NOTE A - Description of Plan

General

TF Cornerstone Inc. 401(k) Plan (the "Plan") was established effective January 1, 1988 as a defined contribution 401(k) plan for the exclusive benefit of all full-time nonunion employees, except for contract laborers and rental agents of TF Cornerstone Inc. (the "Company"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective January 1, 2016, the Plan adopted the prototype basic plan of Schwab Plan Retirement Services, Inc. and the Plan trustee became Charles Schwab Bank.

Participant Accounts

Each participant's account is credited with the participant's contribution and earnings and allocations of the Company's contribution, all of which are participant directed. Forfeited balances of terminated participants' non-vested accounts attributed to the Company's matching contributions and discretionary profit sharing contributions are used to reduce both the Company's matching contributions and discretionary profit sharing contributions for the Plan year in which the forfeitures become available. The Plan must maintain forfeited non-vested accounts until the earlier of vested distribution payments to the terminated participant or five years from termination of employment for those participants who do not elect distributions. As of December 31, 2017 and 2016, the balance of unallocated forfeited non-vested accounts totaled $24,399 and $23,775, respectively.

Contributions

Participants must have more than three months of service with the Company and may contribute up to 100% of their annual compensation, which cannot exceed the maximum allowable under the Internal Revenue Code which is currently $18,000 for participants under age 50 and $24,000 for those over 50. The Company makes a matching contribution equal to 50% of each participant's eligible contributions for the Plan year, which contributions may not exceed 6% of the participant's eligible compensation for the Plan year. A matching contribution of $699,581 was authorized for the year ended December 31, 2017 against which forfeitures of non-vested accounts of $24,399 was applied. The Company can also make a discretionary profit sharing contribution, which is determined by the Company's board of directors. No discretionary profit sharing contribution was authorized for the year ended December 31, 2017.

In order to be eligible for the employer matching and profit sharing plan contributions, a participant who is a continuing employee of the Company must have completed at least 1,000 hours of service during the Plan year. The discretionary profit sharing contribution is allocated in the ratio that the participants' compensation bears to all eligible participants' compensation.

NOTE A - Description of Plan (Continued)

Contributions (Continued)

The Plan includes a qualified automatic contribution arrangement, pursuant to which all eligible employees are enrolled automatically with a 4% tax-deferred contribution rate unless the employee elects otherwise. These contributions are invested in the Plan's default investment option unless the employee makes a different investment election. The default investment option is the Schwab Retirement Planner. Employees may opt out of the automatic enrollment, stop contributions, modify their contribution rate or type, or change their investment elections at any time. Starting the first year after a participant is automatically enrolled in the Plan, the participant's tax-deferred contribution rate is automatically increased by 1% annually, up to a maximum of 6%. This occurs with the first payroll period in January of each year, and participants may decline these rate increases or elect a different rate.

Vesting

Participants are immediately vested in their contribution. Effective January 1, 2016, the Company's matching and profit sharing contributions, plus the earnings thereon, vest according to the schedule below:

Years of Vesting Service	Vesting Percentage
Less than 1	0%
1	25%
2	50%
3	75%
4 or more	100%

The Company's matching and profit sharing contributions held from January 1, 2007 through December 31, 2015 will be subject to the schedule below:

Years of Vesting Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

For purposes of computing years of vesting service, an employee must have completed at least 1,000 hours of service in any plan year. However, upon the participant's death, disability or attainment of age 65, all amounts are immediately vested.

NOTE A - Description of Plan (Continued)

Participant Loans

Participants may borrow from their account a minimum of $1,000 and up to an amount equal to 50 percent of their pre-tax elective deferral account and rollover account. However, outstanding loans under the Plan cannot exceed the lesser of 50% of the vested balance or $50,000 per participant. Loans, which are evidenced by a negotiable promissory note, bear interest at a rate reasonable and comparable to the rates being charged by representative commercial banks fixed at the date of the loan. Repayment must be made in level payments over a period not to exceed five years, unless the loan qualifies as a home loan in which case the repayment period is not to exceed twenty years. Participant loans are carried at their unpaid principal balance plus any accrued but unpaid interest.

Withdrawals

A participant may withdraw an amount not in excess of the amount attributable to the participant's vested amount, subject to Internal Revenue Service early withdrawal penalty if made before the participant attains 59 ½ years of age.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant is to receive the vested value of their account in either a lump sum, if the account balance is less than $5,000, or at the participant’s discretion, on an installment basis or a lump sum, if the account balance is greater than $5,000.

Termination of Plan

In the event of the termination of the Plan, after payment of administrative expenses, if any, the trust fund shall be used for the exclusive benefit of Plan members and their beneficiaries and for no other purpose.

NOTE B - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE B - Summary of Significant Accounting Policies (Continued)

Valuation of Investments

The Plan's investments are stated at fair value. Shares of mutual funds are valued by the trustee of the Plan at the net asset value of shares held by the Plan at year end based on quoted market values.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant Loans

Participant loans are carried at their unpaid principal balance plus any accrued but unpaid interest. Interest rates on outstanding loans ranged from 4.5% to 10.25% during 2017. As of December 31, 2017, the due dates on the outstanding loans range from two months to twenty-four years. Delinquent participant loans are reclassified as distributions upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Tax Status

The Internal Revenue Service has issued a determination letter stating that a prototype plan from which the Plan was derived meets the requirements of Section 401(a) of the Internal Revenue Service Code (IRC) qualifying for tax-exempt status. Therefore, a specific determination letter for the Plan has not been applied for or obtained.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent Events

The Company has considered subsequent events occurring through August 17, 2018, the date the financial statements were available for issuance, in evaluating its estimates and in the preparation of its financial statements.

NOTE C - Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits.

NOTE C - Fair Value Measurements (Continued)

The FASB ASC 820 standard on "*Fair Value Measurements"* establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 is observable information for similar items in active or inactive markets, and Level 3 inputs are unobservable inputs to be used in situations where markets don't exist or are illiquid. Level 3 has the lowest priority.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and considered Level 1 investments.

Self-directed brokerage accounts: Accounts primarily consists of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

The following summarizes the Plan's investments at fair value:

December 31, 2017	**Fair Value Total**	**Quoted Prices in Active Markets for Identical Assets (Level 1)**

NOTE E - Party-In-Interest Transactions

Certain Plan investments are managed by Charles Schwab Bank, the Plan's investment trustee and, therefore, these transactions qualify as party-in-interest transactions. However, they are exempt from the prohibited transactions rules under ERISA. The fair value of such investments aggregated $8,950,592 and $7,301,440 as of December 31, 2017 and 2016, respectively. Fees paid by the Plan for the investment management services are netted against net appreciation in the fair value of investments.

NOTE F - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
