Independent Auditor's Report

Audit & Compliance Committee
UC Health 403(b) Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of UC Health 403(b) Retirement Savings Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2017, the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraphs, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified or provided by Principal Trust Company and Mass Mutual Life Insurance Company, the custodians of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodians hold the Plan's assets and execute transactions. The Plan Administrator has obtained certifications from the custodians as of and for the year ended December 31, 2017, that the information provided to the Plan Administrator by the custodians is complete and accurate.

In addition, the Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements have been affected by these conditions.

Independent Auditor's Report (Continued)

Further, as described in Note 2, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded from the accompanying statements of changes in net assets available for benefits. Under accounting principles generally accepted in the United States of America, these accounts and the related income and distributions should have been included in the accompanying financial statements. The effects of these excluded annuity and custodial accounts and the related income and distributions are not determinable.

Disclaimer of Opinion

Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraphs, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule, Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraphs, we do not express an opinion on the supplemental schedule.

Other Matter - 2016 Financial Statements

The financial statements of the Plan as of and for the year ended December 31, 2016, were audited by other auditors whose report, dated July 28, 2017, did not express an opinion on the 2016 financial statements for the same reasons described in the Basis for Disclaimer of Opinion paragraphs.

UC Health 403(b) Retirement Savings Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the UC Health 403(b) Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for more complete information.

General: The Plan is a tax-deferred annuity plan governed by the provisions of Section 403(b) of the Internal Revenue Code (IRC) and covers substantially all salaried and hourly employees of UC Health, LLC (the Company). UC Health, LLC is the plan sponsor. The Plan also covers substantially all employees of University of Cincinnati Medical Center, LLC; Daniel Drake Center for Post-Acute Care, LLC; West Chester Hospital, LLC; and Lindner Center of HOPE. As of December 31, 2015, the Company communicated a board-approved decision to freeze the American Federation of State, County, and Municipal Employees (AFSCME) employee participation in the UC Health Retirement Plan, a defined benefit plan sponsored by the Company. In its place, AFSCME employees began participating in the Plan effective January 1, 2016. The Company controls and manages the operation and administration of the Plan. The Plan is funded through custodial accounts or tax-deferred annuity contracts with Principal Financial Group and Mass Mutual Life Insurance Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan, subject to certain IRC limitations. Participants may also roll over to the Plan amounts representing distributions from other qualified retirement plans.

Participant accounts: Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contributions and allocations of plan earnings and is charged with withdrawals and allocations of plan expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments: Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers various mutual funds and insurance investment contracts as investment options for participants.

Vesting: Participants are always fully vested in their accounts. As a result, there are no forfeited accounts.

Notes receivable from participants: Participants may borrow from their fund accounts up to a maximum of \$50,000 and a minimum of \$1,000. The maximum loan is reduced by the participant's highest outstanding loan balance or 50% of their account balance with a lower limit of \$10,000 reduced by all of the participant's outstanding loan balances, whichever is less. The loans are secured by the balance in the participant's account. The interest rate will be based on the rates available for similar loans from commercial lending institutions, which are reviewed periodically by the Plan Administrator. Principal and interest is paid ratably through payroll deductions and direct payments with the custodian. Interest rates ranged from 4.25% to 5.50% as of December 31, 2017, and were 4.25% to 4.75% as of December 31, 2016; these loans mature at various dates through November 2022.

Payment of benefits: On termination of service due to death, permanent disability, retirement, or any other reason, a participant, or their beneficiary, is entitled to receive, in a lump-sum cash distribution, an amount equal to the value of the participant's account.

Participants are also eligible to take in-service distributions from their deferred contributions during employment if older than 59½ or for a hardship withdrawal in the event of certain financial hardships. Following a hardship withdrawal, participants are not allowed to contribute to the Plan for a period of six months.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements have been prepared on the accrual basis of accounting.

GAAP departure: The Plan's financial statements do not present information regarding certain investments in annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. The Plan Administrator has elected to exclude those contracts and accounts and the related activity from the Plan's financial statements for purposes of the annual reporting requirements of ERISA in accordance with the transition relief provided by Department of Labor Field Assistance Bulletin 2009-02, Annual Reporting Requirements for 403(b) Plans. Presentation of this information is required by GAAP. The effects of this departure from GAAP on these financial statements are not reasonably determinable. In addition, the Plan has not maintained sufficient accounting records and supporting documents relating to certain contracts and custodial accounts issued to current and former employees presented prior to January 1, 2009. Accordingly, we were unable to apply procedures sufficient to determine the extent to which the accompanying financial statements and supplemental schedule may have been affected by these conditions.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States (GAAP) requires plan management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Risks and uncertainties: The Plan utilizes various investment instruments, including mutual funds and investment contracts. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Investment valuation and income recognition: The Plan's investments in mutual funds are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion on fair value measurements.

The Plan's investment contracts with insurance companies are fully benefit-responsive and therefore are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits that is attributable to fully benefit-responsive investment contracts. Contract value is the amount plan participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes capital gain distributions, as well as the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on terms of the Plan Document.

UC Health 403(b) Retirement Savings Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Administrative expenses: Administrative expenses of the Plan are paid by the Plan or the plan sponsor as provided in the Plan Document. Management fees and operating expenses charged to the Plan for investments in the mutual funds and investment contracts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of benefits: Benefit payments to participants are recorded upon distribution.

Subsequent events: Subsequent events were evaluated through August 21, 2018, the date the financial statements were available to be issued.

Note 3. Related-Party and Party in Interest Transactions

Certain plan investments are shares of mutual funds and an investment contract managed by Principal Financial Group (for which Principal Trust Company acts as the trustee) and Mass Mutual Life Insurance Company, the custodians as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each mutual fund and investment contract.

Note 4. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA.

Note 5. Tax Status

The Plan is designed to qualify under Section 403(b) of the IRC. The terms of the Plan have been prepared to conform to the sample language provided by the Internal Revenue Service (the IRS) in Revenue Procedure 2007-71. The Plan Administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 403(b). The Plan Administrator believes that the Plan is currently designed and operating in accordance with the applicable requirements of Section 403(b) of the IRC. The Plan's management believes the Plan is qualified and the related custodial accounts and tax deferred annuities are tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. There are no uncertain tax positions as of December 31, 2017 or 2016. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

UC Health 403(b) Retirement Savings Plan

Notes to Financial Statements

Note 6. Information Certified by the Custodians

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest income from investments at contract value, interest and dividend income, and interest income on notes receivable from participants for the years ended December 31, 2017 and 2016, was obtained or derived from information provided to the Plan Administrator and certified as complete and accurate by Principal Trust Company and Mass Mutual Life Insurance Company, the custodians of the Plan.

Note 7. Investment Contracts with Insurance Companies

The Plan invests in the Principal Fixed Income Option non 401(a) fund, a fully benefit-responsive group annuity contract issued by Principal Life Insurance Company (a traditional investment contract). The issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The issuer maintains the contributions in a general account. The account is credited with participant contributions plus earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The interest crediting rate is a composite crediting rate, which is currently reset on a semiannual basis.

The interest rate history for the contract is as follows:

<u>Time Period</u>	<u>Rate</u>
January 1, 2016 - June 30, 2016	2.35%
July 1, 2016 - December 31, 2016	2.20%
January 1, 2017 - June 30, 2017	2.00%
July 1, 2017 - December 31, 2017	1.90%

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions and (2) premature termination of the contract by the Plan. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The group annuity contract does not permit the insurance company to terminate the contract without at least 60-day advance notice of when no future contributions will be accepted into this contract. The contract will be terminated when the remaining balance in the contract is paid out to participants.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

The Plan also has fully benefit-responsive guaranteed investment contracts with Hartford Life Insurance Company, for which Mass Mutual Life Insurance Company is the custodian. Hartford Life Insurance Company maintains a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

UC Health 403(b) Retirement Savings Plan

Notes to Financial Statements

Note 7. Investment Contracts with Insurance Companies (Continued)

Hartford Life Insurance Company is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with Hartford Life Insurance Company, but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the contract will track current market yields on a trailing basis.

Note 8. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

Level 1 – inputs utilize quoted market prices from active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 – inputs may include quoted prices for similar assets and liabilities in active markets, as well as inputs that are observable for the asset and liability (other than quoted prices), such as interest rates, foreign exchange rates, and yield curves that are observable at commonly quoted intervals.

Level 3 – inputs are unobservable for the asset or liability, which is typically based on an entity's own assumptions, as there is little, if any, related market activity.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety. Valuation technologies maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation techniques and inputs used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 or 2016.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31:

		2017			
		Level 1	Level 2	Level 3	Total
Investments measured at fair value:					
Mutual funds		\$ 24,442,786	\$ -	\$ -	\$ 24,442,786
		2016			
		Level 1	Level 2	Level 3	Total
Investments measured at fair value:					
Mutual funds		\$ 20,963,310	\$ -	\$ -	\$ 20,963,310

Notes to Financial Statements

Note 8. Fair Value Measurements (Continued)

Transfers Between Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

The Plan Administrator evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2017 and 2016, there were no transfers between levels.
