has required minimum distributions once a participant reaches age 70½ during the previous Plan year and is no longer employed by the Company.

Participant Termination and Forfeitures

If at the time of termination of employment the participant is not 100% vested, the non-vested portion ("forfeitures") of the participant's account shall be placed in a separate account. Forfeitures can be used to reduce future employer contributions. The balance of this account at December 31, 2017 and 2016 was $0.

Valuation of Investments and Income Recognition

Investments are recorded at fair value as reported to the Plan by the trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policy utilizing information provided by the investment advisers, including the appointment of investment managers, and the monitoring of the performance of the Plan's investment funds. See Note 3 for discussion of fair value measurements.

Cash and cash equivalents are recorded at cost, which approximates fair value.

Investments in mutual funds are reported at the last reported sales price at the end of the respective periods using quoted market values.

The common collective trust typically invests in a variety of fully benefit-responsive investment contracts, including traditional guaranteed investment contracts, security-backed investment contracts, and separate account guaranteed investment contracts. The common collective trust is valued at net asset value ("NAV") of units of the common collective trust. The NAV is used as a practical expedient to estimate fair value.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in net assets available for benefits and disclosures. Accordingly, actual results could differ from those estimates.

Risks, Uncertainties, and Concentrations

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

During the year ended December 31, 2017, two investments accounted for 25% of investment income. At December 31, 2017 and 2016, two investments accounted for 26% and 22% (compiled) of total investments at fair value, respectively.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Subsequent Events

The Plan administrator has evaluated all subsequent events through the auditors' report date, which is the date these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

Note 2 - Assets Certified by the Trustee

Ascensus has certified in writing to the Plan administrator that the stated amounts for investments at fair value and participant loans at amortized cost as of December 31, 2017 and 2016 and the income earned or losses incurred thereon for the year ended December 31, 2017, as reflected in the accompanying financial statements and the supplemental schedule of assets (held at end of year), are complete and accurate.

Note 2 - Assets Certified by the Trustee (continued)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the trustee, except for comparing the information contained therein to information included in the financial statements and the supplemental schedule of assets (held at end of year).

Note 3 - Fair Value Accounting

Generally accepted accounting principles require disclosure about how fair value is determined and establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis.

As of December 31, 2017:

Description	Level 1	Level 2	Level 3	Total
Cash, interest bearing	$ 64,372	$ -	$ -	$ 64,372
Mutual funds	5,924,356	-	-	5,924,356
Investments measured at NAV*				23,403
Total investments at fair value	$ 5,988,728	$ -	$ -	$ 6,012,131

Note 3 - Fair Value Accounting (continued)

As of December 31, 2016 (compiled):

Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,661,530	$ -	$ -	$ 2,661,530
Investments measured at NAV*				112,682
Total investments at fair value	$ 2,661,530	$ -	$ -	$ 2,774,212

*Investments measured at NAV have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation to total investments at fair value.

There were no changes to the valuation techniques used during the period.

Reported Net Asset Values

The Plan's investments in the common collective trust investment had a value of $23,403 and $112,682 as of December 31, 2017 and 2016, respectively, determined based upon the NAV of the investments comprising the funds. The NAV is used as a practical expedient to approximate fair value. The NAV investment has no unfunded commitments, can be redeemed daily, and have daily redemption notice periods.

Note 4 - Income Taxes

The Plan obtained its latest determination letter from the IRS, dated March 31, 2014, stating that the Plan was in compliance with the applicable requirements of the IRC. The Plan has been amended since the date of this letter; however, the Plan administrator believes that the Plan continues to be operated and administered in compliance with the applicable requirements of the IRC.

Generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Administration of the Plan

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan. The Plan has a revenue-sharing arrangement where participants receive a revenue credit against their expenses for investing in the Vanguard Group Inc.'s ("Vanguard") investment options, which are included in net appreciation in fair value of assets on the statement of changes in net assets available for benefits.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants become 100% vested, and the Plan administrator is to distribute each participant's interest to the participant or the participant's beneficiary.

Note 7 - Related Party and Party-in-Interest Transactions

Certain Plan investments are an interest bearing cash account, mutual funds, and a common collective trust, which are managed by Vanguard. Vanguard has entered into an agreement with Ascensus to provide certain Plan recordkeeping and administrative services on Vanguard's behalf. Ascensus is the asset trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest and are exempt from the prohibited transaction rules. In addition, the Plan provides for loans to participants, which are also party-in-interest transactions that are exempt from the prohibited transaction rules.

Note 8 - Reconciliation to Form 5500

Contributions and contributions receivable, for financial reporting purposes, differ from amounts shown on the Plan's Form 5500 for the years ended December 31, 2017 and 2016 due to the accrual of employer and participant contributions paid to the Plan subsequent to year-end.
