THE 401(k) PLAN FOR HOURLY EMPLOYEES
OF
FINCH PAPER LLC

Notes to Financial Statements

December 31, 2017 and 2016

(1) Description of Plan:

The following brief description of the 401(k) Plan for Hourly Employees of Finch Paper LLC (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution retirement plan covering substantially all non-salaried employees of Finch Paper LLC (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan became effective October 1, 1997.

The Plan was restated effective January 4, 2016 for the Pension Protection Act of 2006 ("PPA") and other legislative and regulatory changes.

The Plan was amended effective June 16, 2017 to allow employees to make voluntary, non-deductible contributions after-tax and to reduce the eligible age of in-service withdrawals to 59 ½.

Eligibility – Generally, non-salaried employees of the Company who are covered by a collective bargaining agreement with the Company listed in the Plan are eligible to participate in the Plan immediately upon being hired.

Contributions – Employees may contribute between 1% and 100% of their annual eligible compensation as defined by the Plan, subject to Internal Revenue Service limitations. Participants who have attained age 50 or older before the end of the Plan year may elect to defer additional amounts called "catch-up" contributions. Rollover and transfer contributions from another qualified retirement plan or special individual retirement plan are permitted. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers twenty eight mutual funds as investment options for the participants. Employer contributions are such that the employer will match 100% of the first 3% and 50% of the next 2% of the eligible participants' compensation contributed to the Plan.

Participant Accounts – Accounts are participant directed. Account balances are tracked in units and the value is updated with the daily market price. As of any business day, accounts are charged or credited with earnings (dividends, capital gains, expenses, and market fluctuations) as well as account activity such as contributions, loans, distributions, and hardships.

Vesting – Participants are immediately vested in their voluntary contributions and the employer matching contributions, including earnings or losses thereon.

Notes Receivable from Participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of (a) $50,000 or (b) 50% of their account balance. The loans are collateralized by the balance in the participant's account, with terms ranging from 1-5 years or up to 10 years for the purchase of a primary residence. Participants are only allowed to have one loan outstanding at a time. The loans bear interest commensurate with prevailing rates. Interest rates range from 4.25% to 5.25%. Principal and interest are paid ratably through weekly payroll deductions.

(1) Description of Plan, continued:

Withdrawal Privileges – Prior to termination, a participant may withdraw all or any portion of his vested account, excluding earnings on elective deferrals, in the event of undue financial hardship. The participant's request for a withdrawal shall include his statement and documentation proving that such a hardship exists and explain its nature. To qualify as a financial hardship withdrawal it must be determined that the withdrawal is to meet an immediate and financial need of the participant and the amount of the withdrawal is not reasonably available from other sources of the participant. Hardship withdrawals are limited to the following: financial needs arising on account of a college education, purchase of a principal residence, major medical expenses, prevention of eviction or foreclosure, burial or funeral expenses, and damage to a principal residence due to fire, storm or other casualty. The Plan Administrator has established uniform, nondiscriminatory guidelines to use in determining if such a condition of undue financial hardship exists. The Plan Administrator's determination shall be final. The participant has no legal or equitable right to such a withdrawal unless the immediate and financial need as defined has been demonstrated.

Withdrawal Provisions – The Plan also provides for in-service distributions for participants that have attained age 59 ½. Such participants will be entitled to receive a distribution of all or a portion of their vested balance, and any rollover contributions.

Payment of Benefits – Upon termination of service, disability, death or retirement, participants may elect to receive a lump sum equal to the value of their accounts.

Administrative Services – The Plan states that costs incurred in administering the Plan may be paid by the Company, but if not paid by the Company when due, the costs shall be paid from the assets of the Plan.

(2) Summary of Significant Accounting Policies:

Basis of Accounting – The financial statements of the Plan are prepared under the accrual method of accounting in accordance with generally accepted accounting principles.

Investments held by a defined contribution plan are required to be reported at fair value, except for common collective trust funds. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to common collective trust funds because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Notes Receivable from Participants – Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Use of Estimates – The preparation of the Plan's financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

(2) Summary of Significant Accounting Policies, continued

Risks and Uncertainties – The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Changes in Accounting Principles – In May 2015, the Financial Accounting Standards Board ("FASB") issued *Accounting Standards Update ("ASU") 2015-07 Fair Value Measurement (Topic 820), Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)*, which eliminates the requirement to categorize investments in the fair value hierarchy if their fair value is measured using net asset value per share as a practical expedient. The amendments in ASU 2015-07 are effective for fiscal years beginning after December 15, 2016, with early adoption permitted.

In July 2015, the FASB issued *ASU 2015-12 Plan Accounting: Defined Benefit Pension Plans, Defined Contribution Pension Plans, Health and Welfare Benefit Plans: (Part I) Fully Benefit – Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. This amendment removes the requirement to report fully benefit-responsive investment contracts at fair value with an adjustment to contract value. Under the amendment, fully benefit-responsive investment contracts are measured, presented, and disclosed only at contract value. In addition, this amendment simplifies the investment disclosures required for employee benefit plans, including eliminating the requirements to disclose: (a) individual investments that represent 5% or more of assets available for benefits, (b) net appreciation (depreciation) by individual investment type, and (c) investment information disaggregated based on the nature, characteristics and risks. The requirement to disaggregate participant-directed investments within a self-directed brokerage account has also been eliminated. Self-directed brokerage accounts should be reported as a single type of investment. The amendment also allows plans to measure investments and investment-related accounts as of a month-end date that is closest to the plans fiscal year-end, when the fiscal period does not coincide with a month-end. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II should be applied retrospectively, while Part III should be applied prospectively.

The Plan adopted ASU 2015-07 and the applicable parts of ASU 2015-12 effective January 1, 2016.

Investment Valuation and Income Recognition – Investments are reported at fair value, except for common collective trust funds, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See "Fair Value Measurements" below for discussion of fair value. Notes receivable from participants are valued at cost, which approximates fair value.

Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned. Security transactions are recorded on a trade-date basis. Gains or losses on sales of securities are based on average cost.

The Plan presents in the statements of changes in net assets available for plan benefits the net appreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

(2) Summary of Significant Accounting Policies, continued:

Benefit Payment Recognition – Benefits are recorded when paid.

Notes to Financial Statements, continued

Fair Value Measurements – The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

a. Quoted prices for similar assets or liabilities in active markets;
b. Quoted prices for identical or similar assets or liabilities in inactive markets;
c. Inputs other than quoted prices that are observable for the asset or liability;
d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Stock: Investments in shares of BrokerageLink common stock are recorded at their traded quoted market price as of December 31, 2017.

Collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The fair value of investments at December 31, 2017 and 2016, as reported by the Trustee is summarized as follows:

Investments	$ 20,230,910	17,507,355

(3) Information Certified by the Trustee (Unaudited), continued: During 2017 and 2016, the Plan's investments (including investments bought, sold and held during the period) appreciated in value by $2,079,562 and $491,025, respectively.

(4) Plan Termination:
Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. Upon termination of the Plan, all amounts credited to the accounts of the participants shall vest and become non-forfeitable. The employer shall direct the Trustee to make or commence distribution to, or on behalf of, each participant the value of his or her account balance in the Plan.

(5) Reconciliation of Financial Statements to Schedule H of Form 5500:
The following is a reconciliation of net assets available for plan benefits per the financial statements to Schedule H of the Form 5500:

	Amounts per Financial Statements	Common Collective Contract Value Adjustment	Amounts per Schedule H of Form 5500
Net investment gain (loss) from common/collective trust	$ 9,703		
Prior year common collective trust gain	3,317		
Plus: current year common collective trust loss	3,568		
	6,885		
Net investment gain (loss) from common/collective trust	$ 16,588	(6,885)	9,703

(6) Tax Status:
The IRS has determined and informed the Plan sponsor by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

(7) Party-In-Interest Transactions:
Plan investments are managed by Fidelity Management Trust Company, the Trustee of the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from prohibited transaction rules. Notes receivable from participants totaling $1,215,753 and $1,249,580 at December 31, 2017 and 2016, respectively, also qualify as party-in-interest transactions.

(8) Subsequent Event:
The Plan was amended effective January 1, 2018 to allow Roth rollover contributions.
