NOTE 1: DESCRIPTION OF PLAN

The following description of the JBR, Inc. 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of JBR Inc. (the "Company") who have three months of service and are age 18 or older, with plan entry upon the first day of the month after eligibility is met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was originally adopted on January 1, 1997 and was most recently amended on January 1, 2015. The Company is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Administration

Under the terms of the Plan, TD Ameritrade Trust Company acted as trustee and custodian for the period from January 1, 2016 through August 31, 2016. Reliance Trust Company acted as trustee and custodian for the period of September 1, 2016 through December 31, 2017. The Company contracted with PenSys, Inc. as the Plan's third-party administrator from January 1, 2016 through August 31, 2016. Automatic Data Processing, Inc. ("ADP") acted as the Plan's third-party administrator from September 1, 2016 through December 31, 2017.

The plan administrator is responsible for filing all reports required of the Plan and the day-to-day operations of the Plan. The Plan permits the payment of Plan expenses to be made from either the Plan or the Company at its discretion. These expenses shall be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan for performance of administrative functions.

Contributions

Each year, participants may contribute any amount of pretax annual compensation, as defined in the Plan, not to exceed the maximum annual deferral amount of $18,000 for 2017 and 2016. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also elect to have the Company contribute a portion of their compensation post-tax in the form of a Roth deferral. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at one percent of eligible compensation and their contributions invested in a designated target retirement date fund until changed by the participant.

The Plan allows for safe harbor employer matching contributions equal to 100% of the first 4% of compensation that a participant contributes to the Plan. The employer matching contribution is 100% vested and is invested as directed by the participant. Additionally, nonelective profit sharing amounts may be contributed at the option of the Company. The Company elected to not make a profit sharing contribution for both 2017 and 2016. Contributions are subject to certain IRS limitations.

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts
Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution (if applicable) and Plan earnings. Participant accounts may be charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their contributions (including rollovers) and employer matching contributions, plus actual earnings thereon. Vesting in the Company's profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. Such loans shall bear interest at fixed rates equal to the published prime rate, plus one percent. The term of the loans cannot exceed five years, except if the loan proceeds are used to finance the purchase of a primary residence, in which case the loan term may not exceed thirty years. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits
Upon termination of service or disability, retirement, death, or hardship, the participants or beneficiaries receive, upon request, either a lump-sum amount or annuity payments equal to the value of the participant's vested interest in his or her account. Payments are not permitted if the employee is still employed by the Company, except when the employee reaches age 59 ½ or qualifies under certain hardship conditions.

ERISA Budget Account
Effective August 1, 2016, an ERISA Budget Account was established for the Plan. On a quarterly basis, certain revenue sharing payments (e.g, 12b-1 fees, etc.) received by a Plan service provider from certain of the Plan's investment options are deposited into a dedicated account in the Plan, known as an ERISA Budget Account. These receipts are reported as other income in the Statements of Changes in Net Assets Available for Benefits. Amounts deposited in the ERISA Budget Account are used to pay on-going administrative expenses of the Plan in accordance with ERISA and guidance issued by the U.S. Department of Labor.

Forfeited Accounts
Forfeited accounts may be applied to pay expenses under the Plan, or to reduce employer contributions at the discretion of the Company. Unallocated forfeitures totaled $6,699 and $6,666 at December 31, 2017 and 2016, respectively.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See discussion of fair value measurements below.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are stated at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016.

Excess Contributions Payable
When applicable, amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributes the excess contributions to the applicable participants prior to March 15 of the following year. There were no excess contributions payable as of December 31, 2017 and 2016.

Payment of Benefits
Benefit payments are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from the participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Fair Value Measurements
The Plan has adopted the provisions of Financial Accounting Standards Board Accounting Standards Codification Topic 820, Subtopic 10 (FASB ASC 820-10), *Fair Value Measurements and Disclosures*, which defines fair value, establishes a framework for measuring fair value, and expands disclosure requirements for fair value measurements.

FASB ASC 820-10 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The Plan determines the fair values of its assets and liabilities based on the fair value hierarchy established in FASB ASC 820-10, except for assets valued using net asset value as practical expedient. The standard describes three levels of inputs that may be used to measure fair value (Level 1, Level 2 and Level 3).

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date. An active market is a market in which transactions occur with sufficient frequency and volume to provide pricing information on an on-going basis. Level 2 inputs are inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. Level 3 inputs are unobservable inputs for the asset or liability. Unobservable inputs reflect the Plan's own assumptions about the assumptions market participants would use in pricing the asset or liability (including assumptions about risk). Unobservable inputs are developed based on the best information available in the circumstances and may include the Plan's own data.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016:

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and exchange traded funds that are valued on the basis of readily determinable market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

New Accounting Pronouncements

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient.* Part I eliminates the requirement to report fully benefit-responsive investment contracts at fair value with an adjustment to contract value. Direct investments in fully benefit-responsive contracts are measured, presented, and disclosed only at contract value. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans are no longer required to disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end. The ASU is effective for fiscal years beginning after December 15, 2015. Part I and III are not applicable to the Plan.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Reclassifications
Certain amounts in the 2016 financial statements have been reclassified, with no effect on net assets available for benefits, to conform to the 2017 financial statement presentation.

Subsequent Events
The Plan has evaluated subsequent events through August 16, 2018, the date the financial statements were available to be issued.

NOTE 3: FAIR VALUE MEASUREMENTS

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Assets at Fair Value as of December 31, 2017		
	Level 1	Level 2	Level 3
Registered investment companies (mutual funds)	$ 10,617,245	$ -	$ -
Self-directed brokerage accounts:

Exchange traded funds	421,695	-	-
Mutual funds	552,770	-	-
	1,017,872	-	-
Investments at fair value	$ 11,635,117	$ -	$ -

	Assets at Fair Value as of December 31, 2016		
	Level 1	Level 2	Level 3
Registered investment companies (mutual funds)	$ 8,231,887	$ -	$ -
Self-directed brokerage accounts:			
Interest bearing cash	36,896	-	-
Exchange traded funds	364,793	-	-
Mutual funds	476,233	-	-
	877,922	-	-
Investments at fair value	$ 9,109,809	$ -	$ -

NOTE 4: RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by or related to Reliance Trust and/or ADP. Reliance Trust and ADP are the Plan's custodian and administrator, respectively, as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than as direct payments. The plan sponsor pays directly any other fees related to the Plan's operations.

NOTE 5: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 6: TAX STATUS

On March 31, 2014, the Internal Revenue Service informed the Company that the prototype adopted by the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. After they are filed, the Plan's income tax returns remain subject to examination by taxing authorities generally for three years.

NOTE 7: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8: CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2017 and 2016, and net appreciation in fair value of investments, interest and dividends for the years ended December 31, 2017 and 2016, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company.
