Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

### **Basis for Disclaimer of Opinion**

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified or provided by Principal Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of and for the year ended December 31, 2017, that the information provided to the Plan Administrator by the trustee is complete and accurate.

#### Note 1. Description of the Plan

The following description of the UC Health 401(k) Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for more complete information.

**General:** The Plan is a defined contribution plan covering substantially all salaried and hourly employees of UC Health, LLC (the Company) who have attained age 21. UC Health, LLC is the plan sponsor. The Plan also covers substantially all employees of UC Healthcare System; UC Health Foundation; University of Cincinnati Medical Center, LLC; West Chester Hospital, LLC; Daniel Drake Center for Post-Acute Care, LLC; University of Cincinnati Physicians Company, LLC; and substantially all of the former employees of Lindner Center of Hope (LCOH) in conjunction with an employee leasing agreement between the Company and LCOH. As of December 31, 2015, the Company communicated a board-approved decision to freeze the American Federation of State, County, and Municipal Employees (AFSCME) employee participation in the UC Health Retirement Plan, a defined benefit plan sponsored by the Company. In its place, AFSCME employees began participating in the Plan effective January 1, 2016. The Company controls and manages the operation and administration of the Plan. Principal Trust Company serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Contributions:** Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code (IRC) limitations. The Company currently contributes a matching contribution equal to 50% of the first 4% of compensation that a participant contributes to the Plan. Highly compensated employees are limited to a 5% contribution in the Plan. Any additional contribution is deposited into the UC Health 403(b) Retirement Savings Plan. The Company may also make additional contributions at the discretion of the Company's Board of Directors. The Plan includes an annual nonelective discretionary contribution that is equal to 3% of the annual compensation for participants who meet certain eligibility requirements. The Company made contributions to the Plan of \$17,944,963 and \$17,435,656 for the years ended December 31, 2017 and 2016, respectively. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

**Participant accounts:** Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contributions, and the Company's discretionary contributions, and allocations of plan earnings and is charged with withdrawals and an allocation of plan expenses. Allocations are based on participant earnings or account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Investments:** Participants direct the investment of their contributions and their allocations of any Company discretionary contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and an insurance investment contract as investment options for participants.

**Vesting:** Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service. No vesting occurs prior to the three years of service.

#### Note 1. Description of the Plan (Continued)

**Notes receivable from participants:** Participants may borrow from their fund accounts up to a maximum of \$50,000 and a minimum of \$1,000. The maximum loan is reduced by the participant's highest outstanding loan balance or 50% of his or her account balance with a lower limit of \$10,000 reduced by all of the participant's outstanding loan balances, whichever is less. The loans are secured by the balance in the participant's account. The interest rate will be based on the rates available for similar loans from commercial lending institutions, which are reviewed periodically by the Plan Administrator. Principal and interest are paid ratably through payroll deductions and direct payments with the trustee. Interest rates ranged from 4.25% to 5.50% as of December 31, 2017, and were 4.25% to 4.75% as of December 31, 2016; these loans mature at various dates through December 2022.

**Payment of benefits:** On termination of service due to death, disability, retirement, or any other reason, a participant, or their beneficiary, is entitled to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, fixed period installments, or fixed payment installments.

Participants are also eligible to take in-service distributions from their deferred contributions during employment if older than 59 ½ or for a hardship withdrawal in the event of certain financial hardships. Following a hardship withdrawal, participants are not allowed to contribute to the Plan for a period of six months.

**Forfeited accounts:** At December 31, 2017 and 2016, there was \$1,146,092 and \$806,492, respectively, in forfeited non-vested accounts. Any future forfeited non-vested accounts may first be used to pay plan expenses. Any forfeitures left after paying plan expenses are used to offset employer contributions. During the years ended December 31, 2017 and 2016, forfeitures totaling \$854,834 and \$463,621, respectively, were used for employer contributions.

#### Note 2. Summary of Significant Accounting Policies

**Basis of accounting:** The accompanying financial statements have been prepared on the accrual basis of accounting.

**Use of estimates:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States (GAAP) requires plan management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

**Risks and uncertainties:** The Plan utilizes various investment instruments, including mutual funds and an investment contract. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

**Investment valuation and income recognition:** The Plan's investments in mutual funds are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion on fair value measurements.

#### **Note 2. Summary of Significant Accounting Policies (Continued)**

The Plan's investment contract is fully benefit-responsive and therefore is required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits that is attributable to fully benefit-responsive investment contracts. Contract value is the amount plan participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes capital gain distributions, as well as the Plan's gains and losses on investments bought and sold as well as held during the year.

**Notes receivable from participants:** Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on terms of the Plan Document.

**Administrative expenses:** Administrative expenses of the Plan are paid by the Plan or the plan sponsor as provided in the Plan Document. Management fees and operating expenses charged to the Plan for investments in the mutual funds and investment contract are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

**Payment of benefits:** Benefit payments to participants are recorded upon distribution.

**Subsequent events:** Subsequent events were evaluated through August 21, 2018, the date the financial statements were available to be issued.

#### **Note 3. Related-Party and Party in Interest Transactions**

Certain plan investments are shares of mutual funds and an investment contract managed by Principal Financial Group for which Principal Trust Company acts as the trustee. Principal Trust Company is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each mutual fund and investment contract.

#### **Note 4. Plan Termination**

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

#### **Note 5. Tax Status**

The Plan was amended and restated as of January 1, 2015. The Plan received an updated determination letter dated February 15, 2017 stating that the Plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. The Plan's management believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income tax has been included in the Plan's financial statements.

#### Note 5. Tax Status (Continued)

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. There are no uncertain tax positions as of December 31, 2017 or 2016. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### Note 6. Information Certified by the Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments held and notes receivable from participants at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest income from investments at contract value, interest and dividend income, and interest income on notes receivable from participants for the years ended December 31, 2017 and 2016, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Principal Trust Company, the trustee of the Plan.

#### Note 7. Investment Contract with Insurance Company

The Plan invests in the Principal Fixed Income Option 401(a)/(k) fund, a fully benefit-responsive group annuity contract issued by Principal Life Insurance Company (a traditional investment contract). The issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The issuer maintains the contributions in a general account. The account is credited with participant contributions plus earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The interest crediting rate is a composite crediting rate, which is currently reset on a semiannual basis.

The interest rate history for the contract is as follows:

| <u>Time Period</u>               | <u>Rate</u> |
|----------------------------------|-------------|
| January 1, 2016 - June 30, 2016  | 1.65%       |
| July 1, 2016 - December 31, 2016 | 1.55%       |
| January 1, 2017 - June 30, 2017  | 1.35%       |
| July 1, 2017 - December 31, 2017 | 1.25%       |

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions and (2) premature termination of the contract by the Plan. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The group annuity contract does not permit the insurance company to terminate the contract without at least 60-day advance notice of when no future contributions will be accepted into this contract. The contract will be terminated when the remaining balance in the contract is paid out to participants.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

#### Note 8. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

Level 1 – inputs utilize quoted market prices from active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 – inputs may include quoted prices for similar assets and liabilities in active markets, as well as inputs that are observable for the asset and liability (other than quoted prices), such as interest rates, foreign exchange rates, and yield curves that are observable at commonly quoted intervals.

Level 3 – inputs are unobservable for the asset or liability, which is typically based on an entity's own assumptions, as there is little, if any, related market activity.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety. Valuation technologies maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation techniques and inputs used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 or 2016.

**Mutual funds:** Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31:

|                                     |  | 2017           |         |         |                |
|-------------------------------------|--|----------------|---------|---------|----------------|
|                                     |  | Level 1        | Level 2 | Level 3 | Total          |
| Investments measured at fair value: |  |                |         |         |                |
| Mutual funds                        |  | \$ 309,322,427 | \$ -    | \$ -    | \$ 309,322,427 |
|                                     |  |                |         |         |                |
|                                     |  | 2016           |         |         |                |
|                                     |  | Level 1        | Level 2 | Level 3 | Total          |
| Investments measured at fair value: |  |                |         |         |                |
| Mutual funds                        |  | \$ 234,586,783 | \$ -    | \$ -    | \$ 234,586,783 |

#### Transfers Between Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

The Plan Administrator evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2017 and 2016, there were no transfers between levels.
