401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

Note 1 **Description of the Plan**

The following description of the Mercury Aircraft Inc. 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan available to substantially all employees of Mercury Aircraft Inc. and Mercury Minnesota, Inc. (the "Companies") who have attained 18 years of age and have completed six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Trustee

Fidelity Management Trust Company ("Fidelity") serves as the trustee for the Plan.

Contributions

Participants may contribute a portion of their pre-tax annual compensation each Plan year, subject to the statutory limitation as provided for in the Internal Revenue Code ("IRC"). Additionally, participants may direct the investment of their account balance into various investment options offered by the Plan. Participants may transfer amounts from other qualified plans into this Plan with the consent of the Plan Administrator. The Companies will match 100% of employee contributions up to 3% of the participant's eligible compensation, as defined in the Plan document.

At December 31, 2016, the Plan recorded a liability of $1,567 for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed under the IRC.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Companies' contributions and Plan earnings and charged with withdrawals and an allocation of administrative expenses and Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Companies' contribution portion of the participant's account plus earnings thereon is based on the vesting schedule below:

Years of Service	Vested Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017 AND 2016

Note 1 **Description of the Plan - Continued**

Notes Receivable from Participants
The Plan allows for hardship loans to participants. These loans must be applied for and are subject to review and approval. Specified hardship rules per the Plan document must be complied with prior to granting any hardship loan. Participants may borrow up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Generally, loans must be repaid within five years, unless for the purchase of a primary residence. Prevailing interest rates will apply.

Payment of Benefits
The Plan provides for normal retirement benefits upon reaching the age of 65 and has provisions for early retirement, disability, in-service, death and termination benefits for those participants who are eligible to receive such benefits.

Forfeitures
In accordance with the Plan document, forfeitures of non-vested employer contributions and earnings thereon are applied to reduce future employer contributions. During 2017 and 2016 approximately $8,400 and $4,400, respectively, of forfeitures were used to reduce employer contributions. At December 31, 2017 and 2016, forfeited non-vested accounts totaled approximately $2,200 and $6,500, respectively.

Note 2 **Summary of Significant Accounting Policies**

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Subsequent Events
In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through June 22, 2018 the date that the financial statements were available to be issued.

Use of Estimates
The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan document.

Note 2 **Summary of Significant Accounting Policies - Continued**

Payment of Benefits
Benefits are recorded when paid.

Risks and Uncertainties
The Plan invests in investment securities which are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Administrative Expenses
The Plan's administrative expenses may be paid by either the Plan or the Companies.

New Accounting Standards
In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* This ASU removed the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using net asset value ("NAV") per share as a practical expedient. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. This ASU is effective for all Plan years beginning January 1, 2017.

Note 3 **Investment Valuation and Income Recognition**
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan follows the fair value measurement guidance presented by accounting principles generally accepted in the United States of America for financial and nonfinancial assets and liabilities. This guidance defines fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Note 3 **Investment Valuation and Income Recognition- Continued**

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Common/Collective Trust Fund: Valued at Net Asset Value ("NAV") based on underlying assets of the trust. The NAV is used as a practical expedient to estimate fair value and is obtained from information provided by the investment advisor using the audited financial statements of the common/collective trust fund at year end.

Mutual Funds: These investments are valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Money Market Fund: Valued at the NAV of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 **Investment Valuation and Income Recognition – Continued**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Investments at Fair Value as of December 31, 2017	
	Level 1	Total
Mutual Funds	$ 30,310,546	$ 30,310,546
Money Market Fund	154,377	154,377
	30,464,923	30,464,923
Investments Measured at NAV as a Practical Expedient [(a)]		1,363,102

[(a)] In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 4 **Plan Termination**

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of a Plan termination, participants would become fully vested in their employer contributions.

Note 5 **Tax Status**

The Plan adopted a non-standardized form of a prototype plan. The Internal Revenue Service ("IRS") has determined and informed the prototype plan sponsor by a letter dated March 31, 2014 that the Plan is designed in accordance with applicable sections of the IRC. The prototype plan opinion letter has been relied upon by this Plan. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 **Certified Information**

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity has certified to the completeness and accuracy of the investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, schedule of assets (held at end of year) as of December 31, 2017, and the investment activity (including interest and dividend income and net appreciation in fair value of investments) and interest income on notes receivable from participants reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2017 and 2016.

Note 7 **Party-in-Interest Transactions**

Certain Plan investments are managed by an entity related to Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, transactions involving these investments qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. Fees paid to Fidelity amounted to approximately $1,400 and $900 for the years ended December 31, 2017 and 2016, respectively.
