Report of Independent Auditors

To the Trustees of the
Ambercare Corporation
Employee Stock Ownership Plan

We have audited the accompanying financial statements of Ambercare Corporation Employee Stock Ownership Plan, which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Ambercare Corporation Employee Stock Ownership Plan as of December 31, 2017 and 2016, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year), together referred to as "supplemental information," is presented for the purpose of additional analysis and is not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Ambercare Corporation Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of Plan provisions.

General – The Plan effective as of January 1, 2008, as a leveraged employee stock ownership plan (ESOP) and covers substantially all employees of Ambercare Corporation (the Company). The Plan is designed to comply with Section 4975(e) (7) and the regulations there under of the Internal Revenue Code of 1986, as amended (Code) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The following entities (Entities) have adopted the Plan: Ambercare Hospice, Inc., Ambercare Medical Supply Company, and Ambercare Home Health Care Corporation.

The Company, Plan administrator, and Michael J. Merrell and Mary E. Merrell (Trustees) are responsible for the management and control of the Plan's assets and have discretionary responsibility for the investment and management of such assets subject to the limitations defined in the Plan document. The Plan administrator and the Trustees receive no compensation from the Plan.

The Plan purchased Company common stock, which it holds in a trust established under the Plan. The Plan arranged to purchase Company common stock in three separate transactions; the first purchase was made on December 31, 2008 in which 30% of the Company common stock was sold to the ESOP. On December 31, 2013, the second purchase was made, and on December 2018, the Trustees will sell the final 30% increment of the Company common stock to the ESOP trust, respectively. The Trustees and the ESOP trust are required, under this agreement, to transact these additional shares.

For each transaction described above, the common stock was purchased using the proceeds from a promissory note (Note 8) between the Plan and the Plan's Trustees guaranteed by the Company. The loan is to be repaid over a period of five years by fully deductible Company contributions to the trust fund. As the Plan makes each payment of principal, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under the Internal Revenue Code (IRC).

The borrowing is collateralized by the unallocated shares of common stock and is guaranteed by the Company. The Trustees have no rights against shares once they are allocated under the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2017 and 2016 and for the year ended December 31, 2017, present separately the assets and liabilities and changes therein pertaining to:

a. The accounts of employees with rights in allocated common stock (allocated)

b. Common stock not yet allocated to employees (unallocated)

Eligibility – Employees of the Company are eligible to participate in the Plan immediately following the date on which they have completed a "year of service" defined as the completion of at least 1,000 hours of service in a Plan year, and have attaining age 21.

Contributions – The Company in its sole discretion may make a contribution to the Plan. The amount will be determined by the Company, and the Company's determination will binding on the Trustee, the Administrator, and all participants, and cannot be reviewed in any manner.

NOTE 1 – DESCRIPTION OF PLAN – (continued)

Participant Accounts – The Plan is a defined contribution plan under which separate individual accounts are established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of common stock released by the Trustees from the unallocated account, plan earnings and forfeitures of terminated participants' nonvested accounts. Only those participants who are eligible employees, as defined, will receive an allocation. Allocations are based on participant's eligible compensation to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of the year account balances.

Vesting – If a participant's employment with the Company ends for any reason other than retirement, disability, or death, the participant will vest in the balances in their account based on the total years of service with the Company. Participants vest 25 percent per year of service, beginning with the second year of service, and are 100 percent vested after 5 years of service.

Voting Rights – Stock allocated to ESP Accounts shall generally be voted by the Trustee. For nonregistered securities, a Participant or Beneficiary shareholder shall only be entitled to direct the trustee with respect to the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all of the assets of a trade or business, or such transaction prescribed in Treasury regulations. The Trustees are permitted to vote any share for which a participant has not given timely instructions. The Trustees are required, however, to vote any unallocated shares on behalf of the collective best interest of Plan participants and beneficiaries.

Payment of benefits – After termination of services due to termination of employment, death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, direct rollover for accounts under $10,000, or in substantially equal installments (not less frequently then annually) over the period not to exceed five years, subject to an extended period for very large accounts balances, as determined every year by the IRS. No distribution of company stock acquired with an exempt loan will be distributed prior to the close of the Plan Year in which the exempt loan is repaid in full. If a participants vested account balance is $5,000 or less, then such account shall be distributed in a lump sum, without requiring the participant's consent.

Diversification – Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who have completed ten years of service as a participant and have attained age 55 may elect to diversify a portion of their account. Participants who elect to diversify receive a cash distribution.

Put Option – Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Forfeitures – Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and will be reallocated to participant's accounts. As of December 31, 2017 and 2016, forfeited nonvested accounts totaled $931,691 and $720,081, respectively.

NOTE 1 – DESCRIPTION OF PLAN – (continued)

Plan Termination – The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the Internal Revenue Code (IRC). Upon termination of the Plan, the Trustee shall pay all liabilities and expenses of the trust fund and to sell shares of financed stock held in the loan suspense account to the extent it determines such sale to be necessary in order to repay the ESOP loan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation – The common shares of the Company are valued at estimated fair value based on an independent appraisal using a revenue multiple. The independent appraiser looks at a number of factors in determining fair value including, but not limited to, the history of the Company and the nature of its business; economic outlook in general and the outlook of the industry; book value of the stock and financial condition of the business; earnings and dividend-paying capacity of the Company; whether or not the Company has goodwill or other intangible value; sales of stock and size of the block of stock to be valued; and the market price of stocks of corporations that are engaged in the same or similar lines of business.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Income Recognition – The net appreciation or depreciation in fair value of investments consists of both realized gains and losses and unrealized appreciation or depreciation of allocated and unallocated Company stock. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Payment of Benefits – Benefits are recorded when paid.

Expenses – All expenses of maintaining the Plan not paid by the Company shall be paid from the Plan assets and the Plan Sponsor may direct whether to allocate expenses on a per capita or pro rata basis and whether to allocate an expense directly to the account of a participant on whose benefit the expense was incurred.

Subsequent Events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before financial statements are available to be issued. The Plan has evaluated subsequent events through April 20, 2018 which is the date the financial statements were available to be issued.

NOTE 3 – ADMINISTRATION OF PLAN ASSETS

The Plan's assets, which consist principally of Company common stock, are held by the Trustees of the Plan.

Company contributions are held and managed by the Trustees, which invests cash received, interest and makes distributions to participants. The Plan administrator administers the payment of interest and principal on the loan, which is reimbursed to the Trustees through contributions as determined by the Company.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses for the Trustee's fees are paid directly by the Company.

NOTE 4 – INVESTMENTS

The Plan's investments at December 31, 2017 and 2016 are presented in the following table:

	2017	
	Allocated	Unallocated
Ambercare Corporation, Inc. common stock:		
Number of shares	43,232	4,768
Cost	20,290,669	2,237,831
Fair market value per share	632.125	632.125
Fair market value	$ 27,328,028	3,013,972

	2016	
	Allocated	Unallocated
Ambercare Corporation, Inc. common stock:		
Number of shares	38,434	9,566
Cost	14,924,605	7,603,895
Fair market value per share	610.521	610.521
Fair market value	$ 23,464,758	5,840,242

NOTE 5 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that priorities the inputs to valuation technique used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3):

Basis of Fair Value Measurement –

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets liabilities in active markets; inputs other than quoted prices that are observable for the asset or liabilities; and inputs that are derived principally from has a specified (contractual) term, the Level 2 input.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2017 and 2016.

The fair value of the sponsor company common stock held by the Plan is valued at fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparable and estimated fair value of company assets and liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 – FAIR VALUE MEASUREMENTS – (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Investment Asset Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Investment in				
Ambercare Corporation common stock	$ -	-	30,342,000	$ 30,342,000
Total Assets at fair value	$ -	-	30,342,000	$ 30,342,000

	Investment Asset Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Investment in				
Ambercare Corporation common stock	$ -	-	29,305,000	$ 29,305,000
Total Assets at fair value	$ -	-	29,305,000	$ 29,305,000

The following table discloses the summary of changes in the fair value of the Plan's level 3 investment assets:

	Ambercare Corporation Common Stock for years ended December 31,	
	2017	2016
Balance, beginning of year	$ 29,305,000	28,103,000
Unrealized appreciation for the year relating to assets still held at the reporting date	1,037,000	1,202,000
Balance, end of year	$ 30,342,000	29,305,000

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

NOTE 6 – TAX STATUS

The plan administrator has received a favorable determination letter from the Internal Revenue Service regarding the Plan's qualification under Section 401(a) and the related trust's tax exempt status under provisions of section 501(a) of the Internal Revenue Code on September 24, 2013. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. The plan administrator believes that it is no longer subject to income tax examinations for years prior to 2013.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in Company common stock. The investment securities are exposed to various risks, such as market volatility, valuation assumptions and credit risk. It is reasonably possible, given the level of risk associated with investment securities, which changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

NOTE 8 – LOAN PAYABLE

On December 31, 2008, the Plan entered into a $7,500,000 promissory note agreement with the Trustees of the Plan. The proceeds of the loan and $2,256,000 in cash were used to purchase 24,000 shares of the Company's common stock at the value of $406.50 per share as of January 1, 2008. Unallocated shares are collateral for the loan. The agreement provided for the loan to be repaid over five years with an annual interest rate of 6.50%. The loan was fully paid off as of December 31, 2013.

On December 31, 2013, the Plan entered into a $12,772,560 promissory note agreement with the Trustees of the Plan. The proceeds of the loan were used to purchase 24,000 shares of the Company's common stock at the value of $561.89 per share as of January 1, 2015. Unallocated shares are collateral for the loan. The agreement provided for the loan to be repaid over five years with an annual interest rate of 6.50%. The scheduled amortization of the loan for the next year is as follows:

		Loan Payable
2018		2,877,816
	$	2,877,816

NOTE 9 – SUBSEQUENT EVENT

Subsequent to year end, Addus Homecare Inc., entered in an agreement to purchase Ambercare Corporation Inc. As a result of this acquisition, then plan was terminated as on April 30, 2018. To liquidate assets, all participants were given the option to withdraw or rollover funds into another plan account. All participants were 100% vested in their accounts balances at the date of termination. Management expects the terminated plan to be fully liquidated by the end of April 2018.
