## Notes to Financial Statements
## December 31, 2017 and 2016

## Note 1: Description of Plan

The following description of the BatesCarey LLP Profit Sharing Plan and Trust with Cash or Deferred 401(k) Features (Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

### *General*

The Plan is a defined contribution plan established by BatesCarey LLP (Company) and is subject to provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended by subsequent legislation. The Plan was amended and restated on January 1, 2016. All employees, except for leased employees, employees covered by a collective bargaining agreement and non-resident aliens, are eligible to participate in the Plan. Employees must have completed six months of service to be eligible to participate in the Plan. The Plan is designed to comply with the provisions of the Internal Revenue Code (IRC), and includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company.

### *Contributions*

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan up to the maximum amounts allowed by the IRC. Participants are permitted to designate a portion or all of the deferral contributions made as Roth 401(k) deferrals. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. However, the Plan does not accept Roth rollovers. Participants who have attained the age of 50 before the end of the year are eligible to make catch-up contributions up to the maximum amounts allowed by the IRC. The Company makes a nonelective safe harbor contribution equal to 3% of eligible participant compensation. The Company may also make a discretionary profit sharing contribution to the Plan. These discretionary contributions are allocated based on a nondiscriminatory classification of employees as defined by the Plan. Profit sharing contributions of $663,634 and $603,538 were made to the Plan by the Company for the plan years ended December 31, 2017 and 2016, respectively. Contributions are subject to certain limitations.

### *Participant Accounts*

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### *Vesting*

Participants are immediately vested in their contributions and the Company's nonelective safe harbor contribution plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts is based on years of continuous service. A participant is 100% vested upon death or disability, attainment of age 65 or after two years of credited service.

### *Payment of Benefits*

On termination of service due to death, disability or retirement or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

### *Forfeitures*

As of December 31, 2017 and 2016, the Plan had $43,932 and $45,382, respectively, of forfeited nonvested funds available to reduce future employer contributions and plan expenses to the Plan. In 2017 and 2016, $9,771 and $1,112, respectively, of forfeited nonvested accounts were utilized to reduce Company contributions and plan expenses.

## Note 2: Summary of Significant Accounting Policies

### *Basis of Presentation*

The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

### *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### *Investment Valuation and Income Recognition*

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Shares of registered investment companies are valued at the net asset value of shares held by the Plan at year end utilizing quoted market prices.

The Plan's investment in a guaranteed interest contract is fully benefit-responsive and is reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan (see Note 10).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan provides for investments that, in general, are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

### *Notes Receivable From Participants*

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

### *Payment of Benefits*

Benefits are recorded when paid.

### *Expenses*

Certain plan expenses are paid by the Company, except for fees associated with notes receivable from participants, which are paid by the participant. Certain investment management fees are included in the net appreciation in fair value of investments.

## Note 3: Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

**Level 1** Quoted prices in active markets for identical assets or liabilities.

**Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

**Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The fair value of registered investment companies is determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

This valuation method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

| | | Fair Value Measurements at Reporting Date Using | | |
|---|---|---|---|---|
| | Fair Value | Quoted Prices in Active Markets for Identical Assets/ Liabilities (Level 1) | Significant Other Observable Inputs (Level 2) | Significant Unobservable Inputs (Level 3) |
| December 31, 2017 | | | | |
| Registered investment companies | $ 27,105,099 | $ 27,105,099 | $ - | $ - |
| December 31, 2016 | | | | |
| Registered investment companies | $ 23,257,396 | $ 23,257,396 | $ - | $ - |

## Note 4: Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. General purpose notes receivable terms range from one to five years and up to a maximum of twenty-five years for the purpose of

acquiring a primary residence. The notes receivable are secured by the balance in the participant's account and bear interest at 3.25% to 4.25% at December 31, 2017, which is commensurate with local prevailing rates. Principal and interest are paid ratably through payroll deductions.

## Note 5: Information Certified by the Plan's Custodian and Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Massachusetts Mutual Life Insurance Company, and Reliance Trust Company, the custodian and trustee of the Plan, respectively, have certified to the completeness and accuracy of all investments, at fair value and contract value, and participant notes receivable reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, and the supplemental schedule of assets (held at end of year) as of December 31, 2017, and investment income components and interest income from participant notes receivable reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2017 and 2016.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

## Note 6: Tax Status

The Plan operates under a standardized adoption agreement in connection with a Volume Submitter Profit Sharing Plan sponsored by CCH Incorporated DBA FTWILLIAM COM. This prototype plan document has been filed with the appropriate agency and has obtained a favorable opinion letter dated March 31, 2014, from the Internal Revenue Service stating that the prototype constitutes a qualified plan under Section 401 of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt as of the financial statement date.

## Note 7: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of

ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

## Note 8: Party-in-Interest Transactions

Certain plan investments are shares of registered investment companies managed by the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the plan sponsor amounted to $28,479 in 2017 and $955 in 2016. The Company provides certain administrative services at no cost to the Plan.

## Note 9: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2017 and 2016:

| | 2017 | 2016 |
|---|---|---|
| Net assets available for plan benefits per the financial statements | $ 32,518,595 | $ 27,709,370 |
| Employer contribution receivable | (668,598) | (620,294) |
| Net assets available for benefits per the Form 5500 | $ 31,849,997 | $ 27,089,076 |

The following is a reconciliation of net increase in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2017 and 2016:

| | 2017 | 2016 |
|---|---|---|
| Net increase in net assets available for benefits per the financial statements | $ 4,809,225 | $ 3,186,558 |
| Employer contributions | | |
| Receivable, beginning of year | 620,294 | 622,889 |
| Receivable, end of year | (668,598) | (620,294) |
| Net increase in net assets available for benefits per the Form 5500 | $ 4,760,921 | $ 3,189,153 |

## Note 10: Investment Contract With Insurance Company

In 2010, the Plan entered into a fully benefit-responsive investment contract with Mass Mutual Retirement Services (MMRS), a division of Massachusetts Mutual Life Insurance Company. MMRS maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the Plan's ability to transact at contract value with MMRS. Such events include but may not be limited to the following: (a) the complete or partial termination of the Plan; (b) the establishment or activation of, or material change in, any plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. The plan administrator does not believe that the occurrence of any such value event which would limit the Plan's ability to transact at contract value with plan participants is probable.

## Note 11: Nonexempt Transactions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets, but no later than the 15$^{th}$ business day of the month following the month in which the participant contributions are withheld by the employer. While the Company remitted all employee contributions to the Plan, contributions of $200 were not remitted within the required time period for the year ended December 31, 2016.

## Note 12: Subsequent Events

Subsequent events have been evaluated through August 21, 2018, which is the date the financial statements were available to be issued.
